

GOVERNOR JOHNSON TO OPEN CAMPAIGN AT RED WING NEXT WEDNESDAY

Speech Will Open One
of Minnesota's Great-
est Canvasses.

Candidate Cole Fails to
Inject Politics Into
State Fair.

Fight Against Buckman
Attracting Attention of
Entire State.

St. Paul, Sept. 15.—(Special to The Herald.)—Governor John A. Johnson will give the keynote speech of the campaign next Wednesday at Red Wing. This speech will open the campaign and the war dogs will be released for one of the most vigorous campaigns in the history of Minnesota. Governor Johnson will make a speech at a county fair at Zumbrota in the afternoon, which will, strictly speaking, open the campaign for the Democratic party in Minnesota.

The headquarters in the Gillilan truck, St. Paul, are now open and a staff is busy at work directing Governor Johnson's campaign. Frank A. Day is at the helm directing affairs. He is assisted by D. V. Daly of St. Paul, chairman of the executive committee, and Edward Stevens of Minneapolis, secretary. M. E. Kain was unable to retain the position of secretary of the state central committee because his duties as a deputy in the office of P. M. Kerst, public examiner, require all his time. John King, state librarian, will direct the state press bureau in a general way. He is well acquainted with the press of the state and has already done valuable service to the party in many ways.

The executive committee is organized now consists of D. D. Daily, St. Paul, chairman; John E. Buchanan, St. Paul; H. I. Buck, Mound; Swan Turnbull, Minneapolis; C. A. Quist, St. Paul; D. Aberle, St. Paul; C. D'Auremont, Jr., Duluth; William Gausewitz, Owatonna; W. H. Robe, St. Paul, and J. A. Wessel, St. Paul. The names of the members of the St. Paulites on the committee it was announced was for the purpose of having a committee that would be in easy calling distance. Ed Stevens, the secretary of the organization, J. A. McDermott and Chairman Day have been named a committee to fill vacancies on the ticket.

In addition to being an avowed Silver Democrat in the days of 18 to 1, A. L. Cole held an appointment (Continued on page 15, sixth column.)

FIERCE BATTLE FOUGHT IN CUBA

Rebels and Soldiers Meet
in a Bloody
Affray.

Havana, Sept. 15.—Gen. Rodriguez with a force of a thousand men encountered General Castillo and Albert with forces of about the same number last night near Wajay. The government claims the insurgents were dispersed while rebel and other accounts say the government forces were driven back and defeated. Gen. Rodriguez returned to Havana during the night and his troops are encamped a short distance outside the city. The government lost three killed and several wounded. The insurgent loss is unknown.

HE ADVOCATES ARMY CANTEN

Missouri Commander
Points Out Bad In-
fluence of Joints.

Washington, Sept. 15.—Brig. Gen. Theodore J. Whitney, commanding the department of the Missouri, has reported to the war department that in his opinion the canteen should be restored at army posts. He says:

"The demoralizing influence of the resorts surrounding posts cannot be too strongly emphasized, giving rise as it does, to a large proportion of the most serious offenses and practically all those with penitentiary confinements, a condition chargeable in a great measure, in the opinion of the judge advocate, to the prohibition placed upon the post exchange."

WASHINGTON APPOINTMENTS.
Washington, D. C., Sept. 15.—(Special to The Herald.)—Judge H. L. Taft was appointed postmaster at Foley, Benton county, vice W. E. Hall removed. Christen C. Westergaard is appointed regular and George Vitenberg substitute for rural route No. 1 at Belgrade.

WOULD NOT GIVE NAMES

Three Women and Man
Drowned in New
York Harbor.

Rescued Refuse to Give
Names of Those
Lost.

New York, Sept. 15.—Three women and one man were drowned in the lower bay early today, when the naphtha launch "Sausage," after having drifted helplessly all night with disabled engines, collided with the second scow of a tow in charge of an unknown tug and capsized.

Three men and a woman, of the original party of eight in the launch were rescued. They declined to give their correct names and refused absolutely to divulge the identity of the persons drowned. The rescued were landed at Stapleton, Staten Island, and are under treatment of the Marine hospital. Three of them were picked up by the tug McCaldin Brothers, and the fourth by the incoming steamer El Paso. The launch "Sausage" is said to be the property of W. W. David of Jamaica, L. I., who when rescued gave the name of Dodge. The rescued woman said her name was Miss Cook. Both Dodge and Miss Cook said they would not tell the names of the drowned persons until they could be rescued. They said they could be rescued by the tug McCaldin Brothers, and the fourth by the incoming steamer El Paso. The launch "Sausage" is said to be the property of W. W. David of Jamaica, L. I., who when rescued gave the name of Dodge. The rescued woman said her name was Miss Cook. Both Dodge and Miss Cook said they would not tell the names of the drowned persons until they could be rescued. They said they could be rescued by the tug McCaldin Brothers, and the fourth by the incoming steamer El Paso.

POLITICS AT OYSTER BAY

Leading Men Discuss Im-
portant Matters at
Luncheon.

Oyster Bay, Sept. 15.—A political luncheon at which New York state politics was the subject of discussion, took place at Sagamore Hill today. President Roosevelt was the host, and Representative James F. Sherman, chairman of the Republican congressional committee, T. J. Woodruff, former lieutenant governor, and Albert Shaw, were guests.

It is understood that Mr. Woodruff was present in order that he might receive the aid of President Roosevelt's influence in his fight against the forces of State Chairman E. B. Odell in Brooklyn. Before going to Sagamore Hill Mr. Woodruff said that the Republican party in this state would nominate for governor a man who would receive the endorsement of the state and national administrations, and be above the bosses. He said that Governor Hylan undoubtedly could be induced to run if his friends insisted on it, but that his understanding was that the governor was not desirous of entering the race. Mr. Woodruff declined to speculate as to who the nominee would be.

Mr. Sherman said that he did not know exactly why he was called to Sagamore Hill at this time.

FEARS TREATY WILL KILL TRADE

Swedish Booksellers Op-
pose Copyright Agree-
ment With America.

Stockholm, Sept. 15.—The invitation tendered by the United States to Sweden to conclude a copyright treaty is meeting with heated opposition on the part of publishers. The government has referred the American proposals to the Publishers club, and a lively debate on the subject last night showed that a majority of the members were against the treaty. The sale of books to the United States is an inexhaustible and valuable source to Swedish-American publishers, and it was contended that the treaty would kill this business.

VALUABLE DECISION

Court Determines Important
Point for Municipal
Ownership.

Bonds for Railway's Pur-
chase No Obligation
Against City.

Chicago, Sept. 15.—Judge Thomas C. Windes in the circuit court today decided in favor of the city of Chicago in the injunction suit passed on the Mueller law which provides for the issuance of \$75,000,000 worth of railway certificates by the city.

The law was declared constitutional by the court who also held that subsequent ordinances regarding the purchase and operation of the street railways, passed by the city are in compliance with the law. The decision was a complete victory for the city, the court holding against every point advanced by the complainants in their bill which was dismissed for want of equity.

The court pointed out that it was the evident purpose of the legislature and of the Chicago city council, in the laws and ordinances passed by those bodies to give the city the right to municipalize the street railways. Regarding the alleged constitutionality of that while there may be in some points a doubt as to the intent of the legislature, he believed the doubt should favor with what appeared to be the intention of the legislature in enacting the measure.

BURIED UNDER RAIN OF ROCKS

Stone Car Turns Over,
Dumps Load on
Three Men.

St. Paul, Sept. 15.—(Special to The Herald.)—A runaway stone car rounding a curve at Lock and dam No. 3 late yesterday afternoon dumped its load on the heads of Michael Mahoney of St. Paul and Peterson and Hall of Minneapolis, all laborers engaged in the government work. Mahoney had his head crushed but may live. Peterson and Hall were seriously but not dangerously injured. Mahoney is in Cobb's hospital at Merriam park, where he was taken by the South Minneapolis patrol wagon, which was called to the scene.

The car on which the stone was loaded, attached to a cable which lets one car down while the other goes up. The loaded car started down grade before it was attached to the cable.

The grade to the dam is about 500 feet long with a drop of about fifty feet.

Entire Section Gang Drowns in River Below.

Toledo, Ohio, Sept. 15.—Six bodies have been recovered and at least four more are being searched for in the Maumee river as a result of the accident last night when a hand car plunged through an open draw of the bridge. The men were section employees of the Wheeling & Lake Erie road, according to time checks found on the bodies.

Tuesday is the Day for All Good Citizens to Get Out and Vote.

GIGANTIC COAL TRUST WILL FORM ON EASTERN AND ENGLISH CAPITAL

VETERANS IN REUNION

On Gettysburg Field,
Former Enemies Hold
Reunion.

Pickett's Men and Union
Troops Share Same
Campfire.

Gettysburg, Pa., Sept. 15.—On the historic battlefield, where they clashed in the battle of July 1, 1863, the survivors of Gen. Pickett's division of the Confederate army met today in fraternal reunion, the survivors of the Philadelphia brigade, which was composed of four regiments of Pennsylvania volunteers. The reunion was held at the "bloody angle," where Gen. Pickett made his famous charge.

A feature of the gathering today was the presentation of Gen. Armistead's sword to the men of the South. Gen. Armistead fell during the charge and his sword has since been in possession of the Philadelphia soldiers.

The veterans will hold a camp fire tonight, and on Monday will go to the battlefield at Antietam. At the latter place they will be joined by the survivors of four other Pennsylvania regiments and monuments erected to the memory of the Pennsylvania soldiers in the battle will be unveiled.

CAR PLUNGES IN OPEN DRAW

Entire Section Gang
Drowns in River
Below.

Toledo, Ohio, Sept. 15.—Six bodies have been recovered and at least four more are being searched for in the Maumee river as a result of the accident last night when a hand car plunged through an open draw of the bridge. The men were section employees of the Wheeling & Lake Erie road, according to time checks found on the bodies.

BLOOD RUNS FREELY AT CUTTING SCRAPE.

Steubenville, Ohio, Sept. 15.—Six men and one woman were stabbed and killed in a riot between Polish and American miners in a boarding house at Long Run, last night, where they were drinking. Three of the men will die, Saitly Ragadinski, Tom Salsky and John Rogoski. The other four are seriously wounded. The interior of the house was wrecked.

New Merger Will Surpass Dominion Company in Importance.

Boston Capital Evidently
Laughs at Anti-Trust
Law.

Cape Breton Colliery
Business Will be Com-
pletely Dominated.

Boston, Sept. 15.—The Herald today says that a coal merger, whose scope is said to be the largest in the history of Cape Breton, is engaging the attention of New England and English capitalists interested in the industry in the maritime provinces. The men behind the movement are Henry M. Whitney of this city; B. F. Pearson of Halifax and Graham Frazer. When the merger is effected, which will be in the near future, it is said, it will equal if not surpass in commercial importance the Dominion Coal company, which has hitherto dominated the Cape Breton colliery business.

EXPLOSION OF POWDER WORKS

Incendiary is Suspected
to Have Blown Up
Magazine.

Nashville, Sept. 15.—The powder magazine of the Keystone Powder & Manufacturing company, four miles north of Nashville, in which was stored ten thousand pounds of dynamite, exploded today. The explosion was heard forty miles from Nashville. Considerable damage was done to houses in the neighborhood and hundreds of fowls were killed. Incendiary is suspected.

BLOOD RUNS FREELY AT CUTTING SCRAPE.

Steubenville, Ohio, Sept. 15.—Six men and one woman were stabbed and killed in a riot between Polish and American miners in a boarding house at Long Run, last night, where they were drinking. Three of the men will die, Saitly Ragadinski, Tom Salsky and John Rogoski. The other four are seriously wounded. The interior of the house was wrecked.

BIG STEAMER WRECKED ON ROCKY COAST WHILE DRIFTING IN HEAVY FOG

CUBA WANTS WAR ENDED

Business Men Look on
Intervention as Most
Desirable.

Go-rdsmen Meet and
Defeat Rebels in
Bloody Battle.

Havana, Sept. 15.—The letter of President Roosevelt to Senor de Quesada, the Cuban minister, is the gratifying of the day among Cubans and foreigners alike. Far from considering his reference to American intervention as something to be dreaded, it is almost universally regarded as the most desirable consummation possible of the trouble. The Cuban people, who do not agree with the view, but they are very rare. All the business interests are anxious for intervention, and even the politicians admit that this would be the best outcome.

The Associated Press correspondent has information to the effect that some of the government officials, who are closest to President Palma, privately welcome the idea, and that the president himself desires protection, though not permanent.

The general opinion among Cuban business men today is that intervention is the most desirable thing which can be suggested, and their only fear is that it may be only temporary. There is a somewhat marked feeling of disappointment among the veterans, that intervention is possible or imminent. The veterans, for sentimental reasons, would prefer to see Cuba sacrifice her sovereignty in even a small degree. This feeling, however, is offset by the universal desire for a permanent settlement of the trouble, and for a government which can be trusted to preserve peace under all circumstances.

Government forces have won a victory over the rebels at a point close to Havana. Gen. Rodriguez, with 400 Rural Guardsmen, attacked the rebels under Gen. Del Castillo and Col. Albert and Acosta, 1,000 strong, at Wajay, 12 miles south of Havana. After a stubborn fight the rebels were dispersed. Eight of their numbers were killed and 23 were wounded. Of the Guardsmen, one was killed and 13 were wounded.

Gen. Roldan returned to Havana this morning. There is considerable speculation as to why the enemy was not pursued.

The American cruiser Des Moines arrived here this morning. All on board are well.

A force of rebels yesterday destroyed two stone bridges over a highway near Cabaiguana.

The commander of the Cespedes, a coast guard vessel, has been arrested for negligence in allowing ammunition for the revolutionists to be landed near Rio.

Heavy fighting is reported near El Cano, ten miles southwest of Havana. No details have yet been received.

BRYAN RECEIVES GREAT OVATION

Democratic Standard
Bearer Cheered by
Southerners.

Radford, Va., Sept. 15.—William Jennings Bryan, who arrived here at midnight from Cincinnati was given a noisy welcome by the town people who had assembled at the station to greet him. He is the house guest of Governor Tyler and will deliver a speech this afternoon. A dozen excursion trains have carried thousands of visitors to Radford today.

This forenoon Mr. Bryan received a delegation from the chamber of commerce and Democratic executive committee of Roanoke, who invited him to visit that city. He accepted and will arrive at Roanoke this evening. He will deliver an address.

He will speak at Raleigh, N. C., Monday morning.

SERIOUS PLOT IS SUSPECTED

Police Making Arrests
Find Court Employee
in Crowd.

St. Petersburg, Sept. 15.—The police have rounded up and arrested fourteen revolutionists in Peterhof, including several students.

The fact that one of the men arrested was a court lackey gave rise to a rumor that a plot against the emperor had been discovered but there is no definite information to this end.

COMMERCE COMMISSION TALKS ON IMPORT RATES.

Washington, Sept. 15.—Hearings by the interstate commerce commission on the subject of import and export rates on freight began in this city last Wednesday, will be continued in Chicago.

Five members of the commission, Chairman Knapp and Commissioners Frooty, Clement, Lane and Clark, will leave Washington today for Chicago. On Monday the hearings will begin in the United States court rooms. It is likely they will continue for several days.

Fearful Loss of Life If Ship Breaks Up.

Revenue Cutters Hasten
to Bring Off Pas-
sengers.

Much Anxiety Felt for
Lives of Fifty Pas-
sengers.

San Francisco, Sept. 15.—Special dispatches received here of the wreck of the steamship Oregon off Cape Hinchinbrook at the entrance of Prince William sound at 11 o'clock on Thursday night say that the steamer lies in a very dangerous position and should a storm of any severity set in the passengers and crew would stand but little chance of surviving.

The Oregon, commanded by Capt. H. E. Soule, sailed from Seattle for Valdez and Seward, Sept. 8. She had fifty odd passengers and about 900 tons of freight on board.

The vessel, in making the voyage, takes the outside or open ocean and makes a stop between Seattle and Valdez. Though nothing definite is known at this time the Oregon evidently encountered a heavy fog, putting into Prince William sound or possibly broke down and was driven on the rocks by the gales.

When the news of the wreck was brought to Valdez by Chief Mate Kennedy and four sailors after a long row of fifty or sixty miles, the revenue cutters Rush and McCulloch were immediately dispatched to the scene of the disaster to rescue the passengers. The cutters should have arrived along side the Oregon at 2 o'clock this morning, having left Seattle at 8 o'clock last night. If the cutters reach the Oregon before she breaks up they will doubtless have little difficulty in taking off the crew on board. Should, however, the vessel go to pieces before the relief steamers arrive, the passengers will have extreme difficulty in making the shore under the most favorable conditions.

Cape Hinchinbrook is a narrow neck of land extending far out into the sea forming one side of the entrance to Prince William sound.

It has never been regarded as a menace to navigation and it was but a few months ago that the government made an appropriation of \$25,000 for the erection of a light at the extreme end of the point. This work is now progressing.

The Oregon is owned by the Northwestern Commercial company of Seattle.

WEATHER FORECAST—
Showers tonight; Sunday partly cloudy and cooler, possibly local showers; southerly to westerly winds.

THE OAK HALL SPECIAL \$5.00 SUIT FOR SCHOOL.

At this price we are showing a splendid lot of clothes for boys from 7 to 15 years. Sturdy garments to resist the rough wear and tear which every boy gives his clothes, in materials of all-wool—firm, wear-resisting and attractive patterns and colors, or blue serge. We show them in the double-breasted coats with plain trousers. The trousers are made with double seat and knees; all the seams are taped and sewn with silk—making them strong and durable. Better clothing at this price was never bought, and the equal at other stores will cost \$7.50. Our price—**\$5.00**

Home of the Knox Hat.
Oak Hall Clothing Co.
331-333-335 W. Superior St.

BIG PROMOTION FOR NEW YORK JOURNALIST.

Newark, Sept. 15.—James Martin, for several years managing editor of the New York Tribune, who has been elected president of the Newark Daily Advertiser Publishing Company, will assume the duties of editor-in-chief and publisher on Monday next. Fred-

THREE ARE BOUND OVER

Snively Woman, Stephens and Logan Held to Grand Jury.

They Must All Answer to Charges of Grand Larceny.

Hattie Snively, alias Hattie Alton, who is charged with having relieved a St. Paul traveling man of his roll, containing \$20, waived examination in the municipal court this morning, and was bound over to the November term grand jury of the district court. She was remanded to jail to await further action on a bail bond in the district court. The Snively woman had more than \$200 on her person when she was arrested at Lake Nebagamon, a few days ago. The money is claimed to belong to the traveling man, and the woman admits that it was a portion of what she secured from him. She claims, however, that he gave her the money. David Stephens and George Logan, two of the four men who are claimed to have held up and robbed four Italians in a hotel at Sixth avenue and West Michigan street, a few days ago, were taken before Judge Windom this morning. The bond from them over to the next grand jury in the district court on the charge of grand larceny in the second degree. It is claimed that the robbers secured about \$36. The two men arrested have been identified by the Italians, but the remaining two men here are still at large, the victims not having a clear recollection as to their personal appearance. Bail for Logan and Stephens has been set at \$500 each, which amount neither will be able to raise.

SAYS HE TREATED HER CRUELLY

Mrs. Christina Olsen Sues Her Husband for Divorce.

Asking for divorce from her husband, Frank Olsen, a complaint was filed in district court yesterday by Mrs. Christina Olsen, in which is disclosed a sad story of suffering on the part of the wife, and of alleged cruelty and continued persecution on the part of the husband. Mrs. Olsen was married in Superior, March 2, 1888, and there seems to have been no trouble in the family until June, 1904, when her husband is claimed to have abused one of the boys without cause, and she interfered. Her husband, she claims, threatened to kill her at the time, and after that treated her most cruelly, so that she finally left him and went to live with friends in Eveleth. Her husband then promised to reform, and she forgave him and returned. For a while there was no trouble, until Olsen accused her of stealing money from his pockets, and another separation followed, last February.

CONTEMPLATE ANOTHER TRUST

Efforts Made to Create Monopoly in Crude Rubber.

New York, Sept. 15.—With the return of Thomas F. Ryan from Europe, Wall street expects to hear official announcement of the formation of a new rubber trust, world-wide in its scope, which will place in the hands of American capitalists control of crude rubber and substantially make them masters of the rubber manufacturing industry of the world.

Runners from abroad that Mr. Ryan was negotiating with King Leopold of Belgium for control of the rubber interests of Africa, largely held by the Anglo-Belgian syndicate, and that Col. Samuel P. Colt, president of the United States Rubber company, was engaged in a similar movement for the control of the distribution of rubber supplies in Europe, were confirmed in part by Col. Colt in a statement that his part in the big deal had been completed.

WILL SETTLE HERE.

Former Assistant Superintendent Will Practice Law.

Another "Ski-to-mah" and a Minnesota boy, born and bred, has been added to the legal fraternity in Duluth.

Andrew Nelson, a graduate of Minnesota university, arrived in the city with his wife, and will hang out his shingle here.

Mr. Nelson was superintendent of schools at Austin, Minn., and previous to that was assistant state superintendent of schools under Governor Lind. He studied law in the office of State Senator Schuchman at Michigan university, after taking his academic course at Minnesota.

"I always liked the appearance of Duluth," said Mr. Nelson, "and intend to settle here if I ever get an opportunity."

BIG PROMOTION FOR NEW YORK JOURNALIST.

Newark, Sept. 15.—James Martin, for several years managing editor of the New York Tribune, who has been elected president of the Newark Daily Advertiser Publishing Company, will assume the duties of editor-in-chief and publisher on Monday next. Fred-

erick Austin of the Tribune, will be the general manager of the advertiser, and Edward W. Drew will resume his old position of managing editor, which he relinquished a year ago to become a member of the editorial staff of the New York Commercial.

BANDIT CHIEF SENT PRESENTS

American Mission Visits Morocco Royalty for First Time.

Tangier, Morocco, Sept. 15.—The American mission left here today for Fez. Minister Gummere is the head of the embassy and he is accompanied by Commander J. C. Freeman, naval attaché, and Capt. William C. Guignard, military attaché. The embassy was accompanied by a show of honor by the Moroccan minister of foreign affairs and several of the foreign representatives here.

Mr. Gummere is the first American minister to visit the court of Morocco. It is significant that Katsulu, the bandit chief, sent presents to the first camping place, where the embassy will spend the night.

How are you going to live when you are old? When that day comes to you which nobody can tell, the day of incapacity for hard labor, or...

NO NEED TO BE POOR IN OLD AGE. And it is possible to overcome the poverty condition if you follow a simple piece of advice.

Advice is cheap. But some advice is worth listening to and following. Will you read this advertisement all the way through, word for word, and then follow the reading up with a demand for further particulars and proofs of the statements made in it?

It is an easy request to grant. Sometimes no hard conditions attached to it. Sometimes, you know, the doctor gives you a prescription for some ailment that is so easy to take that you are apt to doubt its efficacy. But the doctor redeems from cause and effect. "Do this and be well," he says.

A CURE FOR POVERTY. We are going to prescribe for the ailment known as poverty-in-old-age, and our remedy is sure to work a cure.

THE STORY OF A MAN NAMED HALL. Let us begin at the beginning and tell the story of a man named Edwin Hall, who has much to do with our story and yours.

EDWIN HALL, President.

Edwin Hall is a man who has made a life study of mining. He is a geologist as well as a practical mining engineer, and he has been employed in the West and in Mexico for upwards of twenty years. He has been successful in developing them when he found them, for his employer.

He has been everything, from the mine boss to superintendent of a group of mines where every detail of the work came up to him for settlement.

He has drawn as high a salary as it was possible for a capable man to draw—but he was not satisfied.

He began to note the occasional glint of gray that was coming in his hair, and the what-shall-I-do-when-I-am-old question began to bother him too.

He had made fortunes for others and only good living for himself in all those twenty years.

HALL BEGINS TO LOOK OUT FOR HIMSELF. Finally he began to do a little quiet prospecting on his own account. Every time he went on a journey to report on a property for some rich employer he kept his weather eye open for something that looked very much like the first thing he saw.

A good merchant who was looking for a likely spot to plant a business upon. He was like a man from Mexico to Montana. This man fairly acquired the prospect and examined area made exhaustive tests and assays, talked with other men, and finally found a copper property in Laramie Co., Wyoming.

He found a property that looked very much like him—plenty of ore, plenty of timber, plenty of water—seemingly an ideal proposition.

HALL FINDS A GREAT MINE. To the north, and on the same ledge apparently, was the great Homestake mine, whose

mineral wealth is beyond compute; twenty miles to the south are the Sunrise Mines, where the Standard Oil has a magnificent property of untold richness. Farther south is the Grand Encampment, where the great Penn-Wyoming and the Ferris-Hagerty Mines are the star producers, a group comprising nearly 700 mines, from which the camp derives its name, the Grand Encampment.

Mr. Hall has been largely instrumental in the development of the Penn-Wyoming and Ferris-Hagerty Mines, having in 1905 visited the Grand Encampment District to make a report on the Ferris-Hagerty, which was then merely a prospect with a shaft only 30 feet deep.

In his report he told his people that work should be pressed on the mine to the second enrichment zone (a depth of about 150 feet) and in his opinion ore would be encountered of larger extent and greater richness.

Work was then commenced and within eighteen months the mine was sold for \$1,125,000, has since been sold for \$5,000,000 and today is conservatively worth \$15,000,000.

Mr. Hall had once more proved his worth as an engineer and thereafter was in greater demand than ever by mining syndicates.

WYOMING LOOKED GOOD. As may be imagined, he became interested in that particular section of Wyoming, and afterwards to be known as the Copper Belt Mines Company, located in Rawlins Buttes, in Laramie Co., Wyoming, 15 miles south of Lusk, a town on the Omaha, N. B. R. R.

What he had been looking for—he took off his hat and went to work to see what he had found. First of all he went to a wealthy friend, a Mr. L. L. Palmer, one of the best known men in the State of Nebraska, of the firm of Miller & Palmer, owners of the largest department store in Lincoln, and told him he had discovered he had discovered the famous Greene Consolidated mine, near Mexico.

"You know me and my conservative notions about mines, Doctor," he told him, "but this time has come when I am going to provide for myself and for those who have faith in my judgment. I am going to tell you to join me." Mr. Palmer did so, and a company was soon formed and articles of incorporation obtained from Wyoming, under the following name:

THE COPPER BELT MINES COMPANY. Capital stock, \$2,000,000. Treasury stock, \$500,000. Shares, par value \$1 each, fully paid and non-assessable.

OFFICERS. President, EDWIN HALL, Lincoln, Neb. Vice-President, E. S. AVERILL, Chicago. Secretary and Treasurer, ARTHUR A. TAYLOR, Chicago.

Assistant Treasurer, H. C. SNYDER, Lusk, Wyo.

BOARD OF TRUSTEES. E. S. AVERILL, Chicago. ARTHUR A. TAYLOR, Chicago. EDWIN HALL, Lincoln, Neb. PETER MCNICHOIL, Lincoln, Neb.

CONSULTING GEOLOGIST. DR. G. E. CONRAN, Professor of Economic Geology, State University of Nebraska.

The mines are located on Rawlins Buttes, in Laramie County, Wyoming, twelve miles south of Lusk, N. B. R. R., and the north of Colorado Fuel & Iron Co.'s mines at Sunrise, south of Homestake, comprises thirty-five claims, about 600 acres; about 100 acres of pine timber, stream, cross property.

The formation is a strata of schists, quartzites and lime, tilted at an angle of forty degrees to the east.

TWO YEARS' HARD WORK. For two years thereafter Mr. Hall carried out the active development of the property. shafts were sunk, cross cuts were run and surface workings made. On the Omaha, N. B. R. R., 150 feet long cuts two well defined ore chutes, which increase in richness with depth. The ore is a proven mine.

Another mine in the group which has been turned to a depth of 1,000 feet, and the company covers the vein for over a mile.

Other development was done on other claims—each making a fine showing of rich ore rich values in gold, silver and copper, and the company is now working on the "Omaha" and "Lucky" claims, as well as others in the group. Mr. Hall went before his board of directors and said:

HALL REPORTS TO DIRECTORS. Gentlemen, I am willing to stake not only all my savings of years, but my reputation as a Mining Engineer, that these mines are sound. If not for superior quality of the ore, but for the fact that the Grand Encampment District and the equal of the great "Greene Consolidated" mine, with careful and conservative management and proper machinery and equipment your shares of stock should be worth in ten years \$500 a share.

The ore bodies are continuous and show copper values ranging from \$10.00 to \$150.00 per ton.

COPPER MINES ALWAYS PAY. "No man has ever invested his money and lost it in such a property as yours," does history record a single instance

business. We want to equip our mines with a plant that will put these mines right up where they belong, among the big producers of the country—but we must make a beginning. Just as all the rest of them did.

We Shall Start the Stock at 10 Cents.

We shall start our stock low, so as to give the man of moderate means a chance to come in, and once he is in and gets to know us and our properties, he will be pretty apt to interest his friends. In that way, we shall be able to place our stock economically. It won't need a pile of money and a year's time to sell it all. We are not stock jobbers. Our money is invested in these mines and the money

WE WILL HELP YOU INVESTIGATE. We invite investors to consider our proposition as a safe and profitable place to put money to work. You will want to look us up, and find out who we are, then you will look up our property and copper properties that a business.

We are going to help you in every way in our power, because we know what the result of your investigations will be. You will buy all of the stock you can pay for at 10 cents a share. You will be tempted to borrow money to buy it, after you have read what Dr. Conrann, who occupies the chair of Economic Geology at the Nebraska State University, Lincoln, Neb., says about it and about Mr. Hall whom he knows intimately.

FAMOUS GEOLOGIST BUYS STOCK. Dr. E. Conrann is our consulting geologist. Do you think he would jeopardize his standing in his profession by allowing his name to be used by us, unless he expected great things of the company?

OTHER BIG MEN IN COMPANY. Would Dr. Palmer, a great merchant and rich man, of the firm of Miller & Palmer, Lincoln, Neb., whose picture you see in the cut in gold to the Omaha tunnel, allow his name to be used in connection with a mining company unless he knew all about the company and the men behind the mines?

Would Mr. E. S. Averill, who occupies the responsible position of General Superintendent of the United States Express Co., join this company and act as the Vice President unless he felt sure it was going to be a great enterprise? Or would Mr. C. Snyder, the Mayor and the largest merchant of Lusk, Wyoming, a town within a few miles of our mines, who knows all about the property, allow his name to be used in connection with a mining company unless he knew all about the company and the men behind the mines?

WE WILL MAKE GOOD. We ask you, would any of these men allow themselves to be connected with this Copper Belt Mines Company, do you think, unless they were determined to make it pay as Mr. Hall or Mr. Taylor or Mr. Snyder or their associates? They are all successful business men as well as honorable men of affairs. You could not interest one of them in a mining property that wasn't gilt edged any more than you could sell them a gold brick.

MINES MAKE BIG FORTUNES. All great fortunes have been made in mines. A very few have failed—not 8 per cent as against 92 per cent in general business.

AN OPEN BOOK PROPOSITION. We are taking up a good deal of your time, but it is a serious subject and deserves serious consideration. If you are going to entrust your money to us you have a perfect right to know the methods we propose to use to make this money earn more money.

We have said that in the opinion of our geologist the mine was as great a property as the Dodge-Rambler or the Ferris-Hagerty, and the equal of the Greene Consolidated.

You cannot afford to buy these stocks any more than you can afford to buy cars and grow to greatness with us.

SMALL CAPITAL FOR BIG COMPANY. We are capitalized for \$2,000,000. The property would easily stand a capitalization of \$10,000,000, and the stock should have a par value of \$10.00 instead of \$1.00, but as

we have said before, we are not selling stock for speculative purposes, but rather to raise sufficient money to equip our properties, and every dollar received from stock sales will be used for that purpose.

NO LEAKS ANYWHERE. No salaries will be paid out of that money, except for legitimate needs of the enterprise. There is nothing about the proposition that is not fair and square and above board, and is not that in offering the stock to you we are doing you a kindness and showing you a way where you can solve the how-are-you-going-to-live-when-you-are-old problem to your entire satisfaction.

WHAT YOUR STOCK SHOULD EARN.

If you invest	At 10 cents per share	When our output is 500 tons daily your dividend should be:
\$100.00	1,000 shares.	\$1,500.00
\$250.00	2,500 shares.	\$3,750.00
\$500.00	5,000 shares.	\$7,500.00

These figures are based on 7 per cent ore, although our assays show as high as 15 per cent in copper and from \$5.00 to \$12.00 values in gold to the ton. Ore that assays 6 per cent in copper gives a ton value of \$22.50. The present price of ore is \$18.00 per pound.

Of course these figures are approximate, but they are based on what other copper mines have done and are doing, and they should come pretty close to our estimates.

You can see now copper mining stock makes a stockholder rich, provided the mine is fairly capitalized, has plenty of ore, and economically managed. The figures given above are very conservative.

When we get down into greater depths below the secondary enrichment zone, which in our district is about 150 feet down, we shall undoubtedly make a showing that will make the above figures seem tame.

And we are going down where the great ore bodies are, and all depend on how fast the stock is subscribed for.

WE DEAL DIRECT WITH YOU. One thing we want to impress on your mind is that none of your money goes to some

agent or broker. You are dealing direct with the company and your money is going where you want it to go, viz: into machinery and the development of the property. You can come to our office, No. 901 in the Merchants Loan and Trust Building, 135 Adams St., corner Clark, and talk to one of the officers of the company at any time, and get your information direct from him, and see samples of our ore.

If you can't come in person, you can do the next best thing, write direct to the company that address and receive prospectus and full particulars.

This stock will go quickly. People are not going to lose out in the Copper Belt mine. We should sell all these shares within the next week—but in any event see that you get YOUR share. Don't you delay, to get what the others may do.

The safest way is to fill in the coupon below and thus be sure to receive all our communications and make all drafts, money orders, etc., payable to the company.

HOW YOU CAN BUY STOCK NOW.

No. of shares.	—Payment—	Time.	Pay-ments.	mo. for 9 mos.
100...	\$10.00	\$12.50	\$1.25	\$1.25
250...	25.00	30.00	2.50	2.50
500...	50.00	60.00	5.00	5.00
1,000...	100.00	120.00	10.00	10.00

No subscription for less than 100 shares accepted.

Mouth of Omaha Tunnel and Car of Rich Ore. Dr. B. L. Palmer standing at right.

of a copper mine pinching out as is the case with other ores.

"We have ore enough in these mines to keep us going for centuries!" Pretty strong talk from a conservative mining engineer!

LET US DO SOME FIGURING. Now, granting that the property is right, the president of the company capable of the orders and trusts all men of high character and splendid business ability, let us do a little figuring on the product.

ABOUT COPPER AND COPPER MINES. You know in a more or less vague way perhaps that the annual output of copper must be something enormous. It is.

Take the two greatest copper using industries, the trolley and the telephone systems. Did you know that the Bell Telephone System alone had upwards of 500,000 miles of copper wire in use? Did you know that the telephone system in Chicago alone used over 4,000,000 pounds of copper every year? Did you know that such concerns as the Westinghouse and the Western would use the enormous quantity of between 20,000,000 and 25,000,000 pounds of copper every year?

Think what the needs of the ever-increasing trolley lines and extensions are each year. The United States government uses enough copper each year in the building of warships, not to mention what it needs for the coinage of pennies, to keep several great copper mines running every day and nightly in the year to keep it supplied with the metal. It is estimated that approximately 1,000,000 pounds of copper are required in the construction of each first class battleship.

This company is going after some of that

Cut showing "Lucky Henry" Vein, which extends for over a mile on our property, directly towards Sunrise Mine (property of Standard Oil).

SUNRISE MINE

\$200,000 today besides all the dividends your stock would have paid you in those twelve years.

What's the use of hindsight? Why didn't we buy lots into the loop section in Chicago forty or fifty years ago?

WE HAVE ALL LOST OPPORTUNITIES. We have all passed up many good opportunities to make money, but don't let's cry over the spilled milk! Let us profit by our past failures and resolve to make no more of them. Let us use our heads and decide whether we will put our savings in the hands of some bank to draw three per cent for us while the banker makes it earn fifteen, or let us put it in the hands of a man who will put it to work for us, using our own judgment as to where we shall put it.

FILL IN THIS COUPON AND MAIL TO US. THE COPPER BELT MINES COMPANY, 901 Merchants Loan & Trust Bldg., 135 Adams St., Chicago. D. H. 15.

Please enter my order for _____ shares of stock in the Copper Belt Mines Co. at 10 cents per share cash, 12 1/2% on time payments, par value of shares \$10.00 each, non-refundable.

CASH PAYMENTS. I enclose \$_____ to pay for same. (If time payments are to be made leave this space blank.)

TIME PAYMENTS. I enclose \$_____ as first payment and agree to pay the balance within nine months at rate of \$_____ per month. (If time payments are to be made leave this space blank.)

SHIPS MAY NOT CARRY MUNITIONS OF WAR.

New York, Sept. 15.—That the United States government proposes to scrutinize closely all shipments of fire arms, ammunition and munitions of war to Indian, Mexican, Central American and South American ports, primarily to prevent filibustering for the United States, became evident, when a special order on the matter was issued by Nevada, N. Stranahan, collector of this port.

The order prescribes clearances for any vessels bound for such ports until verified manifests shall have been filed with the collector, or until the captains or agents have taken oath whether arms or ammunition or munitions are on their vessels. The order, it is explained by the customs officials, is not intended to prevent shipments of war supplies to the ports

GERMAN CATHOLIC SAYS CHIEF IS BEHIND TIMES.

Berlin, Sept. 15.—Count von Hoesbrosch, a Catholic, has written a letter to the *Lipsche Nachrichten*, concerning Father Wernz, the newly elected general of the Jesuits. The count says he was a pupil of Wernz's in the early '80s and that the convictions of the middle-aged general are those of the middle-aged. He quotes largely from Father Wernz's "Innovations" which was published in 1882, in which the author avers that the state should rest under the jurisdiction of the clergy. United States marshals on the basis of an indictment returned in New Mexico in April, last, charging him and others with being implicated in alleged land frauds in that territory.

of the order was influenced by the Vatican's relations with France.

MARINES FOR CUBA.

Portsmouth, N. H., Sept. 15.—A detachment of sixty-six marines, under command of Capt. Charles F. Hatch left the Portsmouth navy yard under hurry orders, today, on their way to Norfolk, Va. It was the opinion among the officers at the local yard that the marines were being hurried South in order that they might be available for service in Cuba.

LAND FRAUDS CHARGED. Kansas City, Sept. 15.—Carl C. Young, traveling auditor of the Pan Handle and Peccos Valley Land Company, has been arrested by the deputy United States marshals on the basis of an indictment returned in New Mexico in April, last, charging him and others with being implicated in alleged land frauds in that territory.

MR. YOUNG WAS GIVEN A HEARING BEFORE UNITED STATES COMMISSIONER J. H. NICHOLS AND RELEASED ON BOND FOR APPEARANCE BEFORE THE FEDERAL COURT AT ALBUQUERQUE AT THE FALL TERM.

St. Petersburg, Sept. 15.—After the close of a meeting of the Constitutional Democratic executive committee here tonight, it was announced that it had been decided to postpone indefinitely, according to Southern Pacific freight officials, 4,000 cars of green fruit and to point them to the Rocky Mountains. They expect an additional 1,000 carloads before the season ends. In their opinion these 5,000 cars of green fruit represent a market value of \$5,000,000 or an average of \$1,000 per car. Each car sent East contains 24,000 pounds of fruit. So far this season the total shipments of East will aggregate 132,000,000 pounds.

PRESIDENT'S DAUGHTER IN ACCIDENT. Oyster Bay, Sept. 15.—While driving from Sagamore Hill to Oyster Bay, Miss Ethel Roosevelt, daughter of the president, was thrown out of her buggy, her horse becoming frightened at an automobile. Miss Ethel was not hurt and insisted on driving back to Sagamore Hill.

HEROD'S OCCUPATION GONE.

In one summer there were 2,837 infant deaths in the large towns of England, the rate being 25 in 1,000 for the same period. Frequently during summer the hospitals for children in London are taxed beyond their capacity. In Birmingham more than 500 babies die annually.

Germany has a record which, the World today says, is astounding for that domestic country, where an young

WOMEN ARE SUPPOSEDLY LEARNED IN THE DOMESTIC ARTS.

Two million children are born in one year, and yet as many as 400,000 die before 1 year old, making the rate for the German Empire 20. In pretty Munich, where it would seem that conditions are favorable for public hygiene, the death rate has been as high as 43, an average of 22 in 1,000.

Our own country makes little better record, for in the District of Columbia the rate in 1905 was over 20, and in states being a little lower, but still too high. In Massachusetts, where the death rate averaged 18 to 24, and New York was about 15, almost all the New England states being higher.

LOS ANGELES TIMES: THE DOCTORS WERE TALKING SHOP—APPENDICITIS, CHARGES, AND THE LIKE.

"I got the best of John Millions the other day," said a doctor with a gray beard.

"How so?" the others asked.

"MILLIONS SENT FOR ME TO PRESCRIBE FOR A COLD. HE KNEW MY CHARGE WOULD BE, AS USUAL, \$25; BUT ALL HE HANDED ME, AS I TOOK MY LEAVE, WAS THREE \$5 NOTES."

"What did I do?" "Why, I dropped the notes on the floor. The butler picked them up and handed them to me, but I continued to look about the carpet, and finally I got down on my hands and knees.

"Millions, implicitly.

"No," said I. "There must be two sets of notes on the floor. I've only got three here."

"Then Millions, with a sour smile, handed me \$10 more."

... ..

But little loss of revenue to the street railway would be incurred by adopting this suggestion. In fact, there are many homes where it is now im-

A couple of months ago the Critic, a literary magazine of standing, published an exposure of the alleged fact that Rev. Charles Wolfe, who has

years.

Or the Political Prophet.
This bright conundrum comes my way.
I can't afford to scoff it—
Who, while ashore, is all at sea?
It is the weather prophet.
—Boston Transcript.

It is,
An aching tooth,
I rise to shout,
Is just about
The best thing out.
—Judge.

With powder in his gun, the man
Went out and got the deer,
But now the thing is somewhat queer,
And on another plan,
With powder on her cheeks the dear
Goes out and gets the man.

SERVICES FOR SUNDAY IN DULUTH CHURCHES

Missionaries of Minnesota Branch of the American
Sunday School Association Will Preach
in Local Churches.

They Will Tell of Their Work Among the Settlers
in the Outlying Districts of
the State.

At Pilgrim Congregational church, Rev. Alexander Milne, pastor, will preach in the morning on "The Service of the Church." In the evening there will be a platform meeting, with several speakers from the American Sunday School Association, with stereoscopic views of their work. Following are the musical programs:

MORNING.
Organ—Prelude.....Guilmant
Response—"The Lord's Prayer".....Shepard
Anthem—"Gloria in Excelsis".....Hart
Anthem—"Come, Let Us Worship".....Hart
Solo—"Hear Not Ye, O Israel".....Hart
Postlude.....Dudley Buck

EVENING.
Organ—"Benedictus".....Hart
Anthem—"Abide With Me".....Bartlett
Solo.....Miss Woodbridge
Postlude.....Smart

The choir consists of: Miss Frances Woodbridge, soprano; Mrs. James Walsh, alto; J. L. Martin, tenor; H. G. Gouhart, bass; Miss Carlotta L. Simonds, organist.

At the First Presbyterian church, Rev. T. H. Cleland will preach at the morning service, and the Lord's supper will be administered. At 3 p. m. N. L. De Groff of Philadelphia, in attendance on the Sunday school convention, will preach.

At St. Paul's Episcopal church, 8 a. m.; Sunday school at 10 o'clock; morning prayer and sermon at 11, and evening service at 7:30. Preacher of the day, Rev. Mr. Read.

At the Endon Methodist Episcopal church, First street and Nineteenth avenue east, the pastor, Rev. John Walker Powell, Jr., will preach at 10:30 a. m. on "The Transfiguration of Nature and Life," and at 7:30 p. m. on "The Suburbs of Zion." The musical program follows:

MORNING.
Hymn, "Creation Hymn".....Addison
Solo, "The Psalmist".....Van der Water
Mrs. Homer Collins
Solo, "One Sweetly Solenn Thought".....

Walter L. Smith.
Hymn, "God Moves in a Mysterious Way".....Coveper
Hymn, "Praise My Soul, the King of Heaven".....Coveper
EVENING.
Hymn, "Abide With Me".....Lyte
Solo, "The Lost Chord".....Sullivan
Mr. Smith.

Offertory, selected.....Benedict
Hymn, "Jesus, the Very Thought of Thee".....Benedict
Hymn, "More Love to Thee".....Prentiss

At the First Christian church, Fourth street and Fifth avenue west, Rev. Baxter E. J. Harlan, state superintendent of the Sunday School Association of Wisconsin, will speak, and Miss Bang will sing. The pastor will preach in the evening.

Bible school meets at noon; Y. P. S. C. E. at 7 p. m.

At Trinity chapel, Twentieth avenue east and Superior street, Rev. J. D. Morrison, P. P. Mission of Duluth, Rev. Arthur H. Wurtele, vicar. Services for the fourth Sunday after Trinity will be as follows: Holy communion, 8 a. m.; morning prayer, 11 a. m.; the Creed, at 11 a. m.; Sunday school and Bible class meet at 1:30 p. m.; evening service and address will be held at 7:30 p. m.

At the First Methodist church, First street and Eighth avenue east, Rev. A. Irvine Innes will preach on the subject, "The Shining of the Light," at 11 o'clock. Sunday school meets at 12 o'clock.

At the First Church of Christ, Scientist, Ninth avenue east and First street, regular services will be held at 10:45 a. m., the subject being "Reality." The regular Wednesday evening meeting will be held at 8 o'clock.

Rev. Charles Fox Davis will speak and Miss Ethel Ericson will sing at the Women's Christian association.

At St. John's English Lutheran church, Third street and Lake avenue north, Rev. J. L. Murphy, pastor, services for worship will be held at 10:30 a. m. and 7:30 p. m. The sermon at the morning service will be on the gospel for the fourteenth Sunday after Trinity. At the evening service the subject will be "Christian Citizenship." The ladies' society meets Wednesday afternoon with Mrs. George Jensen, 227 West Superior street. The catechetical class meets at 2 p. m. on Saturdays.

At the Central Baptist church, Twentieth avenue west and First street, Rev. C. Sullivan of Winona, Minn., will preach at 10:30 a. m. and J. E. Robinson of Northfield at 8 p. m. Sunday school meets at 10:30 a. m. and the Young People's society at 7 p. m.

At the Lake Avenue Baptist, Sunday school will be held at 10:30 a. m. and Finnish gospel meeting at 7:30 p. m.

At the branch Bethel, Sunday school meets at 3 p. m.; evening service at 8 p. m. Gospel meetings are held at the Swedish gospel meeting every Monday night.

At the Star of Hope mission, 622 West Superior street, a meeting is held every evening at 7:30. Sunday services

will begin at 7:45 p. m. with an open air meeting in front of mission hall. Monday the young people of the Merritt Memorial church will have charge of the meeting and the pastor, Rev. S. G. Briggs will speak.

At Grace Methodist Episcopal church, Twenty-second avenue west and Third street, Rev. Joseph W. Robinson, pastor, will preach at 10:30 a. m. on "The Old Frontier," and in the evening, at 8, on "The Sunday School." Sunday school meets at 11:45 a. m. Epworth league at 7 p. m. The music will be under the direction of Mrs. A. N. Hopkins.

At the Second Presbyterian church, 155 West Superior street, P. A. Bartlett of Minneapolis, state superintendent of missions for the American Sunday School union, will preach at 10:30 a. m. and Rev. T. F. Morton of Itasca county will preach in the evening at 7:45 p. m.

At St. Luke's Episcopal church, Nineteenth avenue west and First street, Rev. Roderick J. Mooney, the rector, will preach at 11 a. m. on "The Second Commandment, the Crime of Profanity." Sunday school will be held at 10 a. m.

At the Glen Avon Presbyterian church, 155 West Superior street, P. A. Bartlett of Minneapolis, state superintendent of missions for the American Sunday School union, will preach at 10:30 a. m. and Rev. T. F. Morton of Itasca county will preach in the evening at 7:45 p. m.

At St. John's Episcopal church, Lake side, services will be as follows: 8 a. m., holy communion, with Rev. A. R. Parker as celebrant; 10 a. m., Sunday school; 11 a. m., morning prayer and sermon by Rev. A. R. Parker; 7:30 p. m., evening prayer and sermon by Rev. Mr. Parker.

At the Lester Park Methodist Episcopal church, Rev. Charles Fox Davis, pastor, will preach at 10:30 a. m. on "The Christian Inspiration," and at 8 p. m. on "The Epworth League." The Epworth league meets at 7 o'clock. Sunday school at 12:30 p. m.

At the Lakeland Presbyterian church, Twenty-fifth avenue east and McCulloch street, W. L. DeGroff of Philadelphia, Pa., formerly superintendent of the American Sunday School union and now superintendent of the home district, Eastern division, will speak at 10:30 a. m. in the interest of the cause he represents. The Sunday school hour is 12 o'clock and the Christian Endeavor hour 6:45 p. m. At the evening service the pastor, Rev. W. L. DeGroff, will preach on the subject, "The Overcoming Faith."

At the First Swedish Baptist church, Nineteenth avenue west and First street, services will be held at 11 a. m., when Edson, the pastor, will give the fourth sermon in the series on "The Life of Abraham." The topic will be "A Noble Man's Deed." Evening service will be held at 8 o'clock with sermon by Rev. W. L. DeGroff, delegate to the Sunday school convention. Sunday school meets at 10 a. m. and the Women's Foreign Mission society will hold its monthly meeting at 4 p. m.

At the Norwegian-Danish M. E. church, Twenty-first avenue west and First street, the presiding elder, Rev. H. C. Munson of Duluth, will preach at 10:30 a. m. and 7:30 p. m. The Sunday school meeting will be held at 7 o'clock p. m. Class meeting Friday evening at 8 o'clock. Class meeting Friday evening at 8 o'clock.

At the Trinity Norwegian Lutheran church, Fourth avenue east and Fifth street, the pastor, Rev. M. Bjornson, will conduct services at 10:30 a. m. and 8 p. m. The Sunday school and Bible class will meet at 9:15 a. m.

At Hope church of the Evangelical association, Fifth street and Sixth avenue east, the pastor, Rev. M. Bjornson, will preach at 11 a. m. in German. At 8 p. m. a representative of the American Sunday School union

ROYAL MESSAGE CAUSES TROUBLE

Purported Wire of English King to Murdered General's Widow.

St. Petersburg, Sept. 15.—Diplomatic and administration circles here are greatly exercised over the discovery that a telegram, purporting to have been sent by King Edward to the widow of Gen. King, three days after the assassination of the general at Peterhof by Zemdeh Konopliankov, was not genuine. The message, which bore the date of Aug. 29, was as follows:

"I am overwhelmed by your faithful bereavement, and beg you, madame, to accept my profound condolence."

An investigation is in progress to determine the origin and motive of the telegram. The investigation has been conducted very quietly, on account of the effect the disclosure is likely to have upon the royal personages concerned, and scarcely an inkling of the matter has reached the press. Some doubt was aroused when the receipt of the telegram was first announced by papers, because, though royal personages often send messages under like circumstances, affecting representative officials or persons with whom the ruler had personal relations, it is unusual in the case of subordinate officers of the army, such as Gen. King, who was merely a regimental commander. The motive of the hoax is difficult to conjecture, though a measure of sympathy relative to the fate of an agent of repression might not be without effect in such an instance.

It is going on in Russia, or in the movement for an Anglo-Russian entente. No clue to the sender of the message has been discovered.

FAREWELL TO CONGREGATION

Dr. Mendel Silber Delivers
Last Sermon in
Duluth.

Rev. Dr. Mendel Silber, pastor of Temple Emmanuel, preached his farewell sermon to the congregation last evening, and will leave at once for St. Louis, where he is to take charge of a larger church.

The congregation of Temple Emmanuel listened to his words of farewell with regret, as the bond which he established between himself and his people during the year's stay is a staunch one. He said that he was sorry to leave Duluth, but felt that he must not overlook an opportunity to enter a larger field of work.

Dr. Silber's successor has not been named yet.

BIDS INVITED TO CARRY MAIL

Postoffice Department
Issues Proposals for
Nine States.

Washington, Sept. 15.—Proposals are about to be issued by the postoffice department, inviting bids for the carrying of mail by contract, on steamboat routes in Ohio, Illinois, Indiana, Michigan, Wisconsin, Minnesota, Iowa, Missouri, Arkansas, Louisiana, beginning July 1, 1907. The advertisements will cover 2,036 routes, on which the annual compensation, including existing contracts, aggregates about \$800,000.

Advertisements will also be issued, inviting proposals for carrying the mails in the larger cities in these states, between the postoffices, railroad stations and mail stations. This latter service is required to be performed in screen wagons.

Existing contracts, under existing contracts, is about \$357,000 per annum.

THAW WANTS SPEEDY TRIAL.

Counsel Asks That Indictment be Taken to Supreme Court.

New York, Sept. 15.—A notice of motion was served on Assistant District Attorney Garvin by counsel for Thaw, that Sept. 28, in the supreme court, they will move for the removal of the indictment against Thaw from the court of general sessions to the supreme court.

Accompanying the notice are two affidavits signed by Thaw's counsel. One by Clifford W. Harbridge is to the effect that his client desires a speedy trial because the case has caused widespread discussion. The second, signed by John E. Gleason, states that in a recent talk the district attorney said he was informed that owing to the large number of cases on the calendar, Thaw would not be tried until the middle of November.

Gleason further states that because of the notoriety the case has attracted, many have already formed an opinion as to the guilt or innocence of Thaw, and that that reason also he wished his client to have a speedy trial.

PORTY DAYS ON MULE BACK.
Washington, Sept. 15.—John G. Barrett, American minister to Colombia, has sent a dispatch to the state department announcing his arrival at Guayaquil after forty-one days and 600 miles' travel on mule back over almost inaccessible mountains. He will await the arrival of Secretary of State Root. Mr. Barrett says he expects to be traversed by him as possessing the best undeveloped opportunities of all South America.

DIES IN PARIS.
Paris, Sept. 15.—Philip Wales, formerly in the United States navy, died here this morning of cancer in the St. James' hotel. The body will be embalmed for burial at Annapolis.

AGE LIMIT IS REACHED

Career of Veteran Soldier Who Retires From Service.

General Corbin No Longer One of Active Soldiers.

Washington, Sept. 15.—Lieut. Colonel Henry C. Corbin will be retired at 64 today, having reached the age of 64. Gen. Corbin has had a long military career, having entered the volunteer service in the Civil war in 1862 as a second lieutenant in an Ohio regiment and was mustered out as colonel of a colored regiment in 1865.

He entered the regular service as a second lieutenant when the army was re-organized in 1866 and remained in the infantry until 1880, when he was appointed to the adjutant general's department. He became adjutant general in 1881 and was promoted to major in 1882.

He was during that war he made a reputation which resulted in his being assigned a major general. The office of adjutant general under the conditions obtaining at that time made Corbin practically the head of the army and as he was the intimate and trusted friend of President McKinley, no man had more power in the management of the army. During the war he was in his office from early morning until long after midnight, while during the struggle in the Philippines and the Boxer troubles in China, he was still the head of the army to all intents and purposes.

The legislation which destroyed the adjutant general's corps left Gen. Corbin in an anomalous position. He was carried on the rolls as adjutant general with the rank of major general. In that capacity he was assigned to important commands, first as commander of the Atlantic division, and later in command of the division of the Philippines.

February last Gen. Corbin succeeded Gen. Bates as lieutenant general of the army, but contrary to the practice under the law which created the general in fact it was his suggestion that a younger man with long service be placed in the position so that a policy could be carried out without interruption.

Gen. Corbin is in command of the northern division with headquarters at St. Louis. His future home will be in the District of Columbia.

MODERN SAMARITANS!

A special meeting of the Samaritan degree of Alpha Council will be held tonight at 7:30 o'clock at the Imperial council room, Callado building.

WYOMING NAMES HER DEMOCRATIC TICKET.

Cheyenne, Wyo., Sept. 15.—The Democratic state convention yesterday adopted resolutions endorsing W. J. Bryan, the triumphant candidate in 1904. The platform demands national and state eight-hour laws and their enforcement; favors a law making it a felony for a state officer to accept a pass or other free transportation from a railroad; demands a primary election law and a return to the Australian ballot system; favors free trade in various commodities, particularly wheat.

The following ticket was nominated: Governor, S. A. D. Keyser, Fremont county; secretary of state, Daniel M. Gill, Larimer county; state auditor, Thomas A. Dunn, Big Horn county; state treasurer, James L. Lobban, Sheridan county; state superintendent of public instruction, Miss May Hamilton, Natrona county; congress, John G. Nash, Uintah county.

SENATOR BURTON'S BRIEF.

Tells Supreme Court That He Was Not Fairly Tried.

Washington, Sept. 15.—A brief in support of the petition of former United States Senator Burton, of Kansas, for a rehearing in the case in which he has been found guilty of accepting a fee for services rendered the Rialto company, of St. Louis, a case in which the government was concerned, was filed in the supreme court of the United States. The brief is in the nature of

FINE HARDWOOD FINISHING A SPECIALTY

FAREWELL TO CONGREGATION

Dr. Mendel Silber Delivers
Last Sermon in
Duluth.

Rev. Dr. Mendel Silber, pastor of Temple Emmanuel, preached his farewell sermon to the congregation last evening, and will leave at once for St. Louis, where he is to take charge of a larger church.

The congregation of Temple Emmanuel listened to his words of farewell with regret, as the bond which he established between himself and his people during the year's stay is a staunch one. He said that he was sorry to leave Duluth, but felt that he must not overlook an opportunity to enter a larger field of work.

Dr. Silber's successor has not been named yet.

HOUSEHOLDERS ATTENTION!

REDUCTION IN ELECTRIC LIGHTING RATES!

Commencing September 1st the maximum rate for lighting will be 8 cents net per 1,000 Watt hours—this is less than one-half a cent per hour for a 16-candle-power lamp. One 16-candle-power lamp consumes 60 Watts per hour, which at 8 cents per 1,000 Watts would amount to 48-100 cents per hour, or less than one-half cent.

Example: If you burned one 16-candle-power lamp ten hours at the old rate of 13½ cents it would amount to 8 1-10 cents. At the new rate, 8 cents, it would amount to 4 8-10 cents, which means a reduction of over 40 per cent.

This reduction in rates makes possible the use of Electricity, for lighting, in every home in Duluth. From the view point of sanitation, economy, convenience, beauty and safety it is truly the ideal and, consequently, the most desirable light.

14-FOOT MULLIN'S STEEL DUCK

WILL REACH ^{SOCIETY} ELY THIS MONTH

**Railroad Resumes Laying of Rails and Will Push
the Work Rapidly---Rush to Greenwater
District Continues But Good Claims
Practically All Taken.**

Goldfield, Sept. 10.—Arrivals from Ely during the week reported that lay on the Nevada Northern had been resumed and that camp would be reached during the present month, without doubt. The Nevada Consolidated company has decided to build its smelting and milling works at a place about 10 miles from the town, where water is more easily obtainable. W. J. Dawson of Butte, has just secured a lease on the Nevada Northern Ely camp for a Pittsburg combination for which he has been working. The Nevada Northern company has been said to be in the main mineral bearing zone.

Valcaldia company, operating in the Silver Peak district, has opened up \$20 million ore for more than 200 feet. The Nevada Northern company reports from the camp make it plain that there will be great things there in the near future. The Nevada Northern companies each have their milling plants in operation.

The Nevada Northern and a combination of New York operators recently acquired control of the Big Tiger property in the Crescent district, a few miles north of Goldfield. The company is installing a 50 horsepower hoisting plant,

large compressors and all other necessary machinery and equipment with scale. There has been first-class ore developed in the ground, but nothing has been shipped. The Nevada Northern It is the intention of the new crew to open the mine right.

One of the men from the Seven Troughs district, by way of Lovelock, is to the effect that the Seven Troughs district has been very rich in silver sack for shipment. Nearly 300 sacks, it is said, are out and ready for hauling.

Lee Lakin, R. L. Colburn and J. P. Kane of this place took a run into the Bullion district during July and claim to have discovered a new silver vein about five miles from the new town of Tenabo. During the present week they are prospecting the vein to the smelters at Salt Lake and are now ready for another.

It is the opinion of the Tenabo country still continues, but returning pilgrims declare that it is simply impossible to grow necessary supplies and they will necessarily have to be given up. The place will settle down to a few more weeks, and then proper prospecting of the wonderful surface showings of copper can be made. The Nevada Northern claim is that the country is rich in mineral.

NEW PROPERTIES HAVE METAL

**Strikes in Prospects and Also in Old Mines Are Exciting Miners in Park City, Utah, District---
Ore Found at Low Level in
Day Mine.**

[illegible]

MOHAWK GROWS IN RICHNESS

**Free Gold in Ribbons is Found on This Wonderful
Property, Surprising Almost Beyond Belief Even
Those on the Ground---Other Rich Strikes.**

Goldfield, Nev., Sept. 15.—It is almost impossible to convey to the general public the wonders of the Mohawk ground, as it is indeed hard for those here in California to realize the enormous riches that are being disclosed from day to day in the various workings of this property. Ore running in the millions of tons, and at prices so really astronomical the attention, nowadays, and it is only a development that is extraordinary in its formation.

Free gold in "ribbons" can be traced in the Mohawk, and free gold is being found in the veins of the property in several of the Mohawk leases. The wonderful richness on the Mohawk was shown in the face of the south drift on the 22nd of August, when the ground was cut into thousands of the ore, which runs into the thousands that have been fired the streak of gold.

The streak was almost pure gold, with a few small pieces of iron ore. The gold that made the face of the drift was a fine, bright yellow color. A sample from the middle of the vein picked up a return of \$71,414.14, and a fair chip of the ore would return \$100,000.

\$23,756 and \$19,569, respectively. The latter was from a 200-pound lot that was cut down. It can be safely stated that this is the richest ore ever taken from a place that has ever been taken in the district. The ore is so rich that it will average rough surfaces give returns from \$500 to \$1,000 per ton. The ore was cut from an ore that was sent on the last two cars of the recent strike netted the company \$25,000, and the general car sample showed a return of \$24,000.

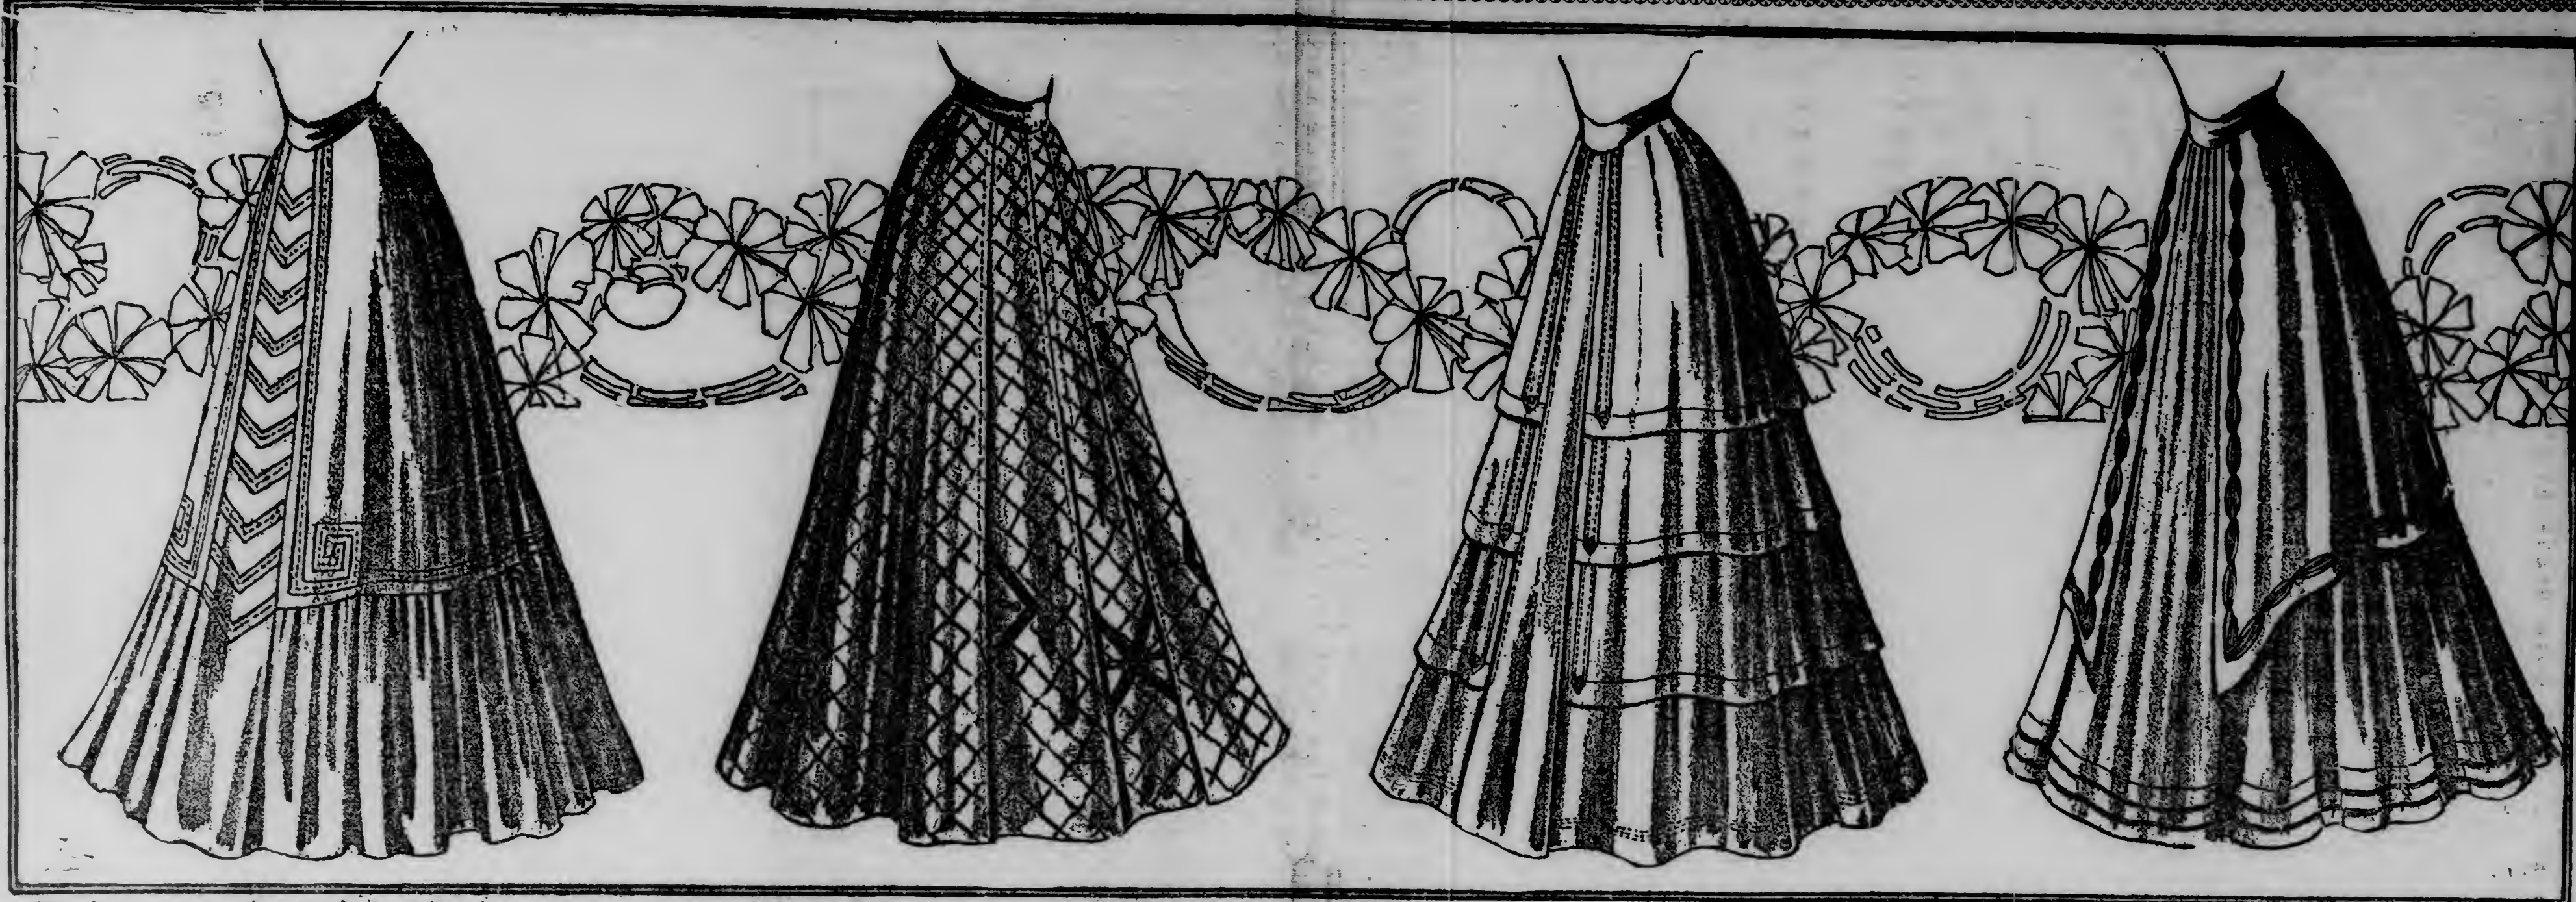

★ ★ ★

In the Mackinac No. 1, now being worked by the Oddie lease, a sample of New York, the Oddie shoot has been taken from the ground and sent into the Oddie ground on the west and into the Oddie lease on the east. The ore broke into pieces, and the ore body has neither sides nor top, and the ore is so rich that it is a perfect chamber. This company has a fine prospect on the ground, and is a prospect to install the case. The ore is so rich that it will average a depth of 350 feet, and the ore is so rich that it will average a depth of 350 feet, and the ore is so rich that it will average a depth of 350 feet. There is no doubt about that is in the Mackinac No. 1, and the Mackinac No. 1.

The Lindsay lease on the Florence of the Florence No. 1, now a part of the holdings of the Florence No. 1, is a part of the holdings of the Florence No. 1, and is a part of the holdings of the Florence No. 1.

Fall Skirts for Street Wear Will be Smart. Made With Flounces or Trimmed With Braid.

Trimmed with Guimpe.

Checked Street Skirt.

Flounce Skirt.

Over skirt Effect.

Separate cloth skirts in smart but simple designs will be worn as much this fall as they were last season. In plaids or stripes the patterns will be almost plain, while in the materials of one color, such as brown, green or

gray, braid, stitching or flounces of the goods will be used as trimming. A neat skirt in a dark green smooth cloth trimmed with guimpe would be effective for a short, stout woman, if the body of the skirt were made plain and tight fitting with a flounce around the bottom and a box pleat in the front across which the guimpe is stitched in rows of "V's." At either side of the panel and around the top of the cloth a row of guimpe makes the skirt,

otherwise plain, quite dressy. A plain skirt looks best when made on simple lines with plenty of tailor stitching on the gores. Near the bottom diamond shaped tabs, made with several rows of stitching, two in the

front that meet and one on the gores on either side of the center, prevent a severely plain appearance. For a slender woman a skirt with three or four flounces would be attractive. Following the newest models

the flounces should spring out on either side of a box pleat in front. If desired, narrow straps of the material may be stitched to the flounce on either side of the pleat, to give a pretty finish. The overskirt effect will again be popular this fall. The center of the skirt will be comparatively plain, or could be made in a box pleat with the pointed overskirt falling gracefully at either side. To make the latter more pronounced, a braid sewed around the edges would be distinctive and most attractive.

STUNNING SEPARATE COAT WITH CAPUCHIN HOOD AT BACK.

Home Cooks Told Ways to Make Artichokes Tasty

By EMMA PADDOCK TELFORD.

Artichokes.

There are two kinds of artichokes—the French or globe artichoke, a thick, fleshy, petalled flower that swells out into a cup or globe with scales, resembling a thistle, and the Jerusalem artichoke, which is a tuber resembling the potato. As it contains no starch it does not become dry and mealy like the potato. To prepare these vegetables peel, throwing each root at once into cold water and vinegar to preserve the color. Cook in boiling salted water until tender, which will take about twenty minutes. Try frequently with a fork after the first fifteen minutes, as they become black and tasteless if left longer. Serve with melted butter or white sauce poured over them.

Baked Artichokes.

Bolt Jerusalem artichokes until half done, then peel and put into a buttered baking dish with butter, salt and pepper to taste. Dredge with powdered sugar and bake a rich brown, basting occasionally with melted butter.

Jerusalem Artichokes au Gratin. Peel, cut in half-inch cubes and cook in boiling salted water until tender, but not over soft. Put into a buttered baking dish, sprinkle with Parmesan cheese and cover with cream sauce. Sprinkle buttered crumbs over the top and bake until the latter are a golden brown.

As a Salad or Pickle. Jerusalem artichokes are used as a

salad or pickle. For these dishes use young artichokes. Trim them, remove the chokes, cut off the lower leaves, divide into four and throw into vinegar and cold water until needed. When ready to use, drain, put into a pretty dish and serve like radishes, sending salt, pepper, oil and vinegar to the table with them.

Globe Artichokes.

There are a number of different ways of preparing the globe chokes, of which the following are possibly the best:

Cut the stalks close and trim the sharp points from the leaves. Wash in vinegar and water, then lay in cold salt water, heads down, for an hour to dislodge possible insects. Plunge in boiling salted water, tops down, and cook half an hour, or until the leaves pull off readily and the little flesh at their base is tender. Drain, turn upside down, then serve hot with Bechamel, Veloute or Hollandaise sauce or cold with French dressing. The latter is the most popular way of serving artichokes at this season. Put on the table cold and with the leaves still on. The dressing should be in a saucer at the side of each plate. The correct way to eat these is to pull off the leaves one by one, dipping the flesh end in the sauce and nibbling off the little bit of flesh. At the end remove them all together with the bristly heart, which comes off clean, leaving the cup or fond of the vegetable. This is eaten by pouring the rest of the sauce into the little cup, cutting it up in mouthfuls.

Another dainty way of serving the globe artichoke cold as an appetizer

Smart Cloth Street Frocks for Little Girls' Daily Wear

FROM LE SALON DE LA MODE.

Pretty cloth suits in plaids, checks or stripes will be worn by young girls for dress this autumn. The smartest frocks will be simply made yet trimmed enough to be appropriate for afternoon wear. As trimming, ruffles of the material will be decidedly popular as will both narrow and wide tucks and pleats. Braid, too, will be used on many

of the little costumes though, as will ribbons. For a small girl of five years No. 1 is a pretty model. Made empire style with ruffled revers over the shoulders and a silk or plain cloth tight fitting yoke the little costume is attractive. The material is a light weight wool with an indefinite pattern of points. The second costume is a street coat

with full back and box front. The square revers that come to the bust line and are covered with braid relieve the wrap of severity, while the ruffled pieces of the material over the shoulders add a girlish touch that is needed to make the coat appropriate. Long waisted dresses with short box pleated skirts, such as is shown in No. 3, will be favorites for girls of five and

seven years of age. Worn with wide white hand embroidered linen collars and cuffs, these little frocks are smart enough for any occasion. The fourth model is a girlish type of a tailored gown that will be becoming to the average miss of 14 or 15 years of age. The narrow flounces on the skirt and the folds of material on the waist keep the frock from being

too plain.

A simple but pretty frock could be made after the pattern shown in No. 5. The guimpe is of a light tucked flannel joined to the rest of the dress with a ruffle. The skirt is full and is gathered in folds to the guimpe. With the exception of the full caps, the sleeves are plain and tight fitting from the wrist up.

"What?" said I.

"Yes," she went on. "He always plays with the same person—with Mr. Blank. So, you see, it must be all right."

"No; I don't see," said I.

"But listen," the young woman explained. "Mrs. Blank makes her husband give her all his winnings, and then she gives the money to me. I hand her in my turn all the money my husband has won from hers. And so, you see, we both get our own husband's money, and have twice as much as we'd be able to get out of them in any other way."

Wu Ting Fang to total abstinence and to vegetarianism, was talking about gambling at a dinner party in Washington.

"There is only kind of gambling that I can endorse," Mrs. Henderson said. "That is the kind that was practiced in St. Louis by two young men I used to know."

"Hearing that these two young men were gambling heavily, I called on the wife of one of them one afternoon."

"Mary," I said, "I am told that John plays cards every night—plays for large stakes, too."

"The young woman nodded and smiled."

"Yes, that is true," she said. "But it's all right."

HOUSEKEEPING EASIER.

Los Angeles Times: Mrs. J. B. Henderson, ex-Senator Henderson's wife, who has had the honor of converting

Artichoke Omelet. Break four fresh eggs into a bowl, add four tablespoonfuls of water, and beat until whites and yolks are thoroughly blended. Season with salt and pepper.

Melt a tablespoonful of butter in a

Artichokes Fried. Having washed and rinsed the artichokes, cut into thin slices, three inches long and one inch wide, and fry immediately into cold water and vinegar to preserve their color. When ready to fry, drain and season with

salt and pepper. Make a batter of

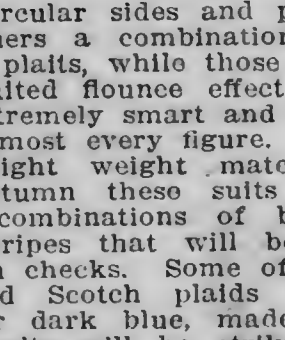

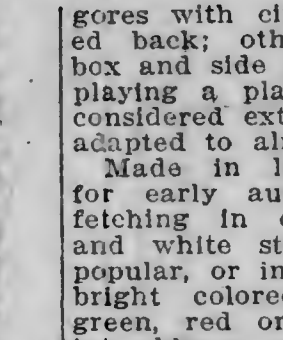

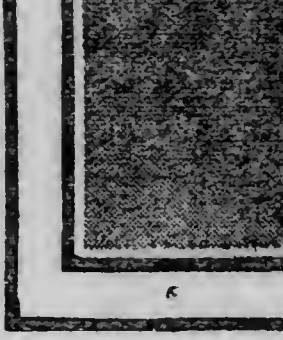

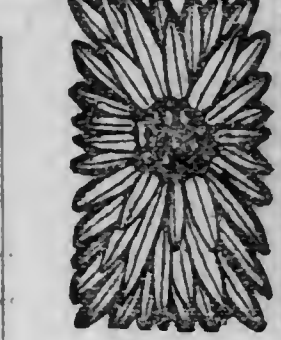

three eggs, two tablespoonfuls of olive oil and flour. Dip the artichokes in this until covered on both sides and fry brown in hot fat. Drain on brown paper, sprinkle with minced parsley and serve hot. Instead of using the batter to coat the slices, they may be fried in butter with a little onion to season and dust with minced parsley before serving.

Smart Cloth Suits With Pleated Skirts and Short Jackets

Blouse suits are to be smart this fall and are now being revived for use. They are patterned like the ones women wore several years ago, except that the skirts are pleated and the jackets made in models that conform with all the newest fashions; the outlines, however, are the same. These walking suits are natty and becoming, too, especially to slender women.

Some models show a slight fullness at the waistline which is confined by three or four side plaits into the wide stitched belt, but more frequently the body of the coat is made tight fitting. Numerous novel and different effects are obtained by the use of narrow and wide plaits, box plaits, tucks and even bandings of the material set on in such designs as give character and

gored with circular sides and plaited back; others a combination of box and side plaits, while those displaying a plaited blouse effect are considered extremely smart and well adapted to almost every figure.

Made in light weight materials for early autumn these suits are fetching in combinations of black and white stripes that will be so popular, or in checks. Some of the bright colored Scotch plaids with green, red or dark blue, made up into blouse suits will be strikingly effective for young girls. In volume, rough or smooth cloths, or brilliant in different colored checks and stripes these tailored costumes will be most serviceable, particularly for business women and for college girls.

Model Parisian Afternoon Frock

A stunning afternoon or reception gown with train may be made of velvet for fall wear. Patterned after a model Parisian frock made on modified empire lines, such a toilet would be especially effective for a tall, slender woman.

Simple in line and exquisite in every point of detail, the gown illustrated

is a typical Paquin model, showing the long graceful skirt lines and the simple bodice. The fabric is admirably adapted to the purpose, being soft and highly lustrous and very rich in color lights—the shade is known as rose vieux.

The empire line is very effectively described with the guimpe bodice of rose chiffon satin embroidered in three shades, the edges of the cut-out neck and the large armhole finished with a narrow plaiting of the satin, over which are set three rows of baby velvet ribbon in the darkest rose shade. White point d'esprit with wide insertions of cream repousse lace makes the guimpe, the short sleeves of which are banded and bowed with a narrow plaiting of the rose velvet.

Tailored Shirt Waists in Silk

Tailored shirt waists in silk will be smart for street wear this fall. And if advance fashions are followed, lingerie waists will become practically obsolete, except for use in the house, for in the best shops hand embroidered and lace trimmed linen and lawn ones are now sold only for immediate wear, for already the stylish new designs in silk have become favorites.

Black silk waists—so becoming to both girls and matrons and to those who are stout as well as to the slender ones—will be "leaders," with fine black and white novelty checks and Roman plaids much in demand. These tailored silk waists are not severely plain, as the word "tailored" implies, at least those that are fashionable now, far though simple made they are quite ornate, being trimmed with flutings of the materials of which they are fashioned, and

with buttons, either covered with silk to match, a contrasting shade, or with ones that give a bright, neat effect. A new departure with the regulation shirt waist patterns, tucks and plaits are characteristic of these waists, and unless there are a series of three or four fine pin-tucks in the back or front, or two or three plaits, half inch size, in a semi-fitting back and a loose front, the models will lack the stamp of fashion that is essential for an up-to-date woman nowadays.

The sleeves, too, unlike those in the average shirt waist, are dressy. They are tight fitting from the wrist to the elbow, and plain or with small tucks or plaits. Some of them are fastened on the underside with tiny pearl buttons or those in bright gilt or imitation silver to match the ones used on the wrist.

Above the elbow the sleeves are large leg-o'-mutton in shape, gath-

PLAIN CLOTH WRAP FOR THE STREET.

Sensible Broad Toed Low Heeled Shoes

Made Two Inches Higher to Give Support to Ankles for Children—Laced Boots Again Popular—Buttons Will be Used.

Children's shoes for school use are made on more practical lines this season than they were last. They have broad, flat toes and low heels and more nearly conform to the shape of the feet than any of the styles that boys and girls have worn before; in fact, they are almost like the specially made orthopedic boots that many mothers buy for growing children nowadays. Instead, however, of being shapeless, as these "prescription shoes," the new styles are neat and yet have the good points of the ones that doctors recommend as sensible for children for every day wear. These comfortable boots in girls' lasts are really attractive, because the uppers are so high, and though they have practically no heels and are fitted with heavy soles, they will not be objected to by even the smartest misses who want fancy boots for school use.

These scientific shoes for girls will be a real benefit to many who have weak ankles, for the tops are at least two inches higher than those used previously and make a sensible support for the undeveloped muscles and bones that need strengthening when the children are growing and are constantly on their feet during school hours. This additional height to the shoe tops makes them more serviceable for winter wear, especially during the rainy seasons and when there is snow on the ground. They are warmer, too, another point that mothers consider in fitting their little ones with boots for the school year.

The soles are heavier than those that have been used on girls' shoes, and at least one-eighth of an inch wider, which makes them almost as wide as the ones boys wear on the lighter grade boots. Instead of being higher to correspond with the increased width of the soles, the heels are lower.

They are only three-quarters of an inch wide and are broad, square and flat and decidedly comfortable to walk on, especially when taking long tramps or when standing on the feet for several hours at a time. These new low heels extend farther toward the center of the foot than the higher ones, and in this way give a support to the instep that has not before been possible with the narrow high varieties.

These sensible boots are made to fasten with both laces and buttons, though the former will be more worn than the latter as they were last season. The popularity of lace shoes seems on the increase with school children, for few of them want those that button,

declaring the laced styles fit better, look neater and can be pulled in closer around the ankles.

The eyelets on these laced boots will be black, as the brass or nickel varieties do not stay bright when much worn. The buttons will be considerably larger than those worn last season, which gives a smarter and more dressy appearance to the shoes.

As to actual style, these school shoes are perfectly plain with the exception of the tips, which are about one-eighth of an inch wider than they were a year ago. There is little ornamentation on them, for nothing but a single row of small round holes is cut on the tips. The vamps are longer, and by their length give the boots more graceful lines, which with the high uppers make them positively dressy. Even the laces are plain, and instead of being wide, like the ones worn with low shoes, are narrow and entirely conservative, not being long enough to tie into small bow knots at the tops. The button styles are similarly made and just as plain and sensible.

The leathers of which these boots are made are soft and pliable, being in gun for hard wear are more serviceable, and because of their waxed surface need but little attention except an occasional shine.

Russia tan calf will also be used, though black leathers will be most popular, as they always are in the fall and winter.

Boys' school shoes are mannish in shape and have exceedingly heavy soles at least three-eighths of an inch thick, with heels about an inch high. These, too, are made on orthopedic lines, with broad, flat toes and a well arched instep, that gives strong support to the bones and muscles in the middle of the foot. They are plain like the ones to be worn by girls. The tips on the toes are wide and perfectly plain except for a single row of small, round perforations.

Spring heeled shoes will not be worn this year. They have practically become obsolete, for the low heeled boots, that are really more comfortable and extend farther toward the center of the foot, are now being worn almost exclusively.

All shoes, even those plain ones for school use, will be more expensive this season than they were last, for the price of leather has advanced and consequently the cost of shoes has gone up. The increase on a single pair is from \$5 to \$6 per cent, making the cost of boots that formerly sold for \$2 from \$2.25 to \$2.50.

ered into the shoulders, and at the elbows with smocking in tiny tucks, or with shirring. The sleeves alone, given these waists a smart and dressy effect that is lacking with most such patterns, and will make them as appropriate for afternoon wear as for street use.

Even the collars are unlike those that usually accompany shirt waists, for they are made of a series of small pin tucks, alternating with smocking, or tiny gathers, with fluting at the top as a finish. These neck pieces are attached to the waists and fasten either at the back or front. They fit close around the neck and, being deep reach up under the ears in a way that is becoming to the majority of women.

Most of the models have loose fronts and blouse or semi-fitting backs, and fasten in the front with a box pleat wide enough to mark distinctly the opening, though on but few of the patterns are the buttons visible. Flutings on either side of the front plaits are effective. A pretty design in black and white checked silk shown in one of the large stores was strapped with nar-

row pieces of the material in a "yoke-like effect that was stung and most attractive, without being too dressy for such a waist. The lower parts of the sleeves, that fitted tight from the wrists to the elbows, were also strapped, and in the end of each piece there were clusters of three pretty metal buttons that gave a most desirable finish. The straps on the waist were also decorated with buttons.

A model that will doubtless be a favorite with young girls has a strip of lace down the front plait, with a piece at either cuff. These touches of white give a pretty fresh and youthful appearance, to even black waists that will be readily adopted by matrons and those who think that plain black is too severe.

Roman plaid waists will be affected by school girls, for they are particularly youthful, and trimmed with large round brass buttons and worn with four-in-hand silk ties are stunning. Most of the patterns in this silk have blouse backs and fronts, and are absolutely plain with the exception of the buttons. They fasten in front, of course.

Simple School Frocks For Young Girls

From The Queen.

Simple school frocks with waists and skirts in one piece will be worn by small girls this fall. These dresses, following the prevailing fashion, are trimmed with rows of tailor stitching that give a finished effect not often seen on children's clothes. The skirts, either plain or pleated, hang full from the waist and reach to a point below the knee that is becoming to the little wearer.

The waists or top parts of these frocks are, of course, made on the same lines as the skirts. If the latter are plain the waists correspond. To relieve them from severity straight pieces of the material are put on either side of the fronts and in the back with several rows of stitching. The opening in the front is also finished with rows of stitching, three or four rows of stitching. The

V shaped necks are effective. With pleated skirts, the waists carry out the style of the lower parts of the suit by being laid in box or side plaits to harmonize. Square cut necks are appropriate. In these dresses only one style of sleeve is used; they are the full leg o' mutton gathered into the shoulder and finished at the wrists with small round cuffs stitched to match the tailor work on the rest of the frocks.

Bound belts, similarly stitched and fastened with small buttons or hooks in the back or front, are attached to the dresses or left separate. Gimpes of sheer linen or lawn, with insertion of hand made embroidery, are worn with these smart dresses that are cut either V shape or square at the neck.

DAME FASHION and the TAILOR-MADE

THE PLAINLY TAILORED TYPE FOR GENERAL USE

The Waistcoat Eton in New Guise.

In the models that are being prepared for the coming season our old friend, the Eton jacket, presents itself in many new and novel guises. There has been hardly anything in the roster of fashion that has proven itself so universally becoming as this little jacket. Tall or short, stout or slender, this little garment lends itself well to the showing up of the best points of the wearer. Several times the would-be fashion prophets have tried to oust it from its post of vantage; but so firmly is it fixed in popular favor that it returns season after season, and each time with some novel feature to commend it anew. The essentially smart model that is pictured presents a directoire waistcoat, added to its charms. The material is one of those satin-faced broadcloths—abroad they are termed drap de messaline—in one of the reddish plum shades that are among the latest novelties. The waistcoat, revers, facings and cuffs are in banana colored cloth, with a smooth suede finish that contrasts well with the high lustre of the darker material. The coat back fits smoothly and snugly to the lines of the figure, the fronts rolled back in pointed revers to display the expanse of double-breasted waistcoat. The skirt is arranged with inverted pleats, cut away underneath around the hips, so that the smoothness of the fit is not interfered with. Pleated panels are inserted below the knees at intervals, and strappings of stitched and braided cloth serve for trimmings.

The Military Tunic Makes Its Appearance.

It must be conceded, after all is said and done, that it is in the closely fitting styles that the tailor's art is seen at its most attractive best. Fashions that display some hint or suggestion of military lines, that allow for the spring and curves of the figure to be cleverly brought out, and where absolute and mathematical perfection of every line and seam and fold are in full view, are those on which the tailor lavishes his best work, and their success in consequence is a foregone conclusion. An excellent example of the charms of such style is depicted herewith. The coat followed the lines of the closely fitting military tunic, the fronts arranged with but a single dart so that the straight line which fashion affects at this point is not interfered with. The skirt presents broad panels, liberally decorated with braiding executed in a soft and fine soutache and separated by pleats that are stitched down for half their length and pressed flat to the deep hem. The requisite touch of dressiness is achieved in the little hint of a vest front, managed by the application of a fancy embroidered edge and on a velvet strip; the coat fastening with large buttons and eyes invisibly beneath this. The sleeve carries out the military idea in its plain severity, there being but fulness enough at the top to bring it well within the lines of current fashions.

THE MILITARY TUNIC

AN ACCEPTABLE NOVELTY

An Acceptable Novelty.

Exclusively designed for that favorite of fashion, the tall and erect slender woman, there is a delightfully modish air to this plain and simple little tailor-made that cannot fail to win approval from the fastidious in dress. The material is one of those mixed meltons that are so favored by men's tailors for the fashioning of plain and business suits for masculine wear, and in this it shows the gray tones that are still well in the forefront of things fashionable. The coat owes all of its charming style to the cut, the lines of the figure being followed exactly and yet without a single hint or suggestion of lightness or even suavity in the fit. The centre seam provides for a lapover below the waist line, somewhat after the fashion of a man's cutaway coat; and this same suggestion is followed in the arrangement of the double-breasted fronts, these being rounded off below the waist line in accordance with the shape which the masculine garment presents. The skirt is cut in seven gores, the centre front conspicuously narrow and each gore overlapping the other with deep pleat stitched down over the hips and well pressed to flare slightly at the foot.

Wooltex Tailormade.

Although one hears a great deal about the rage for silks for autumn wear, and especially the new weaves that are heavier, and therefore better suited to tailored styles than were the chiffon productions of the springtime, still it is to be noted that it is the wooltex tailor-made that is most seen in the places where fashion congregates and smart costumes abound. Short and snappy shapes seem to be preferred for the coats, and skirts that clear the ground by but a very fraction of an inch are accepted as correct. Decidedly attractive for a youthful wearer is this model, one which effects a clever compromise between the plain and severe tailor-made style, as we know it on this side of the ocean, and the dressier daintier mode which obtains in France and, to a lesser extent, though, in England. The coat has a full complement of seams, the backs cut with inverted underlying pleats that afford a very jaunty fullness well below the waistline, while the fronts follow the reigning mode that makes use of but a single dart in front, and that one runs clear up to the shoulder seam, well curved outward over the bust and pleaching in with the most flattering effect at the waist. The sleeve is quite full at the top, tapering prettily below the elbow to end in a velvet cuff, broad-trimmed at the wrist. The skirt shows the pleated front panel, with full rippling circular sides and a broad triple bosom occupying the back.

Simplicity in the Household. Recent Showings Exclude Fussy Effects - A Plea for Simplicity as Being Both Fashionable and Hygienic.

The young housewife is apt to make a fetish of her household goods; the older and more experienced woman is rather more than apt to refer to such possessions as merely household goods. Such a difference does one little better—and that a cipher, too—make in a passing description. Just now, when all of the shops are putting things in order, for the coming autumn and winter trade is exactly the time to talk with such proprietors and buyers as will so far condescend to enlighten the ignorance of the average woman. The more prosperous of these have spent the dull season that coincident with summer in foreign lands, not forgetting to take a whirl through such domestic sources of supply as they are wont to lean upon the season through. The junior member of a famous firm of household decorations let fall a passing remark over the dinner table recently. They were gleaned and gathered as golden wisdom by the scene, for full well she knows that among people of wealth this young artist's opinion on all matters of material household decoration and furnishings is absolutely law. "Simplicity," remarked the artist decorator, "simplicity is merely the expression of a discriminating taste, and nowadays even the most lately arrived novelties are not so much admired as they once were. The accumulation of 'artistic' or 'bigotry and virtue' which a former

generation considered necessary to support any claim of good taste or breeding is nowadays considered to prove exactly the opposite. The curio tables and curio cabinets, monuments of ugliness and intricacies of gilding, have been relegated to the attic, there to await a revival of the flamboyant epoch which they signified. With them, too, have gone the multitudinous sofa pillows and cushions, the lace bolsters and pillow shams, the mantelpiece draperies and the voluminous portieres which were once considered indispensable in even the most plainly furnished home. They have gone to keep company with the 3 and 10 course dinner, the plush trigovans and the faded photographs of other and bygone days. "The effect aimed at today is a dignified simplicity. The home is expected to be a mirror of the taste of its occupants. And the attainment of absolutely hygienic surroundings is fundamental to it all. Nowadays the house that has not hardwood floors throughout is not considered worth buying. The plumbing must be of the exposed order, so that any little fault or defect in the pipes can be detected and remedied almost instantly, and all of that expensive cabinet work that formerly surrounded the stationary lavatory and bathtub is altogether done away with. And the kitchen is recognized as the heart of the home. In the houses of those of comfortable means more value is extended on this vital part of the equipment than ever before. Ceiling,

walls and floor are tiled, so that the hose can be turned on and the entire room thoroughly cleansed in a few moments. The floor is slightly inclined towards one corner, where there is a run-off for the water, this connected with the regular waste pipes from the house. "All of the furnishings are planned for easy removal and frequent renewal. Curtains, both ash and full length, are provided in double sets, so that there need not be any awkward interval of bareness during the necessary laundering. Portieres are built-in, as they hold too much dust, and require too much time for necessary cleaning, and their place is taken by movable screens. Pictures are few, but good, and the cluttering up of wall space with anything that can be roughly estimated as decorative is decried. "Quiet, restful and satisfying colors are recommended. Soft yellows, dull greens and sober browns are most in favor, with some of the less obtrusive rose and blue tints for relief. Not that an air of somberness or dinginess is advocated. Not at all. But merely that the brilliant yellows, the glaring reds, the vivid greens and peacock blues that expressed the art of the Victorian period are now recognized as prevarications of taste, and the inevitable revolt against such has achieved its result. "A sense of space and quietude is what is most needed in the modern home; and this is primarily what the up-to-date decorator sets out to secure. The size of the rooms, of course, marks the limitation of possibilities; but much can be done to secure this end in even a limited space. "For example, take the bedroom in the house that we have recently furnished for a millionaire young couple. That it is the argument all the more convincing. There is a hardwood floor, finished in a light color; and with a simple border in Greek key pattern introducing a darker shade of the same wood all around. Four medium size Persian rugs, in softened tints of age, are to be thrown on this floor. The walls and ceiling are covered with a glazed English chintz that repels the dust beautifully, the material being drawn across the ceiling in tented fashion to the center, whence hangs an old Venetian silver lantern. Silvered sconces at intervals on the walls provide for lighting.

"The four windows have plain curtains of bobbinet, with the Greek key pattern done in braid for a border, those hanging from a valance of carved coco-bola wood. The bed is of brass and oak, the couch and chairs covered with the glazed chintz, and only just enough furniture in the room to meet the needs of its occupant. In many less wealthy families this room would be deemed scant and bare; but it is entirely in accord with present common sense dictates. "In place of the oldtime bedspread and pillow shams, the bed is dressed just as it is used. Plain linen pillow slips, and spreads of lightweight dimity—those latter sometimes decorated with a floral pattern in colors—are the correct thing. Or else a handsome Marseilles spread is used in the daytime, this removed at night, since its weight is by no means commensurate with its warmth. Embroideries of several sorts, bending done with the finest and tiniest beads, tucks run by hand in the soft and flexible kid, either singly or in groups of the smallest size, insertions of lace and meltons, are some of the ways in which those already expensive items are made to cost even still more. The decorated glove is an innovation, but it seems to have made good already its bid for fashionable favor, and have come to stay. And, speaking of colorings, one must be grateful that gray is, for the once, at any rate, demode. The spring and early summer displayed such an overwhelming popularity for this shade that it was a foregone conclusion that the elegantes would discard it entirely in their calculations for autumn and winter wear. In chiffons and allied fabrics, however, it is still to maintain a place on fashion's roster; but we are not concerning ourselves with that side of their survival at present. Reds, in their deeper and more complex

Autumn Brings the Woolen Tailor-made to the Front - A Rich Line of Colorings - Braids and Braidings Very Conspicuous - Skirts of Comfortable Walking Lengths.

All during the summer months when all Paris was supposed to be occupied with the burning question of what was to be or not to be good style for the coming season one heard a great deal about the new silks, their closer weave, their heavier weight and how much the leading tailors were taken with such model purposes. Well, the cat is out of the bag at last, and voila!—it is not a silken suit that appears as the general model, but just a cloth one. Cloth is to be the thing par excellence wherever the tailor-made costume is concerned. There is not a well-to-do wardrobe anywhere that does not boast of at least one, although more often two are found, wooltex tailor-made. The choice of the well-gowned woman is, of course, for the latter number. A plain and somewhat severely cut one for morning, shopping and the like; and a somewhat more elaborate one, corresponding to the Parisian definition of demi-tailleur, for afternoon and somewhat dressier occasions. But from the lightweight mobsters and henriettes to the closely woven meltons and the heavier coverts, the suit-finished broadcloths that come in the most ravishing colors, cloth, both for the gown and its trimming, is altogether a la mode. And, speaking of colorings, one must be grateful that gray is, for the once, at any rate, demode. The spring and early summer displayed such an overwhelming popularity for this shade that it was a foregone conclusion that the elegantes would discard it entirely in their calculations for autumn and winter wear. In chiffons and allied fabrics, however, it is still to maintain a place on fashion's roster; but we are not concerning ourselves with that side of their survival at present. Reds, in their deeper and more complex

colorings, are what the fashion authorities abroad favor mostly. Welcome news this will be to many, for when one comes to glance down the new color card it can be seen immediately that there is a red provided for just about every possible style and complexion coloring, always excepting the red-headed girl. Even for her, though, the dyer's art has been exercised, for there are some of the rich dark reds that can be relied upon to bring out all of the gold and the brown tints in her hair to perfection, and so relieve her in a measure, at least, of the reproach (?) of carrotty colorings. Several of the new greens display a tendency to deepness and density of tone which will make them welcome to all but the fallow. It is usually only the woman with clear skin and good coloring who can wear any shade of green at all, and ere she decides upon this venal tint for her autumn gown she would better be very sure, indeed, that the last vestige of summer tan—to say nothing of sallow-ness or mud-diness—has been removed from her skin and complexion. Brown, from the café-au-lait tint right on through a gamut of brilliant coppers, terra cottas, leathers into a rich seal tint, is promised a very prominent place. In most of the models imported from Paris and Vienna a strong leaning to the terra cotta shades is plainly evident, the richness of tint toned down with a judicious amount of braiding in black, and, perhaps, some little touch of either a darker tint or of black in velvet at collar and cuffs to help out the softening effect. The conspicuously and universally becoming little Eton in back, with several new features to render its return the more welcome. Setting off, as it does, the best points of the wearer, it is no wonder that one returns to it, season after season. One of its latest manifestations is in conjunction with a double-

breasted waistcoat of the directoire type, its fronts rolled back in revers, to display the broad expanse of contrasting material. One of those little points whereby the initiated can distinguish between the work of a first-class and a second-rate tailor is in the roll of those same revers. The better grade workman employs only the best of materials and findings, and the results do justice to his work. In an inexpensive suit, cheaply put together, the interlinings are likely to be of cheap canvas, which creases and crinkles and soon loses its shape. The made-to-order class of trade, however, use a good grade of princess haircloth, with a linen warp, and altogether impervious to care; or even to a good wetting. The advantages of paying for this class of goods, even though they are among the unseen parts of the costume, is obvious at a glance. Fashion authorities have talked, and at length, about the short-waisted Empire effects that we were to look for in autumn models. Well, so far, one must confess that such have proven themselves conspicuously absent; quite out of the running, as it were. In the best tailor-made the waistline is posed at its natural point, and much is done to emphasize both its length and acuteness. The short-waisted effect referred to has been found far too trying for general wear. It has an unfortunate tendency to making the shoulders seem round and even humped and the lines of the figure seem skewed out of all proportion, to say nothing of grace. As for the new skirts, they are all of them fuller, and quite a considerable proportion display a haircloth stiffening introduced at the hem. So far no conspicuous novel models are appearing, and the lines that were established in the summer seem due to hold over into the autumn months.

THE ROMANTIC BEGINNING OF AMERICA'S UNIVERSITIES

Two Hundred and Seventy Years Ago no Stone Was Laid in Any of Our College Buildings; Not a Dollar of Endowment Had Been Raised; Today We Have More Institutions of the Higher Learning Than Any Other Country and More Millions Have Been Spent on them.

By DEXTER MARSHALL.

More than 180,000 students will begin a new year of study at nearly 450 colleges and universities in the United States Monday and a week from Monday, their studies covering the entire range of human learning.

The facilities they will enjoy are not excelled anywhere. The buildings in which they will be housed are superior, as a whole, to any other buildings of their class, while the capital invested is greater by many millions than is invested for a similar purpose in any other country.

Yet only 270 years ago the first penny was yet to be expended in America for the higher education and the first stone in the foundation of the first college building was yet to be laid.

The first six colleges in the United States were Harvard, William and Mary, Yale, the University of Pennsylvania, Princeton and Columbia, founded in that order. All are universities except the College of William and Mary, Pennsylvania taking that rank in 1774, Yale in 1837, Princeton in 1839, Harvard in 1900 and Columbia in the same year.

By 1800 six more colleges, including Brown, Bowdoin, Dartmouth, Union, Rutgers, university of Georgia and the Western university of Pennsylvania, had been established.

There were then twenty-two institutions of the higher learning, exclusive of the theological seminaries in the Republic. There are now 443 American colleges and universities, an average of a little less than four hav-

Universities of Michigan, Minnesota, Illinois, Northwestern, California and New York were eleventh, twelfth and thirteenth, with 3,300 to 3,400 each. Johns Hopkins, one of the most famous universities, founded forty years ago, had 746 students in 1905-06.

In 1636, sixteen years after the Pilgrims landed at Plymouth, the general court of Massachusetts Bay took the first step by declaring that:

"The court agrees to give £400 toward a school or college, whereof £200 shall be paid the next year and £200 when the work is finished."

In 1637, twelve "valiant men" were appointed to take "the work" in hand. They founded the college at a place near Boston called Newtown. It was later called Cambridge, because so many of the people who settled there had been educated at Cambridge, Eng.

In 1638, the Rev. John Harvard died of consumption. He had been in America barely a year, but he had become intensely interested in the Newtown school and he left it £800—half his fortune—and all his books, some 300 volumes. This was the first private college endowment in America.

In the most remarkable stream of gifts from the rich to further education in the history of the world.

John Harvard's father was a butcher at Southwark. His mother kept "The Queen's Head Inn," in that London suburb. Neither the parents was educated, but the mother had property, and, desiring her son to be a clergyman, sent him to Cambridge. He married a clergyman's daughter and when he was 30 they came to America.

His contribution to the college near

The Struggles to Establish the First Six, Harvard, William and Mary, Yale, Princeton, the U. of P. and King's College, Now Columbia, Were Such as Tried Men's Souls. The 430 Colleges and Universities Now in Operation Are Capitalized at \$387,000,000—180,000 Students.

tionary souvenir to New Brunswick. The piece was mounted so as to command the harbor all through the war, but at its close Princeton supposed, of course, that the gun should be returned.

But the New Brunswick students refused to give it up, however, and kept it on the Rutgers campus till 1838. Then the Princetonians raided New Brunswick in the night and, retrieving the piece, partially buried it for safe keeping.

Ceremonies celebrating its recovery are observed annually to this day.

Washington's birthday is a great occasion at Princeton. Congress held one six-months session in Nassau hall—being driven out of Philadelphia temporarily—and that year adjourned on commencement day to attend the exercises in a body. On that occasion Washington gave fifty guineas to the college and the authorities used the money to employ Peale, the famous Philadelphia painter, to paint a Washington portrait still fondly cherished by the institution.

Princeton's first president was the Rev. Jonathan Dickinson, a Massachusetts-born Harvard graduate. He was succeeded by the Rev. Aaron Burr, father of the Aaron Burr who killed Alexander Hamilton in a duel.

Both Dr. Dickinson and Dr. Burr were friends of one David Brainerd, a Connecticut boy who was expelled from Yale in 1741. His expulsion unquestionably stimulated the activity of his friends, Dickinson and Burr, and hastened Princeton's birth. Brainerd criticized a Yale tutor who had made an "unusually pathetic" religious exhortation before the Yale students. After he had finished and left the room

popular with the South than any other college. The war ruined most of the planters, however, and they could no longer support Princeton as of old. This crippled the college and its discontinuance seemed imminent. Then the Rev. Dr. Joseph T. Duryea of Brooklyn, a Princeton alumnus, who had managed the United States Christian commission through the war, came to the rescue, raising enough money in a week to put "Old Nassau" permanently on its feet.

Franklin and the U. of P. The remote beginnings of the University of Pennsylvania may be traced back to the charity schools founded in Philadelphia in 1740.

A Boston-born, self-educated printer named Benjamin Franklin, living in Philadelphia had been studying the problem of how best to educate the youth of the town ever since his arrival there in 1726, but he was able to accomplish little until 1748. Then, with others, he helped found the Pennsylvania Academy. Its first head was Dr. William Smith, under the title of provost. Its sessions were first held in a private dwelling, but in 1751 the school was removed to a great meeting house, built for Whitefield, the English revivalist, to preach in. While he remained in Philadelphia his hearers crowded it, but no one else was able to fill the structure.

Franklin desired that the academy course should include English, practical mathematics, natural history, modern history and the principles of business, leaving Greek and Latin and Hebrew out. He wanted the school to be a practical help for young men who had to make their way in the world, and not a training school for classical scholars. He was overruled, however, Dr. Smith

insisting upon the dead languages. Though the courses of the University of Pennsylvania today are largely modeled on Franklin's original scheme, the academy made only fair progress. The Penns. sons of William, the colony's original proprietor, gave it a charter, but forgot to endow it. They also gave a charter to the College of Philadelphia, a new scheme which Franklin was then pushing.

Thereupon Dr. Smith, provost of the academy, at that time in fall (where he received his students daily) for having opposed the non-resistance policy of the Pennsylvania legislature during the war with France, was released, and sent to England to raise funds. He secured £5,000. This was after 1757. Upon his return Smith found the friends of education in Philadelphia so badly divided that little could be done. Then came the revolution, with practical suspension of the entire educational movement until after close of hostilities.

In 1773 the Pennsylvania assembly "looked into the colleges" and, dispossessing the trustees, renamed it the University of the State of Pennsylvania. Thus it became the first university in the new world.

In 1789 the corporate rights and privileges of the college were restored, and in 1791 the two institutions were combined into one. Franklin was president of the board of trustees from 1789 till his death. Four years after he assumed the headship of the university, another self-educated man, whose spelling and grammar were sometimes a little lax, was granted the degree of LL. D. by Pennsylvania, the only degree he ever received. His

PRESIDENTS HARRISON, TYLER AND ELIOT Of Universities of Pennsylvania, William and Mary, and Harvard.

ing been established every year of the 160 years since 1500. The total number of students as reported by the bureau of education is 151,034. The figures showing the amount of money invested and expended yearly in these educational centers are impressive. Their tuition fees alone total more than \$10,250,000, and their total income for a year falls only a little short of \$30,000,000. On a 5 per cent basis, were they business institutions, their value would be \$600,000,000.

In fact it is not so great, being estimated at about \$387,000,000, whereof \$184,000,000 represents productive funds, \$173,000,000 grounds and buildings, \$20,000,000 scientific apparatus and \$10,000,000 books in libraries. This last is by no means large enough; it assumes that the 9,630,000 volumes in the college libraries are worth a little more than \$1 a volume. From \$12,000,000 to \$13,000,000 a year are received as gifts, the exact figures for 1904, according to the latest report of the United States bureau of education being \$15,339,712.

Each of sixty of the 443 colleges and universities carries the names of 1,000 students or more on its rolls. The total enrollment of the sixty is 129,430, leaving only a few more than 50,000 for the 383 smaller colleges.

Harvard, the oldest, led them all last year, with 5,283 students, and Columbia came next with 4,755. None of the other six had as many as 4,000. Pennsylvania being tenth on the list with 3,364. Yale fourteenth with 2,294. Princeton fourteenth, with 1,357, and William and Mary, with 178, being well toward the bottom. Chicago, one of the youngest—founded only fifteen years ago—was third with 4,593. Following Chicago, came the

Boston was twice as much as the sum of the other two, and it is not surprising that the institution took his name. His example stirred many colonists to give, though it was long before there was any contribution to equal Harvard's in value. The records tell of gifts much like those made now-a-days to "rummage sales," or offered in country districts at the minister's annual donation visit. Some gave

Not the least interesting feature of the season will be the schedule itself. For the first time in several years two of the strongest teams of either season will meet in the opening game. On Nov. 7 the University of Pennsylvania, which has divided honors with the University of Michigan in the past, will meet the great Michigan eleven of the previous season. The two teams are expected to be very strong, the result of football toward settling the merits of football will be decided. On the same day the Indians will play the University of Wisconsin. This has been essentially a year of new football in the West. The University of California has broken in the East. Columbia has given up the game altogether, while the University of California has been the only team to have broken off football relations with the West. The result of all these things add to rather than detract from the interest in football. The following table shows the prin-

REPUBLICAN PAPER IN LE SUEUR COUNTY COMES OUT IN JOHNSON'S FAVOR

Its Editor Is Chairman of
Republican County
Committee.

Minneapolis Man Would
Bet \$20,000 on John-
son's Re-Election.

Date of Senator Bever-
idge's Address Has
Been Postponed.

St. Paul, Sept. 17.—(Special to The Herald.)—The Le Sueur News has come out flatfooted for Governor Johnson. The paper is edited by Mr. W. Grimes, chairman of the county Republican committee. His announcement that he was going to support whom he pleased for governor was not well received at headquarters. It is likely that he will have to resign his position as head of the county committee.

There was a bet of \$500 hung up in a Minneapolis cigar store last Saturday on Cole. The bet was snapped up within a few moments and notice served that the same party would take all bets of that kind that were made. One man is willing to stake \$20,000 on Johnson's re-election.

The date of Senator Beveridge's address under the auspices of the Republican state central committee has been postponed from Sept. 27 to Sept. 29.

Fred Wheaton, candidate for clerk of the supreme court, and A. Schaefer, candidate for state railroad and warehouse commissioner, will begin their campaign the latter part of this week in Nobles county.

Following are a few of the encomiums (Continued on page 4, fourth column.)

NEW OFFICIALS FOR TELEPHONE

Hello Management on
Pacific Coast Will be
Reorganized.

San Francisco, Sept. 17.—The call says today that F. A. Picknell, assistant to President Fish of the American Telephone and Telegraph company of Boston before leaving for the East last night confirmed the statement made previously that a complete reorganization of the Pacific States Telephone & Telegraph company would take place in the near future.

According to Picknell, Henry T. Scott will be retained as president. He admitted that a new man would fill the position of vice president and general manager Louis Glass, whose successor, Picknell, would be an experienced man who is to come to San Francisco and give his entire attention to the service on the Pacific Coast. The new manager will be appointed immediately after the return of President Fish who is now in Europe. Fish will direct the affairs of the Pacific States Telephone & Telegraph company from Boston.

BRIGADE POSTS ARE POSTPONED

Taft's Mission to Cuba
Interferes With Estab-
lishing of Forts.

Washington, Sept. 17.—One result of Secretary Taft's mission to Cuba is the indefinite postponement of a trip of inspection which he intended to make with Gen. Bell, chief of staff. They were to have left Washington about the end of the present month for Chickamauga and then go westward to Fort Sheridan, Fort Snelling and Fort Riley. The trip was planned to afford the secretary an opportunity to ascertain for himself the advantages of these places for the establishment of a great brigade and even division post. Provide the secretary's mission in Cuba does not consume too much time, the inspection trip may yet be made before the assembling of the next session of congress.

As Secretary Taft is ex-officio president of the American Red Cross and Assistant Secretary Bacon is a member of the executive committee, the absence from Washington may also operate to cause a postponement of the meeting of the executive council, which has been called for the 26th inst. to wind some business connected with the San Francisco relief measures.

CRIMINAL LIBEL CASE.
Bendall, Minn., Sept. 17.—(Special to The Herald.)—The case of the state vs. John T. Oyler, publisher of the Weekly Enterprise, who is charged with criminal libel in publishing an article written by L. C. Michales, reflecting on the personal and business character of J. J. O'Connell, will be taken up for trial on Thursday, of the Peace before Justice of the Peace Skrivik. Oyler, at the preliminary hearing, held two weeks ago, gave bonds in the sum of \$100 for his appearance at the trial.

CUBA WILL GET PEACE

Hostilities Have Ceased
and Future Looks Much
Brighter.

American Statesmen Will
be Consulted in Arrang-
ing Settlement.

Washington, Sept. 17.—Secretary Taft's departure for Cuba has had the beneficial effect of suspending hostilities in Cuba. By the time the secretary and Assistant Secretary of State Bacon arrive at Havana, both parties to the insurrection trouble will be prepared to confer with them as to the restoration of peace and the permanent suspension of hostilities.

Advices received today and over night at the state department simply tend to confirm the press dispatches from Havana that arrangements were being made for a suspension of hostilities until the subjects of difference could be considered with Secretary Taft and Assistant Secretary Bacon. A cablegram received from Mr. Sleeper, the American charge at Havana, confirmed the statement that President Palma had issued a proclamation, directing that active operations against the insurgents be suspended on the island, except in instances where self-defense was necessary. Mr. Sleeper also indicates that the insurgents, too, have indicated an intention of suspending of military operations until they had opportunity to consider the situation with Secretary Taft and Assistant Secretary Bacon.

Mr. Sleeper suggests that conferences of some import may be held between representatives of the Palma government and the insurgents, pending the arrival in Havana of Secretary Taft.

AUTUMN SESSION IS NOW OPENED

Mexican Congress Begins
Business Under Aus-
picious Conditions.

Mexico City, Sept. 17.—President Diaz opened the autumn session of congress last night in the presence of senators and deputies and a brilliant audience. He said in his message that with almost all civilized nations Mexico was on the most friendly relations with no nation was any question existing which even remotely threatened the peace of the country.

The president merely mentioned the Pan-American conference, and said it was to be hoped that resolution would produce a good effect.

The president notes with satisfaction the entire manager of the gold standard. There has been coined, and is now in circulation, gold money to the amount of \$30,000,000, while the gold commission still has gold on hand to the amount of \$10,000,000, yet to be coined. The gold standard has been attained without any sacrifices having been met with on the part of the nation.

GOVERNMENT BY PERSIA'S PEOPLE

Preparation For First
Elections in History in
Progress.

Tehran, Persia, Sept. 17.—According to an ordinance just published the new Persian national council will consist of 156 members. Tehran will be represented by sixty members while the provinces will send ninety-six. A general election will be held every two years.

The ordinance assures the inviolability of deputies and gives full instructions for the carrying out of the elections, preparations for which begin with the publication of ordinances.

CONCEALED BATTERIES ALONG THE ST. LAWRENCE.

Ottawa, Sept. 17.—Few people in this country are aware of the importance and magnitude of the fortifications in course of construction by the Canadian government at Beaumont, ten miles below Quebec, of the gold standard. The work will require two years to finish. The fortifications will consist of two big gun batteries of two guns each, destined to command the lower St. Lawrence for a distance of about twelve miles below the forts. Both batteries will be concealed in solid rock formation.

GENERAL IS WOUNDED TO WREAK VENGEANCE FOR OLD SENTENCE OF DEATH

STRIKE IN WINNIPEG

Building Trades Go Out
in Sympathy With
Plumbers.

Large Buildings Not
Closed in Before Cold
Weather.

Winnipeg, Sept. 17.—Winnipeg is in the grip of one of the most extensive building strikes ever experienced in the West. At a mass meeting of the building trades in Bilton theater yesterday afternoon it was unanimously decided to go out in sympathy with the plumbers, in the hope of forcing the employers of the latter to accede to their demands.

The decision of the men to go on strike is unusually unfortunate just at the present time, as there are a great many large buildings in course of construction throughout the city and any delay will prevent their being closed in before cold weather.

FIVE IN CLOSE RACE FOR VOTES

Republicans in New
Hampshire in State
of Uncertainty.

Concord, N. H., Sept. 17.—The day before the Republican state convention found members of the party in a state of anxious uncertainty as to the outcome of the five cornered contest for the gubernatorial nomination, which, for months, has involved the state in one of the most intense campaigns in its history.

Not one of the five avowed candidates for nomination as head of the ticket at tomorrow's convention today would make any claim of having a majority of the delegates. Winston Churchill, the novelist, is one of the five candidates for the nomination.

FIGHTING IN SANTIAGO.
Havana, Sept. 17.—Word has just reached here of the first fighting in Santiago province. Four hundred rebels under Col. Duhoit met the rural guardsmen at La Paya. The result of the engagement is not known.

THE NEW TEACHER.

Secretary Taft: "Better remove your hat, my boy."

Would-be Assassin Seeks to Revenge His Dead Comrades.

The German Subjects in
Russia Want More
Protection.

Foreign Office Requested
to Look After Teu-
tonic Interests.

Warsaw, Russian Poland, Sept. 17.—Gen. Doroshewsky, president of the court martial which on Sept. 15, condemned two revolutionists to death by hanging, was shot at and wounded in the thigh while driving here this morning. The would-be assassin escaped.

St. Petersburg, Sept. 17.—The insecurity of life and property in the Baltic provinces, which culminated last Saturday in the murder of Herr Bush, has led the German manufacturer and the rich German colony at Riga, again to make energetic representations to the foreign office concerning the adoption of measures for the protection of German subjects. Bush was killed by agents of the revolutionary organization engaged in levying tribute.

Dr. Von Miquel, first secretary of the German embassy, called today at the foreign office and presented the report of the German consul at Riga regarding the killing of Bush, who was struck down in his own factory. He called attention to the length of time the reign of terror has lasted. Although the armed revolt was crushed and the country reconquered by the forces under Gen. Orloff last winter, robberies and murders have continued unchecked for over a year and a half.

There are 6,000 German subjects living in Riga. The American consul at Riga has not joined in this demand for protection. There are scarcely any Americans there.

From Odessa, where the conditions are almost as bad as in the Baltic provinces, the emissaries have been informed that guards have been furnished for the consulates and residences of the various consuls.

The ministries of the interior, justice and war have sent commissioners to investigate the recent massacre at Siedle. The commissioners have been instructed to investigate especially the charges of unrestrained looting and killing by soldiers, and to fix the responsibility.

FIGHTING IN SANTIAGO.
Havana, Sept. 17.—Word has just reached here of the first fighting in Santiago province. Four hundred rebels under Col. Duhoit met the rural guardsmen at La Paya. The result of the engagement is not known.

CANDIDATES PUTTING FINISHING TOUCHES ON THEIR CAMPAIGNS FOR NOMINATIONS AT PRIMARY ELECTION

CONDITION DESPERATE

Large American Factory
in Cuba Saved by
Marines.

Interior Towns Are Rap-
idly Facing Shortness
of Supplies.

Boston, Sept. 17.—A private cablegram received here today by E. F. Atkins from Cuba says that the general conditions in the South Santa Clara province are desperate but that the Atkins factory or sugar manufacturing buildings on the Soledad estate have been saved from the insurgents by the presence of marines from the gunboat Marietta.

About 2,000 people are employed on the Soledad estate, which is one of the largest in Cuba controlled by an American and up to now it was believed that the buildings on the property were in danger from the revolutionists. It was partly because of the representations of danger made by Mr. Atkins to the state department at Washington that a warship was dispatched to the southern side of the island to protect American interests at and near Cienfuegos.

Mr. Atkins said today that all transportation had been suspended in the Southern country and that the interior towns are practically without supplies and daily becoming more helpless.

TWO BUILDINGS ARE WRECKED

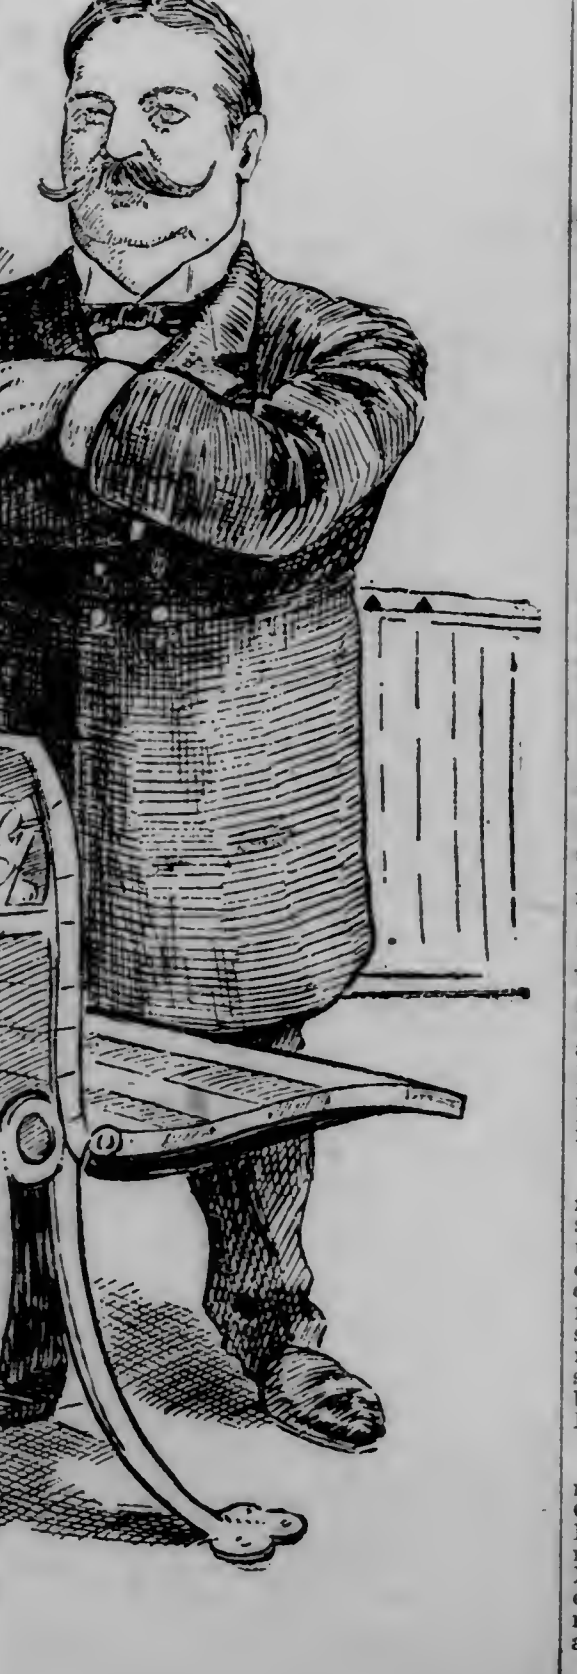

Dead and Wounded Taken
Out After Violent
Explosion.

Havana, Sept. 17.—A violent explosion occurred here this morning and wrecked two brick buildings. Six persons were killed and many were wounded. No details of the cause are yet at hand. An investigation is being made. The explosion is thought to be the work of incendiaries. The buildings at once caught fire. Dead and wounded are still being taken from the wreckage. The buildings were insured.

FIGHTING IN SANTIAGO.
Havana, Sept. 17.—Word has just reached here of the first fighting in Santiago province. Four hundred rebels under Col. Duhoit met the rural guardsmen at La Paya. The result of the engagement is not known.

THE NEW TEACHER.

Secretary Taft: "Better remove your hat, my boy."

Congressional Fight Leads In Interest With Bede Regarded as Winner.

Mixed Condition in Shrievally Contest--
Fisher Showing Much Strength.

Lively Fights in Legislative Districts--
Polls Open From 6 a. m. to 9 p. m.

This is a day of great activity with the politicians. Tomorrow is primary election day, and only a few hours yet remain in which campaigning may be done. The numerous aspirants for political honors are today scattered all over the county looking for votes. Most of those looking for county offices, however, are centering their attention on the city of Duluth, and whatever way a person turns on Superior street he is pretty sure to see someone who is in the field for nomination.

More interest in things political is being manifested about town today than at any time during the campaign up to the present time. The fact that the contest between the shrivally and congressional candidates is so keen has done much to stimulate interest, and the great mass of voters is for the time being done away with, to a considerable extent, at least, although even now the excitement over the general outlook is not so keen as circumstances might seem to warrant. The people are so busy looking after their private affairs that they do not seem to have much time to give to the politicians.

The prospects are for a fairly large vote tomorrow. Forecaster Richardson says the weather will be fair, with some clouds and some sunshine. He doesn't look for a disagreeable day at all, saying that if anything keeps the sun away from it will not be the weather. The fact that the great mass of voters is shown in the activities of the candidates thus far in the game is hardly taken as an indication that the men will get out and vote at the primaries. The people really are so anxious to see the right man put in office now as they ever were, but they haven't so much time to waste discussing the situation. They will take the time and trouble, however, to go to the primaries and see what they can do toward putting the right man in the positions sought. This, at least, seems to be the prevailing opinion among the political leaders.

E. L. Millar and Congressman J. Adam Bede are opposing candidates for the Republican nomination for congressman, will close their campaigns this evening, each making a speech. Mr. Millar will appear on the platform at West Duluth, answering the talk Mr. Bede made in the western portion of the city last week.

Mr. Bede will speak at Grand Rapids, Saturday night, while Mr. Millar will be the center of attention at the Armory in Duluth. Congressman Bede was speaking with an enthusiastic audience. While it is admitted that Mr. Millar has a substantial vote, Mr. Bede is conceded to be in the lead, and it is believed he will win out. Mr. Bede has a comfortable majority. R. D. Haven, enthusiastic claims for his man, such as he will carry every county in the district. Mr. Millar rather takes exception to such statements, saying that he himself has a substantial vote in Duluth, Lucas, Kanabec and Mille Lacs, with a good chance of carrying Carlton.

While Mr. Bede has been pretty well expressed during the campaign, he has made a smaller number of actual political speeches than has Mr. Millar, who has been in practically all the towns of the district, and talked over the campaign issues publicly. Mr. Bede is favored in the betting by strong odds, both by the professional bookmakers and by those betting privately.

In the shrivally contest more doubt is expressed as to the probable outcome than with almost any of the others. Fisher seems to be the favorite in the city, and the betting for the shrivally is in his favor. In his book on the primaries, picks Bates to win, despite all the shrivally opinions saying that he is not eligible to office, even if elected. Bates has had a strong following on the range, and has enough friends there to make a big showing, which, with the vote in the city split all to pieces by the shrivally candidates, will be enough to land the plan for Bates, according to the bookmaker's way of figuring. Whether this method of figuring will hold good or not remains to be seen.

E. L. Fisher's stock has been rising at a rapid rate. His work has been done quietly at first and with so little noise that his real strength was not apparent in the situation. They are now discovering, however, that he is one of the factors to be reckoned with, and that he has lined up unusual strength in the city and also on the range, where so many have thought Bates was impregnable. Among the Duluth business men Mr. Fisher has always stood very high and his excellent record as postmaster has brought him much support from them in this fight. The three leaders are believed to be Fisher, Bates and Armstrong, and the contest is likely to be very close between them. Some say that John R. Meining in this class. It is understood that he stands a good chance of making an excellent showing, and he may put up as stiff a fight as any of the others. Bateson also has been putting up a hard fight, and may be in at the reckoning.

The Democrats bid fair to have a little more fun in their primaries than they supposed. Most of them have looked for the nomination of John D. Brady without question, but Steve Stephenson is developing more strength than Brady's friends supposed he would, and is quite strong in his claims as to what the range will do for him. The race resulted in renewed activity in Brady's behalf, and there will probably be a road Democratic vote at the polls tomorrow.

The contest for the county attorneyship nomination is likely to be rather close. Charles Eastman has been getting two H. Norton, the only other candidate, a run for his money. The fact that Mr. Norton is better known than his opponent, having been in the race before, leads many to believe that he will be the victor at the primaries tomorrow.

In the senatorial situation there has

MINNESOTA HISTORICAL SOCIETY.

not been much to judge by in the Forty-third district. Duluth is naturally for L. A. Barnes of West Duluth, but men who claim to be posted on range conditions say Vail has the best show of winning. Mr. Barnes' friends will not concede this, however, and seem quite sure that he will get enough votes to land the place. Dowling has been making a cyclone campaign and will get a lot of votes. William Brown also has friends who claim much for his candidacy.

A good deal of interest is shown in the senatorial situation in the Fifth district, where Thomas M. Pugh, R. S. Munger and Ernest R. Jefferson are candidates on the Republican tickets. The outlook is very bright for Mr. Pugh, according to his friends.

Miller, McGee and Hugo have attracted no small amount of attention in the race for representative nominations in the Fifty-first. The fight was originally between Miller and Hugo of Duluth, but it is now thought by many that both the Duluth men will win out, leaving Two Harbors without a candidate, for only two representatives are allowed from the one district. Considerable doubt is expressed on this point, however.

John B. Middlecott, J. M. Martin and James A. Hanks are three Republicans seeking the position of judge of probate, and they are having an interesting contest.

Senator Laybourn is thought to have a strong show of re-nomination in the Fifth district, and probably Capt. Ray L. Lewis will be one of the candidates for representative nomination. The other two in the race are John R. Randall and Andrew Miller.

The voting places will be open tomorrow from 6 a. m. to 9 p. m.

LABOR TROUBLES ON WABASH ROAD

Machinists Enforce De-
mand For Higher Wage
By Strike.

Springfield, Ill., Sept. 17.—The boiler-makers and the machinists at the Wabash railroad shops here struck today. The men demand an increase in wages. They are getting 28 to 30 cents an hour, and want 35 cents an hour. Between three and four hundred men are out here.

TOO HIGH UP FOR MILWAUKEE MAN

Dies of Heart Failure in
Lobby of Denver
Hotel.

Denver, Colo., Sept. 17.—As a result of a too strenuous walk from the union station to the hotel, or the high altitude, William H. Meyers, 3167 Grand avenue, Milwaukee, dropped dead of heart failure late last night in the lobby of the Markham hotel.

Mr. Meyers was a man past 60 years of age and gray haired. He wore a square cut beard about four inches long. He was well supplied with money. He fell to the floor just before registering and cards found on his person identified him.

TRAIN DERAILED; NO ONE KILLED

Sante Fe Passenger
Leaves Track But Train
Running Slow.

Topeka, Kan., Sept. 17.—Word has reached the Atchison, Topeka & Santa Fe officials here of the derailment of the Missouri River Flyer Train No. 10, east-bound, early today, three miles west of Kinship, Kan. A baggage car, a coach and a chair car left the rails and were turned over. Fourteen of the passengers received more or less serious injuries, but none were killed. The accident was caused by a soft track. The roadbed being covered with water at the time. When the accident occurred the train was ten hours late and running very slow.

SUBMITS TO OPERATION.

Berlin, Sept. 17.—A dispatch to the Lokal Anzeiger from Hamburg says that Count Witte, ex-premier of Russia, was operated upon yesterday for the fifth time by Prof. Spies. The operation was a slight one.

Count Witte is being treated at Homberg for Polyp of the nose.

Be Loyal Tomorrow For the Candidate of St. Louis County and to One Who Has Ever Been Loyal to It.

VOTE FOR—

E. L. MILLAR,
The St. Louis County Candidate.

"Do those who are supporting Mr. Bede mean to say to this great county of St. Louis with its great resources, do they mean to say to this splendid city of Duluth, with its magnificent harbor, the seat and center of the Eighth Congressional district, that they are to be forever and ever represented in an indifferent way from Pine county? Do they mean to say to the hundreds of good men in St. Louis county that they need never cherish an ambition to represent it in Congress? Do they mean to say to the young men of this city, full of hope and ambition, that they must wait until the present Congressman dies or becomes the floor leader of his party in the House?"

"If I do not prove worthy and faithful in two years, say me no, and I promise you, here and now, that if after two terms in Congress, I cannot show a better record of service, greater results for my constituents, than can the present incumbent, I will not have the hardihood to present myself as a candidate for a third term."—From Mr. Millar's speech of Saturday evening last.

ELOPED WITH A HALFBREED Becker County Stirred by Story of a Young Woman.

Frazee, Minn., Sept. 17.—(Special to The Herald.)—Considerable commotion was caused in Becker county when it was learned that Sheriff Ole Larson had arrested a young woman near the Soo depot, Detroit, who was attired in male clothing, on Saturday evening. It developed that the girl had been missing for six weeks from her home at Ponsford, which she had suddenly left in the company of an Indian, mixed-blood, named Martin. She had a large family, and the girl told the sheriff a very painful and pitiful story of hardship and ill-treatment. Martin took the young girl to Mahanomen on Ponsford and then took her west on the reservation. He compelled Marjane Fitch to have her hair cut and passed her as a boy among the Indians and the white people. This succeeded and, as she was large for her age, she was forced to work as a man.

They left the reservation and came to Mahanomen and together they worked as two men carpenters. The girl had by this time become disgusted and tired of the life, and she made good her escape from Martin. She secured some money from friends, and came to Detroit. The ever-alert sheriff detected the girl in male attire and put her under arrest, and cared for her until her parents were notified. Mr. Fitch came to Detroit yesterday and took his daughter home to Ponsford, a sadler but wiser girl.

Martin had in the meanwhile gone home after the girl deserted him. Sheriff Larson left immediately for Ponsford to get Martin, with a warrant, but Martin was missing. The sheriff is not on his track and will soon have him apprehended.

CRUISER TO THE RESCUE.
St. Johns, N. F., Sept. 17.—The government, yesterday dispatched the cruiser Plana with provisions and other supplies for the fishermen who were shipwrecked in the strait of Belle Isle during Friday night's gale and later sought temporary refuge with the keeper of the light house on Belle Isle.

In all, eleven fishing vessels returning here from Labrador with the season's catch, were driven ashore and the 160 men, women and children abandoned barely escaped with their lives. The

HIT BY STREET CAR.

William Zuk Has Second Accident Within Three Years.

William Zuk of 716 East Fifth street, while driving on the Fourth street railway tracks, was run down by a westbound street car at Seventh avenue east, Saturday evening, and was thrown to the ground. He was taken to A. LeFebvre's drug store, where it was found that he had sustained some severe though not dangerous injuries. The rear wheels of his wagon were smashed. Mr. Zuk, who is advanced in years, was able to walk to his home unassisted.

About three years ago he was injured in a similar manner, one of his horses being killed in the accident. He did not see the car, which was coming behind him, and did not hear the warning signals.

NEBRASKA CLODBURST SPREADS DESTRUCTION.

Jackson, Neb., Sept. 17.—Water from a clodburst swept down the valley of Elk Creek, in Dakota and Dixon counties today, destroying hundreds of tons of hay, drowning farm animals, washing away railroad tracks, and doing other damage, all of which is estimated at \$100,000. The wave in the creek when it struck Jackson was seven feet high.

The Omaha and Great Northern roads both lost much track.

I don't care how good a cook you are, you need good baking powder to make good cake or biscuits. Order a can of Hunt's Perfect today.

EHLE SHOE SALE!

5000 Pairs Ladies', Gents', Misses' and Children's Shoes

And rubbers to be closed out at actual value of the raw material. No old bankrupt stock, but all new up-to-date Custom-made Footwear. Not all kinds—only the best of each. No man has better. No man sells cheaper. No misrepresentation. Perfect fit.

EHLE, 103 East Superior St.

COPPER IS VERY HIGH

George L. Walker Says the Metal Market is Very Strong.

The Shares Have Also Been Displaying Great Buoyancy.

"Copper is higher and the market is exceedingly strong," says George L. Walker, the Boston writer on mining topics, in his weekly letter. "Lake is selling at 19 1/2 cents and electrolytic at 19 1/4 per pound for delivery as far ahead as the first week in January. Large sales of electrolytic have been made above 19 cents. The advance in price apparently has increased rather than reduced the demand. There is good buying by local and domestic consumers. Several producers report that they have recently made sales at the highest prices of their career and all express regret that they have no more to sell at these splendid prices."

"All grades of copper are selling in London at the highest prices recorded there in many years. The price of copper was heavier in August than in any preceding month this year, exceeding 20,000 tons. Copper consumption promises to go on increasing during the coming year, notwithstanding the high prices that are being paid for the metal."

"It is now settled beyond any possible doubt that the consumption of copper is increasing more rapidly than the production. All of the largest producing interests declare that they have no copper on hand and nearly all of them have sold their entire production up to the end of the present year already."

"The outlook is now very favorable to the continuance of the present level of prices for another year. It is not probable, indeed, that the average price next year will be higher than it has been this. The production of copper will not show as much of an increase as was expected earlier this year, and it is not probable that next year's production will show more than the usual 10 per cent gain. The output of the world's mines is now close to 1,500,000,000 pounds annually, and to increase this 10 per cent requires the bringing in of a new Bishop or a Greene Consolidated and a Bingham district's output combined every year. A few years hence it will require as much copper as is now produced by all the mines in the Lake Superior district to increase the world's output 10 per cent. Unless there is a falling off in the consumption of copper, prices must soon go higher."

And of the copper share market, Mr. Walker says: "Notwithstanding the scarcity of money and the extreme difficulty experienced by the Boston brokers in financing speculative accounts, copper shares have advanced in full payment. The new burst of buying demand received its impetus from the further advance in the price of copper. With the metal selling at 19 cents per pound, the copper mines of the United States are now close to \$100,000,000 net annually, or five times as much as they have ever received in dividends in any preceding year. Such prosperity as this naturally cannot fail of recognition in the stock markets."

"There never was a time before in the entire history of the copper trade when the supplies of metal were used up as closely as they are at present, and the lowest prices ever recorded did not bring as general and active a demand as has been witnessed recently at 19 1/4 cents per pound. The metal situation is so extremely strong that the investment value of copper shares must be figured on a new basis. Though it was the custom a few years ago to base estimates of value on the cost of production, with copper selling at 12 cents per pound, it is now considered conservative to figure the basis of 15 to 16 cents per pound as the average future price, and this means net points of more than 50 per cent above the cost of production."

"A great many of the copper mining

stocks on the Boston Exchange, and also of those quoted on the curb, are selling much below their intrinsic value. For some time past I have recommended the purchase of Utah Consolidated, Copper Range, North Butte, Calumet and Arizona, Butte Coalitions, Boston Consolidated, Utah Copper, Green and Grady. All of these stocks have scored good advances in the past two or three weeks. They are still cheap, however, in view of the steady upward movement in the price of copper, and every slight reaction. I would also recommend the purchase of Anaconda, Alameda, Arizona Commercial, Michigan, Balaclava, Utah Apex, Shannon and Helvetia."

"Amalgamated's growing prosperity is strongly suggested by the testimony of E. E. Mathewson, superintendent and general manager of the Washoe smelter, before the master is chancery in the farmers' injunction suits against the Washoe smelter. This week he stated that during the first six months of 1906 the Washoe smelter produced 94,241,911 pounds of copper, 2,811,735 ounces of silver and 22,567 ounces of fine gold."

"The production of copper last year was 11 1/2 per cent of the world's output, being 165,395,144 pounds of copper, 5,045,435 ounces of silver and 40,865 ounces of gold. Last year the smelter produced one-fifth of the copper in the United States and this year will this much better. From 1902, when the per cent of copper produced in the United States, until the present time, the rate of production, as compared with the world's supply, has been gradually increasing."

"The Washoe smelter was built at a cost of \$9,500,000 and by its junction not more than \$1,000,000 could be realized from its sale as junk and old machinery."

"The smelter employs 2,100 men. Since 1902 the smelter has paid out for labor, etc., \$28,783,289 and the gross value of the ores handled in that time has been \$104,216,083. The leading items of expense have been \$7,007,324 for labor, \$4,238,455 for coal, \$4,012,000 for coke, \$740,747 for lime rock, \$1,316,020 for machinery, \$58,386 for lumber and \$1,480,513 for freight."

"Of course a considerable portion of the increasing output during the past two years has come from the North Butte and other custom ores. Butte Consolidated also owns the Boston and Montana smelter, located at Great Falls, which makes about 100,000,000 pounds of copper annually, all of which comes from the Amalgamated company's own mines."

"Butte Coalitions has opened what is apparently a very large body of high grade ore in the Cornudas mine. It seems that while the property was operated by Heineke the vein was lost and a fault plane containing very low grade ore was followed. Butte Coalitions' managers have opened the extension of the level and are crosscutting for it on two others. The ore contains 6 to 7 per cent copper in addition to good silver values."

"The shaft on the Tramway claim, owned jointly by the Coalition and Butte & Boston, has been unwatered and is being sunk deeper. It is now down 570 feet. Development work is being carried on at several points on the Butte Coalitions property and it is expected that some of the Butte Coalitions is much brighter than it ever has been heretofore."

"North Butte's advance to a new high level this week resulted from the fact that the company has increased its daily production from 1,100 to 1,500 tons of ore. The company should soon be earning at the rate of \$20 per share. Some of the insiders express the belief that this stock will sell higher than Amalgamated."

REPUBLICAN PAPER IN LE SUEUR COUNTY COMES OUT IN JOHNSON'S FAVOR

(Continued from page 1)

which have been passed upon Governor Johnson recently.

MR. COLE IS HANDICAPPED.

Amundson, Advocate, (Rep.): Governor Johnson was re-nominated by the Democratic convention held at Minneapolis on Tuesday. He has made a reputation for himself as a man of the fact that he received many votes in revenge instead of admiration will be an instance of this time. The Republican nominee is handicapped by a following who threw down Jacob Crookston's name in the convention, when it became evident that they would defeat him at the polls. Some of the voters of this county are in a campaign and we can only guess how it will wind up."

CROOKSTON TIMES, (Rep.): There has been a good deal of reckless talking by irresponsible persons about the Republican party in Minnesota, etc. When it comes to the government, it is no dominating party, no normal majority. How many of our glibly phrasing editors, in instances like that of Dave Cough, ten years ago, got 10,000 more votes than any other man who ran for governor of Minnesota. How many of them know that John Lind, Democrat, got 5,000 more votes than any other man who ran for governor of Minnesota? It is the unexpected that interests happens with the government in Minnesota.

NO MORTGAGE ON GOV. JOHNSON

In speaking of whether political conditions have changed in Minnesota in the past two years, the old reliable and conservative Mankato Review says:

"But have conditions changed? The question can be asked in all seriousness for the change is most noticeable among those who are familiar with the tactics employed to secure Dr. Cole's nomination at the Duluth convention that was dictated by the big lumber interests of the state. Evidence before and since the convention are corroborative of this report and where there is much smoke there must be some fire. How much better off will the people of Minnesota be with a man in the governor's chair who would represent the lumber barons than they would have been two years ago with the merger representative elected? That is a question for the voters to consider. To use the words of the Dispatch, 'The governorship of Minnesota is no place for a mortgaged man' and there is no mortgage on Governor Johnson."

ARRESTED IN FRANCE.

Toulon, Sept. 17.—The police last night arrested an American charged with attempting to obtain money by fraud. He described himself as Herbert Shald, student, and says he was born in Washington in 1885, and that his father is Joseph Shald, whom he declared is a former secretary of the treasury. No one of the name of Shald ever occupied the post of secretary of the treasury of the United States, nor does the name appear in the Washington city directory.

Candidate for Representative from the 50th District.

Andrew Miller is no stranger to a majority of our readers. He has represented this district in the legislature before and has done it with credit to himself and his constituents. His record is clean and without a blemish, and his honesty and integrity are without a question. He was elected last term with an overwhelming majority, and his popularity is still undimmed. He was an active worker for every meritorious measure affecting St. Louis county. The voters of the district will undoubtedly see to it that he is returned to the next session of the legislature.

Cast Your Vote at the Primaries Tomorrow for Andrew Miller.

FREIMUTH'S FREIMUTH'S FREIMUTH'S FREIMUTH'S

The Advance Sale of Fine Furs

Inaugurated this a. m. successful beyond our most sanguine expectation. We were literally swamped.

A Showing of New Types in Fur Fashions.

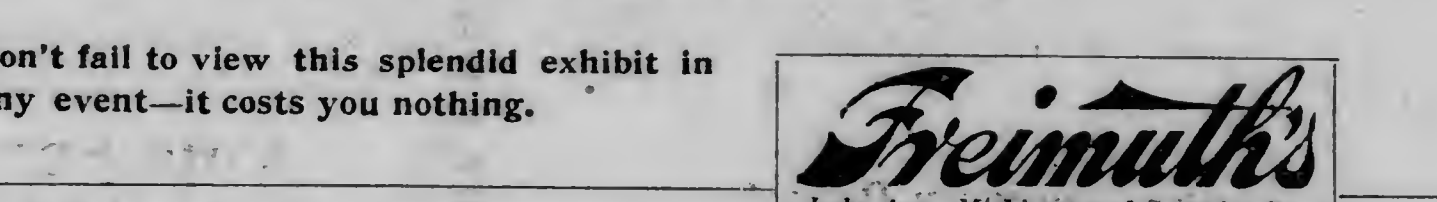

Coats in short or long tourist and auto styles, novelty jackets, scarfs, boas, muffs and every accessory produced from furs approved by the well dressed women, finds its greatest expression here. Never in the history of Duluth has an opportunity been offered the public to view so magnificent an assortment of the most exclusive furs.

Alaska Seal, Russian Sable, Hudson Bay Otter, Russian Pony, Natural & Blended Mink, Blue & Black Lynx, Persian Lamb, Broad-Tails, Blended and Natural Squirrel, Caracul, Marten, Astrachan, Chinchilla, Beaver, Kolinski, Krimmer and Royal Ermine—in fact every popular and valuable fur to suit the fancy of the most discriminate woman, produced in raiments and auxiliaries, with that individuality and exclusiveness which has created and keeps foremost the Freimuth store—home of high art modish outfits.

The Significance of This Exhibit is an Introductory Sale at Cut Prices.

One hardly expects to purchase furs now, yet when you are able to secure a first choice from the splendid assortment the advantage is most apparent—mutual, inasmuch as we dispose of the article early—you accomplish a most convenient saving.

Don't fail to view this splendid exhibit in any event—it costs you nothing.

RUSSIAN TYRANT DIES SUDDENLY

Commander of Palace Found Dead When Called for Dinner.

St. Petersburg, Sept. 17.—Gen. Treppoff, feeling relieved of the trying duty of protecting his imperial master, who left last Thursday on a cruise to Bjorko, yesterday afternoon retired to his cabinet to rest and gave orders that he should not be disturbed until dinner was served. When at 7:30 dinner was announced Gen. Treppoff did not answer the call and finally a member of his staff at 8 o'clock knocked at the door of his cabinet. Finding no reply, he entered and found the general lying stretched out at the foot of his couch with a newspaper in his hand, dead. It was plain that he had died shortly after he retired to the cabinet and had been lying for three hours where he fell. Although he died

of a natural death, the threat of the revolutionists last winter that he would die by a bomb, but would be killed in his own bed, was clearly brought to mind.

Arrangements for Gen. Treppoff's interment have not yet been drawn up. His widow is awaiting the arrival of relatives and also for the emperor's plans. He may be buried in the Alexander Nevsky cemetery.

Gen. Irtoff, who was Gen. Treppoff's temporary successor, while Treppoff was taking a short rest recently, will be succeeded by Gen. De Doulou, ex-prefect of police of St. Petersburg, as temporary commandant of the palace, the emperor having telegraphed this order from Bjorko. The appointment, however, is in no wise permanent.

Gen. De Doulou visited Peterhof today and offered his condolences to Mme. Treppoff and later was present at a reception which was attended also by three of the grand dukes. He then had a long conference with Col. Gherard, a commandant at the palace, a grand nephew of the late American Rear Admiral Bancroft Gherard. The post of commandant of the palace is a special appointment made by the emperor and always is held by a strong and loyal man. Among the candidates is Gen. Orloff, who was named for the place, Gen. Skalon, as governor general of Warsaw, was not anxious to leave a court post for one so fraught with danger. Gen. Mossoloff, chief of the imperial chancellery, also is a powerful candidate, but Gen. De Doulou, who, with Gen. Treppoff, was in charge of the maintenance of order in St. Petersburg during the big strikes, seems likely to be given the post.

DENTAGURA TOOTH PASTE

"The Ideal Dentifrice."

Differs from the ordinary dentifrice in minimizing the cause of decay. Indorsed by thousands of dentists. It is deliciously flavored and a delightful adjunct to the dental toilet. It is packed in convenient tubes, is economical, as it avoids the waste attending the use of powders. It may be had at all drug stores, 25 cents per tube.

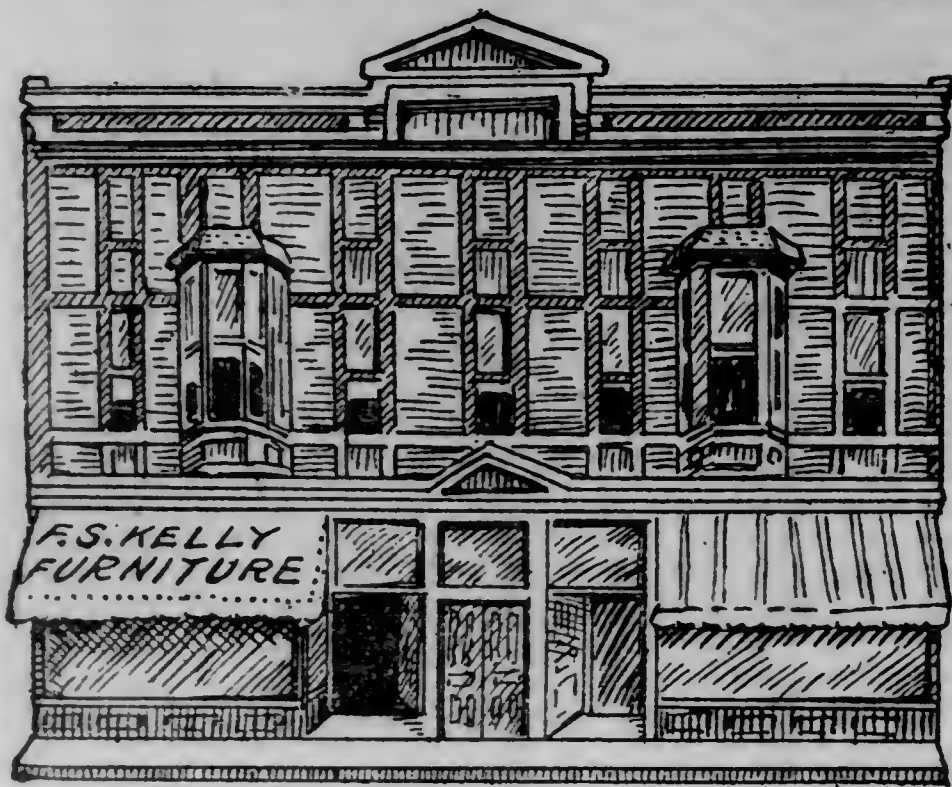

DENTAGURA COMPANY, Newark, N. J.

Associated Press whether, in his opinion, the United States should intervene, Mr. Bryan dictated the following statement:

"I am very glad that the administration recalled the troops landed at Havana. While we should do all in

All Cars Bring You Right to This Store—226-228 West Superior Street—Get Off at Third Avenue West.

F. S. KELLY FURNITURE CO.

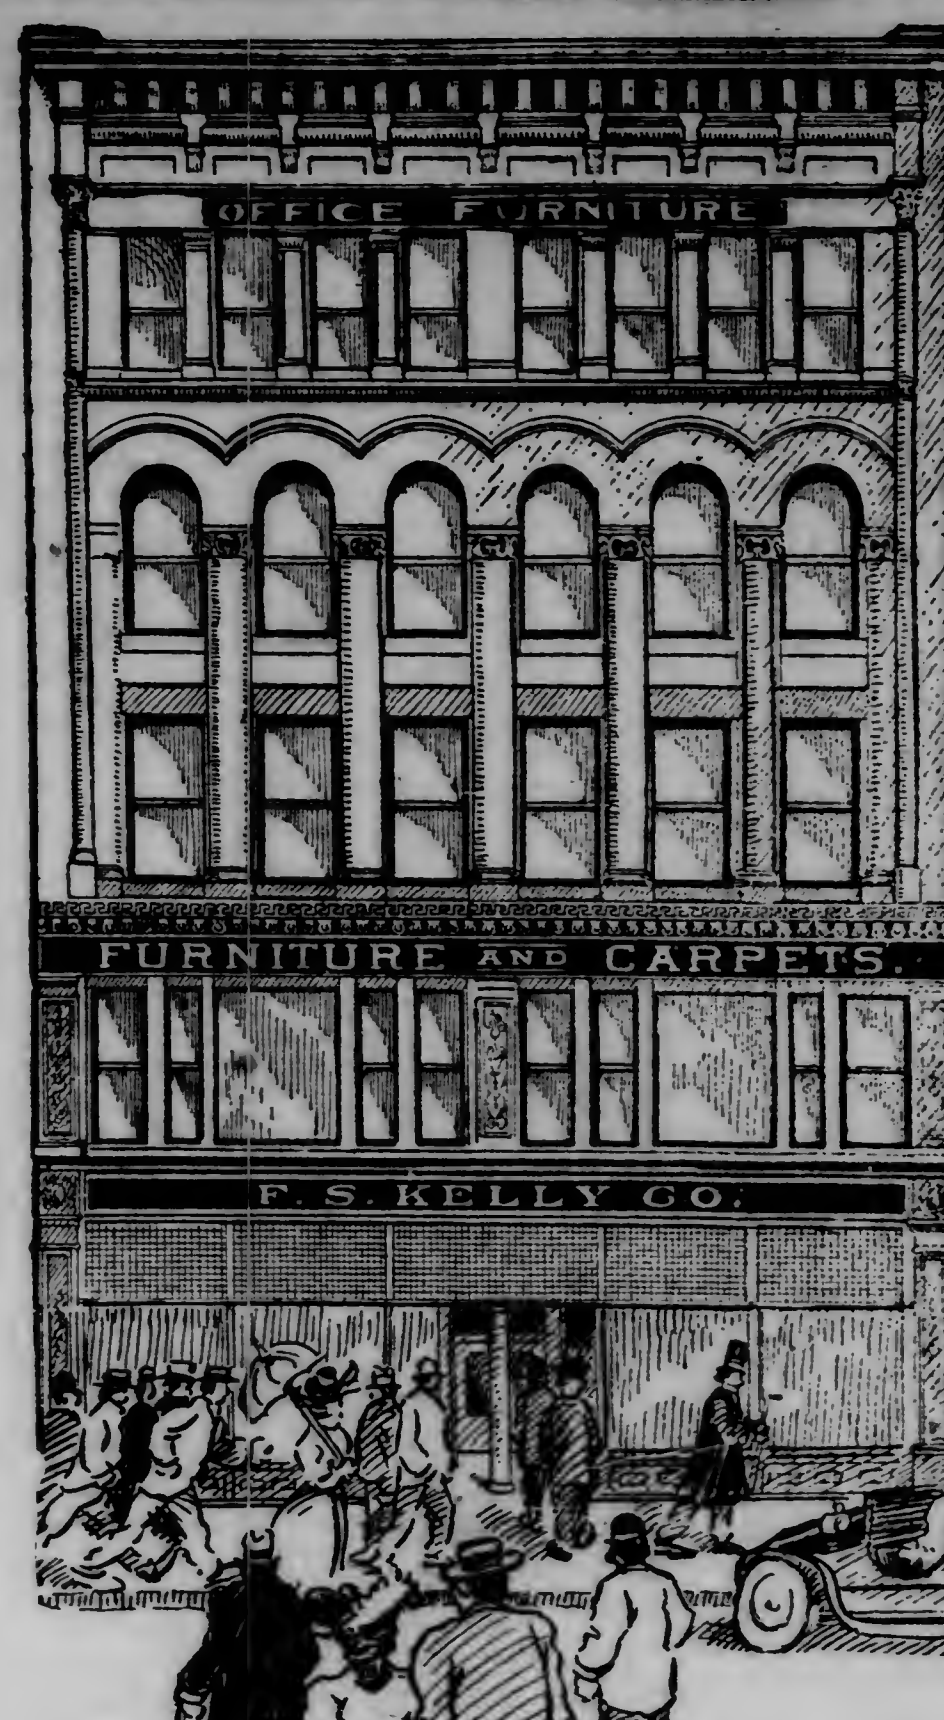

1886 Just twenty years ago this week I embarked in the furniture business in Duluth at 7th avenue west and Superior street, occupying only one-half of the main floor of the building shown herewith and which still stands there. Although the beginning was a small one, there was the right policy—the right principle—and it made the store GROW.

—F. S. KELLY.

This week we invite you to help us celebrate the 20th anniversary of the birth of this "GREAT STORE" as it is today and is shown on the right herewith. The store, as it is today, is one of which any one may be justly proud—being the largest and best equipped Furniture store in the Northwest. It is my constant aim from day to day to broaden and extend the advantages here.

—F. S. KELLY.

"DULUTH'S REPRESENTATIVE FURNITURE STORE."

WEDNESDAY AFTERNOON AND EVENING, SEPTEMBER 19, 1906.

YOU AND YOUR FRIENDS

ARE CORDIALLY INVITED TO ATTEND THE GRAND CELEBRATION OF THE

TWENTIETH ANNIVERSARY OF THE BIRTH OF THIS STORE.

COME—and bring your friends for we assure you a warm hearted welcome awaits you. We mean to make this entire week a week of "open house" and invite you to visit the store as often as you can and will, but especially Wednesday afternoon and evening, when there will be music and souvenirs for everybody. During the past six months this store has undergone a complete overhauling—every floor—every department, that it may be at its best for this event. Combined with our Twentieth Anniversary celebration we beg to announce our

GRAND FALL OPENING

and authoritative exposition of all that's new and desirable for the home. Our stock as it is today is the most complete in the entire Northwest, and excelled by very few stores throughout the United States. Every article you could want for the home is here—grades to suit every purse—the cheap—the medium grade—the Very Best. Besides the large showing of staple goods carried in stock by this store at all times, our present display includes rich, rare and elegant pieces of the correct old Colonial, Louis XV and Louis XVI, Chippendale, Sheraton, Italian, Hepplewhite, Renaissance and Old Dutch or Mission Furniture that is growing more popular every day. Again we say, COME, and bring your friends.

Flaaten's Full Orchestra Will be Here Wednesday Afternoon and Evening. COME.

FREE SOUVENIRS FOR EVERYBODY.

PROGRAM

AFTERNOON.

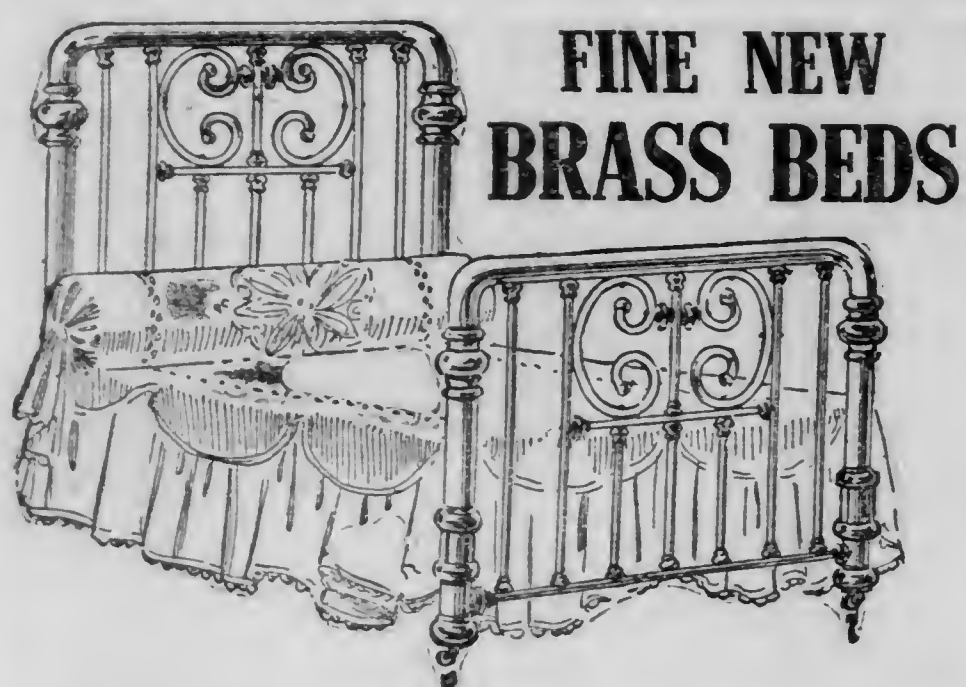

From 2 until 5 o'clock.

FINE NEW BRASS BEDS

Our stock of Iron and Brass Beds, Couch Beds, Sofa Beds, Steel Davenport and Cots is very complete, and all marked at special prices for the "Opening Week."

A \$40.00 BRASS BED, \$25.00

This will likely be the last time you will ever have a chance to buy a bed like this for the price. Bed has knobs on posts, heavy and massive 2-inch tubing; very best English gold lacquer; a good, honest value at \$40; special for the opening week, only—

\$25.00

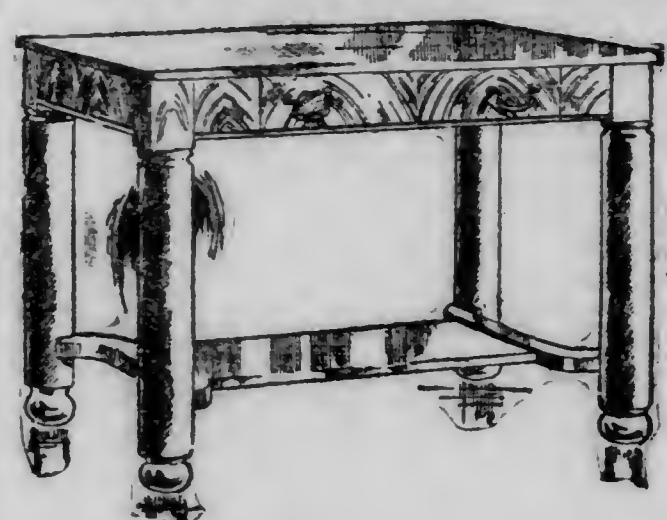

NEW PARLOR FURNITURE

We especially invite you to call and inspect our magnificent showing of medium and fine Parlor Furniture in odd pieces, library pieces, Davenport and Couches, as well as three and five-piece suites complete. We have "odd" pieces starting as low in price as—

\$2.95 UP TO SETS AT \$300

LIBRARY FURNITURE

Nothing adds so much comfort to the home—and affords so much pleasure to every member of the family as a well furnished library. This store is splendidly ready to supply your every need for this room, whether you want one table, a chair or complete furnishings for your library.

FINE NEW BED-ROOM FURNITURE

In no other department does this store excel so much as in that devoted to the furnishings of the bedroom. An exquisite showing of the cheap, medium and fine. We call your special attention to our complete lines of the medium grades. Elegant Chiffonier, like cut, in bird's-eye maple, mahogany, curly birch and quartered oak at \$25.75, \$28.50, \$31.75 and \$35.00—also Dressers to match any of these at

\$26.50, \$29.50, \$32.50 and \$35.00.

These goods are made right (made in Grand Rapids), finished right and are right in every way—we invite you to call and inspect the same.

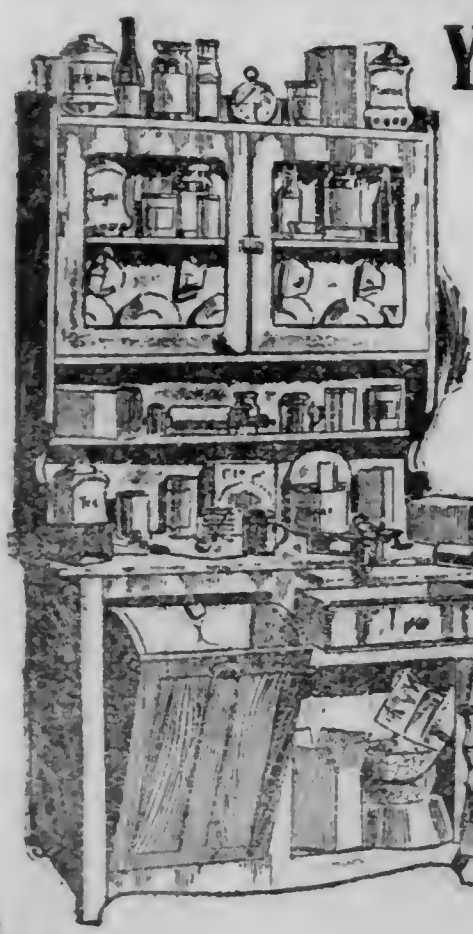

VISIT THE ELEGANTLY FURNISHED FLAT ON THE THIRD FLOOR.

We invite you to bring your friends to see the "sights" in this great store. Among others, we mention the completely furnished flat on the third floor. This offers many suggestions to prospective homefurnishers.

VISIT THE TURKISH ROOMS—2nd Floor.

Are you fond of "Oriental Rugs" and in fact, Oriental goods in general? If so, you will feel well repaid for a visit to our second floor. Beautiful line of exclusive Oriental Rugs, ranging in price from the most inexpensive ones up to several real art treasures, at.....**\$2,500.00**

YOU ALL KNOW THE STEWART STEEL RANGES! NOW WE ARE GOING TO INTRODUCE TO YOU THE STEWART KITCHEN CABINETS

These Cabinets are the highest achievement of the cabinetmaker's skill, and combine every utility the heart could wish for. Yet in the smallest possible space. These Cabinets are all made of solid oak, rubbed dull finish by hand, making an ideal finish. Don't fail to see these wonderful Cabinets.

WE SELL THESE CABINES AT FACTORY PRICES

To introduce these elegant Kitchen Cabinets and get them into a number of homes at once, we offer you these very extraordinary low prices, and then, too, we make you these terms—

\$1.00 DOWN AND \$1.00 PER WEEK

At these prices and terms we should sell this entire carload in a very short time. Pick out your Cabinet at once in order to get these prices and terms.

THE GREAT ADVANCE SALE OF "STEWART" STOVES AND RANGES

CONTINUES ALL THIS WEEK

If you want to take advantage of this sale to get your Stove or Range at a special price and on special terms, we urge you to call and select your Stove this week sure. Remember, in order to get the best Stove or Range made you must buy a "Stewart."

SPECIAL PRICES—SPECIAL TERMS

Special all this week on every Stove and Range in the house. We do this to induce you to buy your Stove or Range NOW and avoid the rush a little later.

WE TAKE BACK YOUR OLD STOVE!

In part payment for any "STEWART" Stove or Range made, and will make you a liberal allowance for it. The balance you can arrange to pay on the very liberal terms of

\$1.00 PER WEEK UNTIL PAID

As the tea kettle was the beginning of the steam engine, so the ordinary soda cracker was merely the first step in the development of the perfect world food **Uneeda Biscuit**.

A food that gives to the worker more energy of mind and muscle—that gives to the child the sustenance upon which to grow robust—that gives to the invalid the nourishment on which to regain the vigor of good health.

NATIONAL BISCUIT COMPANY

MOST NOVEL BUNKO GAME

Clever Trick by Swindlers Cost Mrs. Heine a Fortune.

Borrowed Costly Rugs and Sold Them for Cash.

New York, Sept. 17.—Mrs. Charles H. Heine, sister of Louis Houck, the millionaire brewer of Cincinnati, was the victim of a gigantic swindle here which in its extent beggars anything heard of in the last decade, and as a result Samuel Rosenfeld and Frank Kirs were arrested by Chief Crawford of the Cincinnati police force, and Detective Sergeant George Wakeland, of the New York detective department, in time to prevent them selling for Germany with at least \$15,000 of Mrs. Heine's money.

This much of about \$50,000 which they got of the wealthy Cincinnati widow was fortunately recovered, and it is thought that the greater portion of the rest of the money they swindled from her will be forthcoming, as names of prominent people, both here and in Cincinnati, are mentioned in connection with what will go down in criminal history as a celebrated case.

Mrs. Heine, who is the widow of the late Charles H. Heine of Cincinnati, is a woman of great wealth, and the swindlers chose the most opportune time to fleece her, while her brother is traveling with his wife in Europe.

The case presents many features that are novel in the art of banking and green goods games. In the first place Mrs. Heine, who was about purchasing furnishings for a new palace, home, which, it is understood, she is building at Oak street and Vernon place, in Avondale, a suburb of the Queen City, had come to this city to make these purchases on a grand scale. Previously she had been acquainted either here or in Cincinnati with Rosenfeld and Kirs, who seductively often flattered her shopping instincts, and when she arrived some days ago they began showing her rugs and oriental rugs, carpets and what not from the city of the Big Red.

These two men borrowed costly Persian and oriental rugs, carpets and what not from the city of the Big Red in the vicinity of Twenty-third street and Broadway, and the firm sent a middle man, Alexander Bloomberg, to look after the material bought.

The goods were shown, and a present of one costly rug, about 19 by 22 feet, was made to Mrs. Heine. She then selected rugs and carpets to the extent of about \$50,000 or \$60,000 and ordered them delivered, giving her individual check for the total amount. This check was cashed and the money received by the swindlers, but the goods were not delivered.

In the meanwhile the firm from whom they were borrowed, and whom they were returned, with the information that there was no sale and that they were not needed, became suspicious. After a cursory investigation they sent for Bloomberg, who had been practically in charge of the goods, and he was also suspicious of the actions of the two "bunko" men. Bloomberg has a splendid reputation, and his wife, learning of what had been going on, rushed to the police here and in Cincinnati with information that led to investigations on the part of both departments.

Then Mrs. Heine, who had never suspected anything wrong in the transaction, was told the truth.

When Mrs. Heine was told the truth, she was told that the goods were not delivered.

When Mrs. Heine was told the truth, she was told that the goods were not delivered.

When Mrs. Heine was told the truth, she was told that the goods were not delivered.

When Mrs. Heine was told the truth, she was told that the goods were not delivered.

When Mrs. Heine was told the truth, she was told that the goods were not delivered.

COMING TO HUNT HERE

Mrs. Alice Longworth Said to Have Accepted Invitation.

Will Chaperone Party of Easterners, According to Rumor.

Rumor has it that Mrs. Nicholas Longworth, the president's daughter, is to be "in our midst" some time before the holidays.

It is understood that she is to chaperone a party of Eastern young people on a door-stalking excursion in this neck of the woods.

Just how soon Mrs. Longworth and her party are coming cannot be said, but that she is coming, at least, is the claim to be in the know to a reporter for The Herald in confidence today.

They cautioned her not to say who told them, but they saw a telegram received by John C. Grier, the Duluth Mining company's superintendent on the Western Mesaba range, from Alice Roosevelt Longworth, and to the effect that she and some friends would gladly accept his invitation to hunt deer in Minnesota some time this year.

It is a warm personal friend of the president, and he has repeatedly extended invitations to President Roosevelt and all the members of his family to be his guests at hunting parties in the Minnesota range.

Possibly it is the intention of Mrs. Longworth to hunt deer in Minnesota some time this year.

CURE SICK HEADACHE.

Unless the weather conditions should be too unfavorable during the next six weeks or two months, it is expected that the new reservoir for the city water system, located at West Duluth, will be completed this season.

P. McDonnell, who has the contract for the work, has started the concrete on the south and east slopes of the reservoir and work is progressing steadily on the remainder of the structure, which comprises about 1,500 cubic yards of concrete.

The contract for the reservoir was awarded a year ago and it had been expected to have the new reservoir completed and in use by this time, but, as is often the case with such large pieces of work, many things transpired to cause a delay. Rock was encountered that made the excavation work proceed slowly and the weather was so unfavorable that the work was delayed.

The reservoir, when completed, will be an important improvement, aside from the fact that it will give the city water plant, for storage purposes, the work will be of much interest to the residents of the city.

The reservoir will have on its bottom and sides a six-inch layer of concrete. This will be laid in large squares, the surface of the concrete being finished with a tar filling between, similar to the filling between the concrete in the city sidewalks. This method has been adopted to provide for contraction and expansion of the concrete. Under ordinary circumstances, if the reservoir were to be built of masonry, the contraction would not be necessary, as there is hardly likely to be much change of temperature in the bottom of the reservoir.

Another fact that has been figured on by the city engineer's department in planning the reservoir is the tremendous pressure that is likely to be exerted on the slopes when the surface of the reservoir is at its highest level. The water is lowered underneath the ice, forming a thin layer of water, which would be an enormous pool exerted on the sides of the reservoir.

Another fact that has been figured on by the city engineer's department in planning the reservoir is the tremendous pressure that is likely to be exerted on the slopes when the surface of the reservoir is at its highest level. The water is lowered underneath the ice, forming a thin layer of water, which would be an enormous pool exerted on the sides of the reservoir.

Another fact that has been figured on by the city engineer's department in planning the reservoir is the tremendous pressure that is likely to be exerted on the slopes when the surface of the reservoir is at its highest level. The water is lowered underneath the ice, forming a thin layer of water, which would be an enormous pool exerted on the sides of the reservoir.

Another fact that has been figured on by the city engineer's department in planning the reservoir is the tremendous pressure that is likely to be exerted on the slopes when the surface of the reservoir is at its highest level. The water is lowered underneath the ice, forming a thin layer of water, which would be an enormous pool exerted on the sides of the reservoir.

TO FINISH THIS YEAR

P. McDonnell Expects to Complete Reservoir at West Duluth.

Concrete Work is Started on Two of the Slopes.

Unless the weather conditions should be too unfavorable during the next six weeks or two months, it is expected that the new reservoir for the city water system, located at West Duluth, will be completed this season.

P. McDonnell, who has the contract for the work, has started the concrete on the south and east slopes of the reservoir and work is progressing steadily on the remainder of the structure, which comprises about 1,500 cubic yards of concrete.

The contract for the reservoir was awarded a year ago and it had been expected to have the new reservoir completed and in use by this time, but, as is often the case with such large pieces of work, many things transpired to cause a delay. Rock was encountered that made the excavation work proceed slowly and the weather was so unfavorable that the work was delayed.

The reservoir, when completed, will be an important improvement, aside from the fact that it will give the city water plant, for storage purposes, the work will be of much interest to the residents of the city.

The reservoir will have on its bottom and sides a six-inch layer of concrete. This will be laid in large squares, the surface of the concrete being finished with a tar filling between, similar to the filling between the concrete in the city sidewalks. This method has been adopted to provide for contraction and expansion of the concrete. Under ordinary circumstances, if the reservoir were to be built of masonry, the contraction would not be necessary, as there is hardly likely to be much change of temperature in the bottom of the reservoir.

Another fact that has been figured on by the city engineer's department in planning the reservoir is the tremendous pressure that is likely to be exerted on the slopes when the surface of the reservoir is at its highest level. The water is lowered underneath the ice, forming a thin layer of water, which would be an enormous pool exerted on the sides of the reservoir.

Another fact that has been figured on by the city engineer's department in planning the reservoir is the tremendous pressure that is likely to be exerted on the slopes when the surface of the reservoir is at its highest level. The water is lowered underneath the ice, forming a thin layer of water, which would be an enormous pool exerted on the sides of the reservoir.

Another fact that has been figured on by the city

WHEAT HAS A DECLINE

Prices Go Lower at the Close in American Markets.

Flax Closes Higher After Fairly Active Session in Duluth.

Duluth Board of Trade, Sept. 17.—Wheat closed weaker in the American markets today. The tone was somewhat stronger at the opening, on firmer cables and reports of rains in the Northwest, but good selling caused lower prices toward the close. There was heavy selling by pit traders in Chicago. Liverpool closed bid higher, Berlin bid higher and Budapest bid higher.

The world's shipments of wheat were about as estimated.

The September option closed $\frac{1}{2}$ lower in Duluth, $\frac{1}{2}$ in Chicago and Kansas City, unchanged in Minneapolis, $\frac{1}{2}$ higher in New York and $\frac{1}{2}$ lower in St. Louis. The October option closed $\frac{1}{2}$ lower in Duluth, $\frac{1}{2}$ in Chicago and Kansas City, $\frac{1}{2}$ higher in Minneapolis and $\frac{1}{2}$ lower in New York.

Corn had a weaker tone, the December option in Chicago closing $\frac{1}{2}$ lower. Corn closed $\frac{1}{2}$ lower in Liverpool. December oats closed bid higher in Chicago.

World's shipments of wheat and corn last week, the week previous and the corresponding week last year are shown as follows:

	WHEAT	CORN	LAST
America	4,500,000	2,500,000	6,000,000
Russia	1,500,000	1,000,000	2,000,000
Europe	1,500,000	1,000,000	2,000,000
Asia	1,500,000	1,000,000	2,000,000
Africa	1,500,000	1,000,000	2,000,000
Oceania	1,500,000	1,000,000	2,000,000
Total	10,500,000	6,500,000	14,000,000

Car receipts at Duluth were 375, against 425 last year, and making a total for the year of 1,200,000 bushels, against 1,200,000 last year. Chicago received 38, against 42 last year.

Primary receipts of wheat were 1,300,000 bushels, against 1,200,000 last year. Shipments were 1,000,000 bushels, against 1,000,000 last year. Clearances of wheat and flour aggregated 1,000,000 bushels, against 1,000,000 last year.

The visible supply of wheat increased 1,000,000 bushels, and is now 31,000,000 bushels, against 30,000,000 bushels a year ago.

Primary receipts of corn were 700,000 bushels, against 700,000 last year. Shipments were 600,000 bushels, against 600,000 last year. Clearances of corn were 600,000 bushels, against 600,000 last year.

The visible supply of corn increased 1,000,000 bushels, and is now 31,000,000 bushels, against 30,000,000 bushels a year ago.

Wheat trading was lively throughout the session of the Duluth market. September wheat opened bid higher at 72 $\frac{1}{2}$ ¢, declined to 72 $\frac{1}{2}$ ¢, closed at 72 $\frac{1}{2}$ ¢. October wheat opened bid higher at 72 $\frac{1}{2}$ ¢, declined to 72 $\frac{1}{2}$ ¢, closed at 72 $\frac{1}{2}$ ¢. November wheat opened bid higher at 72 $\frac{1}{2}$ ¢, declined to 72 $\frac{1}{2}$ ¢, closed at 72 $\frac{1}{2}$ ¢. December wheat opened bid higher at 72 $\frac{1}{2}$ ¢, declined to 72 $\frac{1}{2}$ ¢, closed at 72 $\frac{1}{2}$ ¢.

Flax trading was not heavy, but was fairly steady throughout the session of the local market. Antwerp was $\frac{1}{2}$ ¢ higher and London was $\frac{1}{2}$ ¢ higher. September flax opened bid lower at 11 $\frac{1}{2}$ ¢, advanced to 11 $\frac{1}{2}$ ¢, closed at 11 $\frac{1}{2}$ ¢. October flax opened bid lower at 11 $\frac{1}{2}$ ¢, advanced to 11 $\frac{1}{2}$ ¢, closed at 11 $\frac{1}{2}$ ¢. November flax opened bid lower at 11 $\frac{1}{2}$ ¢, advanced to 11 $\frac{1}{2}$ ¢, closed at 11 $\frac{1}{2}$ ¢. December flax opened bid lower at 11 $\frac{1}{2}$ ¢, advanced to 11 $\frac{1}{2}$ ¢, closed at 11 $\frac{1}{2}$ ¢.

Oats to arrive and September oats closed bid higher and the other grades were unchanged.

Following were the closing prices:

Wheat—No. 1 hard, 74 $\frac{1}{2}$ ¢; No. 2 hard, 74 $\frac{1}{2}$ ¢; No. 1 Northern, 74 $\frac{1}{2}$ ¢; No. 2 Northern, 74 $\frac{1}{2}$ ¢; September, 72 $\frac{1}{2}$ ¢; October, 72 $\frac{1}{2}$ ¢; November, 72 $\frac{1}{2}$ ¢; December, 72 $\frac{1}{2}$ ¢.

Flax—No. 1, 11 $\frac{1}{2}$ ¢; No. 2, 11 $\frac{1}{2}$ ¢; September, 11 $\frac{1}{2}$ ¢; October, 11 $\frac{1}{2}$ ¢; November, 11 $\frac{1}{2}$ ¢; December, 11 $\frac{1}{2}$ ¢.

Oats—No. 1, 74 $\frac{1}{2}$ ¢; No. 2, 74 $\frac{1}{2}$ ¢; September, 72 $\frac{1}{2}$ ¢; October, 72 $\frac{1}{2}$ ¢; November, 72 $\frac{1}{2}$ ¢; December, 72 $\frac{1}{2}$ ¢.

THE CHICAGO MARKET.

Wheat Opens Higher But Soon Prices Eased Off a Little.

Chicago, Sept. 17.—Wheat was firm and slightly higher at the immediate opening because of rains in the Northwest and Southwest and firm cables. Corn and flax were good buyers, but within a short time after the opening prices eased off a shade on selling by the weakness in the stock market. December wheat opened $\frac{1}{2}$ ¢ higher at 72 $\frac{1}{2}$ ¢, declined to 72 $\frac{1}{2}$ ¢, closed at 72 $\frac{1}{2}$ ¢. November wheat opened $\frac{1}{2}$ ¢ higher at 72 $\frac{1}{2}$ ¢, declined to 72 $\frac{1}{2}$ ¢, closed at 72 $\frac{1}{2}$ ¢. October wheat opened $\frac{1}{2}$ ¢ higher at 72 $\frac{1}{2}$ ¢, declined to 72 $\frac{1}{2}$ ¢, closed at 72 $\frac{1}{2}$ ¢. September wheat opened $\frac{1}{2}$ ¢ higher at 72 $\frac{1}{2}$ ¢, declined to 72 $\frac{1}{2}$ ¢, closed at 72 $\frac{1}{2}$ ¢.

Flax trading was not heavy, but was fairly steady throughout the session of the local market. Antwerp was $\frac{1}{2}$ ¢ higher and London was $\frac{1}{2}$ ¢ higher. September flax opened bid lower at 11 $\frac{1}{2}$ ¢, advanced to 11 $\frac{1}{2}$ ¢, closed at 11 $\frac{1}{2}$ ¢. October flax opened bid lower at 11 $\frac{1}{2}$ ¢, advanced to 11 $\frac{1}{2}$ ¢, closed at 11 $\frac{1}{2}$ ¢. November flax opened bid lower at 11 $\frac{1}{2}$ ¢, advanced to 11 $\frac{1}{2}$ ¢, closed at 11 $\frac{1}{2}$ ¢. December flax opened bid lower at 11 $\frac{1}{2}$ ¢, advanced to 11 $\frac{1}{2}$ ¢, closed at 11 $\frac{1}{2}$ ¢.

Oats to arrive and September oats closed bid higher and the other grades were unchanged.

Following were the closing prices:

Wheat—No. 1 hard, 74 $\frac{1}{2}$ ¢; No. 2 hard, 74 $\frac{1}{2}$ ¢; No. 1 Northern, 74 $\frac{1}{2}$ ¢; No. 2 Northern, 74 $\frac{1}{2}$ ¢; September, 72 $\frac{1}{2}$ ¢; October, 72 $\frac{1}{2}$ ¢; November, 72 $\frac{1}{2}$ ¢; December, 72 $\frac{1}{2}$ ¢.

Flax—No. 1, 11 $\frac{1}{2}$ ¢; No. 2, 11 $\frac{1}{2}$ ¢; September, 11 $\frac{1}{2}$ ¢; October, 11 $\frac{1}{2}$ ¢; November, 11 $\frac{1}{2}$ ¢; December, 11 $\frac{1}{2}$ ¢.

Oats—No. 1, 74 $\frac{1}{2}$ ¢; No. 2, 74 $\frac{1}{2}$ ¢; September, 72 $\frac{1}{2}$ ¢; October, 72 $\frac{1}{2}$ ¢; November, 72 $\frac{1}{2}$ ¢; December, 72 $\frac{1}{2}$ ¢.

EASING OFF

Due to Sudden Rise in the Call Money Rate.

The Whole List Acted Well, Especially Steels and Copper.

New York, Sept. 17.—Prices in the stock market today advanced and were opening trading, in which Reading and Amalgamated Copper were the most conspicuous.

First sales of Reading were of 12,000 shares at 132 and 132 $\frac{1}{2}$, compared with 130 $\frac{1}{2}$ Saturday, and the stock subsequently got up 1 $\frac{1}{2}$. Six thousand seven hundred shares of Amalgamated Copper sold at 114 and 114 $\frac{1}{2}$, compared with 112 $\frac{1}{2}$ on Saturday. The demand for the stock becoming so urgent that it jumped from 132 to 132 $\frac{1}{2}$ in the purchase of 200 shares. The top price was 132 $\frac{1}{2}$, a gain of 1 $\frac{1}{2}$. The general market was active and did not figure prominently in the market, but showed general improvement on the good fraction of the day. Steel preferred, Cotton Oil and Wells Fargo preferred, Kansas City Southern preferred, Kansas & Texas preferred, American Car and Freight, St. Paul & Northern Pacific preferred, and Union Pacific preferred, all advanced. The market was active and did not figure prominently in the market, but showed general improvement on the good fraction of the day.

FOR COUNTY AUDITOR ODIN HALDEN

I hereby announce myself as a Republican candidate for renomination as auditor of the county of St. Louis. If nominated and elected, I shall endeavor to discharge the duties of the office in future as in the past with earnestness and with the interests of the taxpayers ever in view.

NOT GUILTY SAY RAILROAD MEN

They Claim Innocence on the Charge of Re-bating.

New York, Sept. 17.—Counsel representing the New York Central & Hudson River Railroad company, E. S. Fomero, general traffic manager, and Nathan Guilford, vice president of the company, appeared in the United States circuit court today and pleaded not guilty to an indictment charging them with rebating in connection with the traffic of the American Sugar Refining company's product. The trial was set for Oct. 10.

ROOT HAS MADE A DECIDED HIT

Secretary Becomes More Popular as His Journey Progresses.

Lima, Peru, Sept. 17.—Secretary Root made a most excellent impression upon all classes of society during the few days of his Peruvian stay. The street crowds gave him an ovation yesterday in Lima and Callao. Over 50 prominent persons, including Foreign Minister Prado, other members of the cabinet and the war and home secretaries Root and Taft, accompanied him on his journey. The vessel in which he was traveling, the cruiser Albatross, was escorted by the Albatross and the Albatross. The vessel in which he was traveling, the cruiser Albatross, was escorted by the Albatross and the Albatross.

FUNSTON IN WASHINGTON.

Saviour of San Francisco Will Await Orders From Taft.

Washington, Sept. 17.—Gen. Funston is on his way to Springfield, Va., to this city, and is expected to arrive here on the 20th. It was supposed that Gen. Funston was to accompany Secretary Taft and Assistant Secretary of State Bacon to Cuba, but the orders issued do not contemplate such an arrangement. If Secretary Taft should deem Gen. Funston's presence in Cuba desirable in the negotiations which are to be conducted with the Cuban government and the Cuban insurgents, he will send the necessary orders for the general to join him. Other-wise Gen. Funston, on his arrival in Washington, will await instructions from Secretary Taft.

To the Voters of St. Louis County:

If nominated and elected as Judge of Probate, it will be my aim as such: To assume the responsibilities of the office and give it personal attention; Not to absent myself therefrom, or attempt to shift the responsibility; To show no favoritism; To see that minors and all others have a "Square Deal" and an honest administration of their estates.

JAMES A. HANKS.

WEST DULUTH BAD WRECK IS AVERTED

Northern Pacific Flyer
Grazes Train of Gravel
Cars.

Windows Are Broken and
Some Passengers
Slightly Hurt.

What narrowly escaped being a serious wreck occurred on the Northern Pacific Flyer in West Duluth yesterday. The Northern Pacific Flyer, No. 106, was about two hours late, and a switching crew had got busy in the meantime shoving some cars of gravel, intended for the American Carbolite company, about the yard. They were right at the junction of the main track and the branch which goes over to Superior, when the Flyer came around the curve on the Superior branch, making up time. The switching crew succeeded in getting the outlay nearly out of the way, but the pilot of the engine was smashed and the coaches ran so near the gravel cars that several windows were broken and a number of the members of the Flyer were slightly hurt. The Flyer was slightly out of place of flying glass.

CASE OF DIPHTHERIA.

First Case Reported in West Duluth for Nearly Seven Months.

Edwin Engberg, the 11-year-old son of Mr. and Mrs. Edwin Engberg, of 212 South Fifty-seventh avenue west, died this morning, about 5 o'clock, of diphtheria, after an illness of about a week. Three other members of the family are seriously ill with the disease, and a strict quarantine has been established.

This is the first case of diphtheria in West Duluth since February, according to Undertaker Filtrault, and the most strenuous efforts will be made by the health department to stop the spread of the disease. The funeral of young Engberg will be held privately this afternoon at 7 o'clock, and interment will be at Onondaga cemetery.

Another "Vice President"

L. A. Barnes, candidate for Republican nomination for state senator from this district, wound up his campaign at Hibbing Saturday night.

He was picked up by the West Duluth police at 3:30 this morning, in an advanced stage of intoxication. She

A Vote For Bob Patterson

WILL BE A
Vote That
Will Count.

Joe Adriaan left this morning for a week's visit in Cloquet. Fred Bruce returned from a month's visit in Grayling, Mich. He has been ill for some time and went to Grayling to recuperate. He is entirely recovered now and will resume his work at the blast furnace.

O. G. LARSON,

The Union Men's
Candidate For Sheriff.

There is only one candidate for Sheriff who is running on the Golden Rule platform, and that man is O. G. Larson. He goes farther and declares that if elected he will show no favors and will have no pets.

Mr. Larson is absolutely the only candidate who carries a union card, with dues paid to date. He is a union plumber by trade, and solicits the support of union men.

Ole Larson is no new arrival in Duluth. On the contrary, he has resided here for 17 years and was with one firm twelve years. He is now completing his third year with Waugh, Kealy & Co.

Mr. Larson is entitled to the support of all the voters who want action—not promises. He is prepared if nominated and elected to dispense with all political pledges which usually permeate a campaign and get right down to business on the only platform any candidate in these days should have—the Golden Rule in action.

Being a union man who has always stood loyal to the cause, he earnestly asks union men to vote for him. If they will do this, he has no doubt of the outcome. Remember to put your cross at his name on Primary Election Day.

The Last Shot TONIGHT

Among His Friends in
WEST DULUTH

E. L. MILLAR

THE ST. LOUIS COUNTY
CANDIDATE FOR CONGRESS

—at—
GREAT EASTERN HALL

All Are Invited.

A Safe and Honest Man.

Vote for Ernest Jefferson for State Senator from the 50th district. He is an old resident, has been tried as a County Commissioner, where he saved the county thousands of dollars in expenses by his far and attention to the duties of his office, and where he was the one member of that board who, at his own expense, consulted lawyers and obtained legal opinions which finally abolished the old and infamous system of taxation for mines and procured the taxation of mining properties at the small rate at which they are now taxed, and the fear of the increase of which to a just ratio with others, accounts for the strenuous opposition to him today.

He was one of the aldermen in the long fight with the water company, and was one of those who finally procured the waterworks and thus the city saved \$800,000. He was a Union soldier who enlisted at 17 years old and left a leg disabled at Gettysburg. The other candidates for the same office are a few years older than he, but carefully shunned the dangers of these days, though one of them would lead one to suppose, by his advertisement of a day or two since, that he did not. He has been from the first an advocate of municipal ownership of public utilities, and an earnest supporter of an eight-hour day, is no "trimmer" who takes up these ideas just when they are becoming popular. Make no mistake, but vote for the tried, honest, patriotic, crippled veteran of the Civil war, who has established his competency by so many proofs.

of about two weeks. The boy sustained a bad fall about two weeks ago and has been unable to get on his feet since. The funeral will be held Thursday afternoon from the residence at 1:30, and service will be held at the Swedish Lutheran church at 2. Rev. A. E. Krantz officiating. Interment will be at Onondaga cemetery.

Found Drunk on Street.

of the inspection of meat and meat products is prescribed by an act of congress. Dr. Wiley said there is no need of discussing that point. After listening to the arguments of the business men, the commission, he said, will draw up a set of rules to be approved by the secretaries of the treasury, agriculture and commerce.

William C. Reed, attorney for the National Wholesale Grocery association, asked the commission to secure from the United States attorney general an opinion relative to the value of goods which do not comply with the act.

Thomas E. Lennen, of Chicago, spoke briefly on behalf of maple syrup manufacturers.

The American Cotton Oil company submitted a brief report.

LATE DOINGS IN UPPER MICHIGAN

Italian Nobleman Works
on the Streets of
Calumet.

Calumet—Felix Borelli, an Italian count, under 30 years of age, is working with a gang of men paving the streets of Calumet. According to Borelli's story, his life has been a romance. He lived with his widowed mother at the home of his mother in the province of Lucca in Italy. His mother was a woman of the old regime and insisted upon his marrying the daughter of a nobleman. Borelli, however, was in love with a beautiful daughter of an Italian merchant in Rome.

When Count Borelli told his mother of his love, he was informed that he would marry the woman she had picked out for him or be cut off from his income. Three months ago the count decided to come to America. His money soon became exhausted and he found that many Italians were living in Michigan and he decided to come to this state. He was in need and therefore took a job on the streets.

Borelli has made friends in Calumet. He has begun a correspondence with his mother and is expecting a letter of forgiveness and asking that he return home.

Menominee—The largest wedding ever held in this part of the country took place Saturday afternoon at the county fair grounds. The bride was Miss Mary E. Smith, daughter of Mr. and Mrs. J. E. Smith, of Menominee. The groom was Mr. John E. Smith, of Menominee. The wedding was performed by Rev. J. E. Smith, of Menominee. The bride and groom were accompanied by a large party of friends and relatives. The wedding was a most successful one and was attended by a large number of guests.

St. Ignace—Sheriff McClintock is on the lookout for a poor crazed man whose

4015 Halifax street at 9:00 a. m. tomorrow.

Services will be held at St. Clement's Catholic church, at Twentieth avenue west, and interment will be in the Onondaga cemetery.

John Holmes, of Fifty-third avenue west, left yesterday on a short business trip to St. Paul.

Myrtle Carlson, the 4-year-old daughter of Mr. and Mrs. Oscar Carlson of Sixty-fourth avenue, sustained a broken arm yesterday by falling down a flight of stairs.

Jewelry repairing—Hurst, 28 Central.

Rev. A. J. Hoag of the West Duluth Baptist church wishes the statement in the Sunday morning News Tribune, to the effect that Evangelist Woodruff's meetings in West Duluth were concluded Saturday morning corrected.

Rev. Woodruff will hold services in the church all this week and Miss Perkins, the soloist will be heard at every meeting.

State Senator 49th District.

I have filed for the Republican nomination for state senator from the Forty-ninth district, and if nominated and elected, I will discharge the duties of the position honestly, carefully and to the best of my ability. My experience of nearly eight years as an alderman in the Duluth city council has given me considerable knowledge along legislative lines and has fitted me for the position I seek. I respectfully solicit the vote of all qualified electors. L. A. BARNES.

PURE FOOD LAW
TO BE DISCUSSED

Government Begins Hearing of Scope of New Measure.

New York, Sept. 17.—A committee consisting of Dr. H. W. Wiley, of the department of agriculture; S. N. D. North, director of the census, and James I. Clegg, of the treasury department, which was appointed by congress, today began a government hearing on the scope of the new pure food law.

Nearly 100 members or representatives of leading firms in New York and other cities throughout the United States were present when Dr. Wiley called the meeting to order at 10 o'clock this morning.

The questions being debated under the first of the twelve groups of arguments include one regarding "how will the law affect dealers who on January 1, 1907, have goods which do not comply with the law."

The commission will sit twice daily. Dr. Wiley in his address opening the hearing said the commission desires to frame rules to enforce the act so as to make the law possible disturbance to business conditions and to give the least annoyance to the manufacturers, jobbers and public.

"At the commission desires to learn, he said, is how to enforce the act, not how to prevent it. The law had two purposes in view—to prevent adulteration and misbranding. As the regulation

HON. T. M. PUGH,

Who is seeking a renomination for state senator at the hands of the voters of the Fifth legislative district does not have to talk about what he is going to do if elected. He can let the results that he has secured for this end of the state speak for him, and they speak louder than promises. He has served two terms in the lower branch of the legislature and one term in the upper, and his earnest and effective work for his home county, has made a record of which his friends are proud.

Mr. Pugh is a veteran of the Indian and Civil wars and was a participant in some of the most thrilling incidents in both campaigns. He is still to be found on the firing line when the interests of home or country demand his services.

In this connection, those who have been familiar with legislative history of recent years in Minnesota will recall that many a bill designed for the relief of the people of Northern Minnesota, and particularly those residing in Duluth and St. Louis county, has been saved from ignominious death at the hands of its enemies by the never-wearying endeavors of Mr. Pugh. His work on the bill providing for a Normal school at Duluth is well known. This measure was hanging in the balance and his influence was one of the essential factors in making it a law. Duluth has the Minnesota since '55—has helped a lot in breaking down prejudice against this end of the state. He has struggled at all times, particularly with personal friends of influence in Southern Minnesota, to bring about a condition of unity between the different sections, and he has been very successful. He has labored in season and out of season for the interests of Duluth. He is the real father of the Naval Reserve and every member of the Reserve knows him for its sponsor. A vicious bill, designed to prevent the Reserve from being a law, was killed by him, and if he had done nothing else he won, by his successful opposition to that measure, the gratitude of his St. Louis county constituency. He has never shirked his duty, but has been on the spot to oppose all inimical legislation and promote all measures worthy of the support of Northern Minnesota people. He has a host of warm personal and political friends.

hallucination is that enemies are pursuing him. He had a room at Edward Johnson's, and the night he woke there was no possible chance for his recovery. Day was 19 years old and it was a matter of days before he died. He was taken into custody and was started for the county jail. Enroute the man was seized with another unconscious fit and he broke away from the next appearing at the Langdon farmhouse at Allenville. Here he was given a meal, and thence went into the woods to work since injured. The settlement was made through J. C. Wood, attorney formerly of Lansing, Michigan, caused by the breaking of a cleat on the side of one of the hatches. It is thought he may be a cripple for the remainder of his life.

Manistique—Charles Larson of Manistique, who was quite badly injured in the hold of the steamer I. Watson Stephens in August last year, has received \$1,700 from the Edward H. Larson company of Chicago. He has been unable to work since injured. The settlement was made through J. C. Wood, attorney formerly of Lansing, Michigan, caused by the breaking of a cleat on the side of one of the hatches. It is thought he may be a cripple for the remainder of his life.

LEAVETT'S JEALOUSY OF ROSING ON THE BOARD OF CONTROL IS AGAIN SHOWN

Resolutions Which Were Designed to Discredit Mr. Rosing.

Preparations for Governor Johnson's Meeting at Red Wing.

Democratic Campaign to Start Actively Early Next Week.

St. Paul, Sept. 18.—(Special to The Herald.)—Personal jealousy on the part of Silas W. Leavett prompted his attack upon L. A. Rosing when he proposed a set of resolutions which resolved that the members of the board of control should consider themselves out of politics. It has been an unwritten law for many years that the board should not dabble in politics and Mr. Rosing could not see why the board should go on record on this point when it was so well understood by all that its members should keep out of politics.

L. A. Rosing, since he has been upon the board of control, has made his presence felt in a thousand ways, most of them contrary to the close corporation ideas advocated by Mr. Leavett. It was Mr. Leavett who is to be congratulated largely upon the star chamber proceedings of the board which shielded its members from the public eye. When Mr. Rosing became a member, he declared openly for the transaction of public business in a public manner not behind closed doors, and the sanctities of offices marked "private."

He went further—and this was what really aroused the ire of the gentleman from Littlefield—he demanded that all

FORMER FOES TO MEET AS FRIENDS

Famous Cumberland Brigade Celebrates Chickamauga Anniversary.

Chattanooga, Tenn., Sept. 18.—Members of Wilder's brigade, a famous organization in the army of the Cumberland, are arriving in large numbers to attend the annual reunion which begins tomorrow, the forty-third anniversary of the battle of Chickamauga. The brigade was made up of units from Indiana and Illinois, and was armed with breech-loading rifles, then very rare in the field.

The program was to have begun today at Hoover's Gap, where the brigade was first engaged in the battle of Chickamauga, but it was changed and a business meeting will be held first at the Wilkes monument. There will be a joint campfire of the blue and gray tomorrow night at the Wilkes monument, and although ill, Gen. Wilder is expected to be present at the reunion.

JAPANESE FAIL TO GET HARMONY

Mikado's Cabinet Divided on Questions of Importance.

Victoria, B. C., Sept. 18.—The steamship Empress of India, which arrived yesterday from the Orient, brought news of serious differences in the Japanese cabinet regarding Japanese actions in Manchuria.

Viscount Hayashi, formerly minister to Great Britain, resigned the post of foreign minister in Premier Saionji's cabinet because of the actions taken regarding the South Manchurian railway system, which Japan took over as a government concern. Japanese vernacular papers pointed out that the quarrel is really a fight between diplomacy, headed by Viscount Hayashi and militarism, headed by Marquis Yamagata. The military section opposes the opening of Manchuria and moreover wishes to control the Manchurian railway as a strategic line, while the diplomatic section has declared for the opening of Manchuria and seeks to subordinate militarism while fighting for the commercial development by Japan of South Manchuria.

The military section which sought to appoint the late Field Marshal Kodama in charge of the Manchurian railway system seeks to appoint a military advisor, who would in effect control the line. It was in protest to this arrangement that Viscount Hayashi resigned.

One Tokyo paper points out the efforts of the military sections have more than once occasioned relations of more or less unsatisfactory character with America and England regarding Manchuria.

TAFI ARRIVED.
Tampa, Fla., Sept. 18.—The Taft party arriving two and half hours late, boarded the government tug Pickering at Port Tampa and proceeded to the cruiser Des Moines which awaited the party at quarantine at the entrance to Tampa bay. The cruiser sailed immediately for Havana.

FIGHTING CONTINUES

Insurgent Commander Writes Significant Letter to American Official.

In the Meantime More Property is Being Destroyed.

Havana, Sept. 18.—The announcement from Washington that American vessels of war will protect British as well as American interests is taken as applying especially to Cienfuegos, where the English-owned Cuban Central railway has been obliged to suspend operations and has suffered considerable damage to its property. The Western railway, also a British enterprise, is not now suffering special damage except in the vicinity of Havana and it is expected that traffic on this latter line will be reopened tomorrow. Three representatives of the Liberal party started eastward tonight to confer with the insurgents in Santa Clara and other eastern provinces. Several automobiles loaded with more or less important peace-makers went westward today, but were obliged to return, not having either government passes for country touring, or credentials for definite negotiations. Secretary Montalvo has refused to issue permits to various persons desiring to make these journeys, among them Senator Sangulley, independent.

Gen. Castillo, the commander of the insurgents in Havana province has sent the following letter to Mr. Sleepers, the American charge d'affaires here:

"In view of the letter of the president of the United States to the Palma Convention, I have the honor to inform you that we are disposed to suspend hostilities in order to facilitate peace efforts provided these are based on general elections with guarantees of justice and legality, and on the recognition of the present administration and guarantees that the peace be not a truce, but a permanent peace. We insist that the people possess the inalienable right of electing congress and provincial and municipal officers. We have no candidates but we shall never

(Continued on page 5, fifth column.)

BLOW FOR A FARMER.

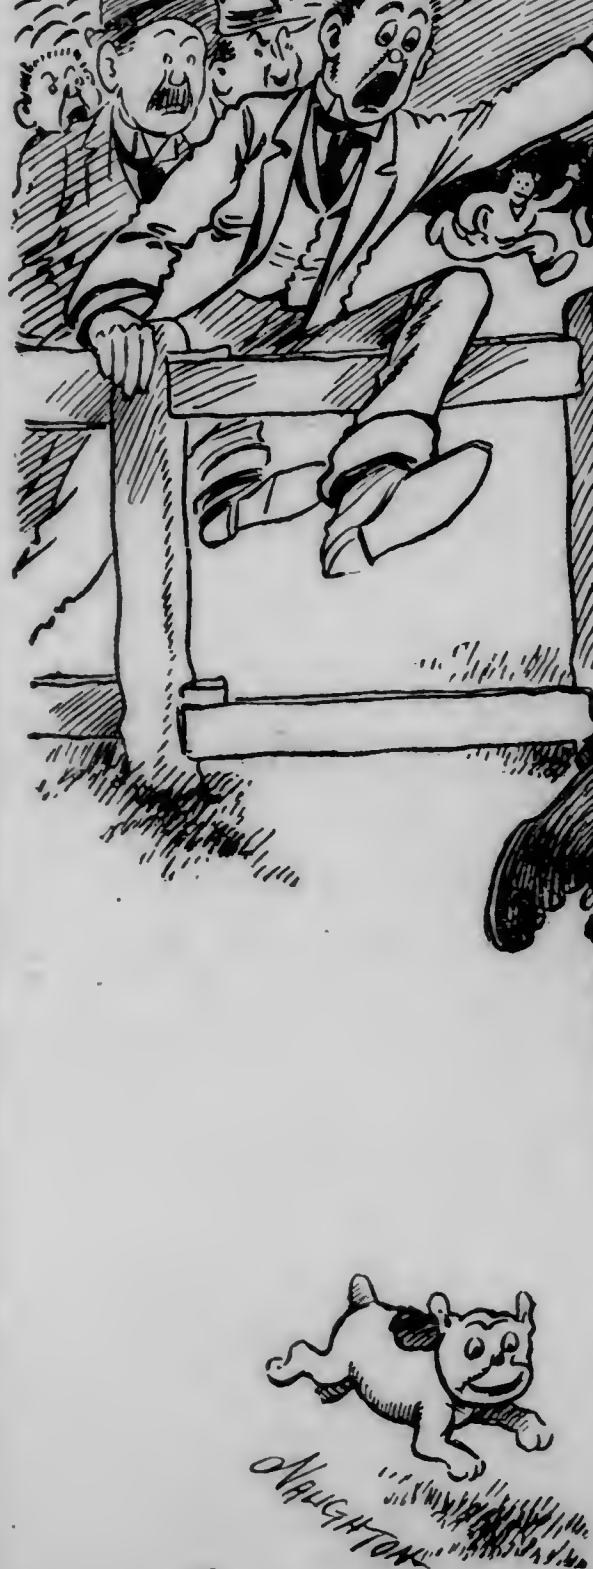

All His Season's Crops and Much Machinery Burned.

Henning, Minn., Sept. 18.—While a threshing machine was at work on Jacob Boyum's farm near here, a spark from the engine set fire to a stack of wheat and the whole season's crop, the threshing rig, traction engine and all implements were destroyed, entailing a loss of several thousand dollars.

TRANSPORT TO RESCUE.

San Francisco, Sept. 18.—The Merchant's Exchange today received a cable message from Honolulu saying that the United States army transport Buford had sailed for Midway Island to take off the stranded passengers of the Mongolia.

A BUSY DAY FOR THE VOTER

JAPANESE FISHERMEN CLASH WITH RUSSIANS AND KILLING RESULTS

Poachers and Officers Engage in Fierce Naval Fight.

Mikado's Men Accused of Sketching Plans of Forts.

Retaliate by Slaying a Score of Their Accusers.

Victoria, B. C., Sept. 18.—Advices were received from Japan today of a fatal affray between Japanese poachers and Russians off the Kamchatka coast, which resulted in the killing of a Russian officer and 19 men and the killing of a number of Japanese, including Lieut. Odake and a Japanese captain of a fishing vessel.

Six fishing vessels from Nigata, Hakata and Hakodate, Japan, were fishing when a party of Russians seized the vessels on the charge of poaching. Suzuki, an interpreter, drew a sword and killed a Russian sub-lieutenant. A melee ensued and nineteen other Russians and about a dozen Japanese were killed before the Japanese got their vessels away.

Another report tells of the firing on the Japanese fishing boats by the forts of Vladivostok. The Russian governor at Vladivostok says the action was due to the fact that the Japanese were sketching fortifications and making soundings.

BIG CRUISER GOES TO CUBA

Captain of Minneapolis Declines to State Exact Destination.

Philadelphia, Sept. 18.—The big triple screw cruiser Minneapolis, with 375 marines and a large quantity of ammunition and other supplies on board, sailed from the League Island navy yard today for Cuba, under command of Capt. Fiske.

The Minneapolis arrived here last week and was being placed out of the cruiser for sea. At the same time word was received from the Navy Department that the ship was to be sent to Cuba, under command of Capt. Fiske.

The ship was ordered here from Boston, Brooklyn, Annapolis, Washington and Norfolk, and then went aboard the Minneapolis yesterday. Capt. Fiske declined to say what particular Cuban port he had been ordered.

WIFE OF JOURNALIST KILLED BY STREET CAR.

Racine, Wis., Sept. 18.—Mrs. Mary Jane Starbuck, widow of the founder of the Cincinnati Times and mother of R. Starbuck, editor of the Daily Journal, was instantly killed, near Cincinnati, yesterday, by being struck by an interurban traction car at Hamlet, Ohio.

She started to cross in front of a slowly moving car, but it gained momentum as it descended a grade, striking Mrs. Starbuck at full speed, and killing her almost instantly.

DEATH FOLLOWS IN WAKE OF HURRICANE SINKING SHIPS AND THEIR CREWS

HARRIMAN HAS SCHEME

Makes Union Pacific Through Line From Ocean to Ocean.

Hill Interests Want Control of Rich Central Oregon.

New York, Sept. 18.—E. H. Harriman and his associates, it is said in quarters usually well informed, have acquired control of the Baltimore & Ohio Railroad company and propose using it, with probably the Chicago & Alton as the connecting link in making the Union Pacific a through line from ocean to ocean.

Mr. Harriman and James Stillman have for some time been directors of the Baltimore & Ohio, and presumably, with other members of the Union Pacific party, have been extensive holders of its stock. It is now said that the \$40,000,000 in round numbers of Baltimore & Ohio stock recently sold by the Pennsylvania Railroad company to Kuhn, Loeb & Co. has been disposed of by the banking house to the Union Pacific interests.

It is now understood that the holdings disposed of to Kuhn, Loeb & Co. comprise the \$28,800,000 of common stock and about \$10,000,000 of the preferred stock owned by the Pennsylvania already, leaving that company still the owner of about \$11,000,000 of directly held preferred stock and through its subsidiary companies, of \$18,600,000 additional stock of the two classes.

San Francisco, Sept. 18.—The second move in the great war of two railroads has been made. The Hill interests have gathered their forces and are contending with might and main to wrest from Harriman the control of the rich districts of Central Oregon. The purchase of the California Southern by the Southern Pacific was the first move in the game and was designed to forestall the plan of the Hill interests who have announced the intention of building a road from Butte, Mont., to Boise, Idaho, down through Central Oregon and finally ending at San Francisco.

News has now been received here that the Hill interests are not alone. The officials of the San Francisco, Idaho & Montana railroad have announced large contributions to the work and structural steel and say that the whole route has been surveyed and cross sections of that section of construction work will begin in a few days.

WHERE WILL THE CASH COME FROM?

Wall Street Wonders Where Harriman Will Get Required Funds.

New York, Sept. 18.—A representative of the firm of Kuhn, Loeb & Co. said today the report that they have sold the Union Pacific Railroad company, the stock of the Baltimore & Ohio Railroad company, which that firm purchased from the Pennsylvania Railroad company, is premature. Negotiations for the sale are under way, but not completed, Kuhn, Loeb & Co. announce.

Wall street is interested in the method to be adopted by the Union Pacific Railroad company to provide funds for the purchase of the E. & O. road. It is estimated that complete control of the road will cost about \$120,000,000.

The announcement of Kuhn, Loeb & Co. is the first official statement in confirmation of rumors current in Wall street for some time to the effect that Harriman was seeking a large interest in B. & O. With their large holdings in Chicago & Alton and the control of the Union Pacific and Southern Pacific, the acquisition of E. & O. would give the Harriman interests control of a railroad line from the Atlantic to the Pacific. Mr. Harriman and his associates would have a voice in the affairs of Reading, a large block of that company's stock being held in the B. & O. treasury.

LEGISLATURE IN HOLLAND OPENS

The Hague, Sept. 18.—The states general was opened today. The speech from the throne opening parliament dealt almost entirely with proposed domestic legislation.

It was announced that bills had been prepared for the permanent enlargement of sources of income. These include an income tax, an increase in the stamp duty on bonds and a duty on the sale of tobacco. A revision of the customs tariff will follow. The excise duty on sugar will be lowered and that on spirits will be raised.

A bill extending the financial autonomy of the East Indian countries was announced.

Typhoon Strikes Hongkong and Paralyzes Business.

Three Vessels Wrecked and All on Board Go Down.

For Two Hours Storm Spreads Destruction to Shipping.

Manila, Sept. 18.—Cable reports from Hongkong state that a typhoon, which sprang up suddenly at 10 o'clock this morning, did enormous damage to the shipping in that port.

The German steamer Johanne and the British steamer San Cheung were sunk.

The Hongkong, Canton & Macao company's steamer Fatsan founder, and of the crew the pursuer and mate alone survive.

The Canadian Pacific Railroad company's steamer Montague went ashore. All business in the city is at a standstill. The typhoon lasted two hours.

Hongkong is an island situated in the China sea, off the coast of China, from which it is separated by a narrow strait. It was yielded to Great Britain by treaty in 1842. The roadstead has a well protected anchorage. Victoria, the capital (itself commonly called Hongkong), is situated on a magnificent bay of the same name, setting up into the north side of the strait. It is a great center of the foreign trade of China. Total exports are roughly estimated at \$152,000,000, and imports at \$100,000,000. As a British colony in Chinese soil, it is the most important in its political and defensive position, and is the headquarters of the military, naval and mercantile establishments. The population of Hongkong, the city, is about 275,000.

Later advices have it that a disastrous typhoon occurred here today. A dozen steamers in the harbor have been sunk and others are in a sinking condition, or have been driven ashore. The American ship S. P. Hitchcock is ashore.

The British steamer Kwongchow has sunk. The steamer Mont Eagle, belonging to the Canadian Pacific Railroad company, is ashore. Two other British steamers, the San Cheung and the Wing Chai, have sunk. The Fatsan is ashore. The German steamer Appenzeler is in a sinking condition, and the German steamer Petch and the German steamer Emmanuelsen are ashore. The German steamer Prinz Balder is damaged. The Mont Eagle had her stern post broken. Attempts are being made to float her.

HOTEL BURNED AT BIG FALLS

Fire Spread So Rapidly That Everything Was Destroyed.

Big Falls, Minn., Sept. 18.—(Special to The Herald.)—The Exchange hotel and contents were totally destroyed by fire Sunday night, entailing a loss estimated at \$3,000 on the building and \$1,000 on the furniture and fixtures. The hotel was the property of William Harsch, and he is at a loss to account for the origin of the fire. Mrs. Harsch had been in the kitchen, at about 8 o'clock in the evening. She went into the dining room for a few moments, and when she stepped into the kitchen again, the whole interior of the room was in flames, and she believes that the fire caught behind the cook stove, in the wood box. The fire spread with such rapidity that it was impossible to save anything in the rooms of the hotel. The entire building was afire and burning fiercely. The alarm of fire was responded to by the firemen and the gasoline fire engine was used, but owing to the lack of a sufficient supply of water, it was impossible to check the flames and the building was soon burned to the ground. Mr. Harsch carried no insurance on either the building or its contents, and his loss is total.

Tomorrow—Wednesday Last of the Formal Opening Days

It is an exhibit of apparel and furs that you ought to see even though you are not quite ready to buy.

We've never quite reached our present goal in any of the preceding seasons, either in largeness of stocks, their quality and variety—or, in the values that we offer!

You owe it to yourself to come and see—never mind the buying—suit yourself about that—our mission is ended after you get here—the merchandise itself is then on trial!—whether we deserve your patronage or not remains with you.

One thing, however, you can feel certain of—no store has worked so hard or earnestly to merit your business or your confidence as has this one.

Our spring and summer business has shown us conclusively that you appreciate our efforts. We are looking for greater results than ever this fall.

ITALIAN STABS FATHER AND SON

Blood-Letting Crime in a Railway Camp at Bluffton.

Fergus Falls, Minn., Sept. 18.—A serious cutting affair is reported from the village of Bluffton. A gang of Italian track men, and a handcar, propelled by Antonio and Bragio Romano, father and son, was coming down the track and narrowly escaped running over a fellow workman who was walking into camp. As soon as the man reached the camp he made for the Romano and attacked them with a knife. He stabbed the elder man in the back and hip, inflicting two ugly and very serious wounds, and cut the younger about the arms, but not dangerously. He then made his escape and is supposed to be heading for Chicago, where the majority of the gang reside.

SUICIDE OR MURDER.

Eagle Point Woman Alleged to Have Taken Carbolic Acid.

Warren, Minn., Sept. 18.—Mrs. Neils Anderson, living at Eagle Point, in the extreme northwest part of this county, committed suicide yesterday, taking carbolic acid. The coroner, in company with the county attorney, arrived there yesterday. After driving through mud and water about thirty miles they reached the scene of the crime on the bank of the Red River of the North, that was built on an incline. The cabin had one room downstairs and a garret upstairs. In this single room was one bed, a kitchen stove and some broken furniture, and lying on

The Northwest's Most
Reliable
SPECIALIST
In the Diseases of Men.

Many a bright and promising career has been blighted by injurious habits of folly before the age of knowledge and understanding, and many have been cut short by the unfortunate contracting of some poisonous special disease, which, through neglect, or improper treatment, has completely undermined and shattered the physical strength and mental faculties. No greater mistake can be made than to consider lightly the first evidence of the introduction of any disease into your system or to neglect the first symptoms of debility caused by habits, dissipation, etc.

Such indifference and neglect of the first symptoms are responsible for thousands of human wrecks, failures in life and business, insanity, suicide, etc. Why take such desperate chances? The manifestations of the first symptoms of any disease should be a warning for you to take prompt steps to safeguard your future life and happiness. You should carefully avoid all experimental, dangerous or half way treatment, for upon the success of the first treatment depends whether you will be promptly restored to health again, with all the vigor and energy of your system, or whether it be allowed to become chronic and subject you to future recurrences of the disease, with the various resulting complications. KIDNEY AND URINARY DISEASES, SMALL, WEAK ORGANS, SEMINAL EMISSIONS, STRICTURE, DISCHARGES, VARIOUS SEXUAL DEBILITY, CONTAGIOUS BLOOD POISON and all diseases and weaknesses due to habits, dissipation, or the result of specific venereal disease. Write or call if you cannot call. CONSULTATION FREE AND CONFIDENTIAL.

Office hours, 9 a. m. to 5 p. m. Sundays, 10 a. m. to 1 p. m.

Progressive Medical Association,

CELEBRATE HOLIDAYS

Jewish People Will Observe New Year With Solemn Rites.

Rabbi Blum Comes From Chicago to Take Charge of Services.

Beginning tomorrow the annual holiday season of the Jewish people will extend for a period of ten days until the Day of Atonement. Tomorrow is the Jewish New Year's day and is a sacred holiday among the people of this race. It will be celebrated with feasting and the giving and receiving of presents and memorials.

Thursday is also a holiday and is celebrated by the Jews in the same manner as their New Year's day and the feasting goes on in the same way, but Saturday is a day of fasting, with a number of solemn religious services. As there is no regular rabbi in charge of the local congregation since the departure of Rabbi Mendel Silber who has just taken charge of the congregation at St. Louis, Rabbi Robert Blum will be in the city during the holidays. He will conduct the services at Temple Emanuel and will have charge of all the events in which his people take part during the next few days. Rabbi Blum comes from Chicago and will remain in Duluth only during the holiday season.

STORIES ARE CONFLICTING

George Hoffman and Mrs. Kumm Have Different Versions.

George Hoffman, charged with assault in the third degree and Mrs. Helen Kumm, charged with drunkenness entered pleas of not guilty in the municipal court this morning. Hoffman's trial was set for this afternoon. Hoffman's bail was set at \$50 and the woman's at \$45, but neither were able to furnish a bond.

They were arrested last evening. Mrs. Kumm was found unconscious in the street near Hoffman's residence. The police allege that she was intoxicated. She told the officers that when she entered Hoffman's home she found some things that belonged to her he attacked her.

Hoffman claimed that Mrs. Kumm had been at his home for some time nursing his wife, but that she came home intoxicated and began smashing things. He alleged that for the purpose of preventing further damage he turned her out of the house and that she fell to the ground. Hoffman said he did not strike her.

Seeks a Divorce.

Mrs. Albert Wright filed a complaint in district court against her husband, William H. Wright, and asks for complete divorce. She is represented by Charles A. McPherson. The couple were married Oct. 28, 1905, and that Mrs. Wright is 30 years of age while her husband is 35. The complaint alleges that ever since the marriage, Mr. Wright has treated her in a cruel and inhuman manner, and that on Aug. 16 last beat her until she was insensible. She claims that Wright then deserted her and disappeared. Mrs. Wright complains in the complaint that she has never fully recovered from the rough treatment and asks that a divorce be granted.

Case Is Settled.

The case of the Longview Lake Lumber company against Benjamin L. Coleman has been dismissed in district court, attorneys on both sides having agreed upon a settlement.

Had No Right to Reject.

Deciding that Clinton J. Petruschke had no right to reject the carload of lumber for which he refused to pay, the jury in the case of C. J. Meigs against Charles J. Petruschke awarded a verdict in favor of the plaintiff yesterday afternoon. The amount of the judgment included is \$1,000 which is practically the same as what was asked for by Mr. Meigs.

Human Society.

All members and friends are requested to attend the annual meeting of the Duluth Human Society, Wednesday, Sept. 19, 1906, council chamber, city hall, 9 p. m.

No Personal Preference.

In The Herald last evening it was stated that J. J. Wall had picked "Boxes to win in the sherry fight. Mr. Wall wishes it understood that his slate does not express any personal preference, one way or the other, but that he merely takes the odds as they appear to him.

Many Attend Funeral.

The funeral of Ernest Eisenbrandt, who died of apoplexy at Lakeside a few days ago was held yesterday afternoon from the family residence, 31 Sixtieth avenue east. The pall bearers were members of the Butchers' union, of which the deceased was a member at the time of his death. A large number of the O. U. W. and O. F. members, of which orders Mr. Eisenbrandt was also a member, attended the funeral and the interment took place at Calvary cemetery.

Case Is Dismissed.

The attorneys in the case of Edward Butler against the Duluth Street Railway company have settled the matter and the case has been dismissed.

Cases for Wednesday.

Judge Ensign this morning assigned the following cases for tomorrow: Nos. 30, 31, 32, 33, 34.

BODY RECOVERED.

Little Falls, Minn., Sept. 18.—The body of Silas Hammond, which has been in the Mississippi river since Sept. 4, came to the surface Sunday. It was an employee of the M. & R. R. company.

SELLS HIS NEW HOME

J. A. Watterworth Disposes of Fine Residence for \$20,000.

Purchases Two Choice Sites and Will Build Again.

Three large real estate deals in East and property, involving an aggregate consideration of \$72,000, which have been negotiating for some days past, were closed today through the office of Stryker, Manley & Buck.

John A. Watterworth of the contracting firm of Watterworth & Fee has sold his handsome residence property at the northeast corner of First street and Twenty-first avenue east, to Alfred Merritt of this city for \$20,000 cash.

Mr. Watterworth has purchased the northeast and northwest corners of Twenty-fifth avenue east and First street for \$3,250 each, and expects to erect another house on one of the corners in the immediate future.

The residence property which Mr. Merritt bought is described as fractional lots 15 and 16, Highland Park addition, and lots 15 and 16, New Edison division. The house is a large brick structure standing on a corner, 90 by 100 feet, and was built by Mr. Watterworth for himself a year ago.

The northwest corner of Twenty-fifth avenue east and First street was bought from Horace P. Chandler of Boston. It comprises lots 9 and 10, block 5, Westover division. The property has a frontage of 100 feet on First street and 140 feet on Twenty-fifth avenue.

The northeast corner, which was purchased from Dr. J. G. Harris of this city has the same frontage on the street and avenue. The property is described as lots 13 and 14, block 1, Westover division.

These transfers were referred to in the real estate columns of The Herald last Saturday, but at that time the negotiations had not reached a point where the parties concerned wished to have the sales published.

HEAVY RAINS ADD TO NEBRASKA DOWNPOUR.

Omaha, Neb., Sept. 18.—The heavy rain of Sunday and Monday night have been supplemented by a heavy downpour since daylight today and the breach lines of the railroad of the state are very badly demoralized. In some places the train service has been abandoned and some of the great western lines have been washed out near there.

Resources of Canada.

Canada is no longer a mere colonial possession but a growing ambitious country with national aspirations. Its importance and increasing power in the commercial and industrial world is being manifested everywhere.

Hostetter's Stomach Bitters has been so strongly manifested in the minds of the people that it is regarded by most everybody as the only safe and sure cure for stomach troubles.

If you have tried it you know its wonderful curative properties, but if you have not, let us urge you to do so today. You'll see how quickly it will strengthen the stomach and digest the food.

HAPPENINGS IN THE DAKOTAS

Farmer Almost Killed While Working in a Hay Field.

NORTH DAKOTA.

Flasher—While he was driving a hay rake, Russell Brown's horses became unmanageable, and he was thrown from the seat to the ground between the teeth of the rake and the horses' heels. In this position he was dragged a mile, being severely kicked by the horses, lacerated by the tines of the rake and bruised by contact with the hard ground. Finally he managed to stop the horses and drag back home. His injuries are serious, but he will recover.

Janestown—Gottlieb Klein, 25 years old, employed at the Russell-Hiller mill, was struck and killed by lightning. He had gone to the mill to work on the log and when the bolt hit him, and he fell twenty feet to the floor. He was severely burned about the face and on one leg, and is supposed to have died almost instantly.

Norman Cullen, who was in the cupola with Klein, felt the shock, but was not seriously injured. The mill sprang into flames. Lightning also struck the North side schoolhouse. John Sprout, janitor, was severely shocked, but will recover. Both buildings had been struck by lightning before.

Williston—H. C. Delaney of this place has been awarded the contract for the construction of the Williston water project. Delaney is to furnish everything and complete the work in a year, for which he is to receive \$38,000. There are 15,000 cubic yards of excavation in main and two miles of lateral and twenty miles of drains.

Fargo—Another postoffice robbery has occurred in this state, and Colgate was the objective point this time. The safe was not blown, but the till was tapped and a lot of stamped envelopes and cash taken. In addition some clothing and shoes were taken from the store of

D. E. H., Sept. 18, 1906.

Price \$5.00 Sizes 7 to 16

Sold Exclusively by

COLUMBIA CLOTHING CO.

E. H. Badger, in which the postoffice is located.

Grand Forks—James Barnes, a stranger, was found unconscious with his jaw broken near the university bridge. He was badly bruised, but it is not known how he sustained his injuries. One theory is that he was the victim of a holdup, while the police are inclined to believe he was struck by a train. He was brought to the hospital here, and it is said he cannot live.

Cooperstown—Frank Rowe, while working at the engine in Olson's elevator, became entangled in the shafting and was whirled around at a great speed until his clothing was torn entirely off and he was released. His legs and several ribs were broken.

SOUTH DAKOTA.

Huron—A day or two since there arrived in this city a woman about 35 years of age. She came from Alexandria, Russia, and was in pursuit of her first husband. Immediately on her arrival she had a conference with an attorney and later a warrant was issued for A. Aktersky, who was taken into custody by Sheriff Young. The warrant charges Aktersky with bigamy and the complaining witness claims to be the wife whom he left in Russia with two children some years ago. Wife No. 1 arrived in this country year or more since Aktersky has been in search of her husband whom she found here operating a tailor shop in the city. She claims to have married in the southern part of the state a year ago. Aktersky gave security for his appearance and a hearing will be had later. Wife No. 1 is a pleasant-looking woman, but unable to talk English. She has with her a marriage certificate and also a photograph of herself. Aktersky and her two children, and other evidence showing him to be her husband.

Vienna—The usual peace and quiet of this thriving little town have been broken by several sensational growing out of the mysterious disappearance of Miss Pearl Henry, who made her home with her grandparents, Mr. and Mrs. Peter McLaren, who reside near this place. The latest sensation in connection with the case was the arrest of Henry Grumb of Brookings, on the charge of being responsible for the disappearance of the girl. The evidence against Grumb is that for fifty-three years it has been known that he was a kidnaper, a wholly circumstantial case consisting chiefly of his acquaintance with the girl and the fact that he had been in the city of Brookings at the time of her disappearance. In default of bonds in the sum of \$1,000 he has been lodged in the county jail pending the convening of a grand jury to investigate.

Deadwood—The forest reserve service is still pursuing a relentless warfare against the red squirrels, which are among the greatest foes of forests. In the last few months, the various rangers have issued about ten thousand permits for exchange of squirrel tails at the rate of a box of fifty cartridges for every squirrel tail turned in by the hunter. This means that the small boys of the hills have killed over two thousand red squirrels.

Sioux Falls—As the result of a hearing before Judge Carland, an order has been issued granting authority to T. F. Purdy of Pittsburgh, Pa., and J. O. E. Purdy of Dakota Water company, to reduce the rates charged by the company 25 per cent below the rates which the company has heretofore charged. The company owns a waterworks system in Sioux Falls.

NATIONAL ISSUES KEPT TO THE FRONT, SAY DICK.

Columbus, Ohio, Sept. 18.—Announcement was made today by Senator Charles Dick when he arrived from Alaska and took personal charge of the Republican state headquarters for the campaign that he will take the stump himself during the campaign and defend his and Senator Foraker's course in congress.

"National issues will be kept to the front during this campaign," he said.

THE IVERS AND POND PIANO,

Mechanically and artistically perfect—is sold in Duluth only by

Duluth Music Co.

222-224 W. First St.

FURS!

Now is the time to leave your order for your new fur garment, or to bring your old one in for repairs. Later there will be a rush and you may have to wait. I make a specialty of Alaska Seal and other fine furs and guarantee absolute satisfaction, having had a life-long experience. Call Zenith phone 125-1 or Duluth 1123-L.

INSANE PATIENTS DEPORTED.

Fergus Falls, Minn., Sept. 18.—Dr. Scogley of the insane hospital staff left for the East yesterday with five non-resident patients. The patients are Keller Aho, Joseph Bystre, Elmer Fremo, Joseph Ramsay and David Lindall. Four of them are being sent to other states and Canada, while Aho will be sent back to Finland at the expense of the steamship company that brought him over, he having become a public charge within less than two years after landing.

Celebrated Hats

304 West Superior St.

You Can Save Money By Trading Here

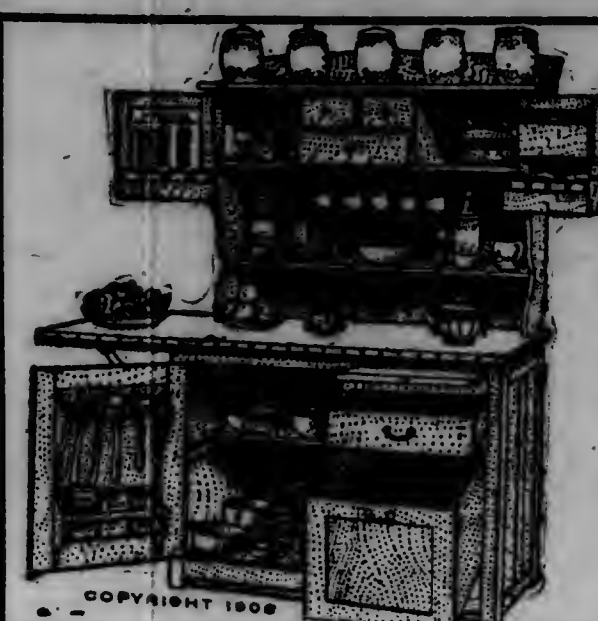

LIBRARY TABLE
\$6.50

Genuine quarter sawed oak, shaped legs, like cut and finely finished. Other values equally as good all through the line.

Boston Leather Couch
\$10.75.

Solid oak frame, heavy steel springs, carved feet. A splendid value. Covered with an imitation leather—the best on the market.

A McDougall Kitchen Cab't.

Occupies no more floor space than a kitchen table—it makes work easy—you have a place for all your kitchen things—large flour bins, plenty of cupboard room, convenient spice boxes—indexed cards for the recipes you use most—everything at your fingers' end. You will find it the most useful article in your kitchen—next to a Buck's Range.

A Dollar Saved is a Dollar Earned.

People often get into the habit of always trading at one store. They don't look around to see what other stores offer.

Our business has grown to its present volume because people find they can save money here—are always sure of high quality—a splendid assortment to choose from—the latest patterns—best workmanship and absolute satisfaction—all these, combined with low prices and a square deal for every one, have given this store its present position.

Cobbler Seat Rocker
\$1.65.

All oak Rocker—high back, turned spindles and cobbler seat. Well made and comfortable—notice the price.

All Oak Diner
95c

Genuine oak—good cane seat and made with high back. Finished in golden oak. Only a sample of our values in diners.

Victor Concert

SEPT. 19th AT 3:00 P. M.
Assisted By Chas. Applehagen.

We cordially invite you and your friends to come and enjoy our Victor Concert.

PROGRAM

- PART I.**
1. March—"Hapsburg".....Kral Sousa's Band.
 2. Duet—"When You and I Were Young, Maggie".....Butterfield Miss Morgan and Mr. Stanley.
 3. Solo—"Dich Theure Halle".....Wagner Mmc. Galski.
 4. Solo—"If I Were a Rose".....Ed Hesselberg CHARLES O. APPLEHAGEN.
 5. Selection—"Pearls and Rubies".....Mattel Knabe Angelus.
 6. Solo—"For All Eternity".....Mascheroni Emilio de Gogorza.
- PART II.**
7. Selection—"The Butterfly".....Bendix Pryor's Orchestra.
 8. Solo—a. "L'Incredule".....Hahn b. "The Year's at the Spring".....Bach Mmc. Emma Eames.
 9. "Crucifix".....Faure Stanley and Macdonough.
 10. Song—"Bedoin Love Song".....Prinsuti CHARLES O. APPLEHAGEN.
 11. Solo—"Lo, Hear the Gentle Lark".....Bishop Mmc. Nellie Melba.
 12. Tenor solo—a. "Vesti La Giubba".....Leon Vavallo b. "Una Furtiva Lagrima".....Donizetti Signor Enrico Caruso.
- MISS SIMONDS AT THE PIANO. VOSE GRAND PIANO USED.

Announcement—Linen Dept.

We have just received our new fall line of linens and placed on sale Monday and continue all week, some extraordinary good values.

Doilies—Center Pieces—Tea Cloths—Napkins—Scarfs—Dresser Covers—Tray and Carving Cloths, etc.

Beautiful patterns that are exclusive in Duluth.

We are in position to furnish Table Cloths with Napkins to Match—Cellular Asbestos Table Pads—Bed Room and Bath Towels—Bed Spreads—Sheets—Pillow Cases—Blankets, etc.

At Special Prices All Week.

Couch Covers.

60 inches by 3 yards—fringed all around—a \$3.00 value for—**95 Cents Each.**

60 inches by 3 yards—heavy cover fringed all around—\$5 value for—**\$2.25 Each.**

Portieres.

One lot of Portieres—with Oriental stripe border—50 inches by 3 yards. Regular price from \$8.00 to \$10.00 per pair.

Special Price \$5.50 Per Pair.

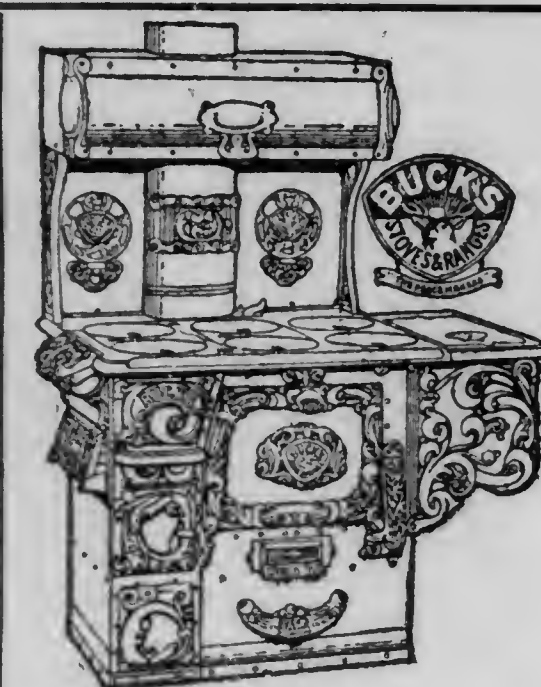

Lace Curtains.

We have just received a large shipment of Lace Curtains—in white and Arab. These are sorted in three lots—

LOT I—Consists of Scotch, Cable and Irish Point Nets that would sell regularly at from \$5.00 to \$7.00 per pair. **Special for this sale \$3.00 per pair.**

LOT 2—Consists of Brussels Net, Arabian Cluny, Novelty Point de Luce—all high grade Curtains. Regular \$8.00 to \$12.00 values. **Special \$4.75 per pair.**

LOT 3—Consists of very fine Brussels, Arabian Cluny, Point de Reve, Fil-de-Fer, Fillet, etc. Regular prices \$20.00 per pair—**Special at \$12.50.**

A HAPPY HOME MAKER

That's what Buck's Ranges are. Nothing is so discouraging as an oven that won't bake. It creates an ill temper—kitchens that have Buck's Ranges in them turn out a happy smile with every brown loaf of bread, with every light cake and with every juicy roast. When you buy a Buck's Range you get all these, together with a first-class, high-grade, finely-finished range.

Why buy a cheaply made, poor working range—it costs you less perhaps at first—but always more in the end. In a BUCK'S you get a duplex grate for wood or coal—range body of one piece of blue steel—no joints—bottom flue—steel oven—heats quickly—never warps or cracks and many other points that we will gladly show you.

BUCK'S HEATERS.

Buck's Heaters are HEATERS—you get all the heat from your fuel. The large cold air flue at the back takes up cold air from floor, forces it out at the top HOT—you have a good circulation of air in your room, consequently the room is heated all over—no dead air. Revolving fire pots, heavy duplex grates, a device for preventing ABSOLUTELY any gas from coming into the room; large ash pans, large flues, finest grade of nickel ever used on any stove—never turns blue from over heating—looks like a lead nickel from use. There is no stove on the market today that will give you the satisfaction a Buck's Heater will. Sold on an absolute guarantee.

One Car Has Arrived, Another Car On the Way.

50c at W. A. ABBETT'S STORES.

noon and were taken for a drive on the boulevard, as the guests of the local veterans.

Both will give addresses at the camp fire this evening. The program will begin with a musical number by the Willis A. Gorman post's drum corps. Then John R. Randall, commander of Willis A. Gorman post, No. 12, Charles M. Wilson, commander of J. P. Culver post, No. 123, and John H. Norton, of the Sons of Veterans, will greet the visitors and welcome them on behalf of the bodies they represent.

The addresses of welcome will be followed by an address by Mr. Longfellow. Miss Effie Brotherton will give a recitation, "The Whistling Regiment," and Miss Marie J. McDowell will recite, "The Tramp of Sherman's Army." Mr. Clark will also give a talk and there will be several numbers by the drum corps and a quartet.

Commander Longfellow and Mr. Clark will remain in the city until tomorrow and they will probably address the pupils of the high school tomorrow evening.

Vote for E. L. FISHER For SHERIFF.
Polls open until 9 p. m.

NOVELIST WOULD BE A GOVERNOR

Winston Churchill Stumps New England State for Votes.

Concord, N. H., Sept. 18.—The most interesting Republican state convention in New Hampshire in many years is held here today. The extraordinary canvass which has preceded the convention has largely developed from the entrance into the field of the gubernatorial nomination of Winston Churchill, the novelist, who is Republican leader of the anti-corruption movement, launched by the newly formed Lincoln Republican club of New Hampshire. For the past six weeks Mr. Churchill has toured the state, making a large number of speeches in support of this platform, which is aimed chiefly at the

Boston and Maine railroad and which calls for the abolition of a lobby in New Hampshire politics. The other candidates for the nomination are Charles H. Greenleaf of Franconia, member of Governor McLean's council and former State Senator Charles W. Pillsbury of Manchester; Rosecrans W. Pillsbury of Londonderry, former state legislator; and Stephen E. Gale of Exeter.

Mr. Greenleaf is known as the north country candidate while Mr. Pillsbury's strength is said to lie in the southern section of the state. Both Mr. Greenleaf and Mr. Pillsbury are known as "regulators" or Republicans satisfied with the party record in the state as well as in national affairs. Mr. Pillsbury stands upon a platform which alleges extravagance in state finances, and charges among other things, the crumming and maintenance of useless commissions.

The candidacy of Greenleaf and Pillsbury said to have split the Republican organization. Every delegate to the Republican state convention today was prepared for a long drawn out battle and no one disputed the assertion that the fight for first place on the ticket would be one of the keenest in the history of the Republican party.

The candidates for governor are Charles H. Greenleaf, Charles W. Pillsbury, both of whom are regarded as "stand patters," Rosecrans W. Pillsbury who has made charges of extravagance in the use of state moneys, and Winston Churchill, the novelist, candidate of the Lincoln Republican club of New Hampshire, whose platform contains vigorous charges against the Boston & Maine railroad. Col. Churchill also demands reform in several directions, including direct primaries, the discontinuance of railroad passes and the election of railroad commissioners by the people.

Stephen E. Gale was still in the field today, but it was not expected he would figure prominently in the convention.

The Churchill delegates early today.

MORNING HEADACHE.

A Universal Remedy for a Common Malady.

The most distressing form of headache is the kind that comes shortly after arising. Women especially are liable to suffer from attacks which sometimes last an entire day. If the proper remedy is not at hand, many will be glad to know that Beecham's Pills quickly cure the worst forms of these headaches, which are usually an indication of some stomach or liver disorder. Headache, biliousness, salivary skin, constipation and all digestive derangements disappear after a few doses of Beecham's Pills.

were in a joyous mood because of a rumor, which was not denied, that the issues raised by their candidate in his campaign occupied the major portion of the platform which was tentatively adopted last night by the committee on resolutions.

Wholesale baking, madam, depends upon the kind of baking powder you use—Hunt's Perfect makes wholesome bread.

Vote for E. L. FISHER For SHERIFF.
Polls open until 9 p. m.

BRIEF TELEGRAMS.

Mrs. Marion Wallace Vail of St. Louis, daughter of the confederacy, who was conspicuous during the Civil war as a nurse, is dead. She was banished from St. Louis by Gen. Leighton for releasing Confederates during her work in the prison.

Plans are being completed in Kansas City for the practical rebuilding of the Kansas City & Southern railway. A corps of engineers is now in the field making surveys for shortening grades and reducing curves. A new survey is also being made for an extension of the line to New Orleans.

In a letter addressed to Samuel Seabury, chairman of the independence league convention in New York and made public last night, George A. Fuller, of Philadelphia, N. Y., formal treasurer tendered him by the convention.

Daniel T. Hunt, Illinois manager of the American Surety company of New York, and former president of the North Chicago and West Chicago Railroad companies, died in Chicago suddenly of heart failure.

Gov. Dineen of Illinois issued regulations on the governors of New York and of New Jersey for the extradition of Paul G. Senechal, president of the failed Milwaukee Avenue State bank of Chicago. The necessary papers were sent to both states, because it is not known in which Senechal will land.

The territorial statehood convention held at Phoenix, Ariz., and nominated Charles F. Alvord of that city as candidate for delegate to congress. The platform endorsed President Roosevelt and invited the labor vote.

The International Brewery Workers' convention at Toronto rejected a motion to withdraw from the American Federation of Labor and affiliate with the Industrial Workers of the World. The constitution was amended to allow stablemen to join the Brewery Drivers' union.

Tex., has authorized District Attorney Warren W. Moore to compromise the forty-nine cases pending against all the express companies doing business in Texas and the railroads over which they operate for alleged violation of the anti-trust law.

Walter Poppert, aged 55 years, son of George Poppert, president of the North Milwaukee Manufacturing company, was instantly killed by an engine on the Chicago, Milwaukee & St. Paul railroad. He was crossing a railroad track near the manufacturing plant and in getting out of the way of one of the engines stepped in front of it.

Gen. Michael Dunn, former building inspector and private secretary to former Mayor Ross of Milwaukee, who was convicted and sentenced to eight months in the house of correction on the charge of receiving a bribe from the Pabst Brewing company, was pardoned by Governor Davidson.

J. H. A. Bone, veteran, associate editor of the Chicago Plain Dealer and one time boyhood chum of John D. Rockefeller, died in that city today from cancer. Mr. Bone was born in England, in 1830. While still in his teens he was contributor to the newspapers of London and Liverpool. He came to Cleveland in 1881 and became a member of the staff of the Cleveland Herald and wrote many articles for the various magazines.

DIED BY BLACKHAND.

After All Revolutionary Death Sentence Killed Him.

Vienna, Sept. 18.—Reports received by the Neuwesener Tageblatt says Gen. Treppoff at the general council at Paterhof, Aug. 1, said: "We have made a fearful mistake in not having formed a cabinet representative of society." Emperor Nicholas, indignant at the observation, avoided Gen. Treppoff henceforth. Later Gen. Treppoff presented the emperor with a project he had elaborated respecting the sale of the crown lands, but the emperor coldly ordered him to hand it to Grand Duke Nicholas, his bitter enemy.

Gen. Treppoff took his treatment to heart, coming from the hands of those to whom he had devoted his entire life and passed his last days in the closest retirement suffering intensely from depression. Early on the morning of Sept. 13, Gen. Treppoff found on his writing table a document, which he knew, as he unfolded it, was a death sentence from the revolutionary committee. Greatly agitated he was seized with a cramp of the heart and it was a recurrence of this that eventually caused his death.

DAMAGE IN NEBRASKA.
Lincoln, Neb., Sept. 18.—The tremendous rain of last night caused heavy

damage. North of Valparaiso, the Union Pacific had several miles of track washed out, and also a long section near Raymond. The Omaha train, due out of Lincoln this morning was unable to proceed. The North-western road also is a victim of floods.

At Wahoo, the bridge was washed away and it was necessary to transfer passengers there. At Raymond four inches of water fell in two hours. Many bridges were carried out and a foot of water was running through the streets.

KELLIHER VOTES BONDS

For the Purpose of Building Better Roads in Township.
Kelliher, Minn., Sept. 18.—(Special to The Herald.)—The special election held here for the purpose of voting on the proposition to bond the town of Kelliher in the sum of \$7,000 for the building of better roads within the township, resulted in a vote of 55 to 1, in favor of issuing the bonds.

The Commercial Investment company of Duluth has signified a willingness to purchase the bonds, and when the money is obtained the greater portion of it will be expended on the road between this village and Shotley postoffice, and if the present plans of the town board of supervisors are carried out, in attendance.

before another year the hitherto impassable Shotley swamp will be crossed by an excellent road, which will be built along the ditch, making a permanent, dry thoroughfare. The supervisors of Shotley township have already voted money to improve the road, and will continue to operate with the officials of Kelliher in extending the road for the benefit of the many settlers who are almost unable to get in and out of the country. It is expected that work will start on the road Oct. 1.

ATTEMPT MADE ON LIFE OF AUSTRIAN PRINCE.

London, Sept. 18.—According to a dispatch from Budapest to the Daily Mail, an attempt was made September 16 on the life of Archduke Francis Ferdinand, the heir presumptive to the throne of Austria-Hungary. As the prince was traveling through Sarag-Targin, on the life of Archduke Francis Ferdinand, the heir presumptive to the throne of Austria-Hungary. As the prince was traveling through Sarag-Targin, on the life of Archduke Francis Ferdinand, the heir presumptive to the throne of Austria-Hungary. As the prince was traveling through Sarag-Targin, on the life of Archduke Francis Ferdinand, the heir presumptive to the throne of Austria-Hungary.

BOILERMAKERS' CONVENTION.
Pittsburg, Sept. 18.—The eighteenth annual convention of the American Boilermakers' association of the United States and Canada opened here today with several hundred delegates in attendance.

A Public Duty and Its Performance

If you personally owned the entire equipment and personally controlled the entire organization of the American Cigar Co.—

And if you used this equipment and knowledge to produce cigars exclusively for your own smoking—

You could make no better cigars nor make them more carefully than we are now making them for you.

We believe that the possession of the largest equipment, organization, resources and business ever known in the cigar industry, binds us to a public duty to give the public the best cigar possible to make. Furthermore,

It is Good Business Policy

We are good enough judges of human nature to appreciate the fact that meritorious service is the best and most permanent foundation for commercial success.

If we give better cigars at lower cost than can be given by any other manufacturer, we shall secure, by perfectly logical and common-sense methods, what is virtually a franchise from the public to supply it with its cigars.

A franchise based upon public preference is stronger and more enduring than any that can be secured by legislative enactment, and it is this sort of franchise, obtained in this way, that we are after.

Gaining Success by Deserving It

Cigar smokers know what they want. Taste is constantly improving, demanding better goods all the time. There is no way of forcing people to purchase any brand of cigar which does not appeal to them on its own merits.

From the beginning, we have devoted the entire force of this organization and equipment to the problem of improving cigar quality and lowering cigar cost.

THE "TRIANGLE A"

MERIT MARK

Stands for Honest Cigar Values

An "All-Around" Production

The products of our various factories include every variety of cigars—from the little cigar such as the "Royal Bengals" to the highest type of "Seed and Havana."

An important advantage in this comprehensiveness of output lies in the power it gives us to grade our tobacco very accurately. This assures unvarying uniformity—a feature much appreciated by the discriminating smoker.

The tremendous improvement in quality, due to our new and exclusive processes of curing, blending and ripening American grown leaf, extends through our entire line.

These processes are performed in our own gigantic "stemmeries." They have superseded the

old, crude haphazard methods which have been followed with blind devotion since the days of Sir Walter Raleigh.

These scientific processes have improved the domestic cigar at least 100 per cent., giving a "mellowness," mildness, freedom from bitterness and a developed fragrance to our 5c. cigars, for example, which were by no means common even in the roc. cigar a few years ago.

An Unbroken Line of Successes

This improvement has been demonstrated to the smoking public with ever-increasing emphasis by the appearance of brand after brand of cigars selling at 5c. possessing a superiority which has made them instantly popular and permanently successful. These are of different brand-names and different characteristics, but are all marked with our "A" (Triangle A) merit-mark and possess the fundamental qualities of fragrance and "ripeness" for which the "A" (Triangle A) stands unerringly.

This "A" merit-mark appears on the front of every box containing such cigars, and may be accepted implicitly as a guarantee of mellowness, "smoothness," quality, fragrance and uniformity of character.

The NEW
Cremo
Victoria Size-50

The latest "A" (Triangle A) production is "The New Cremo" in Victoria size at 5c. which, perhaps better than all that have preceded it, exemplifies the immense improvement that has been effected by our experiments and equipment.

Our purpose is that our organization and resources shall always be used to the increasing betterment of cigar quality and to the lowering of cigar cost.

AMERICAN CIGAR COMPANY, Manufacturers

ARE NEARLY COMPLETED

Meeting of the Pennsylvania's Tunnels Under Hudson River.

Shields of Longest Subaqueous Tubes in World Joined.

New York, Sept. 18.—After two years and a half of continuous work, the east-bound and west-bound shields in one of the 23-foot twin tubes, which the Pennsylvania railroad has been driving under the Hudson river to connect New York and New Jersey, met last Wednesday. Now men may walk through dryshod from one state to the other. The second tube, a few feet to the south, is expected to join about Oct. 7. The meeting of the shield marks the beginning of the completion of one of the most astonishing engineering feats on record. It means the realization of the long-time

dream of the Pennsylvania railroad—to land its passengers in the heart of Manhattan island. Probably no feat of railway strategy in the history of the United States has attracted more attention throughout the world than this one. Its completion will mark a triumph over difficulties of tremendous magnitude, as this will be the longest tunnel ever bored entirely under water.

For many years the Pennsylvania railroad has brought its passengers to New York city, and there they have had to stop. The company looked longingly across the Hudson river, but for decades it seemed impossible that this longing could ever be gratified. Engineers waged their heads doubtfully when the project of a tunnel was broached, and financiers were overcome at the thought of the expense of building a bridge across the river.

Soon after President Cassatt took office, however, at the head of the Pennsylvania system, he determined that the ambition of the railroad should be realized. In his annual report for the year 1905 he modestly stated to the stockholders:

"In order that your company may perform its duty to the public and secure its share of the growing traffic, it will be necessary to continue to improve and add to your property."

Then in the report for the year 1906 Mr. Cassatt stated the determination of the road in the following simple language:

"The board has long felt that your interests, as well as the convenience of the public, require the extension of your line into New York and the establishment of a railway located passenger station in that city through which the inconvenience and delays of transfer by ferry will be avoided."

"The project required capital in unlimited abundance. Above all else, it required extraordinary courage to force and to feel sure of the ability of the company to realize from its new improvements sufficient revenue to pay dividends on the largely increased capital. In the reports for 1906 Mr. Cassatt stated his views on this subject as follows:

"The cost of the work will be large, but your board is satisfied that the expenditure will be fully justified by the results attained."

This work, therefore, will represent, when completed, the culmination of problems never undertaken. On the Pennsylvania railroad alone, and excluding its principal lines east and west of Pittsburgh, the sum of \$120,000,000 has been provided for improvements and extensions during the past six years. Some idea of the vast figures with which the company, under President Cassatt, has come to deal—figures which make one think of the budget of an empire—may be gathered from the fact that in 1905 the gross income of the Pennsylvania Railroad company was \$100,000,000; the net income \$10,000,000; the dividend paid was 5 per cent, and the surplus, after paying dividends, was \$10,000,000. In 1906 the gross income was \$100,000,000; the net income was \$10,000,000; the dividend was 5 per cent, and the surplus, after paying dividends, was \$10,000,000. In the six years from 1901 to 1906, inclusive, the yearly dividend was 5 per cent, and the average surplus, after paying the dividend, was \$10,000,000 per annum.

To carry through the extremely difficult undertaking involved in the New York City improvements, the company designated its third vice-president, Mr. Samuel Rea, to take direct charge of the work, to superintend the acquisition of real estate, to consult with the New York city and state authorities with reference to obtaining the necessary rights, to appear before the board of rapid transit commissioners and other public bodies in New York, to explain the project and obtain the necessary franchises and consents, and also to superintend the awarding of large contracts for doing the work itself. The company also appointed a commission of the most eminent civil engineers in the world to draw up the plans for the work itself. The commission consists of Col. Charles W. Richmond, United States army, chairman; Charles M. Jacobs, Alfred Noble, Georges Gibbs; Mr. Rea and Mr. Cassatt, of course, co-operating with them.

To have direct supervision over the work on the Hudson river tunnels the company secured Charles M. Jacobs, an Englishman, who probably has had more to do with the building of more large tunnels and any other living man. He designed the shields used in the work. The shield is the most important feature of tunneling under water, and it takes an engineer really to appreciate what it means. Four shields have been used in the Hudson river work, two in each tube, one working from the Jersey side and one from the New York side in each tube. The shields are still in perfect condition, and, owing to their peculiarly satisfactory character, this work has been pushed forward with almost unprecedented rapidity.

The chief assistant engineer, James Forgie, a Scotchman, designed the hydraulic sliding platforms with which the platforms slide out as the work advances, and the excavated material is dumped back through the platforms into the river, which carry it back to the shore.

Mr. Forgie was the principal assistant to the distinguished tunnel engineer,

Greathead, in the construction of the Waterloo & City railway tunnel under the River Thames in 1864.

The contractors, the O'Rourke Engineering construction company, began operations in the subsequent tunnel on April 18, 1904, the first boring beginning on the Manhattan side. On Sept. 1 operations on the New Jersey shore were begun, a deep shaft having been sunk on each side prior to the boring of the actual tunnel.

Quietly the work went on, and the public heard of little that was happening. Accidents were remarkably few. There was only one death that could be traced to the effects of compressed air, there were inevitably cases of the "bone ache," but no serious accidents have been in constant attendance at the works, and everybody who enters one of the tubes has to undergo a rigid examination.

Comfortable quarters, well heated and well ventilated, are provided for the workers, and hot coffee is given to them, as a stimulant when they emerge from compressed air.

The tube itself consists of a series of iron rings and the installation of every ring means a progress of two and a half feet. Eleven plates and a key piece to go at the top complete the circumference, and an entire ring weighs about fifteen tons. The last ring plates, of sections of the ring, have flanges at right angles to the surface, and it is by these that the successive rings are held together with bolts. Hydraulic rams, placed against the flanges every few inches around the tube, push the shield forward at a maximum pressure of 2,400 tons; the pressure of the air in the tube being taken into account the pressure upon the shield is increased to 3,400 tons.

The shield itself weighs 134 tons. It has nine doors, 14 and through these comes the rock, or sand, or silt, or whatever the material through which the tube must be driven. Thirty men work in a gang, and there are three shifts in the day of twenty-four hours. The record progress so far is five rings, or twelve and a half feet, in eight hours. Men of all nationalities have built the Pennsylvania tubes under the Hudson, negroes having done a large part of the job. Laziness is something about the compressed air, which generates energy and enthusiasm for the "muckers" vie with one another to make the record number of rings.

Perhaps there never has been an engineering project in which theory and practice were so nearly in agreement. The engineers calculated the difficulties.

There were no lights in the drifts except an occasional candle stuck in the side of the wall, and these afforded very little illumination. Peterson was a new man at the work, and knew nothing of the risk he was taking when he was engaged to do the work.

Attorney Jensen, representing Mr. Peterson, explained to the jury the nature of the case, and said that the mining company should be held responsible because they knew of the danger, and did not inform Peterson, and because they did not provide more lights, so that the accident would have been less liable to happen.

The mining company denies that they are in any way responsible, and claim that the accident and injury of Peterson were due to his own carelessness.

SKYSCRAPERS INDESTRUCTIBLE

If Steel is Protected From Fire Rust and Corrosion.

New York, Sept. 18.—How long will the skyscraper last? Since the announcement that fifteen new skyscrapers are to be constructed here there has been considerable discussion of this question. Engineers and architects who are familiar with the problems involved are agreed that if proper precautions are taken to protect the structural steel from rust and fire there is practically no limit to their endurance.

In view of the fact that \$40,000,000 are to be put into these fifteen new skyscrapers, the assurance that they will stand for generations has given their owners and builders a considerable feeling of security.

The ordinary observer hardly realizes what extraordinary precautions are necessary to prevent any serious injury to the big steel structures of this and other large cities. Foundations even of structures thirty or forty stories high, are now so firmly built that although the whole building may weigh hundreds of millions of pounds, it cannot sink the fraction of an inch. The large area of a structure over 500 feet high makes the question of wind bracing one for very serious and accurate calculation, but architects have now got the thing down so fine that they can work out this difficult problem to a nicety.

With the question of foundations and wind bracing settled, then come the problems of protecting the structural steel from rust and heat and the proper use of fire-proofing materials. It is upon the adequate protection of the steel that the life of a skyscraper depends. Once rust or corrosion sets in the destruction of the whole building would become a matter of time only. But this is one of the most unlikely things that

could happen in the modern skyscraper. Structural steel is now so thoroughly encased in hollow tile that moisture and damp cannot affect it in any way. At the same time the hollow tile protects the steel from backing in case of fire.

The great height of the modern skyscrapers makes it indispensable that they should be actually fire-proof—that is, unburnable. Architects are agreed that this can be most effectively done by building the thoroughly encased in hollow tile bricks so that in the event of fire it is confined to the area in which it starts. The remarkable showing made by the steel and the skyscrapers in San Francisco, and the fact that many of them are ready for occupancy again, proves that skyscrapers of this type of construction are safe from any fire.

Electric insulation in big buildings is now so carefully done that the danger of electrolysis is very remote. For occupancy again, proves that skyscrapers of this type of construction are safe from any fire.

Carlyle said: "make yourself an honest man, and then you may be sure that there is one rasal less in the world." Also—read The Herald and you may be sure that there is one less "easy mark" in the world.

EVERYBODY CELEBRATES. Mexican Holiday Passes Over Without Anti-Foreign Demonstration.

Washington, Sept. 17.—Consul General Hanna telegraphs the state department from Monterey, Mexico, stating that the celebration of Mexican holiday was attended by thousands of Mexicans, Americans and foreigners. It was as usual very orderly in Monterey and in spite of reports previously published in many papers in the United States that Monterey was the seat of revolution, and that foreigners were today to be driven from the country, the patriotism and good will of the people were proven by their cordial manner toward foreigners. The speech of Gen. Reyes was enthusiastically received by thousands and nothing marred the patriotic purposes of the day.

SEEKS DAMAGES FOR INJURIES

Brakeman Would Recover \$5,150 From Mining Company.

The trial of another personal injury suit was begun in district court yesterday before Judge Cant, being that of Martin Peterson against the Commodore Mining company, for damages amounting to \$5,150.

Peterson claims to have been hurt while working in the company's mine, near Virginia, and that he was laid up for a long time after the accident, and was unable to work. The accident occurred Jan. 3, on the first day that Peterson was employed at the mine. Peterson was engaged as a brakeman on a tram car, in company with two other men, when, he claims, he was crushed between a car and one of the timbers which support the walls of the mine.

There were no lights in the drifts except an occasional candle stuck in the side of the wall, and these afforded very little illumination. Peterson was a new man at the work, and knew nothing of the risk he was taking when he was engaged to do the work.

Attorney Jensen, representing Mr. Peterson, explained to the jury the nature of the case, and said that the mining company should be held responsible because they knew of the danger, and did not inform Peterson, and because they did not provide more lights, so that the accident would have been less liable to happen.

The mining company denies that they are in any way responsible, and claim that the accident and injury of Peterson were due to his own carelessness.

No Experiment

The Favorite

"Effervescent"

Sold on merit more than 60 years.

Stops BILIOUSNESS and CONSTIPATION; Cures HEADACHES and INDIGESTION; Expels Rheumatic and Gouty poisons; Relieves Moving Sickness; Is that pleasant, satisfactory way commended by thousands upon thousands of enthusiastic users since 1844.

SKYSCRAPERS INDESTRUCTIBLE

If Steel is Protected From Fire Rust and Corrosion.

New York, Sept. 18.—How long will the skyscraper last? Since the announcement that fifteen new skyscrapers are to be constructed here there has been considerable discussion of this question. Engineers and architects who are familiar with the problems involved are agreed that if proper precautions are taken to protect the structural steel from rust and fire there is practically no limit to their endurance.

In view of the fact that \$40,000,000 are to be put into these fifteen new skyscrapers, the assurance that they will stand for generations has given their owners and builders a considerable feeling of security.

The ordinary observer hardly realizes what extraordinary precautions are necessary to prevent any serious injury to the big steel structures of this and other large cities. Foundations even of structures thirty or forty stories high, are now so firmly built that although the whole building may weigh hundreds of millions of pounds, it cannot sink the fraction of an inch. The large area of a structure over 500 feet high makes the question of wind bracing one for very serious and accurate calculation, but architects have now got the thing down so fine that they can work out this difficult problem to a nicety.

With the question of foundations and wind bracing settled, then come the problems of protecting the structural steel from rust and heat and the proper use of fire-proofing materials. It is upon the adequate protection of the steel that the life of a skyscraper depends. Once rust or corrosion sets in the destruction of the whole building would become a matter of time only. But this is one of the most unlikely things that

could happen in the modern skyscraper. Structural steel is now so thoroughly encased in hollow tile that moisture and damp cannot affect it in any way. At the same time the hollow tile protects the steel from backing in case of fire.

The great height of the modern skyscrapers makes it indispensable that they should be actually fire-proof—that is, unburnable. Baby Mine

Every mother feels a great dread of the pain and danger attendant upon the most critical period of her life. Becoming a mother should be a source of joy to all, but the suffering and danger incident to the ordeal makes its anticipation one of misery. Mother's Friend is the only remedy which relieves women of the great pain and danger of maternity; this hour, which is dreaded as woman's severest trial, is not only made painless, but all the danger is avoided by its use. Those who use this remedy are no longer despondent or gloomy; nervousness, nausea and other distressing conditions are overcome, the system is made ready for the coming event, and the serious accidents so common to the critical hour are obviated by the use of Mother's Friend. "It is worth its weight in gold," say many who have used it. \$1.00 per bottle at drug stores. Book containing valuable information of interest to all women, will be sent to any address free upon application to

TWENTY-FOURTH YEAR.

SPECIAL MAIL EDITION FOR:

THURSDAY MORNING, SEPTEMBER 20, 1906. (ON TRAINS, FIVE CENTS.) TWO CENTS.

A THOUSAND LIVES WERE LOST WHILE MANY SHIPS ARE SUNK IN HURRICANE

Chinese Water Dwellers
Perish in Great
Numbers.

Shipping Trade at Hong-
kong Is Completely
Paralyzed.

Weather Bureau Pre-
dicted Fair Winds When
Typhoon Came.

Manila, Sept. 19, 3 p. m.—Latest ad-
vices from Hongkong state that 1,000
lives were lost during the typhoon,
and that the damage to property, public
and private, will amount to mil-
lions of dollars.

Twelve ships were sunk, twenty-four
were stranded, seven were damaged,
and one half of the native craft in
port were sunk.

The shipping trade has been paral-
yzed through lack of lighters.

Hongkong, Sept. 19.—The typhoon
which swept this port yesterday, de-
stroying a great number of vessels
and causing much loss of life, was of
a local nature. It came suddenly and
without warning. The observing sta-
tion had predicted moderate winds. Half
an hour after the sun had been free,
the storm was at its height. It lasted
two hours. Most of the damage done
was wrought on the Kowloon peninsula.

The losses are estimated at several
million dollars. Over 1,000 junks are
missing from Hongkong alone.
Wharves were swept away and houses
collapsed. The military barracks are in
ruins.

The steamers Mont Eagle, Fairbank,
Kangshan, Wing Chai, Hernandia,
Castellano, Tak Hing, Emmi Lycker,
San Rosario, Slava, Pakhong, Pe-
trouch, Chung Lee, Sui San, Sui San,
Chang Sha, Singai and Chingai were
ashore. The American ship S. P.
Hillock was also driven ashore, as
were many of the launches that run
about the harbor. The steamers
Apennine and Bohanne are partly
awash. The British reserve ship
Phoenix and a small gunboat, the
Dongola, are ashore. The British
torpedo boat destroyers Montebello,
Hobin and Taka were damaged. The
French torpedo boat destroyer was
wrecked and the Francisque is
ashore. The guns of the Francisque
were saved, but three petty officers and
several men lost their lives. A Chinese
revenue cruiser is ashore, and several
Indo-China and Manila liners nar-
rowly escaped disaster.

The harbor is strewn with wreckage
thrown upon the shore. Hundreds of
Chinese boatsmen and their families
were saved by the bravery of the
police and civilians, but several thou-
sands of the Chinese water-dwellers
must have perished, many within a
short distance of the shore. The loss
in lives and property among the
Chinese was appalling. Today the
police stations in Hongkong are sur-
rounded by families identifying their
dead. The families of the Hongkong
boatmen live night and day on the
sawpits, and thousands of these peo-
ple are now homeless. The Chinese
take the disaster calmly, and show no
manifestations of grief. One launch
that was capsized lost 120 Chinese on
board. They were all drowned.

The river steamer Patsan drifted
into collision with the French steam-
er. The entire Chinese crew
climbed aboard the French steamer,
and left Capt. Thomez, who was in-
jured, one officer and the engineers to
navigate the Patsan to Shien bay,
where she was blown ashore.

The bishop of Victoria, Dr. J. C.
Hoare, was on his way to visit some
neighboring islands when the storm
broke, and is reported missing. His
launch has been found floating bottom
upward.

Many valuable steel lighters have
been lost. Some of them were hurled
ashore. Channels will have to be dug
to permit some of the vessels out
to be refloated. The force of the wind
and waves were such that some ves-
sels were stranded almost high and
dry.

The Japanese steamer Sada Mary
rescued sixty-six natives and one
English pilot as he was approaching
Hongkong. The English mail steamers
Dohi and Peking escaped dam-
age. The British cruiser Terrible en-
tered port yesterday afternoon and
reported fine weather up to the har-
bor.

Sir Matthew Nathan, governor of
Hongkong, and the authorities are
doing everything possible to render as-
sistance.

Reports of fresh disasters are ar-
riving every moment. No reports are
on hand to show how the fishing fleets
and the ships outside the harbor
fared.

Public opinion is incensed at the
observatory for not reporting the ap-
proach of the typhoon. An inquiry
has been demanded. For years past
the observatory has been subjected to
adverse comment, but on this occasion
it is not believed to be blameable.

REPORT OF FRESH DISASTERS.

St. Johns, N. F., Sept. 19.—Five
deaths and seven vessels were last
night added to the list of wrecks
and deaths due to the recent gale,
which swept the coast of Labrador.
The steamer Fortin, which went to
Belle Isle to the rescue of 140 cast-
aways from eleven vessels driven
ashore three weeks since, was
launched. It will probably be sev-
eral days before the castaways can
be reached. Meanwhile the Fortin
has gone to the coast of Labrador
to rescue a number of persons
who reached there from the wrecked
craft.

MORE VESSELS LOST.

St. Johns, N. F., Sept. 19.—Five
deaths and seven vessels were last
night added to the list of wrecks
and deaths due to the recent gale,
which swept the coast of Labrador.
The steamer Fortin, which went to
Belle Isle to the rescue of 140 cast-
aways from eleven vessels driven
ashore three weeks since, was
launched. It will probably be sev-
eral days before the castaways can
be reached. Meanwhile the Fortin
has gone to the coast of Labrador
to rescue a number of persons
who reached there from the wrecked
craft.

LIBERATE PRISONERS

Insurgents Demand Their
Release Before Talk-
ing of Peace.

Taft Party Arrives in
Havana on Cruiser
Des Moines.

Havana, Sept. 19.—Notwithstanding
some appearance of activity, no de-
cisive progress was made yesterday in
peace negotiations. A few peace seek-
ers went westward in automobiles with
the idea of reaching and conferring
with Pino Guerra, the insurgent leader
in Pinar del Rio province, and others
visited Leynes Del Castillo, the com-
mander of the insurgent forces in
Havana province; but the only definite
thing reported is that the insurgents in
the field are not willing to enter into
negotiations until all the conspiracy
prisoners shall have been released.
While it is possible that those most
highly responsible may reach a basis
of agreement in time to present it to
Secretary of War Taft and Assistant
Secretary of State Bacon when they
land here, there is nothing to show
that such a basis has been reached as
yet and there is every evidence that if
it has been reached it will not be ac-
cepted by the insurgents.

Considerable earnestness has been
shown by some of the insurgent look-
ing towards a settlement upon acceptable
terms, but others, and notably so among
the moderates, appear to be satisfied to
let the case rest as it is until it can be
(Continued on page 8, first column.)

GUNN IS WINNER OF SENATORSHIP

Miller Thought to Have
Majority in Itasca
County.

Grand Rapids, Minn., Sept. 19.—
(Special to The Herald.)—Returns are
coming in slowly and the indications
are that the vote will be tight in Itasca
county. Miller for congress carries
the village of Grand Rapids by a ma-
jority of 11 votes.

Advices received here from Cass,
Carlton and Aitkin counties show that
D. M. Gunn has been nominated for
the senate by a big majority. He car-
ries Itasca county almost solidly.

The election here was very quiet,
there being but few local contests. It
is freely predicted that Miller will
carry the county over Bede and that
Gunn will defeat Johnson for the Re-
publican nomination for sheriff.

Walker, Minn., Sept. 19.—(Special to
The Herald.)—On an estimated vote
of 1,400 cast in Cass county, Buckman
will receive two-thirds the total vote
for congressmen. At the Indian
agency Buckman received all but one
return received. The result of the
primaries will be Gunn for senator,
Knox and Case for representatives,
Griffith for county auditor, Riffell for
sheriff, Lange for judge of probate,
Schiller for county attorney. There
was no contest for the other offices.

HOT FIGHT ON IN MINNEAPOLIS

Between Mayor Jones
and Dr. Williams, With
Latter Leading.

Minneapolis, Minn., Sept. 19.—(Special
to The Herald.)—Minneapolis and the
Fifth congressional district of Minne-
sota is in the throes of one of the
greatest political battles in its history,
with Mayor David P. Jones trying
for re-nomination over Dr. U. G. Wil-
liams, the machine candidate. The fight
has been on the "saloon or no saloon,"
the machine against reform. Frank M.
Nye, of Minneapolis has been nominated
on the Republican ticket for the con-
gressional seat from the Fifth district
of Minnesota.

The question of the Republican
majority nomination was in doubt this
morning. At 10 o'clock but thirty-seven
predicates had been counted, and at
that time the vote stood: D. P. Jones,
2,385; Dr. U. G. Williams, 3,563.

J. C. Haynes, former mayor, is un-
doubtedly nominated by the Democrats
after a hard fight with W. H. Wil-
liams, labor commissioner.

Despite these figures both Jones and
Williams men claim majorities of at
least 2,000.

WARSAW, Russian Poland, Sept. 19.—
Gen. Nicolaieff of the artillery has
been assassinated here. He was er-
roneously thought to be a member of
the field commandant.

Gen. Nicolaieff was walking on
Wielka street, this morning, when he
was surrounded by five revolutionists
and shot dead. The murderers escaped.

PERSISTENT SEARCH OF LOVING MOTHER ENDED IN FINDING LOST CHILD

MURPHY IN CONTROL

Tammany Boss Rules
Half of the Conven-
tion Delegates.

Odell Forces Defeated by
Parsons With Large
Majority.

New York, Sept. 19.—According to the
returns and the reported affiliation of
the leaders elected at the Democratic
primaries, Charles F. Murphy will be
in control of twenty-four votes in the
executive committee of Tammany hall,
representing twenty districts and will
control sixty of the 165 delegates to
the Democratic state convention.

These sixty votes will enable the
leader of Tammany, if he so desires to
apply the unit rule and cast the vote
of Tammany hall solidly for the can-
didate determined upon by a majority
of the delegates. Up to the present time
Mr. Murphy has made no statement as
to his intentions in this respect, but
during the primary campaign it was
generally understood that Mr. Murphy
was friendly to Hearst. Murphy's vic-
tory, however, is believed to preclude
the possibility of District Attorney
Jerome securing the New York county
delegation to the state convention.

In Brooklyn, State Senator Patrick
J. McCarran retains control of the
county Democratic committee and will
control sixty-three of the sixty-nine
delegates to the state convention.

In the Republican party Herbert T.
Parsons, president of the county Ex-
ecutive committee, defeated the forces
headed by former Governor Odell and
J. E. Quinn. Parsons carried twenty-
two of the thirty-five districts. The
defeat of Odell in New York county
may take from him the control of the
state committee of which he is chair-
man.

KILLED NEAR PARTRIDGE.

William H. Martin Meets Death While
Walking on Track.

Sandsone, Minn., Sept. 19.—(Special
to The Herald.)—Word reached here
yesterday that William H. Martin, a
farmer living about five miles north of
this city, had been run over by a train and
cut to pieces. Martin left Sandsone
for his home on the evening passen-
ger and left the train at Partridge.

As his home is north of that place it
is supposed he was walking up the
tracks toward his home when he was
struck by the train with the above
result. Deceased leaves a wife and
two children in meagre circumstances.

After Three Years of
Weary Quest, Girl
is Found.

Husband and Father De-
serted Wife at Time
of Birth.

Frantic Parent Covers
Thousands of Miles
in Search.

Appleton, Wis., Sept. 19.—After travel-
ing thousands of miles throughout the
Northwest and spending hundreds of
dollars in search of her little daughter,
Mrs. H. Hathaway of Kansas City, Mo.,
yesterday recovered her child in the
possession of Mrs. Nettie Plummer, who
is a guest of relatives in Appleton.

Five years ago the child was born in
a Chicago hospital, immediately after
the birth of the child, the woman's
husband deserted her and she was left
helpless. Two months afterward her
hospital authorities informed the woman
that she would have to turn the
child over to a friend or give it to an
orphan's home. The child was given
into the care of Mrs. Plummer.

The woman left the hospital, procured a
divorce and soon after married Hath-
away, a leading laundryman in Kansas
City. Three years ago the search for
the child was begun and since that
time Mrs. Hathaway has followed Mrs.
Plummer from city to city, covering
practically the entire Northwest. Mrs.
Plummer denies that she was trying to
evade the mother and claims that she
was in pursuit of her husband, from
whom she was desirous of obtaining a
divorce. The mother and child left
Appleton yesterday for Kansas City,
after the former had agreed to give
Mrs. Plummer \$200 for the keeping of
her daughter for three years.

ARMENIANS BURN
TARTAR VILLAGES.

Tiflis, Sept. 19.—According to a re-
port received here from the govern-
ment of Caucasus four Tartar vil-
lages in the district of Samsouk have
been reduced to ashes by Armenians.
The inhabitants of seven Armenian vil-
lages in the district of Samsouk were
killed by the Tartars. The Tartar resi-
dents of the devastated region who escaped massacre
have fled to the hills. The bodies of
the slain lie among the ruins.

CALL ON BONAPARTE.

Washington, Sept. 19.—Admiral Call,
of the Italian cruiser Fieramosca, ac-
companied by Lieut. Piester, naval
attache of the Italian embassy, paid
his respects to Secretary Bonaparte to-
day and also called upon Admiral Con-
tador, commander of the Italian navy
department, of the United States navy department rep-
resenting the Italian visitors.

RELIEF IS CABLED.

Washington, Sept. 19.—The National
Red Cross society today cabled \$100
to aid the sufferers from the
earthquake at Valparaiso and neigh-
boring towns which makes a total of
\$600 cabled to date.

BEDE AND BATES ARE BOTH EASY WINNERS

BUCKMAN IS DEFEATED

Lindbergh Wins Out in
Sixth District by 500
Majority.

Frank M. Nye Gets Con-
gressional Nomination
in Fifth District.

St. Paul, Sept. 19.—Complete unofficial
returns from yesterday's nominations
in the nine congressional districts of
Minnesota show that the following
ticket will be voted upon in the No-
vember election:

First district—James A. Tawney
(Rep.); Andrew French (Dem.)
Second district—J. T. McClary
(Rep.); W. S. Hammond (Dem.)
Third district—C. R. Davis (Rep.);
no opposition.

Fourth district—F. C. Stevens (Rep.);
Gustave Scholle (Dem.)
Fifth district—F. M. Nye (Rep.);
Frank Larnbee (Dem.)
Sixth district—Charles A. Lindbergh
(Rep.); M. C. Tift (Dem.)
Seventh district—J. Voistead
(Rep.); no Democrat.

Eighth district—J. Adam Bede
(Rep.); no Democrat.
Ninth district—Halvor Steensson
(Rep.); no Democrat.

Late returns show that Buckman
was defeated in the Sixth district by
about 500 majority.

Senate—Fifty-first..... George R. Laybourn, Rep.
Commissioner—Second district..... George Fischer, Rep.
Commissioner—Fourth district..... U. S. McMahon, Rep.

"No surprises were sprung in yester-
day's primaries. In almost every in-
stance the expected happened and the
predictions generally made regarding
the outcome were fulfilled.

Congressman J. Adam Bede was
nominated by a big majority. He car-
ried the city, supposed to be a Miller
stronghold, by 765 votes, and reports
received from other points in the dis-
trict indicate that his lead will be
swelled to several times that figure.

The biggest surprise was the fact that
Miller carried Two Harbors by a
small plurality. It was generally ex-
pected that Bede would sweep the lit-
tle north shore town, and a few days
ago Bede men were trying to figure
where Miller would get any votes
there.

Bede made a remarkably good show-
ing in the city, and the returns showed
him a small lead in almost every pre-
dict.

Next to the congressional fight, in-
terest centered in the battle for the
shrievalty nomination. Bates, Arm-
stead, Fisher and Melning were the
favorites, but Bates more than fulfill-
ed the predictions made for him, and
the returns received early this morn-
ing were sufficient to show that he
had the nomination well within his
grasp. He had a lead of about 350 in
the city, Armstrong running second in
the city with 1,063 votes and Fisher
third with 966. Charles Dahl developed
surprising strength in his own end of

the city, but nowhere in the other
wards. Patterson, Melning, Miles and
Hoffman were far in the rear, and
were seen to be out of the running af-
ter the first few precincts were heard
from.

Judge Middlecoff had a lead of
542 in the city over his nearest
opponent, and will doubtless be
able to hold his own on the ranges
sufficiently to land the nomination
for judge of the probate court.

The showing made by John H.
Norton for county attorney was
somewhat surprising. Most of the
politicians expected that he would
suffer, but thought that C. E. Adams
would give him a much harder fight
than he did. Mr. Norton carried
the city by 840 votes, and the in-
dications are that he will increase this
lead on the ranges.

Probably the prettiest fight of all
was for the senatorship in the Forty-
ninth district, and this has not even
yet been fully decided, although the
indications are that P. R. Vail will
land the place. Mr. Barnes was
given a clean plurality of 760 votes
in the city and also carried some of
the Evelyn precincts. But the re-
turns from Hibbing and Virginia
were a sore blow to him. Vail swept
Virginia and Dowling swept Hibbing,
making the race about an even one.
Other predictions, however, are ex-
pected to give Vail a plurality, and
he will probably win out.

Saari and Austin made a good run
for representative in this district and
won.

The expected happened in the
Fifty-first district and Two Harbors
was left without representation.

**COPPERS FALL
OFF AT CLOSE**
Superior & Pittsburgh's
Strength Feature in
Unlisted Market.

The copper stock market opened strong today but fell off somewhat at the close. North Butte opened at \$9.90, advanced to \$9.95, declined to \$9.85 and closed at \$9.85 bid and \$9.85 asked. Amalgamated opened at \$11.50, advanced to \$11.55, declined to \$11.45 and closed at \$11.45 bid and \$11.45 asked. Anaconda opened at \$22.00, declined to \$21.95 and closed at \$21.95 bid and \$21.95 asked. Butte opened at \$23.00, advanced to \$23.05, declined to \$22.95 and closed at \$22.95 bid and \$22.95 asked. Calumet & Arizona opened at \$21.25, declined to \$21.20 and closed at \$21.20 bid and \$21.20 asked. The strength in Superior & Pittsburgh was the feature of the unlisted market. The stock sold early in the day at \$19.25, advanced to \$19.30, declined to \$19.20 and closed at \$19.20 bid and \$19.20 asked. Cananea Central sold at \$19.50, advanced to \$19.55, declined to \$19.45 and closed at \$19.45 bid and \$19.45 asked. Warren sold at \$12 and \$13 and closed at \$12.50 bid and \$12.50 asked. Keweenaw sold at \$12 and closed at \$12.50 bid and \$12.50 asked. Globe Consolidated sold at \$8.25 and closed at \$8.37 1/2 bid. Hancock Consolidated was inactive, but had a \$20.00 bid and \$20.00 asked. Denn-Arizona was inactive and closed at \$20 bid and \$20 asked. Copper Queen of Idaho at \$17.50 bid and \$17.50 asked. Ophir Tunnel at \$25 bid and \$25 asked. Black Mountain sold at \$8.25 and \$8.37 1/2 and closed at \$8.25 asked.

Attractive Fall Opening.

On Saturday, Sept. 23, the Menter & Rosenbloom company will hold its annual fall opening. A delightful display of all that is new and stylish in men's, women's and children's clothing can be seen Saturday. Useful and worthy souvenirs will be given to every lady. The public is cordially invited.

The Menter & Rosenbloom company is located at 20 West Superior street, Duluth, Minn. They manufacture clothing and retail it throughout the country through sixty-four stores which they own. This firm asserts that because of its enormous business it is able to sell on the most liberal terms of credit at cash store prices.

The Fall Term.

Of the Bradbury School of Music has opened. Pupils may enter at any time. Fourth avenue west and First street.

WANTED!

Ripe Wild Cherries
For the manufacture of our "Crescent Wild Cherry" we pay the grower a quart for each bush of ripe cherries. Deliver all you can pick to Crescent Liquor Co., cor. First ave. W. and Michigan street.

CITY BRIEFS

Receives Threatening Letter.
Mrs. D. Phillips of 230 Fourth avenue west has received an anonymous letter in which the writer threatens injury to her 10-year-old son. The letter has caused the family a great deal of worry and every effort is being made to trace it back to the person who wrote it. The exact contents of the note are being withheld by the mother, who claims that it is too vile to publish. Mrs. Phillips can think of no reason why anybody should wish to harm her son. She says she always has been an exemplary child so far as she knows.

Wallaner Gets Verdict.
William Wallaner secured a verdict from a jury directed by Judge Dineen in district court yesterday in the case of Charles Espenchied against Wallaner over the possession of a lot in Axa division of Duluth. The case was named yesterday morning and each side offered much documentary evidence to prove their claims. Leo A. Hall represented Espenchied and S. F. White defended Wallaner.

Comply With Request.
Citizens generally have responded to the request of the water board to be sparing with the water, and yesterday the reservoir sank but six inches, returning to its normal level last night. Only one or two tons of water were known to have made use of their garden hose during the day.

Pictures of Regatta.
Moving pictures of the Henley regatta of last year will be shown at the Duluth Boat Club smoker Saturday evening.

Jewish New Year's.
The services at Temple Emanuel this evening will begin promptly at 8 o'clock.

Goes East.
Fred Engels left yesterday on the Omaha for the Eastern markets on a special purchasing trip for his art store.

Extra Sleepers.
The Duluth, South Shore & Atlantic road will run extra sleepers out of Duluth tonight on its train to the East, to accommodate the unusually large crowd of people taking advantage of the excursion rates to points down the lakes.

Mid Week Lecture.
This evening Rev. John W. Powell will deliver a lecture on "The Prophets of Israel" at the Endon M. E. church. This is the first of his series of mid-week lectures, which will be held regularly from now on.

Dinner Tonight.
Get your dinner at the First M. E. church tonight.

Case Is Non-Suited.
The personal injury case of George Ryan against the Northern Pacific Railway company was non-suited in the municipal court this morning on the motion of Mr. Ryan's attorney. This action was taken, it is understood because the plaintiff wished to secure additional evidence having a bearing on his case and which he could not get at this time. In case the suit is brought to trial again the plaintiff, it is said, will have to pay the defendant company's costs.

Aged Man Is Overcome.
Overcome by his exertions in walking and because of sickness, Lawrence D. Nelson, an aged man who resides on St. Croix avenue, fell in a faint in the rear hallway of the city hall this morning. He was taken to police headquarters and shortly afterward revived enough to be sent to his home. Mr. Danielson had been delivering some eggs at one of the city hall offices and was standing among several men near the door to the hallway when he was attacked with faintness.

PERSONALS

W. F. McKay, deputy county auditor, has received a letter from his brother, Hugh McKay, stating that the latter has been nominated for sheriff at Kitsap county, Wash., on the Republican ticket. McKay and Mrs. H. H. Vale, Jr., of Winona, Minn., are in the city on their way home from a trip down the lakes on the steamer Hennepin. McKay is one of the best known of Minnesota's pioneers. He was territorial governor, later lieutenant governor and several terms in the legislature. A. A. Robinson left out for Northern Pacific today for Cabinet, Idaho. Matt Gullstrom and Andrew Gullstrom left for Kenosha, Wis., today. W. O. Peeler left over the Northern Pacific for Lewiston, Idaho. J. A. Keyes left for Lewiston, Idaho, today.

Flood left for Winona, Minn., today. Mr. and Mrs. M. Stewart left for Mason City, Iowa, today. T. Woods left for Detroit, Mich., today.

Regulates the bowels, promotes easy natural movements, cures constipation. Regularly ask your druggist for them. 25 cents a box.

SANE WOMAN IN ASYLUM?
Pretty Bigamist, in New York Prison, Denies She Is Lunatic.

Rochester, N. Y., Sept. 19.—Lawyer John Mead, attorney for Myrtle Lapp, 24 years old and beautiful, who was sent to Auburn prison for two years and a half for bigamy, got into Matewan asylum for the criminal insane the other day and talked with Miss Lapp, who had been transferred there from Auburn.

Mead says that Miss Lapp told him shocking stories of brutal treatment at the hands of the asylum attendants. Mead says she is sane and that he will get her out. She was pronounced sane in this city.

Miss Lapp said she was tied down in a bare room and left all day, and when she cried for water the attendants laughed at her and used vile and insulting language. She said when she protested against the ill treatment, they threw her down, jumped on her and injected drugs until she became miserable. She says the treatment at the asylum makes inmates insane if they do not happen to be so when they arrive there.

Ask Your Doctor

About Schlitz beer. He knows the importance of purity.

Tell him that Schlitz beer is aged for months before it is marketed—aged in glass enameled steel tanks. He will say that it cannot cause biliousness.

Tell him that every bottle is Pasteurized after it is sealed. He will say that such beer must be germless.

Ask your doctor what these virtues mean to you.

Ask for the Brewery Bottling.
Common beer is sometimes substituted for Schlitz.
To avoid being imposed upon, see that the cork or crown is branded

Schlitz The Beer That Made Milwaukee Famous.

**WHIPPING POST
AND FIFTY YEARS**
Negro is Indicted, Tried and Sentenced in a Day.

Wilmington, Del., Sept. 19.—Charles Contral, the negro who attacked and seriously injured Mrs. Beatrice Frank and her daughter, Miss Gusie Leitch on a public road ten days ago, was today sentenced to fifty years imprisonment and to receive thirty lashes at the whipping post.

The negro attacked the women while they were driving. He rendered Miss Leitch senseless by a blow on the head with a stone and struggled desperately but vainly to assault the elder woman.

Contral was arrested Monday night. He confessed and today he was indicted, tried and sentenced. The prisoner will be whipped next Saturday.

THIRD PARTY SUBMITTED.
St. Petersburg, Sept. 19.—A third liberal party known as Kovevsky's Democratic reformers is in the field to meet the sanction of the government. The government has previously refused its sanction to the Constitutional Democrats and the Octoberists on the ground that there were

technical errors in their articles of association.

The pure food law is just what we want. It is a law that will make Biscuit Powder pure, just as we told you.

**AWFUL ACCIDENT IN
MINE SHAFT IN MONTANA.**

Butte, Mont., Sept. 19.—One man was killed and three others injured in an accident in the shaft of the Tramway mine. Walter Long is dead, while Joseph Baldwin, H. H. Brown and J. R. Sullivan are seriously injured and may die. Baldwin, at any rate, will lose the sight of his eyes.

None of the injured men seems to know exactly how the accident happened, but the belief is that the men picked up a "missed hole." They were working at a depth of about 125 feet and were engaged in sinking a new shaft on the Tramway, a property which has figured prominently in the litigation between the Amalgamated company and F. Augustus Helme.

The four men were engaged in sinking when the accident happened. Suddenly there was a terrific explosion and when the smoke lifted Baldwin and Long were found unconscious on the ground. Sullivan and Brown were not so badly injured and were able to talk when brought to the surface.

Long was terribly mutilated. His face was torn by chunks of rock, his cheek bones were shattered and the ribs over his heart were broken. He was injured about the legs and arms,

also by pieces of flying rock. He was taken to the hospital, but died an hour later.

Baldwin will lose the sight of both eyes and also is badly injured about the body. Brown and Sullivan were badly injured by flying rock, but may recover.

**WIFE WAS NEGLECTED
WHEN RICHES CAME.**

Ripon, Wis., Sept. 19.—Because he did not call on her for twenty years, Edna Welch yesterday sued James Herbert Welch, a capitalist and farmer for a divorce. They have two children. When they married Welch was managing his father's estate, and they arranged that she was to live at home, but when Welch became heir to the estate two years later, he refused to call upon her, though he provided for the children. The wife says he wanted to cancel the marriage after getting wealthy.

Postponement.
The lecture on "Ireland," by the Rev. Roderick J. Mooney will be held at the White City auditorium on Thursday night, Sept. 20th, followed by dancing.

ARM SAWED OFF.
Prentice, Wis., Sept. 19.—Eric Sumail had his arm cut off between the elbow and shoulder Monday afternoon while working in a saw mill five miles east of here.

ENGINEER IN CONVENTION.
Milwaukee, Sept. 19.—The morning session of the Brotherhood of Railway Firemen and Enginemen today was devoted entirely to the reports of the committee on constitution and by-laws and discussion of recommendations made by that committee. Although

AUTOMOBILE STRIKES POLE

Occupants Are Thrown Out and Seriously Injured.

New York, Sept. 18.—George M. Robertson and his mechanic Arthur Wilson were seriously injured in an automobile accident near Mineola, L. I., today, while on a practice spin in preparation for the Vanderbilt Cup race.

Robertson was steering his 90-horse power car over the Vanderbilt course, when, at Hairpin turn, the car swerved to the left, struck a telegraph pole and hurled its occupants out with terrific force.

Mr. Robertson sustained a broken collar-bone and his mechanic sustained two broken ribs. Both were rendered unconscious. Just behind Robertson was Elliott F. Shepard speeding in his machine. He summoned an ambulance from a hospital at Mineola and the injured men were removed to that institution. Robertson's racing car is believed to be too badly damaged to take part in the race.

PROMINENT MAN LOST.
Port Huron, Sept. 18.—W. C. Coughlin and H. E. Edmunds, business men of St. Thomas, Ont., are here searching for E. H. Coughlin, a colonel in the twenty-fifth Canadian regiment of infantry, ex-

president of the St. Thomas Street railway and a prominent business man, who disappeared from his home two weeks ago. Nothing has been heard from him since.

FIELD OF POP CORN

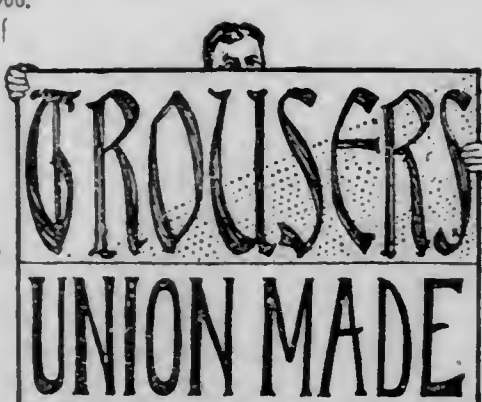

That Exceeds Anything of Kind Seen in Beltrami County.

Bemidji, Minn., Sept. 18.—(Special to The Herald.)—M. E. Carson has a field of pop corn that exceeds anything of the kind ever seen in Beltrami county. He pulled a stalk from his field yesterday and exhibited it in the city. The stalk was nine feet, ten inches high, and the ears on the stalk were twelve inches long, from the socket to the silk on the end. This corn was raised on the Carson farm, on the southwest shore of Lake Irwin, about two miles from the city of Bemidji. Mr. Carson secured the seed for the corn from a firm in Philadelphia. The excellence of the crop attests to the value of Beltrami county cutover lands for agricultural purposes.

RETURNS ARE SLOW.

Millar Ahead So Far as Reported in Aitkin County.

Aitkin, Minn., Sept. 18.—(Special to The Herald.)—Official returns from six out of forty-two precincts gave Bede 218, Millar 224, for congress; Mausten 274, Gunn 143, Swanson 78, Taylor 41, for senate; Knox 389, Case 117, Mahen 116, Ferguson 115, Delatree 98, for legislature. The returns are coming in very slowly.

FOOT NOTE: Wear the Columbia \$3.50 Shoe.

Charters Zenith.

The United States government has chartered the Union Towing and Wrecking company's tug Zenith and will use her in the work on the piers at the Superior entry during the remoulding of the fall. The Zenith is hardly recognizable, having been given a coat of white paint and the stack painted yellow in accordance with government regulations.

Both Mates Suspended.

Detroit, Sept. 18.—The recent collision in St. Clair river between the steamers Mills and Milwaukee which resulted in the sinking of the former ship has resulted in the suspension of the first mate of both boats. Reuben J. Cowling of the Mills and John W. McKown of the Milwaukee are suspended until March 1897, when their present certificates run out. The local inspectors at Port Huron who imposed the penalty found that both men were guilty of violating the pilot rule regarding cross sailings. Both mates were in command when the collision occurred.

MANY NEW RULES FOR PURE FOOD

Boston Baked Beans Must Be Prepared in That City.

New York, Sept. 18.—At today's session of the special commission on rules and regulations for the enforcement of the pure food and drug act, Commissioner James I. Gerry read the regulations prepared by the commission regarding the use of the label.

The regulations provide that the principal label shall be printed in English, with or without a foreign label in addition. The type naming articles contained shall not be smaller than long primer capital, except in cases of small packages, when the size may be designated by the use of the word "small." The general character and appearance of the label is left to the manufacturer. The substance and place of production shall be conspicuously stated. If the packages contain more than one substance, and only one substance is designated on the label, it is a misbranding. The label must not be misleading with regard to contents or origin. No statement by an expert shall be an excuse for any false or deceptive statement, design or device. It was announced, also, that the law will not go into effect in the case where labels are already in hand until July 1, 1907.

The tentative rules provide, further, that a food or drug product shall be designated by its English name, or in accordance with the pharmacopoeia or national formulary. There must be no misbranding of the place of manufacture. When no statement of the place of manufacture is made, the article is misbranded, unless it is manufactured in the state or county where the principal office is located.

George L. Debus representing the drug trade protested against the requirement that the place of manufacture should be designated on the label in the case of drugs. If the consumer got what he wanted, the place where the drug was manufactured, he contended, was immaterial. He declared that the rule requiring that no article be designated by the principal ingredient alone, when it contained more than one ingredient was objectionable to the drug trade. He declared that the enforcement of the tentative rules would necessitate the reconstruction of nearly all the labels in the drug trade, many of them being in use thirty years or more and familiar to the trade. The tentative ruling of the commission provides further

F. D. DAY & CO.

Fashionable Jewelers and Stationers, 315 WEST SUPERIOR STREET. Established Quarter of a Century.

Rare Elegance In Tailored Suits at \$25.

These suits represent the result of months of search and endeavor to produce a collection which would meet the popular demand for suits at this price in a way that would satisfy every desire. The result is shown not only in the absolute completeness and correctness of the styles, but in the remarkably high quality of the garments—qualities that are not to be duplicated elsewhere at less than \$5 to \$10 more. We show these suits in practically every new autumn fashion; short form-fitted and hip length design, new Etons and blouses, long-fitted and military effects, etc., in all the new plain and fancy weaves in all colors as well as black. They must be seen to be appreciated. Second floor.

Remarkable Values in Women's Fall Coats at \$15.

All the smart and exclusive autumn fashions are shown. Jaunty fitted coats of back Broadcloths and Cheviots—long, loose Tourist coats, in stunning fancy weaves, as well as plain fabrics—novelties in English Box Coats, Etons, etc., thru a variety of styles too great to be described and presenting remarkable values.

New Fall Wash Goods.

The new fall wash fabrics on display here are deceiving to the eye of even the most experienced. They look like high-grade and high-priced silks and dress fabrics. But they possess this further advantage—THEY WILL WASH. We are already doing a big business in these new goods and would advise an early selection in order to get the choicest patterns.

OUR FALL OPENING NEXT MONDAY. All Previous Showings OUTDONE.

CO-OPERATION IS BEING URGED

Duluth Desires Next Meeting of American League of Municipalities.

Next week the annual convention of the League of American Municipalities will be held at Chicago and Duluth will be represented at the meeting by Mayor Cullum. President Emil Fessman of the city council and Alderman R. D. Haven.

The National Association of Commissioners will meet in conjunction with the league and Duluth will be represented by City Comptroller McCormick.

The Duluth delegation will attend the convention with the purpose of landing the 1907 convention for this city if possible. It is believed that the time is propitious to do this and everything possible that can be done to induce the delegates from other cities to favor Duluth as the meeting place next season will be done.

To this end it is being urged that all the civic and other organizations in the city co-operate with the city council and the mayor in extending a cordial invitation to the league to come to Duluth. It has been suggested that the board of trade, the Kitchi Gammi club and various other organizations would aid very much in the way of giving the delegations an idea of the hospitality that would be extended them.

ISANTI COUNTY.

Bede Has Plurality of Twenty-Five Over Millar.

Cambridge, Minn., Sept. 18.—(Special to The Herald.)—The vote on congressman in Isanti county was: Bede, 608; Millar, 583.

LUMBERMEN FIGHT WESTERN RAILROADS

Chicago, Sept. 18.—Various Eastern and Western railroads, through their legal representatives, made strenuous objections today before the interstate commerce commission to the presentation by the Pacific Coast Lumber Manufacturers' association in its petition against the proposed new Fall Postroad for men, women and children is arriving daily.

BANQUET IS PLANNED.

Militia Companies to Give Affair for Returned Sharpshooters.

Companies A and C of the Third regiment have named a joint committee to arrange for a banquet in honor of Maj. Resche, Private Olson of Company A and Sergeant Simpson of the band, who acquitted themselves so well at the big shoot at Seagirt, N. J., this year.

The affair was to have been held this week, but satisfactory arrangements could not be made in time and it will probably be held some time next week. When the returned sharpshooters will tell their fellow militia men of the shoot.

PRISON YAWNS

For Duluth Man When Reformatory is Through With Him.

Green Bay, Wis., Sept. 18.—James Leahy, whose home is in Duluth, will complete a reformatory sentence next April for having stolen money from the pocket of a companion while sleeping at Superior. On the day he secures his release he will be taken to the Waupun state prison to serve a two-year term for having overpowered a guard at the reformatory last May while trying to escape. He has given his sentence yesterday morning in the municipal court.

Leonora Paranteau and Gladys Bonn are seriously ill from a shock sustained nearly two weeks ago, when a burglar entered their room. They are still in a dangerous condition.

Fall Opening Display

THURSDAY, FRIDAY, SATURDAY,
September Twentieth, Twenty-First and Twenty-Second.

We desire the attendance and the careful and critical inspection of Duluth's women, at this opening exposition of fall styles and new fall merchandise. Tireless endeavor on our part presents for you the most complete and extensive showing of fall and winter merchandise ever made in the history of the Big Store. The whole store bids YOU welcome.

Newest Dress Goods

Larger and more varied assortment than ever before shown in Duluth—or any city this size. No charge for exclusiveness—for it is well known that Glass Block dress goods prices are about 25 per cent less than others for qualities and styles the best that any power can secure.

SEE THE NEW FLANNELS—especially "Fleecedown" at 15c. And "Moleskins" at 10c.

New Dress Trimmings

Unite such dainty, yet rich, combinations of colorings and in such pretty ways as most of you would never dream of. New Persians in hundreds of effects, new black and white silks, and colored Hercules—all widths. One of the new things is "Richelieu" taffeta pleating.

ART GOODS—Selected by experts whose aid is at your service in selecting and purchasing—be sure to see it.

Opening of Fall Suits—Winter Furs

We pride ourselves and congratulate you on our showing of high-class garments—Americanized models after the creations of the great French designers, and tailored by the best men tailors on the continent, with a precision and refinement in finish that stamps them high-class. They'll delight you.

Ettons, Blouse Peplins, smart, tight-fitting and semi-fitted models with 22, 24 and up to 36-inch coats—chiffon broadcloths, beautiful worsteds, high-class Scotch and English Suitings—in colors and mixed effects beyond compare.

NEW FALL STYLES range in price up to \$100.

The Showing of Furs

Has not, thus early, assumed complete proportions. But we've gone carefully and thoroughly all through every line and style and grade, and as a result of much careful and judicious choosing, will show you even a more perfect assortment than ever before.

Delightful Silks

A particularly happy corner—and popular—else they would not meet with such ready sale as this season has already experienced. The plaids—75c, \$1 and \$1.50—elicit expressions of delight from all who see them. While our blacks are the best and safest silks you can buy because we stand back of them to guarantee your satisfaction.

Drop in for a little talk with our "Silk man."

Dress Accessories

Be "right" when it comes to style in handkerchiefs, neckwear, veilings and ribbons. These departments are filling up with such a host of beautiful and exclusive things that we can do little more than advise your keeping in touch with them. For dependable assistance in furnishing the proper effects for "finishing touches" we couldn't be in a better position—and larger cities cannot surpass us.

Every feature of the entire line is most complete—and little prices prevail.

Opening New Millinery

Will present for the first time on these days, clever conceptions of grace and individuality in Fall Hats.

The principle of securing the very latest at the most moderate price has governed every selection of imported, New York and Chicago patterns.

Beautiful imported French Hats, semi-patterns and carriage hats, with ostrich wings, birds and aigrettes, hats for every occasion in every style and coloring to match the beautiful suits.

Velvet and braid combinations—beautifully trimmed—copies of the finest imported models—priced at \$4 to \$10.

Swell Fall Coats

See the swell broadcloth and kerseys, in black and colors, for street or evening wear—lined with silks that add a charm of beauty and elegance. Note how beautifully they're draped—how full and ample, and how perfectly tailored.

The coats of mixed materials show every new and handsome weave that you could wish.

NOTE WELL—That little prices will surprise you—for they're so much less here than you expect to find, when you know others' prices and compare values.

Skirts and Waists

And now pleats are "IT" in skirt styles—side pleats, front pleats, back pleats—pleats all around—full length pleats and knee pleats—many combined with panel effects. They're voile, Panamas, broadcloths, worsteds and myriads of fancy weaves to delight the fancy.

THE NEW WAISTS—in silks, are in shades of evening and party wear as well as colors for more general usefulness. Inspect the exquisite lace and net over-silk Waists—delight yourself in the great variety of charming beauty.

Fall Footwear

With the acquisition of our new Shoe Store, we now assume in Duluth's shoe circles, the same relative position we have for years admittedly occupied in all other lines—Duluth's leaders.

This combination of plain facts will catch your interest—and serve it: We have the largest, most complete and carefully selected stock of fine goods—the prices are conscientiously "right." Try it and see.

It might be interesting to you to note that \$4,000 worth of new, swell footwear for ladies was received and placed on sale during the past week.

Our new Shoe Store is the old McDonnell store.

High Class Repairing a Specialty.
"Jean" Shines Shoes Here.

For Men and Boys

Every line of furnishings for Fall and Winter complete in every detail.

MEN'S underwear, hosiery, shirts of every style, neckwear, gloves, linens, handkerchiefs, suspenders, night shirts and pajamas, and the minor fittings.

BOYS' Suits and Overcoats, shirts, waists, neckwear, linen, hosiery and underwear.

Big and little men can depend upon us for only correct furnishings—and further, for absolute and considerable savings.

Women's Underwear

Style—and more is found here as nowhere else, in hosiery and underwear. Our lines are of world-wide repute and merit—never disappoint. We carry "Sterling," "Munsing" and "Forest Mills" brands, in cotton, merino, all-wool, mercerized and all-silk—vests, tights, union suits.

When hosiery is needed, you can suit yourself as to plain and fancy styles in silk, lisle and lace, or plenty of the heavy warm kinds. We have them all.

We've been telling people for years in the "Money Talks" way, that our prices are lower, too.

Glove Superiority

Yes, "superiority." Why? We import direct from maker to us—save middle profits and sell for far less prices to you. But MORE IMPORTANT, we make sure of getting the finest quality skins in gloves made for us—and you.

The new Fall shades for street or evening wear are here.

A Bracelet Season

This fall will be a bracelet season because of short sleeves and long gloves, and nothing adds charm to a woman's arm like a pretty bracelet. A beautiful line here—plain, engraved, jeweled—as low as \$1.50 if you wish. Our reputation for jewelry quality is your perfect assurance of value.

Snowy Linens

Actually no comparison—and we say it simply but positively—between this linen store and others near. For completeness of stocks, we have no equals nearer than Chicago, and qualities that are not surpassed anywhere in the land. "John S. Brown" linens grace the finest tables in the world, yet cost no more than other makes—a high tribute to its superiority in looks and wear. Come and see these linens. They're here only in Duluth.

The fall showing of art linens, centerpieces, doilies, lunch cloths, scarfs, etc.—is much the best we've ever shown.

Newness in China

Styles change here, too, just as certainly as in suits or headwear. Often people don't recognize it—but our basement store can apprise you of the "difference" in the Fall showing. We'll say more—it's worth a trip a long way just to see the display of

CHINESE LABOR IN GREAT DEMAND

No Bids Received for
Coolies to Dig Big
Canal.

Washington, Sept. 19.—Thus far no bids have been received by the isthmian canal commission for furnishing Chinese laborers to work on the Panama canal. By the terms of the commission's proposition bids are to be received up to 10 o'clock tomorrow. Many inquiries have been received by the commission as to various phases of the bidding, but there is not the slightest indication of the nature or the number of the bids that may be received.

The commission is in communication with about 150 corporations, firms and individuals, any or all of whom may submit bids. It is expected that practically all of the propositions will be submitted tomorrow morning by representatives of the bidders in person. Few are expected to be received by mail.

The terms of the institution to bidders is that they must offer 2,500 laborers for a period of at least two years, and must give a bond of \$50,000 faithfully to carry out the contract. It should be awarded to them. It is anticipated that the commission will eliminate from the list of bidders all but the largest and most responsible of contracting firms.

LIBERATE PRISONERS.

(Continued from page 1.)

adjudicated by President Roosevelt's representatives. The liberals are more anxious to place themselves in a position which may be considered at least equally as strong as that of the government and consequently they are more persistently active.

Gen. Menocal, the chief of the veterans peace committee, stated to the Associated Press that the important part of his mission was ended when he brought the leaders together. The liberals feel that they accomplished something in procuring the release of the alleged conspirators more recently arrested and in inducing a cessation of hostilities.

The latest feature of the revolution is the appearance of Americans claiming the title of Pines complaining that officials of the courts there are searching the homes of all Americans for firearms and seizing all arms which may be found. The Americans there are extremely wrathful over the action of the officials, especially so in the case of some of the natives lately had caused them to consider the necessity of having firearms within reach. They will appeal to Minister Morgan and Assistant Secretary Bacon tomorrow, with a request that a United States naval vessel be sent to the Pines to safeguard the lives and property of Americans.

Alfred Zayas, president of the Liberal party, who has just returned from an automobile trip to the west, in a course of which he consulted with several of the insurgent leaders, stated that he had prevailed on them not to take within twenty miles of Havana. Senor Zayas positively declared that the insurgents will not negotiate for peace until the government releases all those who are held in prison on charges of conspiracy. Senor Zayas is very anxious to talk with Secretary of War Taft and Assistant Secretary Bacon personally. He declared that the liberals have no confidence in the government armistice.

Washington, Sept. 9.—Acting Secretary of State Ode received yesterday a dispatch from Mr. Sleeper, the American charge at Havana, concerning the situation on the island, but in view of the prospective arrival of Havana of Secretary Taft and Bacon this morning the contents of the dispatch were not disclosed.

It is believed to have dealt with the attitude of the Cuban government and the insurgents toward the American officials and the consideration to be given their mission. Commander Fullman of the gunboat Marietta cabled the navy department that the landing force seems to have overpowered the insurgents and that there is at present no anticipation of further destruction of property. Commander Fullman has 120 blue jackets on the Marietta, 150 on the Dixie and 200 marines. The first landing force consisted of blue jackets from the Marietta and it is supposed that his telegram relates to this force as no mention is made of any troops from the Dixie.

Information was received at the state department from R. Spelman, of the Colonial Cuban company, at New York, that he had been advised of the destruction yesterday morning of the Esperanza estate near Cienfuegos, Cuba. The estate was burned by Col. Collado and a band of insurgents. It is not known whether Col. Collado was the cause of the suspension of hostilities or merely acting as an outlaw.

Commander Cotwell of the cruiser Denver cabled the navy department from Havana saying that the troops were quiet and the leaders were discussing police terms.

Gen. Frederick Funston, who is now on his way to Washington under orders from the war department, probably be assigned to command the army in Cuba if intervention should be found necessary.

Commander Cotwell of the United States gunboat Denver, who is lying in Havana harbor, has cabled the navy department that Alfredo Zayas the president of the Liberal party and delegates to represent the revolutionists in the negotiations about to begin in Havana before Secretary Taft, have come aboard the Denver and are awaiting the secretary there. It is supposed that he is afraid to trust himself in reach of the government officers at present.

Havana, Sept. 19.—The American cruiser Des Moines with Secretary of War Taft and Assistant Secretary of State Bacon on board, entered Havana harbor at 7 o'clock this morning. The cruiser came from Florida at the moderate speed of eleven knots in order not to arrive here before daylight.

All on board are well. The secretaries had breakfast early and at 8:30 the captain of the port conveyed Senor O'Farrell, the Cuban secretary of state, Mr. Sleeper, the American charge, and the representative of the Associated Press on board. The same hour Commander Cotwell came over from the cruiser Denver.

Messrs. Taft and Bacon had a long informal and private conference with Senor O'Farrell.

Secretary Taft said he had arranged tentatively to hold hearings at the home of American Minister Morgan in Mariacao, but that no definite arrangements would be made until the formalities of the day were over. Just before 10 o'clock the entire party landed and proceeded to the palace, where Minister Morgan presented Messrs. Taft and Bacon to President Palma.

NEW SCHOOLHOUSE. Bemidji, Minn., Sept. 19.—(Special to the Herald.)—The Nymore board of education has let the contract to Thomas Johnson of Bemidji for the erection of an addition to the present schoolhouse in that village. The new structure will contain two rooms and will be finished and ready for occupancy within two weeks. The contract price for the building is \$2,440, and Johnson will also install a steam-heating plant, the cost of which will be \$355.

OUR AIM

It's our aim to do a legitimate business at a legitimate profit, based upon the lowest possible margin—to sell at all times the very highest class of trustworthy merchandise. WINDOW SHADES

Are you building a new home—some new flats—going to move and are likely to need new shades for your home?

If you are, let us measure your windows and estimate your shade work. We will gladly do so, and you'll find we can save you money. All such work guaranteed first-class.

THE FALL CAMPAIGN

The merchant, like the politician, has his campaigns; and the final end shows victory or defeat, according to his platform and the activity with which he urges his claim for prestige and support. Our platform is solid and remains unchanged. It has brought us success and we will continue to stand upon it; namely:

Reliable Goods in Sufficient Quantity. Prices Correct and as low as Quality will permit. Intelligent and attentive sales-

people. Efficient and accommodating store service. Liberality and "Golden Rule" treatment of customers.

REASONS for buying a high speed two-in-one "Standard" Rotary Shuttle Sewing Machine

The "Standard" ROTARY SHUTTLE NEVER STOPS when the machine is in operation. Old style shuttles start and stop TWICE to each stitch. Just think of the extra strain and wear that this makes! The "Standard" Rotary Shuttle moves on-ward continuously without a jar.

The needle bar has only two motions to every stitch, whereas the vibrator bar has four.

No heavy balance wheel required to carry motion over the stops and starts.

The momentum of each stitch helps make the next.

Less noise than any other machine.

RUNS PER CENT LIGHTER THAN THE OLD STYLE MACHINES.

Is the most rapid sewer—makes two motions of the treadle to three of other machines in sewing the same length of seam. It makes 120 stitches while others make 100.

It makes both the two thread lock-stitch and the single thread chain-stitch.

It makes the prettiest and most elastic stitch.

Tensions not changed by change of speed, size of thread, thickness of goods, nor length of stitch—what other machine can do so much?

Does not break thread when machine is run backwards.

The "Standard" Rotary has the biggest hobbin of any lock-stitch machine. Holds 100 yards of No. 30 cotton.

The tension is released when taking out the goods.

The simplest needle used in lock-stitch machines—therefore less liable to bend and skip stitches.

Feed motion all positive—no springs used—hence the machine will feed over all thicknesses of goods and seam without "chewing" the cloth, no matter what length of stitch.

Will wear twice as long as other long-stitch machines.

Best set of attachments in any machine, self-adjusting and fastened to the presser bar in place of the foot.

Best ball-bearing stand fitted with some screws to take up wear.

Best set of time and worry.

ONLY ONE REASON for buying any other machine, viz: They are cheaper; but there is more difference in quality than in price.

Prices \$25 to \$60

Terms of payment either weekly or monthly to suit your convenience.

The Humphrey Sectional Bookcases

The Humphrey case leads the world for variety of sections, artistic effects, mechanical features, workmanship and finish.

Made in oak—plain sawed golden, quarter-sawn golden or weathered—mahoganyized birch, solid mahogany.

Also with plain glass, leaded glass, beveled glass doors.

Made in various sized sections to accommodate any desired sized books. You will find, by comparison, that these high-grade cases are lower in price than any other make, quality considered. We invite your inspection of them.

New Goods

New fall goods are arriving daily and being placed upon the floors. New goods of every desired kind for homefurnishing. You will find here the most complete line of furnishings and furniture in the Northwest.

New Carpets—Rugs—Draperies.

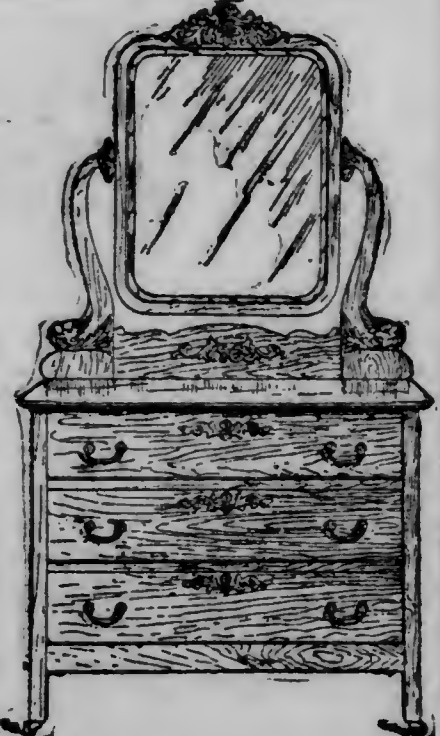

New fall floor coverings of every kind are here in unlimited, choice variety—carpets, rugs, matting, oil cloth, linoleum, etc. If you are going to need anything this fall in this line, do not fail to visit us. We offer greater variety than elsewhere from which to choose—and can save you many dollars on your purchase.

Another Lot of these Handsome Sideboards \$8.68

A Sideboard that would be considered "good value" at \$16 in other stores. Solid hardwood, in a rich golden finish—has two silver drawers, a large linen drawer and good big cupboard. French plate beveled mirror, well shaped top—a rousing good sideboard value.

These Dressers \$7.15

A real good \$12 value, solid hardwood, thoroughly seasoned—a good sized dresser—golden oak finish, two small drawers at top and two large roomy ones, beveled French plate mirror, an excellent article in every respect and a snap at \$7.15.

The Universal Heating Stoves The Universal Cook Stoves and Steel Ranges

The Greatest Line of Stoves and Ranges on the Market Today.

In almost every line of manufacture there is one article that is recognized as the standard—one that is made a basis for comparison by all competing articles.

AMONG STOVE USERS THE STANDARD THE WORLD OVER IS THE UNIVERSAL.

Go into what corner of this great United States you will and the name and fame of the "Universal" will be found to have preceded you.

The interest that such a fact has for the intending purchaser of a stove or range is just this: It stands to reason that the article which can enter every market in this United States, TAKING THE PRE-EMINENT POSITION IN EVERY INSTANCE, must be possessed of unusual and remarkable merit. The Universal has today a greater sale and popularity than that of all other stoves together.

Discriminating buyers of today understand that the best article of its class is the cheapest in the end, especially when it costs no more than "the next best." Every Universal sold, FULLY WARRANTED. TERMS OF PAYMENT either weekly or monthly will be arranged to suit your convenience.

Cook Stoves \$8.50 up.

Steel Ranges \$26.75 up.

Heaters \$9.50 up

IMPERIAL UNIVERSAL

The Inner-Tufted Felt Mattresses

REX MATTRESSES

Some process of "quilting," "tufting" or "stitching" must be adapted to make any mattress durable. The soft, elastic material must be prevented from shifting about. Such was the purpose of "tufting," which detracted greatly from the comfort, but added to the durability.

Every "tuft" in an old fashioned mattress is a hard spot, a receptacle for dirt and vermin, as well as a temporary contrivance that will not remain in place for any great length of time. Inner-tufts are indestructible and do not produce pits and hard spots. See how the old-fashioned "tufts" were tied in. The price of the Inner-tuft is but

\$15.00

The mattress guaranteed to give satisfaction or your money back. We cannot too highly recommend them.

Bayha's Simple Credit Plan

A little plan of ours to aid you in your homefurnishing

Because of its adaptability to the requirements of EACH INDIVIDUAL CUSTOMER, Bayha's credit plan becomes the plan best suited to the needs of all people. We make arrangements to suit YOUR convenience—that's the Bayha idea. We do not care how small or how great your earning capacity may be, you'll find it pleasant and easy to pay on Bayha's modernized plan. The broad and liberal treatment which we offer you, the consideration which we promise you when in need of special accommodations, and the wonderful saving advantages this store affords should interest you in the Bayha store at all times.

CONCERNING WOMEN

Flower exhibits are receiving the attention of the school children in several of the public schools of the city. In the spring of the year, a department of the Women's Council distributes among the school children of the city who desire them, seeds for the hardy growing flowers of this region. The seeds are in the majority of cases carefully planted and more carefully cared for during the long summer weeks, and in the fall the younger children, especially, enjoy having an exhibit that their teachers and friends may see the result of their gardening.

At the Webster school on lower St. Croix avenue where the seeds are perhaps more eagerly and sincerely welcomed than any place in the city, the flower exhibit was held last Friday. Considering the opportunities of the little ones the flowers displayed for the summer's work made a commendable showing. Some of the attempts to raise deep growing things in a clear box of earth were a bit pitiful but the attention which the flowers received during the weeks of hot weather which marked the past season was very evident. The twentieth century club has for a number of years given prizes at this school and the display last Friday a committee of this club consisting of Miss St. John, Mrs. H. C. Marshall, Mrs. Z. D. Scott and Miss Anderson, was in attendance and awarded prizes. As second prizes, geranium plants are to be given and as there were very few of the exhibits but deserved a second prize, any women of the city who have geranium plants to be taken up during the fall and who desire to contribute them for second prizes may send the plant or plants to the public library or the Webster school. The experience of former years is that the plants are carefully cared for during the winter months.

Upon Friday of this week two more flower exhibits will be held. On Friday afternoon the show will be held at the Longfellow school at 3 o'clock, and in the evening at 7:30 o'clock the children of the Madison school on Garfield avenue will have a flower show. Any interested in this work among the children of the city are invited to attend these exhibits.

HOME WEDDING.

Miss Spearin Becomes Bride of Asa McMullin.

A pretty home wedding took place today at the home of Mr. and Mrs. George A. Spearin, of 917 East Seventh street, when their sister, Miss Laura Spearin, became the bride of Asa McMullin, of St. Paul, formerly of Superior. The service was read at noon by Rev. M. S. Rice of the First Methodist church. The rooms were prettily decorated with mountain ash berries and leaves, giving a pretty touch of autumn in the contrast of the green leaves and scarlet berries. The wedding music was played by Miss Millie Oiler, and there were no attendants. The bride was given away by her brother, George A.

Spearin. She was gowned in a dainty frock of white habutai silk, trimmed in German Valenciennes lace, and she carried white sweet peas. After the ceremony a wedding breakfast was served.

Mr. and Mrs. McMullin left on the afternoon train for St. Paul, where they will be at home. The bride's going away gown was a black and white check suit, with a hat to match.

Musical.

Mr. and Mrs. A. F. M. Couston entertained at an informal musical last evening in honor of Walter Smith, who has recently returned from a three-year's study in Germany. About fifteen of the musical people were entertained at the delightful evening. Mr. Smith studied the piano and voice and last evening he gave much pleasure in his singing of a group of Schubert and Schuman songs. "The Erl King," "The Wanderer," Rubenstein's "Der Asra," and Tosti's "Good-bye," were among the songs in which he was heard. Mr. Smith played his own accompaniments, and he also played the Liszt "Hungarian Rhapsody No. 2."

The other soloists were Miss Jane Everington and A. R. Bjorquist. Several readings were given by Miss Adele McClaran.

Hours-Lyons.

A pretty wedding took place at noon today, when Miss Lulu M. Houts, daughter of Mrs. Margaret M. Houts, became the bride of William A. Lyons, of Marquette, Mich. The ceremony took place at noon at the residence of Rev. Father Robillard, who read the service. The bride

was attended by Miss Marie Starkson and the groomsmen were Frank Lyons of Arizona. The bride wore a dainty gown of white and carried white roses and Miss Starkson wore a white gown over pink and carried pink roses. After the ceremony a reception was held at the home of the bride's mother at 2407 West Third street, and Mr. and Mrs. Lyons left on an afternoon train for an Eastern wedding trip. They will be at home at Marquette.

Personal Mention.

Mrs. Emil Wagner will leave Saturday of this week for Milwaukee, where she will attend the convention of the Catholic Order of Foresters as a delegate from Court St. Anthony of this city. The convention will convene Monday, Sept. 24.

Mr. and Mrs. L. B. Arnold will leave this evening for a trip to the Red River valley.

Mr. and Mrs. W. R. McCoy have returned from a short visit at Iowa.

Luncheon.

Mrs. E. Frank Barker, of Park Point was hostess at a luncheon and lunch yesterday afternoon at her home, at which the guests were the members of the Park Point branch of the Ladies' Guild of Trinity Episcopal church. In addition to the members, the following guests were also entertained:

B. Zweifel, N. A. Matheson, A. A. McFarland, H. H. Marston, M. A. McFarland, Miss Thoresen, D. D. McFarland, S. R. Chamberlain, Steele of Minneapolis, Rev. H. A. Wurtele.

White Cloth Costumes Practical for Early Fall.

By A. T. ASHMORE.

If one contemplates remaining in the country until late in the autumn it is necessary to provide at least one smart white or light cloth suit that shall be quite distinct from the autumn costume designed for occasional trips to town. This costume should be quite warmly made, for after the first of October warm days come seldom, and to thoroughly enjoy the crispness of October and November weather one must be completely clad. If the autumn is to be spent at some fashionable resort, a smartly made white cloth suit will be useful beyond words, and white is even more serviceable than a more distinctive color, for it can be cleaned time and again and will not be easily remembered. Among the white suits this autumn

there are a great variety of models from which to select. There are short coats and long, rough materials and smooth cloths, ivory white, ecru and cream, and there are many severely simple models that are quite as smart as those of elaborate design. As those of the newest models little pony jackets are much in evidence. These coats give a suggestion of the all pervading empire without having the same loose and so often becoming lines. This style of jacket is generally rather fancifully made with trimming of embroidery and handsome lace. Fine lingerie collars and cuffs trim many of the models, but as a rule lace or embroidered collars are preferred, as the lingerie reminds one too forcibly of the past spring fashions. It is an art at this time of year to have all the costumes made on dis-

tinately the latest models, for so many women are wearing the gowns that partially escaped the ravages of a long spring. The true bolero will not be so popular from now on, as there can be little warmth in any jacket which does not reach to the waist line, and is in fact, a short, full skirt and half fitted refer jacket trimmed only with black velvet collar, revers and cuffs is always in good taste. Even the longer coats are not a full three-quarter length this year, but come to within some three to six inches above the knees. A fitted jacket, single breasted, with rounded coat tails, is becoming to almost any figure, and is a model that is just coming into fashion for a really severe style of dress.

What Retail Markets Offer

Hermantown cabbage, up to 25 lbs. 5 and 10 cents each.
Fond du Lac tomatoes, 11 a bushel.
Pike Lake tomatoes, 20 cents a basket.
Concord grapes, 25 cents a basket.
Utah peaches, \$1.25 a crate.
Corned beef, 12 1/2 cents a lb.
Sweet pickled pork, 15 cents a lb.
Canned beef and cabbage are all right, and although the weather should be a bit colder to have them

really appreciated, the cabbages from the environs of Duluth are really so very nice that in township loyalty everybody ought to have a few. Tomatoes grown about Duluth this year were given an opportunity to ripen and are in the market and are very nice little tomatoes, too. Concord grapes and peaches salore are the features of the market and grape jelly and that most ravishing delicious of all pickled or preserved things, pickled peaches, should be receiving the attention of housewives.

KITTY TELLS A STORY.

By Paul Creswick.

(Copyright, 1906, by Joseph B. Bowles.)
"At last," murmured my little hostess, breathing a sigh of relief, "What a time people do stay!"
"I rose promptly," she continued, "and don't be ridiculous. You're not 'not people.' Have some more to eat, and let me be a piece of cake. I'm starving."
"You're looking fagged, Reggie. Everything all right?"
"As well, I suppose, as can be expected. Sitting all day long in the office doing nothing beyond eating away your own heart—is not exhilarating, even if it is cannibalistic. But don't talk about me—I hate the subject."
"Talking about nothing," remarked Kitty, placidly, "always makes me hungry. Do try this cake—I made it myself."
"I think you've been most wonderful today," I told her. "Your remarks concerning psychometry were illuminating in the highest degree."
"I had been reading about it in a magazine," she confessed. "Personally, I don't believe a word of it. A third eye, indeed. I find two, quite enough, especially when one's eyelashes are always coming out."
"Let me look."
"No, you're not Uncle Toby, even if I am a widow. I'm not going to ring for some fresh tea, so please behave. I wouldn't have my Loftus shocked for worlds."

She's a very proper young person."
"I accepted the invitation to be best man at her wedding, and I was terribly nervous. I was going to be bridesmaid, or anything."
"Don't be too absurd. I shall be there, of course. And Reggie, please recollect that weddings are serious affairs. Kitty signed away this, and you haven't seen it now. I got on at the Jack-at-Home. I was horribly nervous when I went in. They had the studio crammed full of wonderful people; celebrities, and artists, and authors."
"Doesn't the first kind cover the two others?" I questioned.
"Not necessarily. Celebrities means folk who have arrived. Artists and authors don't dream of arriving—they're either old or dead. At least, not the best sort."
"So you didn't talk to the celebrities?"
"Why always have with one's own?" she smiled deliciously. "Meaning, of course, that I'm very old, and that you really must leave off squeezing my hand. Do you know that I shall be eight-and-twenty next—"
"I interrupt." "That subject is taboo for the present. I'm saying up my pen and pencil, and do my best. Help yourself. It all appears very good."
"You're looking fagged, Reggie. Everything all right?"
"As well, I suppose, as can be expected. Sitting all day long in the office doing nothing beyond eating away your own heart—is not exhilarating, even if it is cannibalistic. But don't talk about me—I hate the subject."
"Talking about nothing," remarked Kitty, placidly, "always makes me hungry. Do try this cake—I made it myself."
"I think you've been most wonderful today," I told her. "Your remarks concerning psychometry were illuminating in the highest degree."
"I had been reading about it in a magazine," she confessed. "Personally, I don't believe a word of it. A third eye, indeed. I find two, quite enough, especially when one's eyelashes are always coming out."
"Let me look."
"No, you're not Uncle Toby, even if I am a widow. I'm not going to ring for some fresh tea, so please behave. I wouldn't have my Loftus shocked for worlds."

to me if I remain to listen to it!"
"Possibly. What a commercial mind you have! It's a story with a moral. No market for it. Only stories with no morals sell nowadays."
Kitty ignored this statement in her usual masterful way.
She commenced, "It was on a Christmas eve, many years ago, when a biting wind was scouring the dark London alleys about the neighborhood of St. Giles' Ham and steel had been descending throughout the living day, and now night had come with bitter emphasis, promising worse misfortunes than those which had already befallen our hero—pale, earnest-faced, poorly-clad youth of two-and-twenty."

"Hear, hear—encore!"
Kitty accepted my encouragements, and proceeded. "Choosing his way carefully in the ill-lighted and unsavory court, our hero discovered, at length, the wretched abode in which it was his present lot to reside. He correctly guessed, 'At least it wasn't really wretched on this particular night. The people who kept the house were quite respectable, nice people as you'll guess later on. Our hero ascended the creaking stairs which led to several flights to his room, and entered it, gloomily. It was pitchy dark, save where a faint ray from the lamp on the table below shone through the grimy windowpanes. Why didn't the quite respectable people have 'em cleaned?'"

"Be quiet. Our hero noted, even by the ray's dim gleam, the dirty poverty of the small apartment. No need to light the cheap lamp to show that the sordid squalor of the room. Its every feature, its every feature was too deeply impressed upon the artist's brain."
"You said editor," I reminded her. "Did I? Well, we'll let it stand as 'artist,' said Kitty cheerfully. 'That artist, my dear, is making me feel positively chilly. Every item of that mean apartment was stamped—'
"You've said that already."
"Oh, well, then, about the dull walls were nailed the artist's many faded, bright patches of color—which, on happier occasions, had given him always renewed confidence. Surely they weren't all bad; surely, at least, some one with seeing eyes would perceive their merit. But this waiting for recognition was weary work, and now that the end of the day's slender resources, the stern question in his head, 'Our hero, in his terrible despondency, decided that it was a failure—that he must go back to the hard task which his parents, and indeed, all his relatives had chosen for him.'"

"That's so like relatives," I observed, "singing their noses in whenever they can."
"For rather more than a year he had had his own way," continued Kitty. "He had tried to show the world that he was a real artist, and he had, in all, sold three pictures; and this, with the small money that had been his, on leaving his parents' home, had kept him alive in London. Many days he had lived on, and indeed, all that sort of thing."
"Nothing to drink?"
"I forgot. Bread and water, I meant. But seriously, Reggie, I want you to understand that the poor boy had had a terrible struggle, and that just now he was right down. Faint, hungry—utterly alone; sitting on the cold, dark window of his little room. In the cold thought of a failure—that's what he felt—failure, that's what he felt. There were his pictures about the walls, that he liked best. Others that he had faded were more marketable in the weather-worn portfolio which he had put down upon the table when he entered. The room was empty; he knew that the very big had gone out to do their small Christmas shopping. He muttered, 'Kitty was alone, at the far end of his one chance—rose up and crossed to that part of the sketchbook the lamp gleams betrayed a failure. Despair came upon him. He then another, and crushed them under shaking hands, and trampled them under his feet. 'My ideals,' he muttered. 'Kitty was looking into the fire steadily.'"

"My ideals," she repeated.
"I moved restlessly. 'Just then—just as he was completing this destruction, there sounded a little rattle on Kitty hurriedly. At once he jumped back to the window, struck a match. There on his bed, sitting bolt upright, was a child—the child of the house. She had evidently been there a long time, sleeping in the dark. The artist steadied himself to light the lamp. Then one could see the striped walls. Even the small dignity of his sacrifice was to be taken from him. He made a movement of weak anger against the child, whose keen, precocious glance had taken it all in. She suddenly leaped off the bed and gained the door. Then as his hand turned to tear another picture from the wall, she came back into the room. Give it to me," she cried pitifully. "You don't want it. Give on all to me. I love them—I love them. They've all I've got. Her words ended in a sob, and the artist stood and listened sympathetically to her crying. And he was ashamed."
The dear raconteur paused, and the freights trembled over her pretty face.
"So, of course, he tried again. And fought down despair, and won through," concluded Kitty.
"Why do you tell me this story, Kitty?" put her hand upon me in a motherly way. "Because, after all, I have that third eye, Reggie. I didn't know you, dear, until just today. Sometimes it may be only my fancy. Reggie—I seem to see you looking a little tired of it, as though you were inclined to kick over the traces. Sympathy—we hit indifference; disappointment—I know. One doesn't become king's counsel in five minutes, Reggie, and I daresay there's a lot of patient work, and endless waiting to be done. But it's the only thing we have earned that is worth while. Forgive me, won't you?" I patted the back of that little hand which stayed a moment longer on my shoulder.
"Thank you, Kitty," I said.

THE IDIOTIC JURY.
Boston Herald: When the Hon. Henry W. Payne was in active practice in Maine, long before he came to

J. M. GIDDING & CO.

An "Open Door!"

We invite you to come in and see our New Fall Clothes and Furs! No obligation to buy and no urging!

It's our Formal Opening time—the time when women like to see the vogue in dress!

We've prepared a beautiful stock! A larger stock than ever before and that means a very large one indeed!

But mere size of stock doesn't count for so much as the variety and elegance of its composition!

In these we have excelled ourselves who have always been foremost!

Our Tailored Suit prices range from \$15 to \$59.50.

Our Demi-Tailored Suits and Gowns from \$25.00 to \$250.00.

Mixture Coat prices—\$10.00 to \$47.50.

Black Coat prices—\$12.50 to \$85.00.

Evening Wrap prices of broadcloth and velvet \$35.00 to \$150.00.

Skirt prices \$5 to \$37.50.

Silk Waists \$5 to \$65.

Our popular selling Suits are at \$25, \$27.50, \$29.50, \$32.50, \$35, \$37.50, \$39.50, \$42.50, \$45, \$47.50 and \$49.50.

You can see what a great price range it is—and the great majority of people who want good and fashionable clothes pay these prices—in these lines our stock is especially strong! We have now in store hundreds of beautiful suits, finely tailored of plain or fancy mixtures at \$25, \$27.50 and \$29.50!

Gidding

Boston and attained eminence at the Suffolk bar, he had occasion to defend a person charged with some criminal offense. The state put it in his case and showed pretty conclusively the guilt of Judge Payne's client.
Mr. Payne told the court his client was non compos mentis, and called him to the stand. He was so idiotic he could with difficulty be got to the witness box, and when there it was evident from his answers and manner he was idiotic.
"That is my case," said Mr. Payne.
Neither Mr. Payne nor the prosecutor desired to argue the case, and the respondent's mental capacity being a fact for the jury to determine, the judge charged them if they found the defendant not of sound mind to bring in a verdict of not guilty.
The jury retired, and to the surprise of everybody, returned a verdict of "guilty."

The presiding judge promptly asked Mr. Payne if he desired to make any motions. Mr. Payne shook his head and gazed at the ceiling.
After waiting a while, and thinking Mr. Payne had not taken his hint of his willingness to grant a new trial, the judge said: "Mr. Payne, if you have no motion to make, it will become my duty to sentence your client."
Judge Payne replied: "Your honor, I have no motion to make. My client has been tried by a jury of his peers."

Extreme Styles Prevail in the New Fall Hat Models

Hats from Harriet

Smart hats show two extremes this fall, the small, round polo shape so popular a year ago, with a wing or bird on one side, or a huge rosette of ribbon loops at the back, and the large hat of the picture variety. Both the Scotch and the Glangarry turban will be worn, not to mention the small hats of the Peter Pan variety, which returns with the assurance of renewed favor as a smart fall and winter chap-eau.

Whether large or small in pattern, most of the stylish headgear for the coming season will be of beaver. Perhaps the handsomest of the early models are of black, and velvet is the preferred foundation, though moire and taffeta are used, and the combinations of the two are frequent.
High crowns are in favor and the square crown on the Gainsborough idea

is well liked. Without doubt the most noticeable feature in the matter of trimming is the amount of birds, wings and breasts, that are used, and plumes in all lengths are to be decidedly popular.

Besides black, browns and the wine shades will be much worn, and green and blue in moderation. Ribbons are used in profusion and occasionally buckles and even braid as a trimming. Not every woman can become a beauty near the polo turban and in affecting the type of headgear never becomes a person who wears her hair in a severe

Posed by Louise M. McNamee of the Squawman Co.

fashion or drawn close to the sides. Half the charm of these little round hats that are placed so jauntily on the head, is in the display of well groomed and properly dressed hair. A smart new polo in black beaver shown in one of the shops had three rows of folds of satin ribbon encircling

the sides and front and ending in a profusion of loops arranged high in back to keep it from being too flat. Another black beaver model—a walking hat—was trimmed with a large wing on the right side, the opposite side, back and front being covered with a plain piece of velvet just the width of the hat.

Of the large style hats a mushroom shape in black beaver would be stunning for carriage use. Trimmed with three big blue ostrich plumes at the back and two American beauty roses tucked near the brim on the crown, this model would be exceedingly attractive and becoming to almost any woman, especially if a bit of maline

be added beneath the brim at a point where it touches the hair. The brim of this style headgear droops and with the high crown does resemble the field mushroom.

A black Gainsborough in beaver felt, trimmed with two white ostrich plumes on the right side and caught up on the left with bows of either white or black satin ribbon, is a stunning model for a young woman.

One of the plainest models in walking hats is made of black beaver hood, a polo shape, and is absolutely untrimmed with the exception of a large crushed velvet bow placed directly in front.

For an evening hat a large pink beaver with a high crown and wide straight brim may be stunningly trimmed with three big blue feathers that drop over the top of the crown so the tips almost touch the brim in front.

Buchan's Toilet Soaps

The refreshing effect upon the skin is due to our method of combining in a pleasantly perfumed soap, the highest grade of oils and a proportion of refined Carbolic—the greatest of antiseptics.

This soap is the first and best aid to beauty, keeps the skin fresh, clear, and in a healthy condition.

BUCHAN'S DENTAL SOAP a thorough mouth cleanser, removes the tartar from the teeth, and is a positive cure for Rigg's disease of the gums.

If your dealer cannot supply you, send us 25 cents for full size cake.

Cloths, the best quality—special, all colors—only **14c**

BEAUTIFUL FURNITURE

Rare and Costly Collection on Exhibition at Kelley's.

Twentieth Anniversary Celebrated by Superior Street Store.

Life offers few more interesting things than inspecting a furniture store from top to toe and if you are not furnishing a flat or going to furnish a cottage there never was a person who did not need one more piece of beautiful mahogany, or a bit of furniture that in the weary years of waiting and postponement of buying, looms as the most desirable thing that one could have, and you are always ready to just "look" once again. The F. S. Kelly company is this week entertaining at its twentieth anniversary and annual fall opening and it is a pleasure to go through the store from the front door to the top.

The Herald this week in its widely read "Twenty Years Ago" column had the following notice:
"The Kelly & Steger have opened a furniture house on the installment plan on West Superior street near Sixth avenue."
It was of much interest to a large number of local people and many who were little more than able to sit up and take notice at that time, are thrillingly interested in this furniture store today. And the Duluth residents of twenty years standing are also interested in the growth of the firm with which Mr. Kelly has been identified. Furniture is no longer a thing to be made in job lots and bought hit or miss, but more of the real old artists' touch is entering the making of beautiful chairs and tables and the joy is not only in possession of it but in the love and the looking at the beautifully grained wood lines of a well wrought piece of furniture is an experience every one can enjoy.
The different floors of this company's store hold many exquisite bits of furniture as well as more simple but pleasing pieces. The mahogany bedroom sets in copy of old colonial styles are lovely, and one Italian dresser bearing hand wrought carving, is inspirational in its true copy of a rare old piece. The simplicity of outline and the wood are all beautiful and if to the store is worth while if only to see it.

Another of the things which every man will heartily endorse, is called a valet wardrobe and is the cleverest order, only lacking that senseless tailness, and series of drawers, which is the thing is made in a more symmetrical outline, without having to toss a drawer full of stuff away to find the thing which is wanted. It is a real valet wardrobe, with cupboards doors and inside sliding drawers, and is so far enough from the floor so that the elusive coat will go up and down with ease and grace and a valet wardrobe, is rescued. That valet wardrobe is a thing to make a big hit with every man who sees it. It has no drawers, but is a thing to make a big hit with every man who sees it. It has no drawers, but is a thing to make a big hit with every man who sees it.

A program of music by Platten's orchestra will be at the top of the program. The program is as follows:
1. March—The Vandalist.
2. Medley from "The Merry Widow."
3. Airs.
4. Gems from grand opera.
5. Sixtette from "Lucia."
6. Intermezzo from "The Merry Widow."
7. Scotch Selection—"The Thistle."
8. Airs.
9. Idylle—"Rose Leaves."
10. Finale—"La Perle de Victorie." Game

When two strong men come to blows, the first man to get the worst of it is the man who gets the worst of it. He will look better and feel better in short order. He will look better and feel better in short order. He will look better and feel better in short order.

W. H. Worth Trying.
At Minneapolis, Sept. 19.—At a late hour this afternoon the result of the primaries for the mayoralty nomination in this city, so far as the Republican ticket was concerned, was still a matter of uncertainty.
At 10 o'clock, 144 precincts gave D. P. Jones, the present mayor, 6,273 votes and U. G. Williams 6,388. At 1:30 p. m., 77 precincts gave Jones 8,274 and Williams 8,013. In an address, the retiring Governor General Ide reviewed the work of his administration.
Governor General Smith, in responding to the welcome tendered him, asked for the co-operation of all classes of citizens in support of the government, as there must be cohesion in order to obtain results.

GOMPERS MAY APPOINT MANY MORE ORGANIZERS.
Washington, Sept. 19.—At today's meeting of the executive council of the American Federation of Labor, President Gompers was authorized to appoint organizers to the fullest extent the funds will permit. He was also instructed to communicate with affiliated national orders, urging them to the same course of action.
Mr. Gompers stated that the action was taken to strengthen the cause of labor, and when asked if it was in the interest of the present political activity of the order, replied that it is in the general interest of the organization.

A GOOD AFTER-DINNER CIGAR
S. F. Boyce Says the Chicos Just Fill the Bill.
The time to enjoy a real good cigar is after a good dinner. "There is no better time to test the quality of Wadsworth Bros' Chicos than to light one right after a hearty meal," says Mr. Boyce of Boyce's Drug store. It just fills the bill for a good after-dinner cigar.
It is clear, long Havana filler of superior quality, and the size is exactly right.
Mr. Boyce says that he has sold more cigars since he introduced this brand in Duluth than he ever sold before of any brand in four times as long. This news shows how it pleases the smoker who enjoys a good cigar.
Step into Boyce's Drug store today. Mr. Smoker, get a pocket full of Wadsworth Bros' Chicos.

We Hold Up a Buck's Range

In every sense of the word. We sell it because we are confident there is none to equal it. We guarantee it because we are perfectly confident of its good qualities.

There is no better range made. We will let you decide that by a thorough examination of all its good points.

The range body is made of one solid piece of blued steel—no sheet iron used in its construction—fewest possible number of joints—all joints fitted air tight—extra large draft providing equal combustion entire length of fire box—oven made of two pieces of 14-gauge cold rolled steel—riveted rib joint on bottom of oven, prevents warping—all oven doors and oven racks are white enameled—large, quick baking ovens—range body and flues all lined with heavy asbestos board—heavy duplex grate, for either wood or coal—fire box and all cast parts made of highest grade Southern gray iron—top of range cannot warp.

SOLEMN CORTAGE FOLLOWS CASKET

Emperor's Absence From Funeral Causes Unfavorable Comment.

St. Petersburg, Sept. 19.—A great throng of army officers and high functionaries followed the casket of Gen. Tropoff at the funeral today, on foot, according to the Russian custom, through lines of soldiers representing all the units of the Russian army, from the villa where the general died to the Cathedral and thence to the place of interment.
Although an attempt by revolutionists to interrupt the services was feared, nothing happened.
The fact that the emperor did not attend the funeral, has aroused much unfavorable comment. It is recalled that his majesty absented himself from the funeral of Gen. Konradchikov, who lost his life at Port Arthur. The emperor and the empress were represented today only by magnificent wreaths. A high police officer explained to the Associated Press that the emperor's absence was due to Premier Stolypin, who had been informed that an attempt might be made against his majesty and telegraphed him not to return.

With the exception of controller of the empire, Schwanebach, no ministers were present. The only members of the imperial family who attended the funeral were Grand Duke Nicholas Nicholasievitch, his brother, Grand Duke Peter and Grand Duchess Elizabeth, widow of the late Grand Duke Sergius, and a sister of the empress.
Gen. Tropoff, when he was prefect of Moscow, was on terms of close friendship with Grand Duke Nicholas. The widow of Grand Duke Sergius came from Moscow especially to attend the funeral. She walked with

SPELLING RULES FILL THE LUNATIC ASYLUMS.

Hawick, Scotland, Sept. 19.—Lord Rosbery speaking at the jubilee dinner last night of the Hawick Archaeological society of which Dr. Murray, editor of the Oxford New English Dictionary, is president, said amidst laughter that he came especially to hear Dr. Murray's opinion of President Roosevelt and was disappointed that not a word had been uttered on the subject. Lord Rosbery then humorously referred to Roosevelt's spelling reform, saying a blow struck at the recognized rules of spelling of the English race was a blow at morality itself. Conscientious and virtuous people, he said, were disgusted by spelling, but the unscrupulous and vicious spelled according to phonetic rules of their own, producing results fully acceptable to themselves and sometimes understood by others. He was not at all sure that the archaic rules of spelling laid down by tradition and stereotyped by the dictionaries had not filled the lunatic asylums of the country. The conscientious man got muddled, but the unscrupulous went ahead and at the last moment of his life might be honored by the homage of the president of the United States.

Impure blood runs you down—makes you an easy victim for organic diseases. Burdock Blood Bitters purifies the blood—cures the cause—builds you up.

ENTIRE DELEGATION ORDERED FOR HEARST.
New York, Sept. 19.—There was no opposition to William R. Hearst in the Democratic primaries in Erie county yesterday, and the full county delegation, including Buffalo, will be instructed for him.

NEW POSTMASTER.
Washington, Sept. 19.—(Special to The Herald).—Charles W. Field was appointed postmaster at Northome, Itasca county, Vice O. M. Olson resigned.

TEMPERANCE WOMEN MEET

St. Paul Jurist Predicts Ultimate Success of Organization.

St. Paul, Sept. 19.—(Special to The Herald).—The convention of the W. C. T. U. of the state opened late yesterday at the old capitol with a special meeting of the executive committee.
About 200 members of the union attended. Rev. J. J. Lawler who welcomed the delegates to the city appeared in place of Governor Johnson who is out of the state.
Judge G. M. Orr also delivered an address of welcome. He outlined the purposes of the great temperance organization and stated that it would be successful ultimately and the efforts of its members would be crowned with victory.

The responses to the address of welcome were made by President Stovel and Mrs. Della R. Mandigo, of St. Paul who is treasurer.
The devotional part of the meeting was led by Rev. A. C. Stephens, of the First M. E. church. After the meeting the union gave a reception to the Fort Snelling soldiers.

Well Worth Trying.
At Minneapolis, Sept. 19.—At a late hour this afternoon the result of the primaries for the mayoralty nomination in this city, so far as the Republican ticket was concerned, was still a matter of uncertainty.
At 10 o'clock, 144 precincts gave D. P. Jones, the present mayor, 6,273 votes and U. G. Williams 6,388. At 1:30 p. m., 77 precincts gave Jones 8,274 and Williams 8,013. In an address, the retiring Governor General Ide reviewed the work of his administration.

FAREWELL DINNER.
New Governor General is Welcomed in the Islands.

Manila, Sept. 19.—A dinner that was at once a farewell to Governor General Ide and a welcome to his successor, Gen. Smith, was given tonight by a number of citizens of the Philippines. Speeches eulogistic of the late administration were made by several Filipinos, and representatives of the American and Filipino interests greeted Gen. Smith.
In an address, the retiring Governor General Ide reviewed the work of his administration.

GOMPERS MAY APPOINT MANY MORE ORGANIZERS.
Washington, Sept. 19.—At today's meeting of the executive council of the American Federation of Labor, President Gompers was authorized to appoint organizers to the fullest extent the funds will permit. HAPPENINGS IN THE DAKOTAS

Fargo Member of Supreme Court Shows Scorn of Knauf.

NORTH DAKOTA.
Grand Forks—Associate Justice Engerud has carried out his assertion, made some time ago, that he would not sit on the supreme bench with Judge Knauf of Jamestown. Court was convened here yesterday for the first session of the September term, and Chief Justice Morgan and Associate Justice Knauf were the only attendants. No mention was made of Judge Engerud's absence and the call of the calendar was taken up. It is not likely now that the term will last over a few days, as the attorneys interested here given the choice of having their cases argued before two judges or an odd number continued until the next term. Most of them will take the latter course.
At the Jamestown convention, when it became certain that Knauf would be nominated, the report came from Fargo that Judge Engerud had declared that in the event of Knauf's election he would resign. A month after his nomination Knauf was appointed to succeed Judge Young, resigned, and it became known that there would be no contest in the court. Chief Justice Morgan was besieged with personal letters from attorneys having cases to try at the Grand Forks and Bismarck terms. The court term he adjourned until after Jan. 1.
The bitterness of the fight against the Jamestown man is plainly shown in the action of Judge Engerud, who has purposely absented himself from the court since he was elected. He will follow this course till after the election at least and possibly till after the close of the year. This is the first discordant supreme court that North Dakota has ever had.

CLOSEST RACE YET ON RECORD
Jones and Williams Running Neck to Neck at Finish.
Minneapolis, Sept. 19.—At a late hour this afternoon the result of the primaries for the mayoralty nomination in this city, so far as the Republican ticket was concerned, was still a matter of uncertainty.
At 10 o'clock, 144 precincts gave D. P. Jones, the present mayor, 6,273 votes and U. G. Williams 6,388. At 1:30 p. m., 77 precincts gave Jones 8,274 and Williams 8,013. In an address, the retiring Governor General Ide reviewed the work of his administration.

COOK SCHOOLS GREAT SUCCESS

Better Bill of Fare Promised for Soldiers and Sailors.

Washington, Sept. 19.—Schools for "bakers and cooks," recently established in this city, in charge of Capt. F. J. Koster of the subsistence department, have been quite successful, according to Maj. Gen. Grant, and in a short time, he says, the graduates of the schools will make themselves felt in the army, and their good cooking will add to the good health and contentment of our enlisted force, and consequently to the efficiency of the army. The cook schools took charge of all the company, hospital and detachment messes at Washington barracks.

The Breath of Life.
It's a significant fact that the strongest animal of its size, the gorilla, also has the largest lungs. Powerful lungs means powerful creatures. How to keep the breathing organs right should be man's chiefest study. Like thousands of others, Mrs. Ora A. Stephens, of Port Williams, O., has learned how to do this. She writes: "Three bottles of Dr. King's New Discovery stopped my cough of two years and cured me of what my friends thought consumption. O! it's grand! it's grand! and lung troubles." Guaranteed by all druggists. Price 50c and \$1.00. Trial bottle free.

EVERYBODY
Who has happened to look into the oven of the ROUND OAK CHIEF STEEL RANGE has exclaimed in PLEASANT SURPRISE, "what a beautiful oven." It is a fine oven—the best we have ever seen.
It is 12½ inches high.
The top is arched, making it very strong and graceful.
The top and sides are in one piece.
The bottom needs to be much heavier, so that is separate.
The good workmanship on this oven shows for itself; in fact, good workmanship shows all over the CHIEF; every part fits and these essentials enable the range to do its work economically and well.
It has a duplex grate—wood or coal can be used with no change of grates.
The back flue is made entirely of cast iron and will last a lifetime.
If this flue is made of steel it soon rusts out.
The "Chief" is the range of the year and we would be pleased to show it to you.

\$1 A Week Payments.
And a liberal allowance for your old stove.
"And this, Fritz, is the Round Oak Chief Steel Range. It is considered the best mounted, finest finished, most complete and satisfactory range ever made."

DICK IS BOOMED

For Chairman of Wisconsin Republican State Central Committee.

Milwaukee, Wis., Sept. 19.—The name of W. H. Dick of New London is being mentioned as a candidate for chairman of the Republican

Copper Gossip.
 & Sturgis: Persistent sentiment common today dampened sentiment and prevented advance in the market. Most issues at 1 per cent lower after a very dull day of desultory liquidation and at close quite a share. The market is all better as the pace has been pretty much a week past. There is advance in real situation and

state central committee. Mr. Dick is a business partner of Senator W. H. Hatten.

Mr. Dick was an ardent supporter of Lenroot for the nomination for governor. Senator Hatten was numbered among the supporters of Davenport, but he was not engaged in running the campaign. It is surmised by some of the politicians that he is the choice of L. E. and J. M. Hatten for the nomination.

Western orator.

"At the start," said Mr. Dick, "this man secured sympathy from the audience. To secure sympathy start is very often the secret of success."

"There was, for instance," said the fellow who entered a room and said:

"I believe I am an injured party, and I desire to verify my statement by a personal inspection of the premises." He then went next street. But I can only

eral trend is still upward. The market is dull without going off much. Corn is well at the close. Green corn is a little over-bought for momentary reaction. Butte was notably firm. The new old Dominion will sell at a profit. Movement in Superior and Duluth is very promising.

THE PRODUCE MARKET

The following prices, with the exception of those on hay, feed and meats, are for cash.

opposed to W. D. Connor, the present state chairman and successful candidate for the nomination for the legislature.

Plans for the convention next Tuesday at Madison, at which the organization of the party is to be completed and the platform adopted, are being carried on assiduously. Preliminary caucuses in the different congressional districts for electing delegates to the national convention, a central committee and formulating a platform, will be held on the 20th.

The grocer, patting the shoulder in kindly fashion, said: "To be sure, my dear fellow, I am not a politician, but I can tell myself at the present, good luck to you."

"Some time passed. Then our husband rushed through the door, rolling his eyes and muttering, 'The fellow has got the whip and will kill her now!'

quotations of the Board of Exchange, and shippers can rely on as being correct. The list is sent daily by the secretary, and is accurately the market conditions 2 o'clock on the date of issue. The daily market letter, published in the *Butter*, is not an official statement of the exchange, but the information is derived usually from the different dealers.

pective plank or the platform will be held.

The candidates who will participate in the convention several Milwaukee politicians expect to attend, including Charles Penz J. J. Prater, Republican county committee, Charles C. Maas, candidate for recorder of deeds, and some of the other county candidates and political workers.

It is stated that Walter L. Houser, defeated candidate for the nomination for sheriff, will also appear.

"Your wife?" asked the man.

"Yes," groaned the girl.

"What was she doing at her gullit, and before sundown he was a murderer."

"The grocer," tried to defend himself.

"No! Nothing!"

"But he got away from a murder for a more, and then, a little discomfited and suspicious, the grocer investigation in the back part of the store." The girl gasped out, through the open door.

TWENTY-FOURTH YEAR.

SPECIAL MAIL EDITION FOR:

FRIDAY MORNING, SEPTEMBER 21, 1906.

(ON TRAINS, FIVE CENTS.) TWO CENTS.

ROBBERS BLOW UP BANK; THEN COVER CROWD WITH PISTOLS AND RIDE AWAY

Michigan Town Terror-
ized by Muskets and
Armed Bandits.

White Cloud Bank Dyna-
mited and Several
Thousand Taken.

Interior of Another Bank
Also Wrecked by Ex-
plosion.

Grand Rapids, Mich., Sept. 20.—Eight masked and armed burglars held the people of White Cloud, forty-five miles north of here, at bay early today while they ransacked the Newaygo County bank and attempted also to rob the bank of R. Gannon & Son. The eight men rode into the town, surrounded the buildings containing the two banks, and posted guards outside, while other members of the gang worked inside.

The interior of the Newaygo County bank was wrecked by two explosions. The burglars secured between \$2,000 and \$4,000. Dynamite was then used to wreck the interior of the Gannon bank. The explosions aroused the residents, the robbers covered with guns those who gathered at the bank, and rode out of town on horseback.

**LOSS OF LIFE
IS APPALLING**
Full Extent of Horrors
by Typhoon Not Yet
Known.

Hongkong, Sept. 20.—The full extent of the catastrophe is not yet known, but conservative estimates place the number of Chinese who lost their lives at 5,000, and the total of material damage to the colony at \$5,000,000.

Reports of disasters at sea are constantly being received here. The steamer Albatross, with 141 passengers on board, foundered near Futaba, Japan. Only six passengers and two of the crew were saved. The steamer Fat, from Samcheu, foundered, and 120 passengers and ten of her crew are missing. Only one of the crew are known to have been rescued.

Mrs. Hoare and her search party have returned. They were saved by the steamer Fatshan, whose Chinese crew clambered on board the Spanish mail steamer Polinesia, when the Fatshan collided with her, saved his vessel and 120 Chinese passengers by splendid seamanship. Fortunately the engine room staff stuck heroically to their posts. Capt. Thomas was left almost single handed on deck. He took the wheel and navigated the Fatshan for one hour and forty minutes, through tempestuous seas, and finally beached the vessel safely. It is believed that she can be refloated without trouble.

The staff of the Jardine Matheson Sugar Refinery rescued 200 Chinamen from sinking sampans.

The losses of the Kowloon Godown (warehouse) company are estimated at \$250,000. Forty thousand bales of yarn, which were in storage at Kowloon, probably are irretrievably damaged. The beach is littered with damaged silks, and many looters have been arrested here and at Kowloon.

There are ample supplies of rice to relieve distress.

There were 100 Chinese passengers on board the steamer Hien Hien from Macao, which stranded off Lintao island. All the European passengers, including three women, were saved. Many of the Chinese, including women, were drowned, but the total number of deaths is not known. The position of the Hien Hien is hopeless.

**BIG INSURANCE
SUITS PENDING**
British Companies Are
Threatened With Law
by Policyholders.

San Francisco, Sept. 20.—The Examiner says today that the Sharon estate Parrott estate and California Wine association have decided to combine in a \$500,000 suit against the British insurance companies which by reason of an earthquake clause in their policies are refusing to settle their San Francisco losses in full.

NEGOTIATE FOR PEACE

Cuban Leaders Express
Great Confidence in
President Roosevelt.

Both the Parties Submit
Statements to Taft
and Bacon.

New Orleans, La., Sept. 20.—A dispatch to the Picayune from Cuba gives an interview by the insurgent leader in Havana province, Gen. Enrique Del Castillo, in which he says he would like to see a commission of Americans appointed to negotiate peace.

"I believe there is no reason to expect American intervention immediately," Gen. Castillo said, "but it will come. I would like to see the United States negotiate peace. We have great confidence in President Roosevelt. We believe that if he intervenes he will cause his representatives to remain in Cuba just long enough to make peace and then withdraw them."

Havana, Sept. 20.—The presidents of both the Moderate and Liberal parties submitted to Secretary of War Taft

(Continued on page 5, second column.)

**CAR CAPSIZES;
TWO INJURED**
St. Paul City Officials
Meet With Serious Auto-
mobile Accident.

St. Paul, Sept. 20.—Five men, members of the city council, the charter commission and city engineer's force had a narrow escape from death yesterday while driving in an automobile from White Bear village to St. Paul, and two were seriously hurt. The men in the party were C. A. Winslow, assistant city engineer; Ernest Jackson, owner of the automobile; Assem- blyman H. Haas; F. M. Catlin, and R. M. Baumgartner, members of the city charter commission.

They had been on an inspection tour of the city waterworks system and were returning home. The car was one of ten that had been used to take a party of city officials on the trip and it was going at about twenty-five miles an hour when a sharp turn in the road was reached. The rear wheels skidded at the turn and the machine turned completely over, landed on the ground, bounded into the air again and struck right side up a short distance away. The height of the backs of the seats alone saved the occupants from being crushed under the heavy car.

C. A. Winslow and Ernest Jackson, who was operating the machine, were rendered unconscious. Jackson is in Bethesda hospital badly bruised, and Mr. Winslow is at his home where the extent of his injuries is not yet known.

The other occupants of the automobile escaped with slight bruises. Automobiles following brought the injured and other occupants of the car to the city.

EXIT BASEBALL, ENTER FOOTBALL.

Buffalo, N. Y., Sept. 20.—In an interview published today E. H. Butler, the local Higgins leader, is quoted as saying that Governor Higgins will be a candidate for re-nomination at the Republican state convention next week. "In my judgment, there will be no other candidate before the convention," he said, "Higgins is the man to lead the party to victory again."

**VALUABLE SITES
IN WISCONSIN**
Recent Government Work
Indicates Many Unde-
veloped Opportunities.

Washington, Sept. 20.—The result of stream-gauging work carried on in Michigan, Wisconsin, North Dakota, Illinois, Minnesota and Iowa during 1905 by the hydrographic branch of the United States geological survey have recently been published. Many undeveloped waterpower sites are indicated by the report.

The co-operative work carried on in Wisconsin by the state and the United States geological surveys has been productive of important results, particularly that pertaining to the Wisconsin river, where it has been estimated that over 100,000 horse power is now going to waste.

GOVERNOR JOHNSON SPEAKS TO LARGE CROWD AT RED WING

Points From Gov. Johnson's Speech.

I have maintained for myself and for those subordinate to me that if it was incumbent upon the people, the sovereigns of our commonwealth, to yield the strictest obedience to law, it was in a fuller sense the absolute duty of their public servants to yield obedience to the law and loyalty to the public interest.

It is a matter of special pride with me on this occasion that every promise has been kept; that not a pledge has been broken; that we have kept faith with the people who reposed their confidence in us.

I shall try always to convince the people engaged in lumber business on state lands that honesty is an essential; that it is not cheaper to steal the timber than to buy it at legal sale.

I have positively declared for a flat 2-cent passenger fare and for the abolition of passes. As a result of these declarations, the Republican party of this state, for the first time in its history, has incorporated a plank in its platform declaring for these propositions.

It is a singular thing that the only two great general rate reductions which have come to the people of Minnesota during the past half century came under the administrations of Governor John Lind and myself.

The governor of Minnesota and the insurance commissioner appointed by him were approved and commended by Theodore Roosevelt, president of the United States, in a message to congress on the insurance question, in which due credit was given for our interest and work for insurance reform.

Never in the history of the state has the dairy and food department done so much for the development and promotion of the dairy interests, and no previous administration has made such wonderful progress along the lines of pure food regulation and the enforcement of pure food laws.

The box-car merchant—an Arab institution—which was for so many years a flagrant violator of our pure food laws has been driven from the borders of our state.

Public service corporations have had their valuations very materially increased. More than \$2,000,000 was added to the assessed valuation of the Twin City Rapid Transit company alone.

Prison labor should not come in competition with the free labor of the state. I have urged upon the board of control the extension of the prison twine plant, and the capacity of this plant has been increased two million pounds per annum.

Drainage, forestry and good roads are three sister lines of state development.

Hundreds of children illegally employed have been put back in the schools and in all cases employers have been compelled to comply with the law.

**HIGGINS TO RUN AGAIN,
SPANISH CRISIS IN
CABINET CIRCLES OVER.**
Says E. H. Butler, the Higgins Leader
at Buffalo.

Madrid, Sept. 20.—The threatened cabinet crisis is regarded as virtually over, although the exact nature of the disciplinary action which the government will take against the bishop of Tuy for his pastoral letter denying the civil marriage law has not been announced. It is evident that the Liberal faction of the cabinet, headed by Count Romanones, minister of justice has been victorious following the defeat of the assembly of the Cortes has been fixed for Oct. 20 or 22.

Red Wing, Minn., Sept. 20.—(Special to The Herald.)—Governor Johnson opened his fall campaign in Goodhue county last night, giving his keynote address to the largest audience ever assembled at a political gathering in the history of the section. Hundreds of people were present.

Governor Johnson arrived in Red Wing after delivering a non-political address to 3,000 people at the Zumbrotta semi-centennial, where he was enthusiastically received. Coming through Goodhue a crowd of 600 was assembled and the governor was forced to deliver a short speech, the train being held thirty minutes.

At Red Wing the meeting was presided over by ex-Congressman C. M. Hall, and on the platform was seated a reception committee composed of leading citizens of the city and vicinity.

Governor Johnson covered the record of his administration in detail, and his telling points were liberally applauded. No more enthusiastic and sympathetic audience ever received a speaker than that which listened to his brilliant young governor for a hour and a half here last night. It is freely predicted that Johnson will not only carry Red Wing but Goodhue county this year.

The governor spoke as follows: Mr. Chairman, Ladies and Gentlemen: Two years ago the people of Minnesota, departing from their usual custom, chose a representative of the minority party as governor of this commonwealth. It was my fortune to have been named by the Democracy as their candidate for chief executive, and their choice was duly ratified by the people of the state at the polls. The close of my official term now being near at hand, I come again before the people asking the endorsement of a re-election at their hands.

The time has arrived, therefore, when it is fitting that I render an account of my stewardship. The people who elected me have a right to know whether or not I have been worthy of the confidence reposed in me; whether I have fulfilled my pledges to them and have been loyal to their interests; whether I have been diligent, con-

**Able Statement of Views on
Leading Public Questions.**

**Shows Record of Pledges Ful-
filled and Promises Kept.**

GOVERNOR JOHN A. JOHNSON.

Red Wing, Minn., Sept. 20.—(Special to The Herald.)—Governor Johnson opened his fall campaign in Goodhue county last night, giving his keynote address to the largest audience ever assembled at a political gathering in the history of the section. Hundreds of people were present.

Governor Johnson arrived in Red Wing after delivering a non-political address to 3,000 people at the Zumbrotta semi-centennial, where he was enthusiastically received. Coming through Goodhue a crowd of 600 was assembled and the governor was forced to deliver a short speech, the train being held thirty minutes.

At Red Wing the meeting was presided over by ex-Congressman C. M. Hall, and on the platform was seated a reception committee composed of leading citizens of the city and vicinity.

Governor Johnson covered the record of his administration in detail, and his telling points were liberally applauded. No more enthusiastic and sympathetic audience ever received a speaker than that which listened to his brilliant young governor for a hour and a half here last night. It is freely predicted that Johnson will not only carry Red Wing but Goodhue county this year.

The governor spoke as follows: Mr. Chairman, Ladies and Gentlemen: Two years ago the people of Minnesota, departing from their usual custom, chose a representative of the minority party as governor of this commonwealth. It was my fortune to have been named by the Democracy as their candidate for chief executive, and their choice was duly ratified by the people of the state at the polls. The close of my official term now being near at hand, I come again before the people asking the endorsement of a re-election at their hands.

**MISSIONS IN
MOROCCO LAND**
Are Received Cordially
and Meet With No
Incidents.

Tangier, Morocco, Sept. 20.—The American mission to the sultan of Morocco at Fez, under the leadership of Minister Gummere, has reached Elksar without incident and proceeded for Fez. It is reported Mr. Gummere will demand indemnity for the kidnapping of Perdic-

**FLOWING WELLS OF
MICHIGAN STUDIED.**

Washington, Sept. 20.—An extensive study of the flowing well districts of Michigan has been made by the United States geological survey, and those in the eastern part of the Northern peninsula are discussed in a paper recently issued. The outlines of the present well districts are given, but an attempt is made to indicate possible extensions of the areas in which water will rise to the surface. In two other reports that are to be published later in the year will be discussed the flowing well areas in the Southern peninsula.

WEATHER FORECAST—Partly cloudy tonight and Friday with fresh variable winds, mostly northerly.

GOVERNOR JOHNSON SPEAKS TO LARGE CROWD AT RED WING

(Continued from page 3.)

The custom of opposing party managers to predict dire financial disasters as a result of Democratic administration. The examination of the banks of this state by the department reveals the fact that the state has experienced its greatest financial prosperity during the last two years. In the number of state banks, savings banks, and trust companies, subject to state examination, the increase has been from 345 in July, 1904, to 448 in July, 1906. The total deposits have increased in round numbers from \$55,000,000 two years ago to \$83,000,000 in July of this year, an increase of \$28,000,000 or 50 per cent. This is the greatest growth in volume and percentage of deposits in the history of Minnesota, and is, I believe, an answer to the vociferous argument of the opposition in the past, and is also an answer, I trust, to the theory that Minnesota is not a prosperous and well developed state.

During the present administration under the examination made by this department there has not been a failure of a single bank subject to state supervision, and no depositor in the state has lost a single dollar.

IN CONCLUSION.

This is not a national campaign, and avoiding reference to national questions, I have confined myself to a discussion of the things which are of immediate concern to our own people and a brief summary of the history of my administration of the affairs of this state during my incumbency in the office of governor.

Permit me at this point to depart for a moment from the discussion of state affairs to pay a tribute to the express of gratitude. It would scarcely add to my reputation for intelligence if I claimed my election two years ago as a partisan victory. I recognized then and still recognize the vote of confidence given me by so many thousands of Republicans, who voted as they did solely because they believed in so doing they were acting for the best interests of the state. Nor have they claimed any reward from me or made any demand upon me except that I give to the people of the state the best service of which I was capable. The realization of this fact has been a constant source of inspiration to me in the performance of public duty.

In conclusion let me renew the suggestion that the past two years have seen an honest administration of public affairs.

There has been no waste of public funds.

Timber stealing has been stopped, and the state treasury which remains standing today is safe from the encroachments and plunder of those who would divide and take the property without legal compensation.

The several departments subordinate to the chief executive have given most efficient service, and I might add that the executive departments controlled by Republican officials have been the most efficient in the history of the state.

We come before you asking a renewal of your confidence. I make bold to say that the confidence reposed in us has not been abused, and that there has been no humiliation to the state of Minnesota because of Democratic administration.

It is important that the state of Minnesota shall have the best administration of law which can possibly come to it. We invite honest criticism and honest comparison, and believe that if this is done, the people of Minnesota will be benefited.

Keep the Stomach Well

The General Health Depends on this Great Organ. It Frequently Needs Natural Assistance.

The stomach is the furnace of the body. It supplies heat and life to every part of the system. Occasionally it needs a cleansing out, just as you have to clean out the ashes from the range or furnace to get the best results from the fuel. When there is any derangement of the digestive organs, take Beecham's Pills. They are the best stomach assistant ever compounded. You need them if you have a coated tongue, bad taste in the mouth, foul breath, blotches on the skin, sour eructations, pain in the pit of the stomach, constipation, biliousness or headache.

Beecham's Pills do not gripe or cause pain. They are a gentle and safe remedy to use in all stomach disorders, and always have the desired effect. The liver, bowels, blood and kidneys are helped by these pills. A prompt and safe cure for nine-tenths of the ills that afflict men and women. In boxes, 10c. and 25c., at all drug stores.

RETURNS ARE INCOMPLETE

Outlying Towns Very Slow in Getting in Their Reports.

Barnes Still Has Slight Chance in Forty-Ninth District.

Seldom on Thursday have the returns from an election been so incomplete as they are today.

The outside districts have been very slow in getting in their reports, and though the conditions are very much in favor of Barnes, he has 1,623 votes to his credit, while Barnes has 1,476.

There are about fifteen towns in this district to be heard from, but these are just as likely to give Barnes majorities as they are to help Barnes out.

In the Fifty-fifth district Lewis is thirty-five votes behind Randall, with one small town to hear from, but this will not cast enough votes to change the result if Lewis got them all.

The number of Democratic votes in the outside districts is small, almost to the point of being negligible. So few of the towns cast any votes at all that it is not worth while making out a table of them, and probably not fifty Democratic ballots were used outside of the city. As John D. Brady had a majority of about 160 in the city, he will have no trouble in winning out in the fight for the Democratic nomination for sheriff.

HON. SPENCER BLACKBURN

Member of Congress From North Carolina, Says:

"I cheerfully join my friend, Senator Pritchard, in commending Peruna as a very efficient remedy for coughs, colds and catarrhal troubles. Many of my friends have used it with excellent results."

Spencer Blackburn

Catarrhal ailments vary according to the season of the year, and it is thus that we have winter, spring, summer and autumn catarrh. Catarrh of autumn is likely to assume a systemic character, that is, the internal organs of the whole system become slightly affected, producing a condition closely resembling chronic malaria.

Sometimes an epidemic of catarrhal fever will pervade a locality, simulating Typhoid fever. It is sometimes difficult to distinguish between catarrhal fever and the genuine Typhoid.

A congested condition of the bronchial tubes producing a cough, with the usual symptoms of a cold, are frequently associated with systemic catarrh. A cold or a cough during the autumn season has special significance and Peruna should be promptly used according to the directions to be found on each bottle. Peruna is not only a preventive, but a reliable remedy for systemic catarrh.

WON BY ONE VOTE. Dr. Nyquist of Cloquet is Nominated for Coroner.

Cloquet, Sept. 20.—(Special to The Herald.)—Dr. Nyquist of Cloquet defeated Dr. Barnum for the Republican nomination for county coroner, yesterday, by one vote.

Cloquet, Minn., Sept. 20.—(Special to The Herald.)—Following was the vote

FIT FOR A KING

In rich delicious flavor and purity is the bottle beer brewed by the Duluth Brewing & Malting company. It has become a family beverage by its tonic and invigorating qualities, and is recommended by physicians for the weak and debilitated. As a fall invigorator, it has no equal. It will make the weak strong and keep the strong from getting weak.

IMPRISONED IN BURNING CARS

Horrible Fate of Passengers in Wreck of English Train.

London, Sept. 20.—The crowded Scotch express train on the Great Northern railway, leaving London last night, was wrecked outside of Grantham at midnight. The train should have stopped at Grantham, but failed to do so. Shortly after passing the station, the train left the rails and jumped a bridge. The engine and several coaches were dashed over the embankment, the engine turning turtle. Several coaches immediately took fire.

There are many passengers beneath the debris. Of the extricated, five have died. The number of lives lost is not known, but is believed to be large. Many were injured.

At last accounts the coaches were still blazing, and the fire brigade had been hauled out.

The dead and injured as yet have not been identified.

At the spot where the express was derailed, there is a curve, and it is supposed the brakes failed to act. The train appeared to have gone upon a siding, smashing the parapet of the bridge, which was completely shattered.

5 o'clock this morning it was officially stated that ten persons had been killed and sixteen injured. A dispatch from Grantham stated that the fire was well under control.

HOTELKEEPERS WANTED IN WEST

San Francisco Full of Travelers Who Cannot be Housed.

San Francisco, Sept. 20.—A serious situation faces the city in the lack of hotel accommodations. Last night in eight of the largest hotels not a room was vacant and people were sleeping on cots in the halls.

Westbound travel has been exceptionally heavy of late and people are flocking to the city from all over the country. The hotels have been besieged with telegrams seeking to reserve accommodations.

At present no solution of the problem of housing the travelers appears. Several hotels have been planned, but their completion is so far in the future that they cannot be counted on to help relieve the press of travel.

BRIEF TELEGRAMS.

John Lovitt of Yarmouth, N. S., a member of the Canadian senate and a leading member of the Liberal party in Nova Scotia, was found guilty by a jury in the supreme court of making false returns regarding the conditions of the fishing industry in that province.

Senator Lovitt immediately appealed from the verdict and sentence was deferred.

Williamstown, W. Va., Dr. E. R. Hatfield fatally shot, it is charged, by a crowd of about 100 persons, at a shooting place, it is said, at their Virginia home, directly across the river from War Eagle.

Smallpox no longer exists on the island. The steamer Trest sailed for Japan yesterday, taking a clean bill of health for over 300 laborers, who are being sent home.

The International Brewery Workers of Toronto, Ont., passed a resolution condemning the employment of children under 16 in bottling works in St. Louis and Milwaukee.

The house of deputies at Mexico City has accorded permission to President Diaz to accept the grand cross of the Order of the Bath, conferred on him by King Edward of Great Britain.

BROKEN RAIL DITCHES CARS

Wreck at Cloquet Delays Train Nearly Five Hours.

Cloquet, Minn., Sept. 20.—(Special to The Herald.)—Twenty cars were ditched here near the Northwestern Paper mills last night about 12 o'clock and both the Northern Pacific and Great Northern tracks were blocked. The Great Northern train, due to pass through here at 5:20 a. m., did not get away until 10 o'clock this morning.

Nobody was hurt in the wreck, which was caused by a broken rail.

JOHN O'NEAL DEAD.

Stillwater, Minn., Sept. 20.—John O'Neal, a resident of this city since 1856, is dead at the age of 96 years. He was the father of the prominent loggers, O'Neal Bros. He was the oldest man in the county, with one exception.

NEW DRAPERY MAN AT KELLY'S

F. S. Kelly Furniture Co. Secure the Services of Mr. E. W. Entzion.

The F. S. Kelly Furniture company takes pleasure in announcing that their drapery department is now in charge of Mr. E. W. Entzion, who comes to Duluth well recommended as an artist in his line. Mr. Entzion has had valuable experience in fine art drapery work and interior decorations, coming as he does directly from the drapery department of the Tohey Furniture company, Chicago, Ill. Mr. Entzion is quite well and favorably known to a number of Duluth's people, whom he met in a business way at Tohey's. Mr. Entzion will be pleased to have his old friends call upon him in his new position, and hopes to make many friends among Duluth people.

YOUNG MEN'S
DEPARTMENT ON
SECOND FLOOR.

SUITS FOR YOUNG MEN

Talk about being particular and a stickler for correct details in style—the average young man is the limit. That's the reason we enjoy his trade. He appreciates every point, and this Fall we have a line of single and double breasted coats that will suit him from the ground up.

A dry printed rehash of the different materials of cloth or a lame description of the beautiful small plaids and other favorite designs in vogue this Fall will tell you as little as a mere statement of all the prices between \$6.00 and \$22.50, at which we have good suits for young men. We want you to come in and see the clothes for yourself. You needn't be a bit backward for we are glad to show goods, whether you are ready to buy or not.

HAPPENINGS IN THE DAKOTAS

Land Man Arrested and Then Bank Indorsed the Draft.

NORTH DAKOTA.
Minot.—John Linsee, a land man, was arrested at Garrison Tuesday on the charge of presenting a fake draft on a St. Paul bank amounting to \$150. He was arrested at the instance of the St. Paul bank, which later telegraphed that the draft was genuine. A Minot land firm had advanced \$30 on the draft.

Fargo.—An infant was abandoned in an outbuilding near the orphanage in this city, and investigation indicates that a woman, who gave her name as Mrs. J. Bendick and her residence as Ray, N. D., was its mother. The baby had evidently been drugged so it slept peacefully for several hours. Mrs. Bendick took the early Great Northern train for the north. She left word that her mail should be forwarded to Ray. The name and address is regarded as assumed and it is generally thought the girl's home is in Pembina county.

Bismarck.—Simon Kline of Medina, died Tuesday at the hospital here as a result of the wounds received in a threshing accident early last week. He leaves a wife and nine children.

An unknown man was accidentally shot in the eye with a rifle at Hobson Tuesday morning, and a local optician has gone there to try to extricate the ball and save his life.

Walcott.—Gottlieb Klien of this place was killed by lightning during the electric storm here Tuesday. Mr. Klien was

at the Walcott mill at the time, where he had gone to close the windows against the approaching storm. When struck he was in the cupola about thirty feet from the floor. Norman Gulha was the only person who witnessed Mr. Klien's death. His account is that the unfortunate man was in the front of an open window that he was trying to lower when the bolt struck him on the head. His lifeless body fell to the floor beneath, death being instantaneous.

Grand Forks.—Mayor George E. Duis, pursuant to instructions of the city council has called a special election in the Second and Seventh wards for the election of two aldermen from each. This election will be held on Oct. 1, and the polls will be open from 8 a. m. to 5 p. m. Nominating petitions must be filed with the city auditor not later than Sept. 23. This election is brought about by the division of the Second ward into two wards, the new Seventh ward embracing the territory formerly in the second precinct of the Second ward. By this election H. C. Rindret retires from the council from the Second ward and J. T. Freeman from the new Seventh ward.

SOUTH DAKOTA.
Sioux Falls.—One of the interesting events in the local society circles this week was the marriage of Miss Elsie M. Burnside, daughter of former Mayor and Mrs. George W. Burnside of this city, and Harry Amick of Watertown, S. D. The ceremony was performed by Dean Cornell of Chicago (Episcopal) cathedral. Bruce Amick of Minneapolis, brother of Harry Amick, sister of the bride, acted as bridesmaid.

As the result of a vicious assault made by Francis Salem upon Abe Sawyer, a Sioux Falls business man, the former is in the county jail with the serious charge of assault with intent to commit murder standing against him. Sawyer is the local official head of the Assyrian colony in this city, while his assailant is a member of the colony. Salem waylaid Sawyer while the latter was on his way home late at night. Springing from the shadow of a building, he attacked Sawyer with a scimitar from which several nails protruded. Fortunately for Sawyer, he caught sight of the descending scimitar in time

to spring aside, otherwise his head would have been crushed. The blow intended for him, making it useless, Salem raised the scimitar for another blow, but Sawyer grappled with his guardian, W. R. Carr, and escaped for the time being, but it is thought he is long until the county authorities had him.

Elk Point.—Frank Messex was arrested Tuesday afternoon by the police at Sioux City, Iowa, brought to this city by Sheriff E. E. Sherman for eloping with 17-year-old Florence Brant, who makes her home in Elk Point. She is the daughter of a jailbreaker and alleged burglar, who has operated widely in Northwestern Iowa and later one of his parents, who live near this city, where he has made his home.

It appears that last Friday Messex, who has been courting the girl against the wishes of her guardian, met her at the school house, where she was attending school, and they drove to Sioux City. From there they went to Omaha, where they claim to have got married, and returned to Sioux City to the home of his brother, where they were captured.

She has been the ward of Mr. Carr for several years. She will remain in charge of the case until the next preliminary hearing, which will not be held until the return of the state's attorney, who is out of the city.

Social Dance.
Given by Sisters of Herman, Foresters' hall, Sept. 23. J. McNichols promoter. Tickets, 50 cents a couple. Extra ladies, 25 cents.

Card of Thanks.
I wish to express my sincere appreciation of the hearty support given me by the people of the Fifth legislative district, which resulted in my reappointment for state senator, at a primary election Tuesday. It was a fair fight, and a good one, and I emerge from it with nothing but good will to those who opposed me, doubtless from conviction that that was the right thing for them to do, and with more gratitude than I can express to those that helped me win the fight. I shall endeavor to recompense them, if I am elected, by my service to Duluth, St. Louis county and to Northern Minnesota.

Very respectfully,
T. M. PUGH.

ROBBED A DYING WOMAN.
Sum of \$2,500 in a Purse Under Her Pillow Disappears.

Butte, Mont., Sept. 20.—A sensation has been caused by the report that a purse said to contain \$2,500 disappeared from beneath the pillow of a bed on which Mrs. Frank Ely lay dying. Mrs. Ely and her new-born babe died while the funeral of her husband, who, with two other men, who tried to rescue him, had been suffocated in a well on his ranch near here a few days ago, was in progress.

There were many persons in the house at the time, but inquiry has failed so far to locate the missing purse. The 11-year-old daughter of the dead woman is positive that the purse that was under the pillow when her mother died. The police are investigating.

FUNSTON OFF FOR CUBA.
Washington, Sept. 20.—Gen. Frederick Funston has arrived here from American Lake, Wash., and has been in conversation with Gen. Bell, chief of staff, and other officers, preparatory to departure tonight for Havana to join Secretary Taft's party.

TELLS STORY OF MURDER

Pietro Canelli Goes on Stand in His Own Defense.

Says He Struck the Fatal Blow to Protect Himself.

Striking out to right and left with a big broad knife in his hand, after he had been cut and beaten with beer bottles, Pietro Canelli mortally wounded Satorio in a quarrel between the two last June. Canelli told the story of the trouble to Judge Benson's jury in district court yesterday afternoon, and his answers seemed to come from the mouth of a man who was telling the truth. He is pleading for his life on the ground that he acted without reason and without thought when he gave Satorio his death wound.

Canelli met Satorio in Mrs. Ramponi's boarding house on the evening of the day when he had quarreled with him. He had come to the house to get his gun, but in his bosom he carried a knife for fear that he might be attacked. He was confronted by Satorio when he entered the house and was struck in the face. Blood was streaming down his face and on that account he thrust his knife forward, warning the man to keep back. Unconscious of the danger to Satorio, he had done, hurriedly fled and made preparations to go to his home.

Canelli stated that Satorio and himself had been friends until on the evening of the day when the stabbing. While they were working together in the mine, Satorio had struck Canelli on the finger with a hammer and some words were exchanged but there was no violence. Afterwards Canelli overheard Satorio talking against him, and he ordered him to leave his house, saying that he wanted to have peace in his own home. Satorio then went to board at the Rampons.

During the day, Canelli received several warnings from fellow workmen that Satorio had threatened to kill him, but he did not go to work that night. In the evening he met Satorio again at the home of Dominic Demo, where he had been invited to drink. Because Satorio was talking against him, he seized him by the collar and told him to stop, but Satorio struck him a heavy blow on the head with a beer bottle.

Canelli said that Satorio then threatened to take his life. Later Canelli went after his gun at the Ramponi board, where he was on the safe side, he thrust the knife in his bosom so that he could protect himself in case he was attacked. When he entered the house he found Satorio waiting for him. He said he did his best to defend himself. After he had stabbed Satorio, Canelli fled to his home, where he hid for several days before starting for Canada.

Elk Point.—Frank Messex was arrested Tuesday afternoon by the police at Sioux City, Iowa, brought to this city by Sheriff E. E. Sherman for eloping with 17-year-old Florence Brant, who makes her home in Elk Point. She is the daughter of a jailbreaker and alleged burglar, who has operated widely in Northwestern Iowa and later one of his parents, who live near this city, where he has made his home.

It appears that last Friday Messex, who has been courting the girl against the wishes of her guardian, met her at the school house, where she was attending school, and they drove to Sioux City. From there they went to Omaha, where they claim to have got married, and returned to Sioux City to the home of his brother, where they were captured.

She has been the ward of Mr. Carr for several years. She will remain in charge of the case until the next preliminary hearing, which will not be held until the return of the state's attorney, who is out of the city.

Social Dance.
Given by Sisters of Herman, Foresters' hall, Sept. 23. J. McNichols promoter. Tickets, 50 cents a couple. Extra ladies, 25 cents.

Card of Thanks.
I wish to express my sincere appreciation of the hearty support given me by the people of the Fifth legislative district, which resulted in my reappointment for state senator, at a primary election Tuesday. It was a fair fight, and a good one, and I emerge from it with nothing but good will to those who opposed me, doubtless from conviction that that was the right thing for them to do, and with more gratitude than I can express to those that helped me win the fight. I shall endeavor to recompense them, if I am elected, by my service to Duluth, St. Louis county and to Northern Minnesota.

Very respectfully,
T. M. PUGH.

ROBBED A DYING WOMAN.
Sum of \$2,500 in a Purse Under Her Pillow Disappears.

Butte, Mont., Sept. 20.—A sensation has been caused by the report that a purse said to contain \$2,500 disappeared from beneath the pillow of a bed on which Mrs. Frank Ely lay dying. Mrs. Ely and her new-born babe died while the funeral of her husband, who, with two other men, who tried to rescue him, had been suffocated in a well on his ranch near here a few days ago, was in progress.

There were many persons in the house at the time, but inquiry has failed so far to locate the missing purse. The 11-year-old daughter of the dead woman is positive that the purse that was under the pillow when her mother died. The police are investigating.

FUNSTON OFF FOR CUBA.
Washington, Sept. 20.—Gen. Frederick Funston has arrived here from American Lake, Wash., and has been in conversation with Gen. Bell, chief of staff, and other officers, preparatory to departure tonight for Havana to join Secretary Taft's party.

"There's a Reason."

CONGRESSMAN HITT IS DEAD

Elected to Congress Con- tinually for Twenty- Five Years.

Chicago, Sept. 20.—Robert Hitt, who died at Narragansett Pier today, was born at Urbana, Ohio, Jan. 16, 1834, and moved with his parents to Ogles county, Ill., three years later. He was educated at the Rock River seminary and DePaul university. About his first work was as a shorthand reporter, and his most important work in that line was reporting the Lincoln-Douglas debate, during the contest for United States senator in Illinois in 1858.

Mr. Hitt's first public position was as secretary of legation at Paris in 1874. He remained there until 1883, when he became assistant secretary of state. He was elected congressman in the same year, and has been continuously re-elected. He would have been renominated for the Sixtieth congress, but ill health forced him to decline. He was chairman of the committee on foreign affairs of the Fifty-sixth congress.

In 1898 President McKinley appointed him one of the commissioners to establish the government of Hawaii. Ill health, continuing through two years at least, which for the most part limited him from his congressional duties, had afflicted Representative Hitt, so that his demise was not altogether unexpected here. In fact, the greater part of the work of the im-

portant committee of foreign affairs of the house of representatives, of which Mr. Hitt was chairman, was during the entire term of the last session of congress, discharged, first, by Representative Robert Adams of Pennsylvania, up to the time of his tragic death last spring, and afterwards by Representative Charles Landis of Iowa, Charles Landis of Indiana, and Perkins of New York.

Mr. Hitt's career was a varied one, embracing newspaper work, diplomacy, and legislation. As a young man he was intimately associated with Abraham Lincoln.

He was one of the popular men in congress, his friendship including men of all parties, and because of his wide experience and ability, he was always listened to with the greatest of attention when he dealt with matters pertaining to the foreign service.

Congressman Hitt came here last June, and since that time he has been very ill, requiring most of the time the constant attention of nurses and physicians, and because of his advanced years. His age was 72 years.

Heart failure, following a long period of increasing physical weakness, finally caused the death of Congressman Hitt. Mrs. Hitt and her two sons, W. S. Hitt and R. H. Hitt, were at the bedside of the congressman when he died.

WENT TO DEATH JOKING.
Beloit, Wis., Sept. 20.—Apparently in a spirit of mischief, and with a design to frighten his wife and a friend, Charles Parker, 25 years old, placed a revolver to his head and blew his brains out. It is said that he had been drinking. He came home late in the evening and going to a bureau, picked up a revolver which he handled so carelessly that it fired. "Why are you afraid?" said Parker. "I have no intention of pointing the gun at you, no I will point it at myself," and pulling the trigger he was killed. The muzzle of the gun beneath his ear and before his wife or friend could intervene, the pistol was discharged and Parker fell dead in his wife's arms.

Parker and his wife recently came here from Canada. His domestic relations are said to have been pleasant and no reason is known why he should commit suicide.

**CORTELYOU HAS BUT
ONE IRON IN THE FIRE.**
Oyster Bay, Sept. 20.—Postmaster General Cortelyou who came here today to see President Roosevelt on official business, when reminded that he had been mentioned as a possible candidate for governor of New York said: "You may quote me as saying that I am a postmaster general of the United States, engaged in the efforts to improve the postal service. When I am a candidate for any other office I will say so."

President Roosevelt has as luncheon guests today Archbishop Ireland and Archbishop O'Gorman of Sioux City, Iowa, Jacob A. Ellis, William White and Horace R. Knowles.

SHAW SPEAKS AT JOPLIN.
Joplin, Mo., Sept. 20.—Secretary of the Treasury, Leslie M. Shaw, closed a whirlwind trip through southern western Missouri at this city, with a monster meeting. He delivered six speeches yesterday, beginning at Butler. At Rich Hill he spoke from the rear of his train. At Carthage in this county, Secretary Shaw spoke from an automobile and also at Centerville and Western. He was greeted by large crowds everywhere. He argued in support of a protective

QUALIFIED.

To qualify as Fashion Leaders in a community at this date means to be able to care for every need of the Woman of Fashion—means to carry large stocks and great variety—means to provide the QUALITY and STYLE merchandise that will enhance the prestige of that store—means to protect every customer's interest, to shield her from the pitfalls of the mediocre and ordinary kinds as distinguished from the "Best".

Thoro organization and knowledge of our patrons' wants, unlimited capital to follow out our aims and ideas, ideal store system and service enables us to qualify as the leading Fashion Store at the Head of the Lakes, in the fullest sense of that term. The enormous gain in our business the past few years and the increased confidence of our patrons in the store are evidences of this qualification.

Albertson's Bond Company

tariff, asserting that the tariff had been a great benefit to the industries and agricultural interests of this country.

**MURDER IN THE
INSANE ASYLUM**

At St. Peter, One Patient
Beating Another to
Death.

St. Peter, Minn., Sept. 20.—Fred Strub, a patient at the state hospital in this city, was beaten with what is known as a polishing block by another patient named Ricetti, between 1 and 2 o'clock last Saturday afternoon, and received injuries from which he died Monday morning.

While the assault was not witnessed, it is supposed that the murder was caused by Strub's quarrelsome habits, he having had trouble with other patients in the yard in which he was confined.

Usually there are two nurses on this hall, but last Saturday afternoon one of them was sent to the county fair in charge of a number of the inmates. While the nurse who remained on duty was momentarily absent, ministering to a patient in the sick room, he heard sounds of a struggle in the main hall, and when he ran out to part the combatants he found Strub lying on the floor and Ricetti standing over his prostrate form.

Ricetti held a polishing block, a large oblong block of wood used for polishing the hospital floors, in his hand, and when questioned admitted having struck his antagonist with the weapon, which weighs nearly thirty pounds. Ricetti declared that he had tried to kill his opponent, and his statements were substantiated by Strub.

In their ward, however, disturbances of this kind are of daily occurrence and when the nurse had restored quiet he gave no more thought to the matter. Some hours later he found that Strub's condition was such that he had him placed in bed, but even then he made no report of the occurrence, and awaited the arrival of Assistant Physician E. H. Hoyt.

Custom it is to visit the ward at 5 o'clock. When Dr. Hoyt made an examination he found that three of Strub's ribs had been fractured and that there were indications that his lungs had been punctured. He caused the man to be transferred to the sick ward, but there was no chance for his recovery, and he died Monday morning.

After the case had been reported to the authorities, Coroner G. F. Merritt summoned a jury and held an inquest at the hospital Monday afternoon, the autopsy revealing the fact that three of Strub's ribs had been broken and that the bones had pierced his lungs and his right lung returned a verdict stating that he did not find negligence on the part of the officials or the employees, but that they did find that the institution was very much in need of more nurses for the proper care of patients.

Fred Strub was committed to the hospital from Ramsey county. He is said to have been a tramp and there are no known relatives.

**THAW MEETING WITH
MORE DELAY IN TRIAL.**
New York, Sept. 20.—The motion by counsel for Harry K. Thaw to make permanent or temporary writ prohibiting the district attorney and grand jury from examining witnesses in Thaw's case was transferred to Recorder Coffey in a decision handed down by Justice McLean in the supreme court today.

"Further action," says the decision, "will be deferred to afford an opportunity for a motion in the same behalf before the recorder."

FAST DOCK BURNING.
Buenos Aires, Sept. 20.—Customs dock No. 4 has been destroyed by fire. The damage is estimated at several million dollars. The shipping is safe. The Argentine paper dollar is worth about forty-two cents.

DISTRESSING STOMACH DISEASES
Permanently cured by the mastery power of "Satin American" Nervine. Invalids need suffer no longer, because this great remedy cures them all. No matter how long you have suffered your cure is certain under the use of this great health-giving remedy and always safe. Sold by all druggists.

YOUNG MEN GET CHANCE

War Department Will Give Command to Second Generation.

Funston Will Have Charge If Army Goes to Cuba.

Washington, Sept. 20.—Young officers for command in Cuba in case the army is sent there is the plan practically decided upon by the war department. Gen. Frederick Funston probably will be in command and his chief lieutenant is likely to be Brig. Thomas H. Barry and Wm. H. Duval. These two officers have recently completed an inspection of the German maneuvers in Europe and have notified the war department that they intend to sail for this country Sept. 23. They have been advised that their presence in this country at an earlier date will be of great assistance to the president of the Secretary of War and Assistant Secretary Bacon in the Cuban capital, any emergency are going forward to meet any emergency that may arise.

No communications of any note from Cuba were received yesterday by Acting Secretary of State Adee.

It is said that it is unlikely that either Secretary Taft or Mr. Bacon will communicate with the department on matters relating to their mission. Whatever they may have to communicate will be sent direct to President Roosevelt.

Acting Secretary of State Adee got into communication with Assistant Secretary Bacon late yesterday afternoon while the Des Moines was enroute to Havana. No answer, however, was received.

The state department was informed by the owner of a plantation near Santa Domingo, Cuba, that the Cuban insurgents had seized twelve of his horses and that he was being held by the owner, who resides at Grand Rapids, Mich. His name was not made public.

VOLIVA IS IT IN ZION CITY

Court Upholds Dowie's Successor as Being Legally Elected.

Chicago, Sept. 20.—Judge Landis in the federal court decided today that there were no irregularities in the election of Wilbur G. Voliva as general overseer of the Zion church. The court declared that he will hereafter recognize Voliva as the head of the church, and directed that the receiver appointed by the court do likewise.

The attorneys for Alfred E. Bills, the rival of Voliva in the election, admitted that Voliva had received at least 1,500 legal votes while their client had received but nine. They insisted upon a contest being made, but the court decided not to entertain their motion.

DENIES THE ALLEGATION.
St. Petersburg, Sept. 20.—The official telegraph agency this morning publishes the following:
"Various newspapers have stated that it is the intention of the government to take energetic action to influence the parliamentary elections and that \$25,000 has been allotted for that purpose. This sum has been actually assigned by the minister of finance, not for electoral action, but in order to meet the expenses of the elections as provided by the electoral regulations. The expenses of the first parliamentary election amounted to \$300,000. Documents and correspondence relating to the expenditure of \$25,000 will be available for public inspection."

MARK TWAIN IMPLORES

Writer Appeals to Associated Press for Simplified Words.

Present Style He Brands as Revolting to the Soul.

New York, Sept. 20.—The annual meeting of members of the Associated Press was held in this city yesterday. Important matters in connection with the service were disposed of.

Last night the members, who include publishers, editors and other representatives of papers taking the Associated Press service, met with several guests at dinner at the Waldorf-Astoria.

Melville E. Stone, general manager of the Associated Press, presided and with him at the guests' table were Samuel L. Clemens, who discussed "Simplified Spelling," Gen. Horace Porter, former American ambassador to France, who responded to the toast, "Our guests," Henry A. Shute, the author who talked of "critics" and Prof. George E. Vincent of the University of Chicago, who spoke on "Purely academic." Mr. Clemens spoke in characteristic vein. He said in part:

"I am here to make an appeal to the nations in behalf of the simplified spelling. I have come here because they cannot all be reached, except through you. There are only two forces that can carry light to all the corners of the globe—only two—"Purely academic." Mr. Clemens spoke in characteristic vein. He said in part:

"Every day of the 365, the only pages of the world's countless newspapers that are read by all the human beings and angels and devils that can read, are those pages that are built on the Associated Press dispatches. And so I beg you, I beseech you, Oh, I implore you to spell them out for the people. Do this daily, consistently, persistently, for three months—only three months—it is all I ask of you. The result: Victory, victory all down the line. For by that time all eyes here and above and below will have become adjusted to the change and in love with it and the present clumsy and ragged forms will be grotesque to the eye and revolting to the soul. And we shall be rid of phylax and phylaxia and pneumonia and pneumatics and diphtheria and peradactyl and all those other insane words which no man addicted to the simple Christian life can try to spell and not lose some of the bloom of his piety in the demoralizing attempt. Do not doubt it. We are chameleons and our partialities and prejudices change places with an easy and blessed facility.

We are soon wonted to the change and happy in it. We do not regret our old yellow fangs and snags and fushes, after we have worn nice fresh uniform teeth a while. Do I seem to be seeking the good of the world—that is the idea. It is my public attitude, privately I am merely seeking my own profit. We all do it, but it is sound and it is virtuous, for no public interest is other or nobler than a massed formulation of private interests. In 1883 when the simplified spelling movement first tried to make noise, I was the first to say, 'More, more, more, I even inventively scoffed at it. What I needed was an object lesson, and I got it."

Here the speaker related an anecdote of having once been required to write ten pages of copy for a magazine where words of from twenty to not less than ten letters were employed at seven cents a word, the writer offering great pecuniary loss and continued:

"From that day to this I have been a devoted and hardworking member of the heaven born institution, the inter-

ELECTS ITS OFFICERS

Duluth Humane Society Holds Annual Meeting at City Hall.

Two New Directors Are Chosen—Reports Received and Read.

At the annual meeting of the Duluth Humane society held last evening, all of the old officers but two were re-elected. Bernard Silberstein and N. J. Upham were chosen as members of the board of directors to succeed Miss Lydia Folmer and Mrs. G. Hood Thompson. The officers are as follows: President, A. W. Ryan; vice president, R. H. Cleland; second vice president, Bishop James McGolrick; secretary, Henry Taylor; treasurer, J. P. Johnson; directors, Walter Turle, H. A. Dancer, N. J. Upham, Clarence E. Miller, Bernard Silberstein, Henry Cleveland and Mrs. William Bates.

The routine business of the meeting occupied the entire evening. Reports were read by the humane officer, H. C. Withrow, and by the treasurer, R. H. Cleland. The treasurer's report showed a balance on hand of \$447.70, with receipts of \$1,247.70 and disbursements of \$1,447.70. A resolution was passed to extend an invitation to the National Prison congress to meet in Duluth next year.

The congress is now in session at Albany, N. Y. Bishop McGolrick, Rev. Cleland and Rev. Ryan were appointed as a committee to meet Robert E. Denfield, superintendent of schools and gain his cooperation in holding public meetings for the school children in the interests of humane work. Other meetings will be arranged by this committee and will try to arouse public sentiment in behalf of the society.

Following are some extracts from the report of the humane officer, H. C. Withrow:

"Last spring we again exemplified the protection of birds in a practical way, by distributing 800 bird buttons, with the picture of a robin and the words 'Duluth Humane Society' on the buttons. These buttons cost the society \$20 and were distributed in public schools of Tower, Eveleth, Hibbing, Virginia, Aurora and Duluth. Never were bird policemen so plentiful among the school boys, and there have been but two complaints made to me this year of boys using guns or slings shots on birds.

"Out of the total number of cases investigated, 124 were in the interest of animals, and 182 in the interest of very old ladies, feeble men, babes, and older children.

"The worst case of abuse was reported from Virginia. The child, a boy of 12 years, was whipped with a wet rope and carried the marks for more than two weeks. The father was placed in my care by Hon. J. D. Ensing, and upon receiving a promise from the father that he would never again punish the child so severely, the boy was permitted to go home.

"I served out three complaints for abuse or neglect of horses, all pleading guilty, and one for neglect of a dog, which was prosecuted under the provisions of the city ordinance. The defendant in each case being found guilty or pleading guilty to the charge, no cases were prosecuted or lost by us this year. We killed one dog and two horses, the latter being old and crippled and unfit for labor.

"Our most pathetic case was that of a poor homesteader at Gowan, seventy miles west of Duluth, who had been abandoned by his wife, leaving him with five children, the two youngest being twins two weeks old. I was telegraphed for, took a voluntary assignment of the twins, and they are now wards of the city of Duluth. The father was so needy that he dug for his own wife her last resting place.

The principal causes, in my opinion, which lead to the commission of these crimes are idleness, excessive drinking, and desertion. All three are disastrous to the home and to society. Desertion is altogether too common among men, while women, as a rule, will stick to their children and work for them un-

D. E. H., Sept. 20, 1906.

No Weak Spots In Everwear Hosiery

"Everwear" Hosiery is made to wear—first, last and the time. Most hosiery is "made to sell"—there's any amount of that sort but it's the sort you don't come back for the second time.

With "Everwear" Hosiery there's no chance, or gambling, or risk on your part.

It is guaranteed to wear six months. If it doesn't you get new socks at the maker's expense—if there is the slightest hole, rip or tear. It's a guarantee that's personally signed, by us at the time of the sale—it can't be gotten over—it's iron-clad, it's personal and it's lived up to.

"Everwear" costs only 25c a pair.

BE SURE YOU GET THESE

FOR SALE BY Columbia Clothing Co. See display in our Superior street window.

til death; and yet it is surprising to see how many mothers are permitting their children to enter a criminal career—many of them receiving their first lessons from their own mother and in their own home. It is necessary, when relief is needed that it be speedy, systematic, and as complete as the case merits.

"There are many school children reported during the winter and spring months who are very destitute of clothing; as well as the children we receive to be placed in the different State institutions. For several years a gentleman has given us an order on a store for such clothing and shoes as are needed. Last year the bill ran to almost \$30, and over thirty children were provided with warm clothing and shoes. We also received from individuals and other sources, for the poor, \$2,500.

Another agency that has done most excellent work among the poor in furnishing clothing and shoes is the American Work Guild. No other agency has been more helpful to us in our work with the poor.

Thanks are also due to Dr. A. C. Rogers, superintendent of the School for the Feeble-minded. This school, however, is over crowded, and there are children on the waiting list. I would in this connection call the attention of our legislative delegation to the need of a similar school in this part of the state. Such children should not be kept in homes, among normal children, much as the parents like schools or remain in Orphan Homes. They usually have immoral tendencies and are also dangerous, and may at any time do harm to themselves or to others."

SURPRISE FOR MANAGER DAY

Attorneys Clash at Hearing of State Railroad Commission.

St. Paul, Sept. 20.—Little or no progress was made in the general hearing on the establishing of the commodity rates in Minnesota before the railroad and warehouse commission. Most of the time in examining the status of the Minnesota Shippers' and Receivers' association in general, and in relation to the hearing. A partial attempt was made to lessen the prominence of Mr. Manahan, through an appearance on the part of Attorney General Young, who declared that his office would take charge of the case for the state. The hearing was adjourned until next week, in which the attorney's right to take charge of the case at the hearing was indirectly challenged. The hearing was ruled that Mr. Manahan was present by invitation, and that he would be allowed to appear in the hearing in the manner he saw fit. The hearing ended with Mr. Manahan still occupying the position he held in the hearing. The attorney general's office as an interested party in the hearing. The Minnesota Shippers' and Receivers' association will have its say first, and then the state will take up the general investigation.

The hearing involves the commodity rates on such items as coal, grain, lumber, etc. This hearing is taken up by the railroad commission. The hearing is directed by the commission to inquire into the reasonableness of merchandise and commodity rates in Minnesota.

At that time the commission stated that it would delay the consideration of the commodity rates until after the railroad properties were valued by the state's expert, who is now at work on the valuation. Recently it was decided to begin an investigation into the reasonableness of the rates until the railroad properties are finally valued.

Until the hearing, there is nothing for the commission to directly base their investigation in this hearing except a general inquiry into the reasonableness of the commodity rates. At the last hearing the merchandise rates were directly challenged, by reason of the proposed schedules which the commission submitted to the various roads. Their objection to the commission at the former hearing was in the manner of an answer to the contention of the commissioners, as expressed in their schedules. The railroads had an issue to meet.

The hearing yesterday was desultory, because the commission, in its order to the roads to appear, does not hold the case for the state, but asked the roads to appear to the commodity rates, but only throws open to inquiry the whole status of the commodity rates.

Commissioner Mills stated at the opening of the session that the case of the roads opening in Minnesota. Attorney General Young then stated that he was prepared to take charge of the case for the state, but asked the roads to appear to the commodity rates for a stay of two weeks, in order to formulate a course of procedure.

Sensational charges were made from matters not exactly relevant to the hearing on commodity rates developed by the action of the roads. The president and general manager of the Minneapolis & St. Louis was on the witness stand. He had just finished his statement, as expressed in his schedules. The railroads had an issue to meet.

Mr. Day declared that he knew nothing about the matter, and that he was entirely ignorant of the report of the public examiner. The report of the public examiner was hastily secured, and most of its vital points were read into the record. The proceedings with the exception of the report of the Minnesota Shippers' and Receivers' association, and the report of the public examiner, were taken up separately, and not jointly, as an issue to the case in hand.

Matthew Keefe, a farmer, residing in Olmsted county, filed a complaint with the railroad and warehouse commission against a number of the roads, nearly all of them operating in Minnesota, with the exception of the Great Northern and the Northern Pacific, asking to be made party to the case. The complaint was filed under consideration, but it has been decided to make a separate issue of

It's just off the press—another of McCutcheon's popular live, interesting novels—hand-somely illustrated in colored plates by that artist-genius, Harrison Fisher.

Published at \$1.50. Our price—\$1.19.

Panton & White Co.

Keefe's complaint, which was filed independently at the conclusion of the main hearing.

LATE DOINGS IN UPPER MICHIGAN

John Sullivan, Electric Light Lineman, Killed at Houghton.

Houghton, Mich., Sept. 20.—(Special to The Herald.)—John Sullivan, lineman for the Houghton County Electric Light company, was killed at 5 p. m. yesterday while cutting a high tension wire of 1,500 volts. He got in contact with a ground wire and dropped to the ground, and when picked up life was extinct. He was 27 years old and had worked here for the past seven years. His parents reside at Ishpeming.

Tuesday morning Alons Huse one of Houghton's earliest pioneers, died at his home at the corner of Fourth and South streets in West Houghton at the age of 72 years. The immediate cause of death being a complication of diseases brought on by old age. He had been in fairly good health up to about two weeks ago, but had been in bed with his illness during the last week of his life. He leaves three children, a daughter in Los Angeles, and two sons, Charles Spaulding, who is expected to arrive in Houghton for the funeral, and two sons, George and John, of Houghton.

Hancock—One of the prettiest weddings that has taken place in Hancock for some time was that of Tuesday morning when Miss Ruby Elliott became the bride of Richard Doyle. The ceremony was performed at St. Patrick's church at 10 o'clock in the presence of relatives and a number of friends of the high contracting parties. The bride was attended by Miss Josephine Cahoon of Houghton, and the groom by his brother, John, of Hancock.

Ishpeming—Will Rogers, who arrived here Sunday from Hibbing, where he had been ill three weeks with a mild attack of pneumonia, is expected to return to the city within a few weeks. He said yesterday that he was feeling much better, and that he was in no danger of relapse. The cases are all of mild form and very few deaths have occurred.

Marquette—Supt. Pettalle of the light are now wards of the city of Duluth. The present municipal plan will be hard pressed during the months of November and December to carry on railroad and commercial business. The plan's business is to be carried on during the past summer, and is now much larger and likewise profitable for the city, than at any previous time since the municipal service was started.

Phoenix DESTROYED. Kong Kong, Sept. 20.—The British reserve ship Phoenix, which was reported ashore yesterday is a total wreck.

GIVING OUT

The Struggle Discourages Many a Citizen of Duluth.

Around all day with an aching back; Can't rest at night; Enough to make any one "give out" Doan's Kidney Pills will give renewed life. They will cure the backache; Cure every kidney ill; Here is Duluth proof that this is so: Leander Sinotte, rug manufacturer and carpet cleaner, of 107 Michigan street, Duluth, Minn., and living at the corner of Michigan street and Eighteenth avenue, says: "Some six years ago I gave a testimonial in favor of Doan's Kidney Pills, because I felt so well pleased with the prompt relief from trouble with my kidneys and back which the use of this remedy brought me. I had been annoyed with constant dull pains across the loins and through the kidneys. To stoop or attempt to lift anything was sure to bring on sharp twinges of pain. The action of the kidneys was irregular. I tried many remedies, until I got Doan's Kidney Pills, but found little relief and no permanent cure. The treatment with this remedy completely drove out the whole trouble, and as six years have passed without any return of the complaint, I consider my cure a permanent one."

For sale by the City of Duluth, N. Y., sole agents for the United States with glass block store. Remember the name—Doan's—and take no other.

PANTON & WHITE CO. THESE ARE "Opening Days" AT THE People's Big Store

A display of the greatest quantity and finest and most complete assortments of Fall and Winter merchandise ever brought together in one store. Said that last year—didn't we? Well it was true LAST year—and just as true THIS year as last. But, we've been growing this last year—and you'd be surprised to know how greatly. We think you'd be pleased, as well as surprised—for you know the larger we grow the greater becomes our ability to give you superior advantages in buying.

WE TAKE BACK YOUR OLD STOVE IN PART PAYMENT

For any "STEWART" Stove or Range in the house—and we will make you a liberal allowance for it. The remainder you can arrange to pay on the very liberal terms of

\$1.00 PER WEEK UNTIL PAID

At the extraordinary low price at which these Stoves are offered together with the liberal terms we are willing to make with you, you should not be without the "comforts" of a "STEWART" Stove or Range any longer.

THE SPLENDID "STEWART."

IF THE BEST IS NOT TOO GOOD FOR YOU— Always buy a "Stewart"

Special Features of a "Stewart" Base Burner.

1—Extra large magazine, holding ample supply of fuel for twenty-four hours or longer.
2—Gas tight automatic magazine cover of improved construction, which works freely at all times.

3—Large hot air collar for connecting with seven-inch pipe to heat upper rooms when desired. The heat can be diverted into lower room by cup damper.

4—Every stove a full double-heater.

5—Firepot almost straight, which gives large grate surface, ensuring a clean fire.

6—Firepot has ample room for expansion and can be revolved to allow for equal wear.

7—Non-clinker grate of improved construction. Develed shaking ring forces all ashes and clinkers to center, where duplex jaws remove them. No coal wasted with this grate.

8—Air tight screw draft damper, also extra large direct draft and check dampers give perfect control and stove responds quickly to dampers.

9—Four poker openings give easy access to all parts of fire for slicing.

10—Extra large tea-kettle attachment at rear.

11—Base fine cleanout in front, easy of access.

12—Mica doors, heavy and strong, are fitted perfectly and held shut with turkey levers of extra strength.

13—Dragon head nickel corner columns fitted with invisible joints.

14—All nickel thoroughly ventilated to prevent tarnishing.

15—All joints, doors, dampers, etc., fitted perfectly, as tight joints insure good operation and fuel economy.

COMPLETES ITS WORK

Conference Committee
Fixes Appropriations
for City Departments.

Comptroller's Estimate of City's Running Ex- penses Reduced.

The conference committee, which met at the city hall yesterday afternoon, decided to cut the comptroller's estimate of running expenses for the city for 1907 to \$200,000, a reduction of \$40,000. It was thought inadvisable to raise the rate of taxation and the appropriations for the various city departments were made accordingly.

Because of the higher assessed valuation of city property, the tax receipts will be increased this coming year, by approximately \$20,000.

The committee increased the permanent improvement fund from \$35,000 last year to \$44,425 the coming year. The fund is already obligated by proposed improvements to the extent of about \$20,000, so that there will remain a balance of only \$24,425.

The fire department fund was slightly increased, the amount being \$2,500. Out of the total appropriation of \$100,000 for the fire department, provision is made for equipping a car on the Park Point street car line with fire fighting apparatus and also for fire protection at Duluth Heights.

The system proposed for Park Point is to have a motor car carrying hose and a chemical engine stationed in the Interstate Traction company's barn. The car will be in charge of a paid fireman who will be at the head of a volunteer fire department to be organized among the residents on the point. No decision has been reached as to the system to be installed at Duluth Heights.

The police fund is increased by \$1,000, the light fund is reduced \$500 and the library fund is increased from \$1,000 last year to \$1,400 next year. The salary fund is given an increase of between \$1,000 and \$2,000 to provide for the pay of an expert electrician to be appointed by the city next January to inspect the poles, wires, currents and voltage furnished by the electric company for the city lights.

The conference committee also provided for the erection of a new police station in the West end to take the place of the rooms now used in the basement of the West end fire hall. The new station will be constructed of brick and will cost about \$75,000.

In the permanent improvement fund provision is made for the construction of a new bridge over the Jensvold slough.

The itemized appropriations for the city for 1907 and provided by the committee are as follows:

Interest fund.....\$111,000
Sinking fund.....32,500
Fire department.....100,000
Police department.....20,000
Light fund.....20,000
Water fund.....2,500
Public works.....100,000
Health department.....25,000
Sanitation.....25,000
Salary.....30,000
Printing and supply fund.....1,000
Library fund.....1,400
Liquor fund.....1,000
Water and light fund.....2,000
Police pension.....4,000
Permanent improvement fund.....44,425

Total.....\$676,425

BOGUS CHECK WRITER IN TRAP

John Mueller, an Alleged Fraud, is Exposed at Hudson.

Hudson, Wis., Sept. 20.—A man representing himself as being a retired farmer of Albert Lea, Minn., John Mueller by name, was arrested here Tuesday afternoon by Chief of Police Priske for trying to pass a check drawn on the State bank of Albert Lea. He came here at the same time as the Cash Carnival company, which shows here this week, and shortly after went to L. Hoffman, proprietor of the cash carnival, where he had just sold his farm near Albert Lea and was looking for a store to purchase. He wanted to know Mr. Hoffman's lowest figures on his store, which seemed good opening. Mr. Hoffman did not take much stock in the man, but noticed that he was carrying a check book and asked him to show it. He would sell for \$1,000, he thought it over and came back later. This he did and told Mr. Hoffman that he would take the store at \$400. Pulling out a check book he said with an air of importance that he would give Mr. Hoffman a check for \$500 on the spot to find the bargain while the papers were being made out and asked for a receipt. Mr. Hoffman made out one, but as Mueller seemed indifferent as to the form of the receipt, the merchant became suspicious and asked his daughter to go to the telephone office and call up the State bank of Albert Lea. Miss Hoffman got the bank at once and learned from one of its officers that Mueller had no money there and that he was wanted in the Minnesota town as a crook.

Accordingly on Miss Hoffman's return to the police to take Mueller in charge, Mueller made no struggle against Chief of Police Priske and was taken to the county jail. He also tried to get Mr. Hoffman to cash a check for \$10, but without success.

SAME TRICK IN STILLWATER. Water, Minn., Sept. 20.—Hold John Mueller until I can confer with the cashier of the First National bank in your city," was the telegram received by Chief R. F. Barnes from Sheriff Osborn Subby of Albert Lea.

The chief did not know who or what was meant, but began an investigation and gathered the information that Edward Gross of Stillwater had left at the bank named in this city a check for \$500 drawn on the State bank of Albert Lea.

Inquiry of Mr. Gross elicited the information that a stranger, representing himself to be a real estate man, contacted Saturday afternoon to purchase the Gross meat market on Olive street for \$200 and gave the check in part.

The man also borrowed \$5 for which another check was given. The meat market was to be delivered to a son of

Mueller tomorrow. It was afterwards learned that the Albert Olson meat market in South Stillwater was bought by the same man for \$1,500 and checks for \$1,000 and \$500 were given.

Then the chief notified the police of the Twin Cities and of twenty-five surrounding towns to look out for such operators, and today was informed that the man was arrested at Hudson.

BUTLER BANK CLOSED.

Known as One of Oldest Financial Institutions in Missouri.

Washington, Sept. 20.—The Bates National bank of Butler, Mo., was closed today by the examination of the directors for the purpose of going into liquidation. L. W. Butler has been appointed receiver.

Kansas City, Sept. 20.—The Bates National bank of Butler, Mo., which was closed today by one of the oldest financial institutions in Missouri. It was organized in 1870. Its president is Capt. F. Tyagar, one of the best known men in the state.

The bank has a paid up capital of \$50,000. The statement showed a deposit of \$127,000 and loans and discounts of \$172,451.

STEAMER ON ROCKS.

Alaska Passenger Boat Runs Aground in Heavy Fog.

Tacoma, Sept. 20.—The steamship City of Seattle, enroute to Alaska, went on the rocks at Trial Island, ten miles from Victoria at 5 o'clock this morning in a heavy fog. The steamer Salvador and two tug boats have gone to her assistance from Victoria and Port Townsend. All passengers are reported safe.

NO TRUTH IN RUMOR.

Brussels, Sept. 20.—The rumored death of the Belgian king, King Maximilian, is without foundation. Although he has made no important improvement mentally, her health otherwise is excellent. She goes out walking in the park of her chateau every day.

OUR REPAIR DEPT. IS GROWING.

The fact that we do a constantly increasing amount of repairing—watch, clock, jewelry, etc.—is good evidence that our work gives general satisfaction.

There isn't anything, hardly, in this line that we don't do, and each particular sort of work is given to a specialist—not a tinker.

We aim to have as fine a repair department as can be found in the state—or out of it, for that matter.

M. Henriksen Jewelry Co.

Providence Bldg.

TICKET NAMED IN CONNECTICUT

Republicans Take Up Old
Planks From Democratic Platform.

New Haven, Conn., Sept. 20.—The Republican state convention named its ticket today as follows: For governor, Rollin S. Woodruff, of New Haven; lieutenant governor, Everett J. Lake, of Hartford; secretary of state, Theodore Bodenwein, of New London; state treasurer, Freeman F. Patten, of Stafford; controller, Thomas D. Bradstreet, of Thomaston; attorney general, Marcus H. Holcomb, of Meriden.

The ticket was named in the Democratic platform and stated the party's attitude upon them. It follows in part:

"We heartily endorse the administration of Theodore Roosevelt, which with the co-operation of the Republican majority in congress has resulted in the adoption of measures to secure the construction of the Panama canal free from the influence of the trusts; the meat inspection bill; the denaturalization law; the railway rate bill with adequate powers to prevent rebates and discrimination; and amendments to the anti-trust laws to prevent and punish unfair combinations in restraint of trade."

"Adopting the language of our presidential platform and we feel that the phenomenal industrial prosperity which is now enjoying is not to be lightly jeopardized; for it would be to the last degree foolish to secure here and there a small benefit at the cost of general business depression."

The remainder of the platform is devoted to state issues.

NORTH AND SOUTH MEET ON FIELD OF BATTLE.

Chattanooga, Tenn., Sept. 20.—A notable feature of the reunion of the Virginia brigade of the Cumberland was the entertainment given today by Confederate veterans.

Capt. Joe McConnell, U. C. V. of Ringgold, Ga., was the host, serving a basket dinner at the foot of the Georgia monument on the Chickamauga battlefield. Speeches were made by Gen. Wilder, Congressman Maddox and Lee of Georgia, and by several ex-Confederates.

Survivors of the Iron brigade made up of Illinois, Indiana, Ohio and Michigan troops, held a reunion today on Snodgrass hill where they fought in 1862.

AITKIN COUNTY'S VOTE.

Returns From Over Half the Precincts Are Received.

Aitkin, Minn., Sept. 20.—(Special to The Herald.)—Twenty-three out of forty-two precincts in Aitkin county gave Bode 350, Millar 525 for congress. For senator: Mausten 425; Gunn, 204; Taylor, 84; Swanson 199. For legislature: Knox, 64; Case, 116; Ferguson, 219; Mahen, 200; Delatree, 114.

CALLED ALL TO HAVANA

Leaders and Generals
Attend Peace Conference at Capital.

Government Officials Do Not Recede From Their Position.

Havana, Sept. 20.—The leaders of the revolutionary movement have called all the generals in the field to a conference in Havana. They are safe from molestation during the truce.

The taking of testimony was continued today at the home of American Minister Morgan at Mariano. Gen. Menocal, the head of the veterans, said to the Associated Press that he believed Secretary Taft was bound to find a solution of the difficulty. He is delighted with the secretary's forecast of securing all basic facts bearing on the matter. Gen. Menocal considers his own work at an end and has turned over his reports to Secretary Taft.

Government officials maintained the same attitude today as yesterday, saying there is no reason to recede from their position. They hold that the present situation is not due so much to the strength of the rebels as to the parsimony of the government which now is in fairly good position.

Secretary Taft spent the morning in receiving callers, who are seeking to influence the actions of the mediators. When the coasting steamer Rik arrived at Bahia Honda yesterday she was loaded by armed rebels who demanded the mail. They took all the official correspondence and registered letters, and then searched the vessel and passengers, taking such arms as they found.

The government tug Agramonte, with a detachment of marines from Havana and carrying ammunition has not been permitted to land at Bahia Honda.

Secretary Menocal said this morning that the government was no presentor of releasing the conspirators. He was now in jail. Further than this the secretary was non-committal.

Gen. Menocal said he had reported the efforts of the veterans to secure peace to the secretary and was now entirely out of the matter.

Gonzalez Munoz, editor of the Spanish newspaper, who was arrested last night on account of the publication of an editorial article criticizing the government, was released today. Gen. Freyre Andrade says that Munoz recently resigned as his private secretary.

Madam, you use baking powder for one purpose—to make your baking rise. The powder that gives the highest and leaving strength in Hunt's Perfect Baking Powder.

STATE PROCEEDS AGAINST MAYOR

St. Cloud Executive is
Charged With Malfeasance in Office.

St. Cloud, Minn., Sept. 20.—Papers in the suit of the state of Minnesota against the attorney general vs. J. E. C. Robinson, mayor of the city of St. Cloud, are in the hands of St. Cloud county officials for service on the defendant.

The gravamen of the action is to declare a forfeiture of office under section 4545 of the Revised Laws of Minnesota, which provides that an action may be brought by the attorney general against a public officer who does or suffers acts, which by law cause a forfeiture of office.

The act charged against the mayor are the willful violations of section 661, 1562, Revised Laws 1905, whereby it is made the duty of the mayor of a municipality, among other officers named, to make complaint of known violations of the liquor laws of the state. His refusal and neglect to do so works malfeasance in office, and he can be punished by a forfeiture of office and the imposition of a fine not exceeding \$500, and not less than \$100.

No lawyer at St. Cloud was willing to take charge of the case, and the action locally is represented by George W. Peterson, formerly county attorney.

The jury retired shortly before 3 o'clock this afternoon.

Social Dance!

Given by Zenith Lodge, Degree of Honor, No. 38, A. O. U. L., at Macabee hall, 101 West First street, Thursday evening, Sept. 20, 1906. Tickets, 25 cents.

COMPLAINANT HIMSELF IN JAIL

Alleged Conscience Stricken Law Maker Charged With Extortion.

St. Louis, Mo., Sept. 20.—Wm. H. Ritter, of Denver, Colo., a former member of the St. Louis house of delegates who wrote Gov. Folk last week volunteering to come here and testify regarding the handling of booze money when he was a municipal law-maker, was arrested last night at Hannibal, Mo., while on a train en route back to Denver.

The arrest was instigated by Circuit Attorney Sawyer who charges that Ritter attempted to extort money from R. M. Snyder, of Kansas City, by threatening to testify that Snyder gave him booze money to distribute when the Central Traction bill franchise was voted upon. The case against Snyder was dismissed Tuesday and Ritter who had come here from Denver and kept his whereabouts secret, was returning to Denver when intercepted.

He was brought to St. Louis today and placed in jail. Eugene Sweney, who was identified with the Traction deal as a promoter who conferred with Ritter was also arrested.

Life Hangs IN BALANCE

Jury Retires to Consider
Case of Alleged
Murderer.

Attorney for Prisoner Claims He Acted in Self Defense.

Whether Pietro Canelli is to be hanged, imprisoned for life or for many years, or whether he is to go through life a free citizen acquitted of the charge of murder which has been hanging over him since last June, is the question that Judge Ensign's jury is deciding this afternoon.

Canelli is accused of having killed Abel Sartori at Chisholm last June, and the indictment called the crime murder in the first degree. The jury will decide this afternoon whether or not Canelli was justified on the ground of self-defense in killing Sartori.

The defense this morning recalled Canelli who finished his story of the stabbing and subsequent flight, but little was brought out that had not been related before. On cross-examination Canelli said that after Sartori had been wounded and had left the house, he had told another of the men to call him back that they might again become friends, but that they told him that Sartori had been stabbed and would not be able to return.

Leo Gremes, recalled by the state, swore that he had not heard Canelli tell Sartori to stand back or he would stab him, and said that he had not heard Sartori say anything to Canelli.

When these last witnesses had concluded their testimony, County Attorney McClintock again explained to the jury the nature of the case and the punishment that should be meted out to the man who had buried his knife in Sartori's body. Mr. McClintock told the jury how the idea of killing Sartori had developed in the mind of Canelli from the quarrel which the two had had while at work, up to the time when Sartori's life blood was let out of his body.

The attorney stated that Canelli had been the aggressor every time the two men met, while Sartori had made the threats which the witnesses given in a friendly manner on nearly all of the occasions. If Sartori had declared he had, why did he not use the knife when Canelli grabbed him by the collar at Demos's home house, the stabbing affair?" asked Mr. McClintock. "If he had intended to kill Canelli he would have done so at that time."

Mr. McClintock said that there was no reason to believe that the three Austrians were league against Canelli and that he had no cause to feel afraid of them. In concluding the county attorney told the jury that the state had proved that Canelli had planned the killing and that he had intended to end Sartori's life when he plunged the knife into his body.

Attorney Marshall for the defense stated that there was not one fact in the case which shows that there was any premeditation or malice on the part of the Canelli and there was nothing to show that Canelli had intended to kill Sartori, but instead it had been shown that Canelli committed the deed without reason and in blind desperation.

Mr. Marshall said that Canelli had taken Sartori, a newcomer, into his house to board and had found him a job in the mines and had in every way acted as a friend, and when Sartori turned against him he did not want to have him in his house. Later he had offered to make peace with Sartori but Sartori assaulted him, Canelli had not gone to the police but instead he was surprised to find Sartori and was surprised to find him at attack him and the other men to hold him, Canelli used his knife in all directions thinking that the men were about to kill him. Afterwards, before he knew that Sartori was mortally wounded, Canelli asked him to be sent to the hospital and was willing to be friends with his enemy. Mr. Marshall asked the jury to weigh all the testimony in the case and to then bring in an acquittal.

The jury retired shortly before 3 o'clock this afternoon.

NOT BADLY HURT.

Physician Says Martin Peterson Was Only Slightly Bruised.

In behalf of the Commodore Mining company, Dr. C. W. Miller was called yesterday afternoon by Attorney Eastwin and testified before Judge Cant in district court that Martin Peterson was not badly injured when he was crushed between an ore car and a timber while working in the company's mine last January. Peterson is suing the company for \$5,150 as compensation for his injuries.

Dr. Miller swears that Peterson's leg was bruised, but that he had returned to his boarding house after five days in the hospital. Other testimony was introduced showing that Peterson was crushed and might have avoided being crushed had he used ordinary judgment.

James Polgate testified this morning that the men had only to step between the upright timbers to avoid the cars, knew that any intelligent person would timberman at the Holland mine, and explained the manner in which the walls of the drift were prevented falling in.

ANNUAL OPENING.

Panton & White Company Holding a Three-Day's Reception.

The calendar, the weather and the stores all announce that autumn is here, and the change of nature's appearance is duplicated by the stores. The Panton & White company today held the first of the regular three days annual fall opening, and in the many departments of the large store, new, interesting and beautiful things are shown. The window ranging along Superior street are but an indication of the many things that are to be seen

and admired inside.

The suits and the millinery display are, of course, of the most vital importance, and nobody but a dress reform person could be pleased with the smart suits that are shown. The hats are worthy of close and careful study.

In the dress goods department the shades that are shown each year seem to increase in beauty and texture, and the brilliantly subdued fabrics today were once arranged here in gloom and those numerous accessories that make or mar a creation, the store is showing many new and most satisfying things.

These are the departments, of course, which will receive the most attention, but in the others, the men's and boys' furnishings, the draperies and furniture, Oriental rugs and cur and china departments, there is much of beauty and interest for the visitor at this store during the next two days, to admire.

CHARGED WITH MURDER. Lancaster, Ky., Sept. 20.—Samuel and Jones Simpson, brothers, and Burt were arrested here today charged with the murder of James Casey and Nathan Taylor. The bodies of Casey and Taylor were found in the ruins of Casey's home which burned last Sunday night.

FINAL PRISON MEET. Albany, Sept. 20.—Final sessions of the Twenty-fourth annual congress of the National Prison association was held today. Officers were elected last night and Chicago was selected as the place of the next congress.

PURE, SAFE AND SURE!

NEW EVIDENCE IN COAL INQUIRY
Omaha Dealer Gives Testimony Before Commerce Commission.

Omaha, Sept. 20.—When the interstate commerce commission hearing before Commissioner Prouty was resumed today, D. O. Clarke, general manager of the Union Pacific Coal company and also vice president of the Superior Coal company, again took the stand. The testimony of securing the mining lands now owned by the Superior Coal company and the reasons for securing it was under consideration.

Mr. Clarke said it was the intention to secure all the valuable coal lands in the world. He said the company had secured such other lands as would prevent any one else getting an outlet to the Pacific coast.

He testified that the company had secured the land of the latter company with as conditions to his consent that the company be turned out of the Sioux city company and the latter company be turned out of the Sioux city company.

He said that less than five per cent of the coal sold in Omaha is from Rock Springs.

POSTMASTER KILLED.
Grand Rapids, Minn., Sept. 20.—A message from Denver, twenty miles southwest of here, states that W. F. Remor, postmaster, was killed Tuesday night at his residence. Details of the tragedy have not yet been learned.

To Italy and Egypt by the White Star Line.
Announcement is made of five special trips—New York to Italy and Egypt the coming winter of the "Cedric" and "Celtic," two of the largest vessels in the world. These steamers are 700 feet long, 75 feet broad, registered tonnage 21,000 tons, and are the largest vessels ever sent to the Mediterranean.

The rapidly growing patronage of the regular White Star line Mediterranean service, from New York and Boston, now maintained by the large twin screw steamers "Celtic" and "Cedric," is further increased by the addition of the "Romantic," has made additional facilities necessary.

Stops will be made at the Azores, Madeira, Gibraltar and Algiers, offering passengers the delights of the pleasure cruise on mammoth trans-Atlantic liners, renowned for their speed and should prove attractive for travelers destined to the south of Europe.

The White Star line, Mediterranean service steamers are provided with small orchestras of skilled musicians.

This is the only trans-Atlantic line maintaining a band to entertain the passengers on large steamer at moderate cost.

Write for descriptive folders to T. H. Larke, Northwestern agent, 9 East Sixth street, St. Paul.

RAILROADS**HUBBERT IS PROMOTED**

Appointed as Great Northern City Agent in Chicago.

Fond du Lac Service Will be Discontinued October 1.

M. M. Hubbert, until a few months ago passenger agent for the Great Northern in Duluth, has been appointed city passenger agent for the road in Chicago.

From Duluth he went to Minot, where he acted in the capacity of city passenger and ticket agent.

Mr. Hubbert was in Duluth today on his way to Chicago. The Windy City will offer him a wider field, and the change will be a great one for him, as he has been in Duluth for a long time, and has a large number of people here who will be glad to hear of his further advancement.

FOND DU LAC SERVICE.
Summer Trains Will be Taken Off First of Month.

The special summer service of the Northern Pacific between Duluth and Fond du Lac will be discontinued on Oct. 1. The need of extra trains is said to be no longer felt sufficiently to warrant their being kept in service.

The summer residents of the river town have returned to their homes, and the regular residents of Fond du Lac are the only ones left to patronize the road.

Quite a large number of people have been camping up the river this year, and the result has been a large increase in the business of the road.

The business of the road is increasing every season, and the business of the road is increasing every season, and the business of the road is increasing every season.

SAGE WILL PROBATED

Heirs Get Twice Amount Mentioned in the Document. For This They Agree Not to File Contest.

New York, Sept. 21.—Senator Bracken announced this morning that there would be no contest of the Russell Sage will. The senator intimated that a financial settlement had been effected, but he refused to give any information regarding it. He said one of the attorneys for the estate would give out a statement regarding it later.

By a settlement arrived at here today the legatees under the will of Russell Sage are to receive from the executors of the estate double the amounts of the legatees under condition that the will be not contested. The will was admitted to probate without contest. It is understood that under the settlement the twenty-five nieces and nephews who were left each \$25,000 under the will are to receive \$50,000, while the minor heirs, Helen T. of Watervliet, N. Y., will receive \$12,500.

UNIONS MUCH ENCOURAGED

Gompers Thinks Eight Hour Enforcement Big Lift for Labor.

Washington, Sept. 21.—"Impetus has been given to the labor movement in politics by President Roosevelt's order directing the right enforcement of the eight-hour law," declared Samuel Gompers, president of the American Federation of Labor yesterday. "We are much gratified that the president has issued the order, although we conceive it to be a little late," said Mr. Gompers. "The original request for the enforcement of the eight-hour law was made by me nearly three years ago. During the intervening time I have repeatedly called the president's attention to the continued violation of the law, and have cited specific instances, backed up by affidavits. On April 22, 1905, the president requested Frank Morrison of the American Federation of Labor to bring to his attention specific instances of the violation of the law, which he would refer to Mr. Neill for investigation. This was done on April 21, with the result that the order requiring the enforcement of the law was issued yesterday."

FOUR LOSE LIVES IN A COLLISION

Great Northern Freights Come Together Near Montana Town.

St. Paul, Sept. 21.—(Special to The Herald)—A brief report was received at the headquarters of the Great Northern railway here today, of a collision between two freight trains, one of which was carrying a load of dynamite. The collision occurred about 11 o'clock last night. Further details are lacking.

MILITARY AID TO CLEAR WRECKAGE

Bodies of Dead Recovered, Carried Off in Cart Loads.

Hongkong, Sept. 21.—Practically all the British troops and 300 of the West Kent regiment are co-operating today in clearing the wreckage of the recent typhoon. Prodigious efforts are being made in the recovery of dead bodies, which are being carried off in cart-loads. Many scavengers are being overcome by the terrible stench arising. Constable Munday, who is superintending the work, collapsed and has been removed to a hospital. As a result of the recent typhoon the royal Dutch Petroleum company's lighter, loaded with oil, while being pumped out into tanks was abandoned, but was subsequently refloated. The company's pier was damaged to the extent of \$30,000. Manager Murray and staff were instrumental in saving the lives of 100 men and women and children, who have been housed, clothed and fed on the company's premises. Shipping has been resumed, but is hampered by the inadequate supply of steam launch and lighters. The former command \$150 and the latter \$100 for hire per working day.

WORKMEN RUSH TO THEIR DEATH WHILE ESCAPING RESULT OF EXPLOSION

Running From Their Own Blast They Meet Another.

Five Are Killed Outright and Many Are Injured.

While Digging a Tunnel Dynamite Charge Explodes Unexpectedly.

Winnipeg, Man., Sept. 21.—Word was received in this city last night of a dynamite explosion which occurred on the right-of-way of the Grand Trunk Pacific railway, near Pinemark, New Ontario, Wednesday afternoon, in which five were killed outright and six others injured, one of whom is expected to die. Foreman C. H. Hillman had an arm blown off. At the time of the accident a gang of Finlanders were engaged in tunneling, when the premature explosion of a large quantity of dynamite occurred. The injured were taken to a private hospital at Kamihistiquia. Another story says that the unfortunate men ran to cover from their own blast into a change which had been laid by another gang, and the explosion occurred before they could be warned of their danger.

SEPARATION OF THE CARMODYS

Ascribed by the Husband to Mrs. Lillian Janway Platt.

Washington, Sept. 21.—Blame for separation of himself and his wife is laid by Mrs. Lillian Janway Platt, wife of Senator Carmody, on the breach of the marriage contract by her husband. Mrs. Carmody, who is a French citizen, and subject to military service, he could enter a plea before the French court that if the children were given to the custody of the mother, they might be taken beyond the jurisdiction of France. Such action would doubtless result in the imposition by the French court of restrictions embarrassing to the countess in the future.

It is reported that the countess is settled in the pre-nuptial settlement, the French law regarding the marriage partnership as making husband and wife equally responsible for the household debts. The attachment proceedings, however, do not belong to this class, they are almost entirely for money borrowed from usurers at ruinous rates, and could be subsequently legally related.

The count has another lever in the disposition of the children who, under the French law, are French citizens, and subject to military service. He could enter a plea before the French court that if the children were given to the custody of the mother, they might be taken beyond the jurisdiction of France. Such action would doubtless result in the imposition by the French court of restrictions embarrassing to the countess in the future.

STEAMER AGROUND. Hamburg, Sept. 21.—The Hamburg-American line steamer Bleucher, from Hamburg for New York, has run aground in the Elba. Assistance is being sent.

FIRE AT TWO HARBORS. Unoccupied Dwelling House Burned, Causing Loss of \$1,200.

Two Harbors, Minn., Sept. 21.—(Special to The Herald)—Fire originating from some unknown cause about 2 o'clock this morning, completely gutted a dwelling house on Cedar street, next to the Jensen livery stable. The building was owned by S. M. Jensen, and up to yesterday was occupied by Charles Peterson, but he had luckily moved into the building only and is estimated at \$1,200. It is partly covered by insurance.

MINT IS ROBBED. Thieves Enter Through Underground Channel and Take Off Coin.

Munich, Sept. 21.—The royal Bavarian mint was robbed yesterday evening of a sum equal to \$25,000 in newly coined ten-mark pieces. The thieves got into the mint by creeping through a dry underground channel, which had been opened for cleaning.

FIRE RAGES IN TACOMA

Ten Large Buildings Laid in Ashes in Western City.

A Hundred Blooded Horses Meet Their Death in Flames.

Tacoma, Wash., Sept. 21.—Fire, which burned with terrific rapidity, destroyed property last night valued approximately at \$150,000. As a result, one woman is believed to have lost her life, while two men are unaccounted for. The property laid waste by the flames includes the Tacoma Eastern railroad depot and freight warehouse and four freight cars; the Puyallup avenue bridge, a large livery stable building, a saloon, restaurant and three dwelling houses. In the livery stable were over 150 horses, many of them of blooded stock. Less than half a dozen escaped.

The woman believed to have lost her life is Mrs. Peterson, wife of the restaurant keeper.

It turns out that the bills filed by the countess's lawyers are very numerous. While the exact total is not known, the amount is authoritatively described as "fabulous."

In spite of the pre-nuptial settlement, the French law regarding the marriage partnership as making husband and wife equally responsible for the household debts. The attachment proceedings, however, do not belong to this class, they are almost entirely for money borrowed from usurers at ruinous rates, and could be subsequently legally related.

THE CORNERSTONE WAS LAID. The cornerstone of the new county building, which when completed will be the largest court house in the world, was laid today with elaborate ceremonies.

Chicago, Sept. 21.—The cornerstone of the new county building, which when completed will be the largest court house in the world, was laid today with elaborate ceremonies. Vice-president Fairbanks was the orator of the day and addresses were also delivered by Governor Dineen, Mayor Dunne and President Brundage of the board of commissioners of Cook county.

The vice president arrived here shortly after 7 o'clock. At his special request no reception committee came to the train to meet him. He was greeted, however, at his apartments in the Auditorium Annex by a number of city and county officials.

The cornerstone laying was scheduled for the early part of the afternoon and shortly after 10 o'clock, a committee of thirty-eight appeared at the hotel to act as the personal escort of the vice president and ex-Lieut. Gen. Corbin who was an honored guest.

The party, entering carriages, took their place in a parade which was largely military and which was led by Brig. Gen. E. C. Young, commanding. After a short march through the business section of the city the column halted at Clark and Randolph streets where the cornerstone was laid.

The ceremonies were opened by an invocation by Rev. Frank Gonsalus. Mayor Dunne and Governor Dineen then delivered brief addresses, and after the band had rendered "Hail Columbia," Vice President Fairbanks delivered an address.

The cornerstone was then sealed by President Brundage and the stone was laid by the vice president. The singing of "America" closed the exercises.

Tonight the vice president will be present at a banquet given in his honor at the Auditorium hotel by the board of county commissioners.

NO TAXES, NO SCHOOLS. Odessa, Sept. 21.—In consequence of the unanimous and unalterable refusal of the peasants in the Odessa district to pay arrears of taxes, the local zemstvo has been notified by the governor that it is impossible to maintain the schools and hospitals, which consequently must be closed.

LOUISVILLE, KY., Sept. 21.—General Manager Evans of the Louisville & Nashville railroad has been advised by wire that the explosion at Jellico was caused by three men shooting at a mark on the car. The car contained 400 cases of high explosives and was consigned to Clearfield, Tenn. The Louisville & Nashville freight office at Jellico was wrecked and all of the clerks injured.

PECKHAM MAY RESIGN. And Attorney General Moody Go on the Supreme Bench.

Washington, Sept. 21.—The statement is made in an apparently well-informed quarter that Associate Justice Rufus W. Peckham will avail himself of the earliest opportunity to retire or resign in accordance with health. Justice Peckham was nominated by President Cleveland in December, 1895, and took his seat on the bench in January, 1896. He will be 70 years old on Nov. 22, 1906. Under the law he must retire before that date, but it was suggested today that he might resign in a short time.

Justice Peckham's health was so poor that he performed his judicial duties at the last term at a great disadvantage, and left Washington as soon as the court adjourned. It is suggested that Justice Peckham's promised retirement will pave the way for the appointment of Attorney General Moody, giving to the territory embraced by New York and New England two members of the court as at present, although under the new arrangement Massachusetts would furnish two of the judges.

MILITARY IMPROVEMENT. Shanghai, Sept. 21.—The council of army reorganization at Peking has taken over the management of all the members of the court as at present, although under the new arrangement Massachusetts would furnish two of the judges.

DYNAMITE EXPLOSION NEARLY WIPES ENTIRE TOWN FROM EXISTENCE

Carload Blows Up and Kills Many People.

Bodies Buried in Debris and But Few Are Identified.

Train With Doctors Rushed to Scene of Disaster.

Jellico, Tenn., Sept. 21.—A terrific dynamite explosion here today caused the loss of at least nine lives and the injury of not less than fifty persons. Damage to property is estimated at \$1,000,000. Jellico, Tenn., being practically destroyed. At least 500 persons are homeless. The known dead are:

George Atkins, aged 30, lineman for the East Tennessee Telephone company. John Cook, aged 50, car inspector for the Southern Railway. Walter Rogers, clerk for the United States Cold Storage warehouse. John Gordon, a negro aged 20. Five other bodies, mutilated beyond recognition, have been found.

The most seriously injured are: E. V. Campbell, engineer, Louisville & Nashville railroad; Finley Gibson, Judge Foreman, proprietor of the Carmathian Inn; Mrs. Foreman; William Baird, employee of the Louisville & Nashville railroad; James Carson, of Corbin, Ky., cut on head and bruised; son of T. B. Abbott, probably fatally injured; Isaac Laugel, cut on head, one eye blown out; Mark Atkin, grover; Jay Baird, bookkeeper for the Italian Coal company; Charles O. Baird, cashier of the National Bank of Jellico; R. R. Baird, president of the National Bank of Jellico; and many others. Sherman Wilson, head of the Louisville & Nashville railroad, and Mr. and Mrs. J. M. Jones, badly bruised, their house having fallen upon them; William Rose, cut on head.

In addition to those who are seriously injured, at least forty others were slightly wounded. Without exception every business house in the town was either totally wrecked or badly damaged. The Union depot of the Southern railway and the Louisville & Nashville railroad, about two yards from the scene of the explosion, was shattered to splinters. This cut off all telegraphic communication, and news of the explosion was handled by telephone.

The explosion occurred upon the Kentucky side of Jellico, and in consequence every house on that side of the town was wrecked. Not one was spared. A large number of residences located near the railroad, on the Kentucky side, were without exception demolished. As a result, it is estimated that one-seventh of the population of the town of Jellico is homeless.

A car loaded with dynamite, and consigned to the Land Powder company, arrived here this morning, at 5:20 o'clock. It was brought by the Southern railway from the direction of Knoxville, and was side-tracked in the yards used jointly by the Southern railway and the Louisville & Nashville. It is believed the explosion was caused from spontaneous combustion in the car. The spot where the car stood is marked by a crevasse in the earth fully twenty feet deep and about thirty feet in diameter.

Officials of the Southern railway and the Louisville & Nashville railroad left Knoxville at 8:50 o'clock this morning to reach Jellico by noon. On the same train were members of the Louisville & Nashville freight office at Jellico, and a representative of the Associated Press.

LOUISVILLE, KY., Sept. 21.—General Manager Evans of the Louisville & Nashville railroad has been advised by wire that the explosion at Jellico was caused by three men shooting at a mark on the car. The car contained 400 cases of high explosives and was consigned to Clearfield, Tenn. The Louisville & Nashville freight office at Jellico was wrecked and all of the clerks injured.

PECKHAM MAY RESIGN. And Attorney General Moody Go on the Supreme Bench.

Washington, Sept. 21.—The statement is made in an apparently well-informed quarter that Associate Justice Rufus W. Peckham will avail himself of the earliest opportunity to retire or resign in accordance with health. Justice Peckham was nominated by President Cleveland in December, 1895, and took his seat on the bench in January, 1896. He will be 70 years old on Nov. 22, 1906. Under the law he must retire before that date, but it was suggested today that he might resign in a short time.

Justice Peckham's health was so poor that he performed his judicial duties at the last term at a great disadvantage, and left Washington as soon as the court adjourned. It is suggested that Justice Peckham's promised retirement will pave the way for the appointment of Attorney General Moody, giving to the territory embraced by New York and New England two members of the court as at present, although under the new arrangement Massachusetts would furnish two of the judges.

MILITARY IMPROVEMENT. Shanghai, Sept. 21.—The council of army reorganization at Peking has taken over the management of all the members of the court as at present, although under the new arrangement Massachusetts would furnish two of the judges.

COMBAT WITH WHITE PLAGUE. Methods of Prevention to be Tried in Chicago Schools.

Chicago, Sept. 21.—The public school is to be used as a weapon to prevent the spread of tuberculosis. At a conference between members of the Chicago board of education and a committee from the Chicago tuberculosis institute, a movement was started which is calculated to result ultimately in the establishment of an adequate system for protecting Chicago's army of school children from the white plague.

It is the purpose at the same time to work no hardship on the child afflicted with the disease in its non-communicable form.

CRISIS IS AT HAND

Taft Has Reported Cuban Conditions Much Worse Than Expected.

Indications Now Point Strongly Toward Active American Intervention.

Havana, Sept. 21.—A crisis in the attempts of the American mediators to settle the Cuban quarrel appears to be approaching. The indications today seem to be that Secretary Taft will not be able to settle the difficulty without definite and real American intervention.

Secretary Taft was uncommunicative today but it is known that he has been in frequent communication with President Roosevelt, and reported conditions here to be much worse than he had supposed.

La Discussion publishes a dispatch from Cienfuegos saying that blue jackets from the American gunboat Marietta, who were garrisoning the Soledad sugar estate, have been fired on by rebels. The Americans returned the fire and the rebels fled.

Washington, Sept. 21.—The navy department today received a dispatch from Commander Fullman, of the Marietta at Cienfuegos saying that 220 marines had been landed there from the cruiser Dixie, which had steamed in there after leaving her original station at Monte Christo, Santo Domingo.

The Cleveland, which arrived at Havana this morning, has been ordered to replace the Dixie. Capt. Albert R. Couden, commanding the battleship Louisiana, which also arrived at Havana this morning, is now in command of all the naval forces there, by reason of his seniority. The battleship New Jersey is expected at Havana soon.

Major Gen. Leonard Wood called the military secretary today that the transport Logan, with the Twenty-first Infantry, with 813 enlisted men, sailed from Manila for San Francisco yesterday. These troops were ordered home some time ago to replace the troops at Western ports, which had been ordered East, and naturally would be first called upon for Cuban service in case of need.

Brig. Gen. Funston was in chief conference today with Gen. Bell, father of staff, respecting the situation in Cuba.

PORT OF ENTRY TO ADMIT TWO

Chinese Prospective Students Allowed to Land at Baltimore.

Washington, Sept. 21.—For a short time today the city of Baltimore was made a port of entry for the admission of Chinese. This action was taken by Acting Secretary Murray of the department of commerce and labor in order that Charles Foo and E. Franking, two Chinese boys from the Philippines, might be admitted. They arrived at Baltimore yesterday on the North German Lloyd steamer Casel. It is the intention of Franking to take up a course of study in mechanical engineering at Ann Arbor, Mich., and of Foo to study theology at Evanston, Ill.

COMBAT WITH WHITE PLAGUE

Methods of Prevention to be Tried in Chicago Schools.

Chicago, Sept. 21.—The public school is to be used as a weapon to prevent the spread of tuberculosis. At a conference between members of the Chicago board of education and a committee from the Chicago tuberculosis institute, a movement was started which is calculated to result ultimately in the establishment of an adequate system for protecting Chicago's army of school children from the white plague.

It is the purpose at the same time to work no hardship on the child afflicted with the disease in its non-communicable form.

As a result of these conferences these innovations are likely to be introduced into the schools.

The establishment in every school building of a dispensary room for the examination of "suspects" and the treatment of cases.

Separation of the tubercular patients into two classes—contagious and non-contagious.

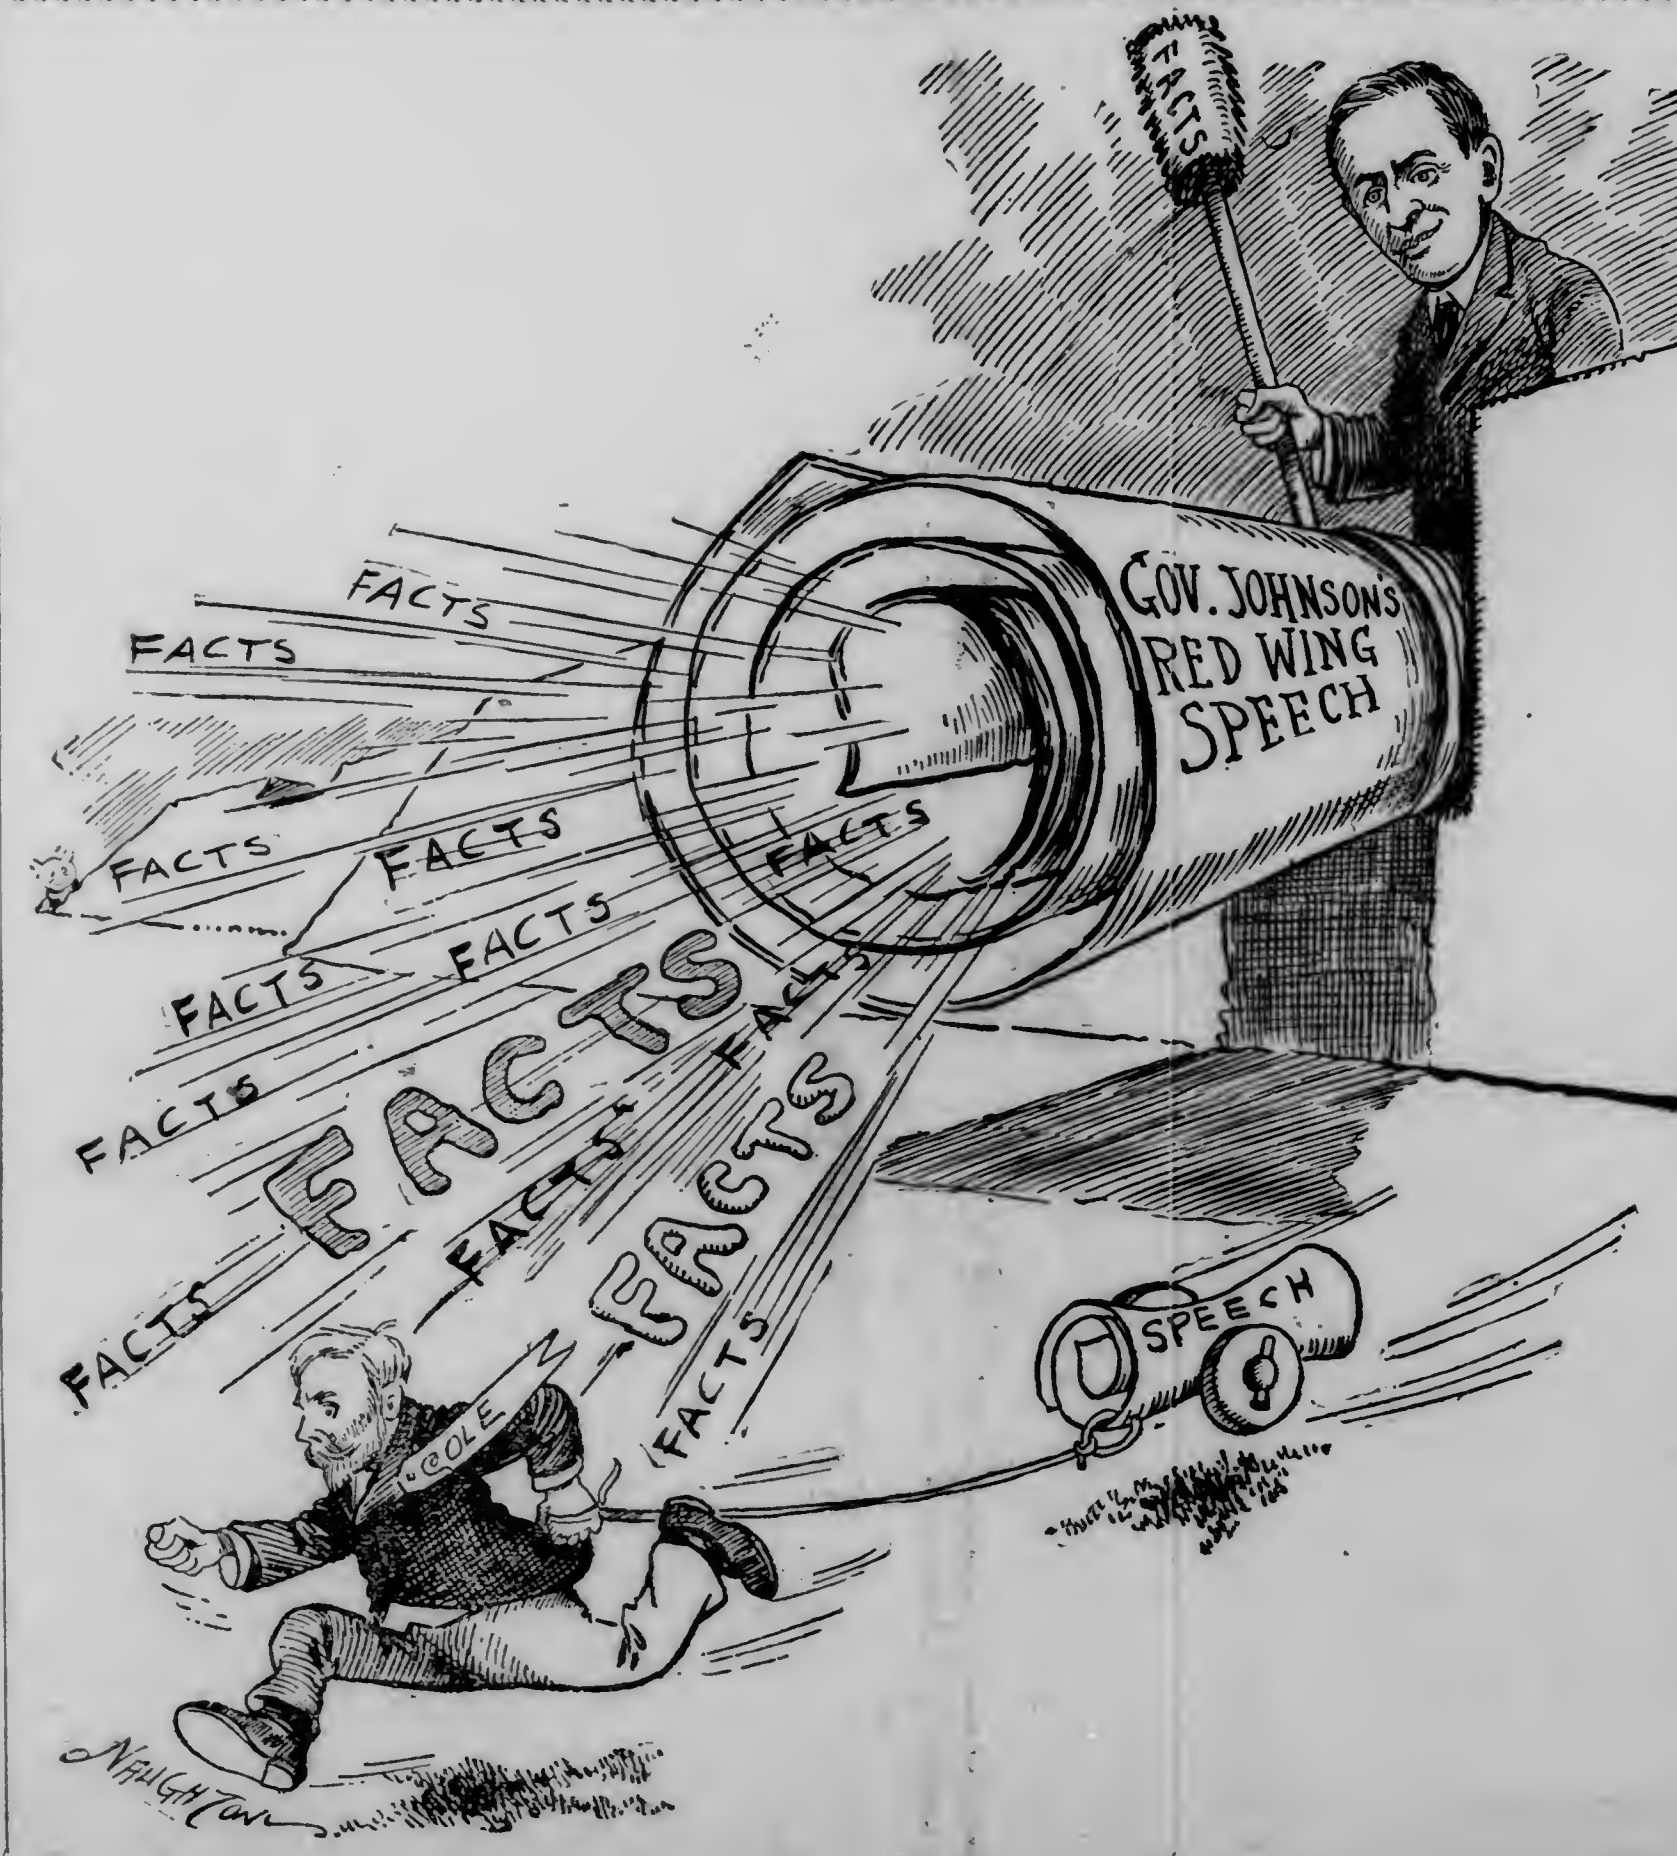

The organization of a corps of visiting nurses, to visit the homes of "suspects," dress open wounds and report conditions to the board.

Regular inspection of all schools at stated periods by medical inspectors.

Establishment of a system of surveillance of "suspects" and those suffering with the disease, with a view to excluding the victims the moment their presence in the classroom becomes a menace to the other children.

The providing of special educational facilities for the victims of tuberculosis in its contagious form.

The segregation of all children suffering from tuberculosis of the bones.

FURS FURS

Ladies Who Have Thought of Buying High-Grade Furs

Or having garments made to order from Skins of Their Own Selection, are requested to consider our fitness for satisfying the most exacting taste. Our stock of skins is complete—such as Alaska Seal, Otter, Mink, Persian Lamb, Beaver, Ermine, and other popular furs and we believe that no more beautiful showing of what is really desirable in the fur line can be found in the city, for we have exercised the utmost care in our purchase of skins and in the making of our garments.

Those who know us best recommend us, and to them we refer for further assurance of our desire to give perfect satisfaction To All Customers.

We make and sell the best medium price furs in Duluth as well as the beautiful and somewhat costly garments on which our high reputation rests secure. Having an advantage in low rental expense we are able to produce a better fur either ready-made or made to order for less money than any of our competitors. Our Repair Department is in the hands of experienced and competent workmen. Our work is done to please our customers.

CITY BRIEFS

Salooneer Arrested. John Prettia, a salooneer, whose place of business is on Lake avenue south, was arrested this morning for allowing women to remain in his saloon more than fifteen minutes, contrary to the ordinance. He will be arraigned in the municipal court this afternoon.

New Flushing Machine. The board of public works received a new street flushing machine this morning on approval. It will be operated for thirty days and, if satisfactory, will be purchased, the price being \$80.

Friendless Stranger. Friendless, penniless, and a stranger in the city, Bertie Grodum, a young woman about 20 years of age, was picked up on the street last evening by Sergeant Wilcox, and sent in to headquarters, where she was given a lodging for the night.

Talks On China. The pupils of the high school listened to a very instructive address this morning, by Miss Helen Tang, the native of Central China, who has been educated in America. Miss Tang talked of the wretched condition of the Chinese women.

Overcome By Gas. Peter E. Carlson, a laborer, residing on Sixth street, between Fifth and Sixth avenues west, had a narrow escape from asphyxiation yesterday afternoon while working in a ditch near the Providence building. He was overcome by sewer gas.

BAYHA & CO.

WHAT OTHERS ADVISE WE SELL FOR LESS.

INNER TUFTED FELT MATTRESS.

This Mattress is made in layers of Elastic Cotton Felt. Smooth surface, no tufts visible. Ticking is not punched full of holes. No outside tufts to collect dirt and grime. Evenly elastic over entire surface. Constructed on scientific principles by improved method. The following five claims of superiority for the REX (inner-tufted) MATTRESS will be sustained:

- 1st. **CLEANLINESS**—Its smooth surface can be swept clean as easily as one can brush a tablecloth.
- 2nd. **DURABILITY**—Contains six times as many sustaining "tufts" as the old-fashioned mattress, and the two sheets of strong netting besides. Furthermore, the ticking or cover is not punched full of holes. It is practically indestructible.
- 3rd. **COMFORT**—Each and every square inch of its surface is equally soft and elastic—no hard spots, bumps or hollows.
- 4th. **SANITARY**—No creases, wrinkles or pits in which dirt can collect and vermin can find hiding places.
- 5th. **ECONOMY**—Costs the same as an old-fashioned mattress made from materials of equal value. An occasional sun bath, a whisk broom (and the laundry in case of accident) will keep the REX (inner-tufted) MATTRESS in prime condition for a lifetime.

THE PRICE—\$15.00 FOR FULL-SIZE MATTRESS.

Fully warranted to give satisfaction or your money back.

SENSATION AT HEARING

Attorney Manahan for Minnesota Shippers Attacks Railroads.

Manager of Omaha Road on Gridiron When Cross-Examined.

St. Paul, Sept. 21.—(Special to The Herald.)—Although the session of the railroad and warehouse commission at its hearing on commodity rates late yesterday afternoon was dramatic, the attack upon the railroads today made by Attorney James Manahan for the Minnesota Shippers' association was even more sensational.

Following his argument of yesterday, Mr. Manahan again placed General Manager A. W. Trenholm on the stand. Mr. Trenholm admitted that he had been charged with the duty of making only three years ago, when yesterday he testified that it was fully five years since he had anything to do with the company.

After asking Mr. Trenholm how long it was since he had been connected with the drayage company and receiving the above answer from the witness, Mr. Manahan said:

"I will have a witness here before night who will show that Mr. Trenholm has been connected with this drayage company within the last year and a half."

"How long were you connected with the dray company?"

"Eleven years, I should say, approximately."

"Who was interested with you at that time?"

"S. G. Strickland, now our general superintendent, was interested with me."

"Did not Messrs. Strickland and Hour agents at St. Paul, participate in the attack upon the railroads today made by Attorney James Manahan for the Minnesota Shippers' association?"

"I don't recall that they did. I think I favored Mr. Hour some ten years ago."

"In what way did you favor Mr. Hour?"

"I don't know that I can tell. I remember leaving a note at a bank payable to Mr. Hour to the tune of \$100."

"How much do you say would be the aggregate amount paid to you by the Omaha road for this drayage business under the system?"

"Did it amount to as high as \$100 or \$150 at any time?"

"Not to my knowledge."

"The witness testified that a certain Mr. McDonald had the contracts with the Omaha company since he (Mr. Trenholm) had been compelled by the management to abandon the business."

"Did he receive any compensation for this?"

"Yes, he received \$125 per month."

"Did he not receive \$125 per month?"

"Yes, he received \$125 per month."

"Did he not receive \$125 per month?"

"Yes, he received \$125 per month."

"Did he not receive \$125 per month?"

"Yes, he received \$125 per month."

"Did he not receive \$125 per month?"

"Yes, he received \$125 per month."

"Did he not receive \$125 per month?"

"Yes, he received \$125 per month."

"Did he not receive \$125 per month?"

"Yes, he received \$125 per month."

"Did he not receive \$125 per month?"

"Yes, he received \$125 per month."

SILBERSTEIN & BONDY CO.

SILBERSTEIN & BONDY CO.

Fall Wear for Children!

The Wee Girl, the School Girl, and the Girl just escaped from school, can find among the items listed below some style that will express her own ideas of what's "just the thing" for her. That "something" that adds a pleasing, jaunty, juvenile style-touch of which the youthful wearer is blissfully conscious. It distinguishes her garment from the ordinary. We will make a special display tomorrow of everything in Coats, Dresses and Headwear for the tiniest infants to the girls of fourteen. Among the articles are the following:

Dresses for Girls.

Our Dresses for Girls are distinctly in style, made from such materials as serges, Panamas, cashmeres, Sicilians, etc. They come in full blouse and plaited waist effects, and also in the sailor, Peter Thompson and Princess designs; one or two-piece. Skirts are pleated, plain or gored. All are beautifully trimmed according to the newest ideas. Girls' and Infants' Russian Dresses, ages 2 to 5, \$2.50 to \$12.50.

Misses' "Naval" and Norfolk Dresses, ages 6 to 16, \$8.50 to \$15.00.

Boys' Bloomer Suits in fine wool materials, ages 2 to 5, \$4.50 to \$10.00.

Fall Opening.

Monday, Tuesday, Wednesday

No matter how many Openings you have attended in the past, no matter how splendid and complete they have been, no matter how delighted you have been with past displays, be prepared for something of a much higher order next Monday here. Our ideals are high, but they must and will be realized.

Coats for Girls.

The new coats made of white and colored bearskins, astrakans, broadcloths, serges, silks, etc., and made in the most attractive and exclusive designs and with the daintiest trimmings.

Prices begin at \$3 for a good bearskin infants' coat (all colors), and run by slow degrees up to \$25 for our "Lyra and Prince George" models for girls of 16, in a large range of English and Scotch tweeds.

Tiny Hoods and Caps.

Are also here in profusion. Bearskin Caps and Tams to match the Coats, 50c up. Silk Bonnets, dainty and exclusive, \$1.50 up.

Cloth Tams and Hats, 50c and up. Third floor.

Misses' Skirts.

We show a complete assortment of Skirts for Misses, in Novelty Materials, Voiles or Plain Panamas. All smart garments and made with all the care and perfection of our regular tailored lines for women.

Other models at \$3.50, \$4.00, \$4.50, \$5.75 to \$13.50.

School Umbrellas.

Perhaps you did not know that we carry a complete line of tiny School Umbrellas, some only 12 inches tip to stick, others 14, 16, 18, 20 and 22 inches, made of fine serge, full steel rods and in every way the equal of umbrellas made for "grown-ups" at much higher prices.

Prices 75c to \$1.50, and well worth twice.

Children's Underwear.

Children's Natural Wool Glove Fitting Combination Suits, for girls 11, 12, 13, 14 and 15 years old, the regular \$1.75 quality, sale price \$1.00.

Boys' Heavy Wool Grey Drawers, only six dozen in the lot, the 75c quality, sale price 45c.

Children's Fleece Lined Jersey Ribbed Pants and Vests, sizes from 20 to 34, the cleanest and best values ever offered for regular goods, sale price 25c.

Boys' and Girls' Fleece Lined Vests and Pants, sizes from 20 to 34—sale price 25c.

would pass into the hands of Calumet & Arizona, but they did not obtain any credence.

Superior & Pittsburgh sold at \$350 and closed at \$325 bid and asked. Calumet Central was a little softer, selling at \$125 and was \$125 bid and \$130 asked. Comanche sold at 80 cents, which is an advance of 15 cents since yesterday morning. Butte & London sold at \$24.25 and was last bid at \$24.25 and \$25 asked.

Black Mountain \$25 bid and \$30 asked and Denn-Arizona was \$25 bid and \$30 asked and \$35 asked at the close.

Ream of Duluth. The vessel is 600 feet over all, though slightly shorter in actual keel length, has a beam of 58 feet, and is 274 feet in depth. It measures 7,653 gross tons and 3,441 tons net, and is equipped with 1,800-horse power engines, making it the largest boat enrolled in the local harbor.

The Ream was commenced early this spring, and is just completed. It will sail from Chicago on its maiden trip in a couple of days, but it is not known whether it will come to Duluth first or not.

yesterday began canvassing the primary election returns, had its work about completed this noon. It was expected at that time that the missing precincts would be heard from sometime this afternoon when the totals would be figured and the official canvass by the board would be signed.

Interest in the past day or so has centered on the contest between the candidates in the Forty-ninth district in the senate. With the unofficial returns in from all but two precincts in the county Fern and 64-20, Mr. Vail has a lead of 161 votes over Mr. Barnes, a lead that the vote from the two towns mentioned could not affect even if Mr. Barnes were to get every ballot.

With the returns from the two precincts missing the total vote for the candidates in the Forty-ninth district is as follows: Barnes, 1,588; Vail, 1,749; Brown, 476; Dowling, 1,152.

There were no returns from the town of Harding, as that place was discontinued this year as a voting precinct.

CARLES HIS APPOINTMENT. Janesville, Wis., Sept. 21.—John E. Ehrig, of Janesville, called his mother-in-law, Mrs. John E. Ehrig, private secretary to Governor General Smith of the Philippine Islands.

MORMON OFFICIAL

MAY BE ARRESTED

Criminal Court Judge

Thinks He Has Too

Many Wives.

Salt Lake City, Sept. 21.—Parley D. Christensen, county attorney of Salt Lake county, was cited to appear on Friday next in the criminal division of the state district court before Judge Armstrong and show why he should not direct the issuance of a warrant for the arrest of Joseph F. Smith, president of the Mormon church, on a charge of sustaining unlawful relations with one of his five wives.

The citation was issued on the petition of Charles Mostyn Owen, who has been active in gathering testimony against Senator Smith in the proceedings before the United States senate committee on privileges and elections.

On Sept. 11 Owen appeared before a justice of the peace and swore to a complaint, making a statutory charge against President Smith. The complaint was based upon the fact that on May 21 last, President Smith's forty-third child was born to Mary F. Schwartz Smith, the Mormon president's fifth wife, at her home in this city.

Many Foreigners Make Application to Become American Citizens.

The list of foreigners whose applications for citizenship papers at the office of the clerk of the district court were honored today promises to break all records. The rush commenced about 130 this afternoon, and by 2:30 seven would-be citizens had been given the oath and a crowd of about twenty more were waiting in the court room and halls.

Those to whom papers were granted up to 2:30 today are: Olaf Olson, Tom Jensen, Louis Monson, John Hansen, Gust Peterson, John Jones, Holman and Alfred Jensen.

Registered in Duluth.

Another steamer, one of the biggest on the lakes, is to advertise the Zenith City by bearing its name on her stern. The Pittsburgh Steamship company has enrolled its new 600-footer, Norman B. Tilden, in the local customs office, and it will be known as the Norman B.

GOOD DEMAND FOR WARREN

Stock Sells at \$16 and

Closes With That

Price Bid.

Copper stocks were fairly active and generally firm today. In the Boston market Calumet & Arizona showed some weakness for after selling at 72 1/2 it closed at \$15.50 bid and \$15.50 asked. North Butte sold at \$9, fell to \$8.25, and closed at \$13.50 to \$9.50. Anaconda opened at \$13.75 advanced to \$15.12 1/2 and closed at \$14.87 1/2 bid and \$15 asked. Butte Coalfield closed at \$17.25 bid and \$17.50 asked.

The feature of the unlisted market was Warren which sold up to \$16 and at the close was \$16 bid. There were wild rumors afloat that this property

was to be sold to the government for use as a military reservation.

HOT WORDS AT HEARING

**Omaha Road Charged
With Using Money for
Political Work.**

**Chairman Mills Stops In-
quiry Pushed by Attor-
ney Manahan.**

St. Paul, Minn., Sept. 21.—Charges made by James Manahan, attorney for the shippers and receivers association, that the Omaha road spent money under the management of its general manager, A. W. Trelohm, to defeat Robert La Follette for the senate during the recent campaign brought the rate hearing to a sudden termination Thursday afternoon.

When Commissioner Staples moved hastily that the hearing adjourn until Monday, every one in the room was on his feet and the attorneys were all talking at once.

The excitement was caused by the testimony of Mr. Trelohm, who admitted under cross-examination by Mr. Manahan that he believed that his road had paid the salaries and expenses of some of its employees while they were engaged in political work.

When Mr. Manahan attempted to go further and show how the money had been spent and in what state and in the defeat of election of what candidates Commissioner Mills ordered him to sit down and declared that his question was out of order.

"Sit down," roared Commissioner Mills as he brought his clenched fist down upon the table.

"If it please the commission," continued Mr. Manahan, "I would respectfully request and respectfully request the commission, to reconsider their ruling in the matter."

"Sit down," said Commissioner Mills. "I have ruled on this matter."

"I move for a reconsideration right here," said Mr. Manahan.

"Better than a custom-made, and fits perfectly. Flat Negligees, in plaid, plain and coat style—a beautiful range of patterns, in pastel shades, printed on fine material, and ready to wear. First showing.

Special Sale of New Black Coats!

This is destined to be a season of black and our beautiful new models which have their first showing tomorrow are revelations in beauty and grace. Individuality expressed in every garment the same that characterizes every costume, suit and coat that comes from Freimuth's. The real interest attached to the showing is the price. It will be difficult indeed to duplicate these coats at the remarkable quotations for Saturday.

ESCAPES GALLOWS

Pietro Canelli Guilty of
Manslaughter in
First Degree.

Punishment is From Five
to Twenty Years
in Prison.

Manslaughter in the first degree was the decision of the jury yesterday afternoon in the Pietro Canelli case, and Judge Ensign will soon sentence him to a term of from five to twenty years in the state penitentiary at Stillwater. Canelli stabbed Abelo Sartori to death last June, and, although he claimed the deed was done in self-defense, he narrowly escaped the gallows. The jury retired about three o'clock yesterday and decided on a verdict after deliberating an hour and a half.

Canelli, who had worked in the mines at Chisholm, for about three years, had taken Sartori into his house to board and worked with him in the Monroe mine until the day he took the man's life. The two had quarreled the day before, after Sartori had struck Canelli's fingers with a drill hammer, and fuel was added to the emity toward each other the next day. Sartori drew a knife and told his friends how he would kill Canelli if they quarreled again. On the afternoon of the fatal day Canelli and Sartori met again in Canelli's home where a violent preliminary fight took place in which Canelli received several blows upon the head from a beer bottle in the hands of Sartori.

Afterward Canelli, fearing an attack that night, went to Mrs. Ramponi's boarding house to get his shotgun with which to protect himself. There he found Sartori who struck him again. A wild scramble ensued and Canelli drew a knife and struck at his assailant blindly, burying it in his abdomen. The witnesses examined during the trial were nearly all Italians who could only testify through an interpreter which made the task of the attorneys unusually difficult. The trial lasted three days and ended yesterday with the exhaustive arguments of County Attorney Mitchell for the state, Attorney Marshall and Corcoran for the prisoner and Judge Ensign's charge to the jury.

MANY APPLY FOR CITIZENSHIP

Foreigners Anxious to
Avoid Provisions of
New Law.

As the new law, with its more stringent requirements of the candidate for United States citizenship goes into effect September 23, all foreigners now in the country whose residence here has entitled them to the privileges of a native born citizen are making strenuous efforts to get their papers out before that date. The office of the United States District court has been rushed with applications for citizenship papers for the last two weeks, and daily lists of new naturalized Americans are being issued.

The new law provides that all foreigners accepted as citizens shall be able to read and write the English language and that notices of every application must be posted in a public place three months before the first papers are taken out and that a year shall expire before the second papers are granted and full rights of a United States citizen recorded according to the applicant.

Second papers were granted yesterday to: Edvard Hamner, Oscar Hagerblom, Swan A. Peterson, and Andrew Cedergren, and first papers were given to: Carrie Magnusson, Anna Halverson, Albert Rydberg, Anders Hedlund, Lars Carlsson, Oscar Anderson, John Ollberg, Albin Moline, Anton Carr, Edvard Lindblom, and Gavold, John Kari and John Gallop.

ENLIST AID OF TWIN CITIES

Campaign for Half Fares
May be Waged There
Also.

Preliminary steps toward opening an aggressive campaign were taken yesterday by the council committee appointed to see what can be done toward securing half fares for school children from the street railway company.

The committee held a meeting in Mayor Cullum's office, at which Bishop McGonigle, Mayor Cullum, Aldermen Lybe, Stanger, and Getchell and Manager Warren of the street railway were present.

The committee was not prepared to take any action, but arrangements are being made to enlist the aid of the Commercial club, the Women's council, the board of education, and all the principal boards and organizations of a public character in the city. The co-operation of the Twin Cities will also be enlisted, as the same company operates the street railway lines there.

MEMBERSHIPS FOR LOBBYISTS

Superior Board of Trade
Paid for Services by
That Method.

Robert J. Shields, a prominent attorney and politician of Superior, George L. Hicks and M. P. Schmidt, a Superior contractor, appeared at the hearing held before Special Examiner S. T. Swanson,

Specially Attractive Features for Saturday at the Glass Block. It's the Last Day of the Formal Fall Opening

A Smart Tailored Suit at Only \$14.50

If you'd first noticed the smartness and attractiveness, then the materials and colorings, then had looked at the details of the modeling and tailoring, then the finishing touches, without knowing the price, you'd say, "Well, it's equal to any \$20.00 suit I've seen." And you would say rightly.

Close fitting coat style (very similar to cut) with 24-inch jacket, velvet trimmed collar and cuffs, and prettily strapped—either plain black cheviot or fancy imported mixtures and plaids. A large and special order makes the price \$14.50.

Women's Black Cheviot Coats at \$7.50

Stylish, full cut models, 50-inch length, with splendidly tailored collar, deep cuffs, patch pockets, and strappings. We offer it as a "special," in all sizes, for Saturday and make the price \$7.50 each.

At \$9.98, \$12.50 and \$15.00—there's a specially fine showing of plain kerseys and cheviots and handsome mixtures, in distinctive modes.

Tidy Togs for Tiny Tots

What charming results are possible in the dressing of the tots of a year up to girls of 12 years, when our Children's department takes a hand in the process. More than even our usual care has been exercised in the selection of tailored dresses and coats for children, and whereas we've served you splendidly heretofore, this season finds us equipped to outdo all former efforts.

Women's Waists

Waists have style, too—there's plenty of it plainly in evidence in the showing, as you find it here. Silk, lace, net or the worsted—as you like. All the new effects appear—prices to please.

Specials in Children's Coats

Take this one at \$2.98—a big lot of those sturdy little bear cloth coats, plainly tailored and well lined, all sizes from 1 to 6, and in such colors as squirrel, brown, green, white and blue—smart, sporty, just right—and they're

Or the One at \$3.98! Same sizes in coats of fine Astrakhan cloth, very heavy quality, in such colors as black and white, gray

and black and brown and white—the new shades—made double-breasted, lined throughout. A coat made with ap—parent precision; your choice of this lot for, only... \$3.98

Do You Collect Post Cards?

Here's Something that Will Strike You in a Pleasant Way. Read!

We took an importer's sample line of fine German made Post Card Albums—new, stylish, beautiful pieces—latest styles, and had them rushed right through.

They're here and they're beauties—about 200 of them in cloth, leatherette and real leather—all sizes, holding from 100 to 500 cards. Some are beautifully decorated with gold and embossed designs. All are albums such as you admire—will want—and the prices make it all so easy. Here is how the values run:

35c ALBUMS.....25c	\$1.00 ALBUMS.....69c
50c ALBUMS.....35c	\$1.25 ALBUMS.....98c
75c ALBUMS.....48c	\$1.75 ALBUMS.....\$1.19

Much Praise For Our Fall Hats.

One woman said: "I've seen lots of pretty hats here, but this fall showing is the most beautiful showing I've seen here or anywhere." And it seems to be the common verdict of all. Busy? Well, rather! And how many people are having us carry out their own ideas—individual tastes!

Note These for Saturday:
At \$3.95 A superb showing of all silk velvet hats, trimmed with wings or coques, or perhaps with ribbons and ornaments—copies from hats that New York milliners sell at \$7.00 and \$8.00. Included are all new colorings for fall. Choice styles and \$3.95 takes choice.

School Tams and Caps.

School children can take their choice of a large and comprehensive line of tams and caps. Cloth, bearskin and astrakhan cloth—all colors—and a fine line of varied styles, and save in the buying—for they're little priced—

50c, 75c, 95c to \$1.95.

Children's Bearcloth Bonnets

25 dozen Bearcloth Baby Bonnets, in all the colors to match the Fall Coats of same materials—a special lot that usually sell at 75c—50c choice Saturday..... 50c
AT 50c to \$4.95—See all styles from little close French shapes to full front models.

Coats for Girls Over Six.

That will coat them in tip-top style—real style. For the coats in this lot embrace all the swell Fall mixed, checked and plaid weaves in good substantial coatings. Some styles are trimmed with emblems on sleeves and collars, or fancy braids and pipings. All sizes from 6 to 12, all full length and full cut box effects—choice..... \$3.98

Dressing Men For Fall

Will be one of our greatest accomplishments, and we're practicing it very largely. Men come here who know they can't find equal styles and values for so saving a price anywhere else in the city—and learn what satisfaction in furnishing is, when they do come.

Flannelette Night Shirt Specials.

Here are some little prices for high-grade Night Shirts—prices you ought to take hold of Saturday. We placed the order for these garments almost a year ago—they were less expensive then—and tomorrow you reap the benefit of our foresight. These prices are hardly more than cost of materials—and when this lot is gone we can furnish no more for such prices.

Fine flannelette, with military or Extra quality flannelette—both turned-down collar—cut extra long style collars and fancy trimmed—and full-assorted colors—50c generous in cut—perfectly made—choice for..... 75c
AT 98c and \$1.25—All new patterns in fleecedowns—very handsome as well as serviceable and durable garments. See them.

A Word More on Shoes

We want to impress upon you the advantages of our big stock of men's, women's and children's shoes at little prices. Investigate our footwear Saturday.

Men's Shoes \$3.00

Other places these patent colt, blucher cut shoes, with mat calf tops, would cost you \$3.50 and \$4.00. A very well and dressy shoe, with swing last, specially priced for Saturday at \$3. Same style in gun metal calf \$3.00.

New Styles in Women's Shoes

Our line of Armstrong \$4 Shoes is the largest ever shown in Duluth. Shoes that "stand up" and wear—patent colt, gun metal—lace or button. We have any style you ask for—if it's up to date. No "back numbers" in this shoe store.

7-inch Ribbon 15c.

Saturday brings with it another splendid ribbon bargain—50 pieces of black satin ribbons, 6 and 7 inches wide, and of the quality that usually sells for 25c—our price on this sale affords a great opportunity on ribbons—per yard..... 15c

Neck Ruching.

Pink, blue and white ruchings, 14 inches long. You pay 20c and 25c a yard for the same quality in most stores—this comes six 14-in. pieces in a box—and at the price averages about 4c a length— 25c a Box.

The September Furniture Sale

Growing, Growing, Growing! This furniture business keeps increasing by leaps and bounds. What does it? Must be comparison of furniture and furniture prices brings people here.

NOTE THIS: In the first fifteen days of this month we did more business than we did in the entire month of September last year—and the September sale didn't begin till last Monday, the 17th, either. Where will the total go?

Keep These Facts In Mind About Our Furniture Store.

1. Our guarantee of good furniture—better than most—goes into and is a part of every purchase.
2. Our prices for good furniture are usually less than others' prices for inferior qualities.

BUT DON'T TAKE OUR WORD—PROVE IT.

geared on the Superior board some time ago and that there were no dealings in futures. The counsel for the Chicago board of trade is seeking to draw out a considerable amount of evidence to establish the fact that there were no dealings in futures on the Superior board previous to 1902 when it is alleged the bucket shops brought up many memberships and placed "straw men" on the board to make fictitious trades in order to secure a large number of witnesses, it is said, have been examined by Henry S. Robinson, attorney for the Chicago board, and there are many others that have been subpoenaed.

SULTAN STILL ILL.
Constantinople, Sept. 21.—The fact that the sultan today receives three

other ambassadors to whom audiences were promised before the recent illness of his majesty is the reason given for the postponed promised audience with John G. Leishman, the American ambassador. It is explained that it would be inadvisable to expose the sultan to overfatigue.

C. R. MARTIN DEAD.

Editor of the Bemidji News Passes Away at Osakis.

News, received a telegram from Osakis Thursday noon, announcing the death at that place of his partner, C. R. Martin, the editor of the News. Mr. Martin has been very ill for two years and has visited Hot Springs, Ark., and other places for relief, but without avail. His indomitable will was the only thing that kept him alive during the past year. He went to Osakis in company with his wife, a month ago, and has steadily failed since then. The funeral will be held at Osakis on Saturday.

DROP GOVERNMENT OWNERSHIP.
Washington, Sept. 21.—Ex-Senator James K. Jones, twice chairman of the national Democratic committee and the manager of both the campaigns for the presidency of William Jennings Bryan, has written to Mr. Bryan advising him strongly to drop the subject of government ownership of railroads and to take a firm stand in favor of an enforcement of the law that is now on the statute books.

LOAD BREAKS RECORD.
Car Containing 2,160 Bushels of Wheat Is Received Here.
The largest carload of wheat ever received at the Head of the Lakes arrived Monday of this week consigned to A. D. Thomson & Co. of the board of trade. The car is said to have contained 2,160 gross bushels of hard grain, the best kind in the market. Two screenings allowed by the dockage in the grain inspection brought the net weight down to 2,052 bushels net. The previous record was 1,800 bushels. The average for large cars this year is said to have been about 1,600 bushels net or 1,730 bushels gross. The general average of carloads for the season is said by the elevator men to be about 1,000 bushels as compared with 900 bushels a year ago. A carload of 1,000 bushels would weigh 9,000 while the carload received by A. D. Thomson & Co. weighed 129,950 pounds.

CONCERNING WOMEN

One of the most interesting of women's organizations in this city is one composed of the very young little women of the East end who are banded together in a riding club which has plans for a thoroughly delightful series of autumn meetings. Some two years ago a number of the little girls of the East end informally organized a riding club and a number of exhilarating rides over the hills were enjoyed. The interest was allowed to lag, but recently with the return of Mr. and Mrs. T. D. Merrill, the club of some fifteen of the girls of the East end has taken on a new lease of life and weekly meetings are planned.

Last Saturday afternoon nine of the members mounted on ponies or horses under the chaperonage of Mr. and Mrs. Merrill, went for a canter along the beach on Park Point. The party attracted no small amount of interest as the little horde of equestriennes crossed the aerial bridge.

Within the next week or two a paper chase will be planned for the members and other outings into the country for the beautiful autumn days. The club members are Misses Edith Weston, Marion Fliger, Margaret Craig, Marie J. Autron, Dorothy House, Carolyn and Julia Marshall, Ruth and Jean Hopkins, Penelope Turley, Dorothy Louise, Melville Silver, Marie Merrill, Barbara Patrick and Maren Mendenhall.

Back From East.

Miss May Buchanan has recently returned from Boston where she has been studying during the summer with Mrs. Fletcher-Copp, the originator of the Fletcher music method. Miss Buchanan has had classes in this city during the past two years. In this method, which has originated the idea of presenting the first ideas of piano study, it will be advanced. Mrs. Fletcher-Copp has presented the system with much success throughout the East and every other year she spends in England, training teachers for the work. Miss Buchanan took a post graduate course this summer and also attended a lectures on "Child Study."

Reception.

The annual fall educational rally and reception will be held this evening at the Young Women's Christian association. A musical program will be presented by Miss Mary Eyer, left today for a two-months' visit in Indiana, Michigan and Ohio.

Personal Mention.

Mrs. B. G. Henderson and her mother, Mrs. Julia Stevenson, left today for a two-months' visit in Indiana, Michigan and Ohio.

Mr. and Mrs. David Evans and family of 223 East Sixth street have gone to Denver, Colo., for a visit.

Mr. and Mrs. Bert Foster have had as their guest for the past few days Mr. Foster's brother, J. W. Foster of Indianapolis. Mr. Foster returned last evening to his home.

Charles Pettigrew has gone to Virginia, where he will attend school during the winter.

Herbert Lee Spencer has returned to Annapolis after a short vacation spent with his parents, Mr. and Mrs. Herbert R. Spencer.

Miss Gertrude Ettinger of the West end has returned from a three-months' visit at Houghton and Hancock, Geo. Ettinger has also returned from the Copper country.

C. W. Ettinger and daughters, Misses Ethel and Edna Ettinger, will leave tomorrow for the East. Miss Ethel will enter a kindergarten training school of Boston, and Miss Edna will attend Holyoke college.

What Retail Markets Offer

Okra, 25 cents a lb.
Lima beans, 40 cents a quart.
Oyster plant, 8 cents a bunch.
New York state Bartlett pears, 75 cents a peck.
Michigan peaches, 60 cents a basket.
Frost's peas, 30 cents a dozen.
Leaf lard, 12 cents a lb.
A prize Minnesota state fair steer, in roasts and steaks and other cuts. If you happen to go to the right market tomorrow and order beef, may be it will be cut from a dressed animal, who some few days ago was frisking about at the state fair, and it frisked to such good purpose that a prize was given him. And tomorrow he will be cut into roasts and steaks and other things. So does all earthly glory pass.

For the people who want a change in vegetables, okra and lima beans and satisfy are offered, beside all the regular summer things that have been stirring you in the face for the past nine weeks.

Frost's peas look especially plump and nice and the leaf lard is poorly white and other things. So does all earthly glory pass.

FOR BATH ROBES.

When you see the handsome patterns on such fine soft materials you will want to make your own robe—some have borders, others are plain—cheery, warm looking fabrics in several colors.

Gray-Tallant Co

Extensive Preparations For Fall!

Here is where you may secure authoritative styles; where you may enjoy the freedom of large varieties; where you may try on to your heart's content; where you are sure to find the garment that fits your form and your ideal, and here is where the price is always moderate. Why not get it here?

New Suits are being shown in so many charming styles that whatever your taste may be it is sure to be gratified by a visit to our second floor. They are priced from \$15 to \$75, and the tone and keenest scrutiny reveal to you regardless of price how carefully and artistically they are made. An especially strong line at \$25 is attracting attention—your choice of four different styles in many weaves and colorings. Handsomely tailored—trimmings in good taste and serviceable and pretty fabrics. Now is the time to see them when the line is so well assorted.

New Coats in kersey, with fur lining or trimmings—black coats of meltons and kerseys, and the loose coats of fancy shadow plaids, checks and mingles—a big showing of them, and in styles to please everyone. These are garments where good tailoring is shown to advantage—nothing but the best satisfies us in regard to workmanship, trimmings or materials—fur lined and trimmed from \$18.50 to \$100. Cloth coats from \$10 to \$45. You'll need yours soon—best styles will go first.

Autumn Millinery Why not select your new hat tomorrow? If it is to be of felt you will find a most varied collection—the picture shows a stunning model—quills, wings, velvets and ribbons make up their trimmings—all prices. More dressy hats of velvets are shown in many styles—the small hat is very popular and in most cases carries several plumes, or quantities of ribbons or both—there's originality about our hats—they're becoming and they are fairly priced—see them tomorrow.

Saturday; Shoe Day!

It's the solid stock, the neat desirable styles, comfort and good workmanship that is put into our shoes, coupled with fair prices, that make them so popular. They are making more friends everyday. See these Saturday—

LADIES' SHOES—Fine kid stock with patent leather tips, heavy or light soles, Cuban or low heels—lace style only—also—lately the very best value in the city, at—per pair.....**\$2.00**

BOYS' SHOES—Heavy and medium weight calfskin leathers—made with back-stay and double soles—a sturdy shoe to stand the hard knocks and wear that healthy boys must give them—per pair.....**\$1.50**

MISSES' SHOES—Neat styles in kid or Gum Metal leathers—most comfortable fitting—city heel and lace style only—patent and dull tips—plenty of service in them and dressy as well—per pair.....**\$1.50**

CHILDREN'S SHOES—Sizes 8½ to 11—built especially for school wear—kid or calfskin leathers—made on lasts that do not interfere with the growth of the child's foot—a special value at—per pair.....**\$1.25**

Suitings—Taffetas. SILKS—DRESS GOODS. **Remnants!**

GREY WORSTEDS in plain, checked and broken patterns—firmly woven and sure to make serviceable and nobby suits, skirts or school dresses—full 45 inches wide—a fortunate purchase allows us to sell at—a yard.....**\$59c**

FLANNELETTES.

To look at some of them you would wonder how it would be possible to do such fine printing—the cloths, too, are so soft and have a rich velvety finish, a host of designs, different qualities.

MRS. ANDERSON'S GREEN GOWN

By Mrs. B. M. Croker.

(Copyright, 1906, by Joseph B. Bowles.) A brilliant morning in June, the sky a deep, cloudless blue, the sun azure. But with the students of the University of Michigan, the atmosphere and light were comparatively cool and dim.

The central and most attractive figure in the lot but empty terminus was a tall, red-haired woman who loitered before the great clock, or occasionally peered to and fro, sweeping the dusty station with her graceful gown.

At last the 10:30 train rumbled in, and the friend she had come to meet descended, recognized her gaily, and greeted her with confusion.

"Oh, Myrtle," she said, "how sweet of you to meet me. What a delightful day we shall have together. But tell me how you are getting on. Diners big and dinners little—balls, theaters, receptions—the daily round, the common task?"

"Yes, and I'm sick of it all," said Mrs. Murray Anderson, the tall woman with the auburn hair. "I yearn to break out into some new line. I'm always boiling over with discontent and perversity, never knowing what I want next, or how to leave well alone."

"And how is well-meaning your husband?"

"Intensely preoccupied in business all the time."

"All the same, he is what I call a reliable partner. Who endows his wife with his complete confidence and his purse?"

"Oh, a purse is not everything," muttered the wife, with a scornful passing glance at a glittering window.

"Friendship—a heart-whole, sympathetic friendship."

"Man, or woman?"

"Man, of course! It's Hugo de Vere, the actor in the Hippodrome theater, a gentleman."

WILL SELL THE BONDS

Water Board Accepts Offer of Northern Banking Company.

One Per Cent Commission Will be Paid for Sale.

Unless there is some hitch in the proceedings not now for sale the prospect is that city water and light bonds to the amount of \$100,000 will be sold within a short time, and the money will be paid into the fund for the water and gas extensions, which have been planned for this year, but which have been held up because of the failure to dispose of the bonds.

The board of water and light commissioners, at the meeting held yesterday afternoon, received and accepted the offer of the Northern Banking company of this city, Marcus Bates, manager, to dispose of the bonds at 1 per cent commission on the face of the same. This is the best offer that the department has yet had for the handling of the bonds and the commission falls within the limit fixed by resolution of the city council and the board of water and light commissioners.

The offer of the Northern Banking company was made on the following terms:

"We have just closed the sale of the school bonds for the Duluth school district and shall be pleased to undertake to sell the \$100,000 water and light bonds which we understand the board wishes to dispose of."

"We will undertake the sale of these bonds for 1 per cent of their face value, understanding that the bonds must be sold for not less than par and accrued interest when sold."

It is understood that the Northern Banking company is practically assured of sources where it can dispose of the bonds so that the money from the sale will undoubtedly be placed to the credit of the water and light department funds within a short time.

This does not mean, however, that the extensions planned for the Lakeside and Lakeside system will be made this season, as the department has been unable to get the materials, but with the

money on hand it is assured of funds to cover the cost of the improvements and the orders for the materials can be placed for delivery as early as possible and the work will probably begin early next year.

The manager reported to the board that the repairs on one of the pumps at the Lakeside station were completed at 2 o'clock yesterday, at which time it resumed operations. The next step will be to repair the other pump and this will be done right away. The department will not send out any warning regarding the restricted use of water as it did while the repairs were being made on the first pump as that is now in first-class condition and will take care of the water supply while the second pump is being repaired. When both pumps are again operating the water will be practically as good as two new pumps.

The request of the Zenith Furnace company for a settlement relative to the money advanced by it for the gas feeder main in West Duluth, was taken under advisement and some action will be taken shortly. The company entered into contract with the city to bear the cost of the extension with the understanding that the city refund the money when the income from the feeder main and its tributaries equaled 10 per cent of the cost of the extension.

At the request of the company the department has looked into the matter and finds the facts to be as follows: The total cost for the feeder main extension was \$29,852.10 per cent of the cost would be \$2,985.21, the income from the feeder main and branch mains for the year ending Aug. 3, 1906, was \$2,625.71. The conditions under which the company is entitled to a settlement have been fulfilled and the settlement, when made, will be from Sept. 1 last.

With regard to the trouble that has been experienced with the gas pressure for the past few days, it is stated by the department that the annoyance has been caused by a defective valve in the large feeder main at the corner of Superior and Fourth avenues.

The repair work is underway and will be hastened in every way possible.

BOAT CLUB!
To Members: Do not forget the smoker at the Boat Club house tomorrow night. Tickets for supper at A. B. Stewart & Co's store.

NEXT MEETING WILL BE IN TWIN CITIES.

Toronto, Ont., Sept. 21.—The sovereign grand lodge of Old Fellows will meet in St. Paul next September.

The discussion on the question of establishing the degree of the encampment was postponed until then.

Ominous was first prize, with Canton, Rochester, N. Y., second. The drill competition was for eighteen cavaliers and three officers.

TWO CASES GO TO JURY

Evidence is All Taken in Two Personal Injury Suits.

Workmen Seeking to Recover Claims Aggregating \$16,000.

Both sides rested this morning in the big damage suit of Henry Aljala against Swallow & Hopkins, which is being tried before Judge Dibel in district court. Aljala is asking for \$10,450 from the company for injuries claimed to have been sustained by him while at work in the Holland mine, operated by this company. He was buried under a pile of rock and dirt in the mine and suffered from a broken leg and an injury to his back.

Aljala himself was recalled before the plaintiffs rested and continued his story of the accident. He stated that he was shoveling the frozen earth into cars with other laborers of the night force, when a large piece above him rolled down the incline and crushed him to the ground. For several months he was compelled to remain in a hospital and was unable to work for a long time after he was supposed to have regained his health, according to his testimony.

Dr. S. H. Boyer was examined in behalf of the company and testified that in an examination of Aljala which he had made on Wednesday, he found the man in good health, weighing about 150 pounds, which is the average for a man of his size. He found that there had been a break in the outer bone of Aljala's right leg, but that there is no deformity as a result of this break.

The case was given to the jury as soon as court convened this afternoon. Theodore Hollister represented Aljala, while the company was represented by C. S. Wilson.

The testimony in the Martin Peterson personal injury suit was concluded in district court this morning and the arguments of the counsel were heard. The case went to the jury at the beginning of the afternoon session. Peterson claims to have sustained injuries while working in the Commodore Mining company's mine, for which he asks to be recompensed in the sum of \$5,500.

He claims that he was given a job in the mine last January and commenced work on the night shift, acting as a bruiser on an end car. He alleges that although he informed the mine captain that he knew nothing about the work, he was given no instruction nor was he told of the danger in the work. While he was endeavoring to push the car filled with ore he stepped to the side of the drift and was crushed between the car and one of the upright timbers of the drift. He claims the company was responsible for the accident as it was negligent and careless, and that he knew of the danger when he went to work in the mine. The company, furthermore, claims that Peterson was not duly injured and cannot claim damages.

DANCING
At the White City Pavilion
Dancing parties Wednesday and Saturday evenings during September.
Dancing from 8:30 to 11:30 p. m. Music by La Brosse orchestra.

ASSAULT CASE IS COMPLETED

Evidence All Taken in Trial of Alfred Gustafson.

The trial of Alfred Gustafson for assault was begun this morning before Judge Englen and a jury, and was practically completed before court adjourned at the noon hour. A few minor witnesses remained to be examined but the case will go to the jury early this afternoon.

Gustafson was indicted on the charge of having indecently assaulted a woman named Mrs. Abrahamson at Precor last June and several witnesses were called this morning who told of the trouble. Mrs. Abrahamson and her father, Charles Moskrem, were both on the stand and told of the assault in detail and the events which came before and after. Considerable testimony was introduced by the defense to show that Gustafson had had a good reputation prior to the incident for which he is being tried.

The case went to the jury shortly

FATE RESTS WITH JURY

Attorneys Complete Their Arguments in Trial of Sheehy.

Circulars Reached Those Who Did Not Know McKeon.

"If everybody who read these bills knew Joe Sheehy and T. J. McKeon I would have advised Mr. McKeon to pay no attention to them," said City Attorney Fessler, in addressing the jury in the case against Joseph Sheehy for criminal libel.

"The trouble is that a great many people read them who did not know either man, and they could not fail to leave an impression in the mind of many people that in some way the assistant city attorney was doing something he ought not to do. Those who knew both men would pay no attention to the circulars."

Mr. Fessler summed up the evidence, and stated that he did not see how there could be any doubt but that Mr. McKeon had acted honestly in every way, and that every cent had been fully accounted for by the court records.

"If Mr. McKeon did anything wrong in regard to signing of that affidavit, I did also, as I signed the same statement," said Mr. Fessler. "It is absurd to suppose that either of us would commit perjury in a case in which we had no more interest than that of prosecuting attorney, and which could not affect us personally in any way."

"It also casts a reflection on L. C. Harris, than whom there is no more reputable member of the Duluth bar. It is hard for me to see how there could be a clearer case of criminal libel in this case. I do not see how anyone can hope to ever secure a conviction for this offense."

"Just to bring the case home to you, gentlemen, I would like to suppose that one of you was in the grocery business, and that Sheehy here, heard some one say that you were a thief or that you put sand in your sugar, and without investigating immediately went to work and distributed a number of bills among your customers making that statement. Do you think that that would hurt you in your business?"

It might be argued that Sheehy made no statements in his bills, but merely asked questions. Supposing I should print a few thousand circulars asking the question 'Is John Smith a Thief?' I would be merely asking a question, wouldn't I, and looking for information. Of course that would be no statement against John Smith."

The case went to the jury shortly

OUR REPAIR DEPT. IS GROWING.

The fact that we do a constantly increasing amount of repairing—watch, clock, jewelry, etc.—is good evidence that our work gives general satisfaction.

There isn't anything, hardly, in this line that we don't do, and each particular sort of work is given to a specialist—not a tinker.

We aim to have as fine a repair department as can be found in the state—or out of it, for that matter.

"Everwear Socks."

before noon, and at 2 o'clock this afternoon it was still out.

TRANSPLANTS LIVING ORGANS
Important Discoveries Disclose Wonderful Cure.

Stuttgart, Sept. 21.—Professor Garrel of Breslau, gave yesterday to the congress of natural investigation and medicine, now in session here, the result of his experiments in transplanning blood vessels and organs from one body to another. This is the subject which attracted so much attention at the meeting of the British medical association held in Toronto last August, when Dr. A. Garrel of the University of Chicago read a paper giving his experiments in the same field.

Prof. Garrel described the case of a boy suffering from cretinism, who had portions of his mother's thyroid gland transplanted to his spleen. The child is developing normally and can walk and talk.

Prof. Garrel narrated successful experiments in the transplanting of blood vessels from one living person to another. He also transplanted blood vessels from animals which had been dead for an hour and a half to living animals.

The professor declared that while it was impossible to transplant large vessels from living human beings, that blood vessels could be taken from freshly imputed lambs and transplanted to cases where large tumors had been removed or where otherwise the tying up of large blood vessels resulted fatally from the parts of the body fed by them. Prof. Garrel described the tying up of large blood vessels from one animal to another, the replanted organ performing its function perfectly.

CONVENTION ENDS ONE-HALF ITS WORK
Milwaukee, Wis., Sept. 21.—The convention of the Brotherhood of Locomotive Firemen and Engineers continued its session at 1 p. m., adjourning then for the day. This afternoon the members were entertained with a boat ride on the bay.

Today's session was devoted largely to the continuation of the report of the committee on legislation and by-laws. The question of abolishing the office of collector and making the secretary recording secretary was discussed, but it was not voted to make a change. The convention has now passed upon 153 of the 233 articles in the constitution.

BANDIT CHIEF ILL
Paris, Sept. 21.—A special dispatch from Tangier says that Raisuli, the bandit chief is seriously ill. He is believed to have been poisoned by an agent of the magzen, or foreign board.

Regulates the bowels, promotes easy natural movements, cures constipation. —Doan's Regulax. Ask your druggist for them. 2 cents a box.

EHLE SHOE SALE!
5000 Pairs Ladies', Gents', Misses' and Children's Shoes

And Rubbers to be closed out at actual value of the raw material. No old bankrupt stock, but all new up-to-date Custom-made Footwear. Not all kinds—only the best of each. No man has better. No man sells cheaper. No misrepresentation. Perfect fit.

EHLE, 103 East Superior St.

FREE—A Large Size Writing Tablet with every pair School Shoes

WIELAND SHOE CO.
The Sign of the Golden Shoe.

BEAR SHOT IN DULUTH

Another Season Opened
With Bagging of Young
Cub.

Animal Is Killed Just
Opposite the Emerson
School.

The bear season in Duluth has opened. This morning at about 11 o'clock a black bear cub made its appearance in the neighborhood of Eleventh avenue west and Third street, coming west on Third street. Just east of the Emerson school the bear was seen by three of the residents of the district who immediately gave chase. The cub proved very lively when frightened, and gave the hunters a good run before they got within range for a shot.

The bear was killed just in front of the residence of C. H. Depe of 1112 West Third street, right across from the Emerson school at 1145 a. m., and the school children just leaving the building were given an object lesson in bear hunting which could be offered by perhaps no other city in the country.

The western portion of the city is a new region for the wanderings of the bears whose metropolitan longings lead them to Duluth and this is the first specimen which has gotten farther west than Lake Superior.

The three men who gave chase to the animal and finally shot it are Arthur Sellers, Ed Stevens and O. Johnson.

Imported Olive Oil.

I have just received 800 gallons of pure olive oil direct from Italy; the oil that has won more gold medals than any other. B. Summers, 113-115 West Third street.

OIL TRUST'S BUSINESS BREAKS ALL RECORDS.

New York, Sept. 21.—The gross business of the Standard Oil company is exceeding all previous high records and its earnings are also reaching record-breaking figures, which leads to the belief that the final dividend on the stock this year will be large.

Instead of a falling off in the shipments of oil to Europe, as a result of the declaration of peace between Japan and Russia, there has been a heavy increase and indications point to a continuation of such conditions.

No statement bearing on the earnings of the Standard Oil company has ever been issued for the benefit of the public, but it is understood that earnings are now running at the rate of more than \$5,000,000 a year. This surplus of the company is another unbroken quantity in the history of the Standard, although reports has it that included in the item in question are \$500,000 of government bonds.

Dividends to the stockholders of the Standard Oil company within the last eight years aggregate approximately \$25,000,000 and before the close of the year they shall have reached about \$30,000,000 or more than four times the outstanding capital stock.

"OLD MOORE" PREDICTS DIRE THINGS FOR BRITONS.

London, Sept. 21.—The almanac of "Old Moore," almost an institution with the

British public, is out and in tone and

tenor is decidedly pessimistic.

Old Moore says we shall all have a very bad time next year. The only man there is any consolation for is Lord Roberts, who will not be in the field.

Old Moore holds the stars in the holder of his hand, so its speak.

In 1907 there will be "wanton disorders," "wild rumors," "ominous happenings," "startling news," and all the horrible things that our flesh crops.

Old Moore has a helping word for the house of lords. They need not fear the onslaughts that will be made on them by sections of the Labor and Socialist party.

They are under the smile of the stars, and Old Moore holds the stars in the holder of his hand, so its speak.

If the prophet condescended to be specific about April he might have pleased us once, for he says in that month the British public will refuse to pay taxes.

The results of this revolt are, however, known only to the stars.

Old Moore has a helping word for the house of lords. They need not fear the onslaughts that will be made on them by sections of the Labor and Socialist party.

MUCH HELP FOR IRISH

Congested Districts Board
Said to be Very Successful.

Its Work Proclaimed a
Monument to Unionist
Statesmanship.

London, Sept. 21.—A correspondent of the Post writes in part as follows on the success of the work of the Congested Districts board created in 1891:

The problem of how Ireland should be governed has occupied such a large place in the English mind since the first home rule bill was introduced that little public attention has been given to questions relating to the social and economic condition of the country.

The parliamentary representatives of Ireland have concentrated their efforts on a continuous appeal for self-government, and have not attempted to press forward legislation for the social betterment of the people.

It is, however, the duty of the government, if unwise for the sake of their country, to make at least the appearance of consistency, inasmuch as in view of their belief that the interest of Ireland depends on the granting of home rule, they therefore conclude that the imperial parliament has no right to legislate on Irish social and educational questions.

This some of the most vital problems are ignored, and any attempt to deal with them has to be placed to the credit of the much-revered representatives of the British government, or of the Irish Unionist sympathies such as Horace Plunkett.

Blinded by political passion those who make most of the Irish Unionist wrongs do least in a practical way to remedy the diseases from which the people suffer.

On the other hand, Unionist statesmen have been and are working towards the true regeneration of Ireland, in face of much criticism and condemnation. A visit to the poorest districts of the northwest of Ireland reveals the fact that the policy initiated by Mr. Balfour fifteen years ago has not met with unequalled success, and has rendered incalculable service to the people of Ireland.

Western counties. For the past ten years I have been investigating these districts at first hand, and have seen several able and courteous officials of the government, and I have been shown the keenest desire to give full information to a visitor. I have been with priests and people, home rulers and anti-home rulers, interviewed peasants in their homes in several districts under a great variety of conditions, and I have been able to form a result of my present observations, I am convinced that the recent Unionist policy in Ireland in regard to its social and economic conditions, as well as the non-political policy of the Congested Districts board, is based on sound principles and is already reaping the reward of true statesmanship.

The future progress of Ireland, in face of much criticism and condemnation, is a visit to the poorest districts of the northwest of Ireland reveals the fact that the policy initiated by Mr. Balfour fifteen years ago has not met with unequalled success, and has rendered incalculable service to the people of Ireland.

Western counties. For the past ten years I have been investigating these districts at first hand, and have seen several able and courteous officials of the government, and I have been shown the keenest desire to give full information to a visitor. I have been with priests and people, home rulers and anti-home rulers, interviewed peasants in their homes in several districts under a great variety of conditions, and I have been able to form a result of my present observations, I am convinced that the recent Unionist policy in Ireland in regard to its social and economic conditions, as well as the non-political policy of the Congested Districts board, is based on sound principles and is already reaping the reward of true statesmanship.

The future progress of Ireland, in face of much criticism and condemnation, is a visit to the poorest districts of the northwest of Ireland reveals the fact that the policy initiated by Mr. Balfour fifteen years ago has not met with unequalled success, and has rendered incalculable service to the people of Ireland.

Red, white, navy, brown, gray and green—full and generous in size—good and long, so as to be comfortable—lined and interlined—the most satisfactory all round value in Duluth—\$3.50.

therefore possible to apply tests as to the correctness of the policy and the method of its administration. In gross expenditure shortly after it was constituted in 1892 was \$20,000 and recently in 1905 it had increased to \$220,000. Of the latter sum the following figures may be classified as productive expenditure:

ESTATES.
Purchase and Redemption..... £24,452
Improvements..... 70,882
Fisheries—Grants, etc..... 8,641
Industries—Grants, etc..... 4,587
Public Works..... 1,806
Steamers—Maintenance..... 2,861
Loans for Fisheries..... 8,641
Loans for Industries..... 8,641
Total..... £135,215

About £20,000 was spent on administration and £135,000 on technical instruction.

I do not think there can be any doubt as to the wisdom of continuing this expenditure, and I believe a good case can be made out for increasing it in several directions. I spent my first night in these regions in a bunk on board the Granville, the steamer which was purchased by the board in 1895 to take the fish to the market.

Not only was the catch deficient but prices were low, because there was no direct connection between the fish and the market. The Donegal herring is among the best in the world, and when cured they command the highest prices in Germany and New York. The fish is, however, sold in Scotland and Shetland herring. In spite of the presence of these riches at their doors the peasant farmers of Donegal have continued to live in poverty, and it has remained a poverty-stricken country. The people themselves would have taken up an opportunity of this kind.

At first the board had practiced the policy of selling the fish direct to the owners, and by the owners, and at least two crews have been employed to teach, of whom twenty-nine were Irish and forty-five were Scotch. The rule of the board is that for boats purchased by means of loans, instruction will be given free for the first two years, a small charge being payable in the third, fourth and fifth years. Larger boats were obtained in recent years, and the men go further out to sea. The board began with only two boats, and has now supplied about eighty. Each boat costs about £400, including nets and tackle, and the men are encouraged to become owners as soon as they are able to manage them. The value of four-ninths of each catch of fish goes to the board, and the remaining five-ninths is retained by the crew. Gradually the money paid over to the board accumulates until the crew has paid the value of the boat, together with interest on the loan.

Since 1892 eighty-three loans for larger boats have been paid by the owners, and at least two crews have been employed to teach, of whom twenty-nine were Irish and forty-five were Scotch. The rule of the board is that for boats purchased by means of loans, instruction will be given free for the first two years, a small charge being payable in the third, fourth and fifth years. IN THE WORLD OF SPORTS

STANDING OF THE YACHTS

Scud and North Wind Are Tied in One Class.

Sylph Leading the 22-Footers—Season Nearing an End.

The Duluth Yacht club will not close its season until well along in October. Two races yet remain to be sailed in the pennant series. The 22-foot class, and the 24-footers haven't finished their series of Saturday contests, although the mid-week matches have been completed.

In the pennant series Scud and North Wind are tied for first place with four points each. There are 22-footers, the cup races for the season class come to a close last Saturday. Feather, sailed by Dr. Frank Lyman, taking first place with thirty points to her credit. North Wind came second with twenty-four points, and Batsche third with twenty.

As has been announced, A. Triax with Sylph first place in the 22-foot class, and Feather, sailed by Dave McAlpine, won first in the 24-foot class. In the Saturday races of the 22-footers, Sylph and Ather were in the lead with twelve and ten points respectively.

One of the matches in the 24-foot class for the pennant is in dispute. No decision has been handed down concerning it as yet.

Interest in yachting continues to grow in Duluth, and several members of the club are planning on the purchase of new boats before next spring. The 1907 season will see several new yachts added to the large fleet. Some of the boats are now being put in winter quarters, but most of the members will continue to sail as long as the weather conditions will permit.

meet. He states that there are green horses entered in the races to be held here that paced miles on the Hamilton track, this summer in 2:10 and faster, among the number being Little Tim and Essex. There are fast "nags" from St. Paul and Minneapolis, Grand Forks and Fargo, besides the local string, and it is expected that in all thirty race horses will be in Bemidji during the coming meet.

The officials who will have charge of the meet have not yet selected but Mr. Cherry of Long Prairie, who has acted as starter at Sauk Center and Park Rapids, will serve in the same capacity here.

The horses owned by local parties did very well at Sauk Center. Bemidji Bell, owned by J. A. Womack, took second money in the 2:25 trot and pace, and Abaca, Farley & Thurston's mare, was third in the same race. They will both participate in the 2:25 race at Park Rapids, Friday. Pullerton will drive Bemidji Bell, and Thomas Newby will hold the reins over Abaca. The latter horse is expected to go faster than she did at Sauk Center, as she has been worked out more, and was not in good condition last week.

PLUMS ARE NEAR END

Western Varieties Will Not be Long Obtainable.

Enough Fish Now to Supply All the Demands.

The season for Western plums is rapidly coming to an end. The shipments are decreasing, and within a week or ten days no more of them will be arriving. The Western Bartlett pears are practically out of the market, and trading now is being done in Clairgeau, Dutchess and Howell varieties. The best variety of barrel pears for preserving purposes are now on the market.

The apple situation is about the same as last week. Grapes are more plentiful and the market is slightly lower. Peaches are in good supply this week, and the quality is all that could be desired, with the trade heavy. Next week will about wind up the season.

Tomatoes are getting scarce, and the prices are likely to advance any day. There is still plenty of picking stuff, and the quality is all that could be desired, with the trade heavy. Next week will about wind up the season.

The potato market has been quite firm, owing to a few days' wet weather. The market will be any lower for some time. All other kinds of vegetables are cheap and plentiful.

The recent cold weather had little if any effect on the lemon market, and the supply is insufficient to meet the demand. Oranges, watermelons, cantaloupes and grapes are plentiful.

The dealers urge all desiring crab apples to buy while the stock is obtainable and the quality good. Transcendents are practically out of the market, but some fine specimens are being received. The larger part of the crop of Washington Italian plums has been moved, and from this on supplies will decrease and the market will be firm.

The fish supply has been plentiful during the past week, and the danger of a shortage is not as great as it seemed a week or two ago. The fishermen have been making better hauls lately, and the dealers have been able to supply all demands made upon them. The poultry market also has offered a more liberal selection during the past week.

OFFICER COURT MARTIALED FOR DUPING DUKE LUDWIG.

Berlin, Sept. 21.—Lieut. Muhle, of Bavaria, is being tried for court-martial for having obtained the signature of Duke Ludwig Wilhelm of Bavaria to bills under false pretenses.

The lieutenant was a member of a young ladies' club at Munich, where gambling for very high stakes took place, and he used the duke's name to obtain money.

He pleaded before the court that he had believed the bills would be met by wealthy members of his family. He had also hoped of marrying an heiress. These hopes were dashed when the duke, who was 22 years of age, was called upon to honor his signature for \$25,000.

The duke stated that he had wished to do his comrade a good turn, and he had given him a good deal of money.

The duke stated that he had wished to do his comrade a good turn, and he had given him a good deal of money.

The poultry market also has offered a more liberal selection during the past week.

OFFICER COURT MARTIALED FOR DUPING DUKE LUDWIG.

Berlin, Sept. 21.—Lieut. Muhle, of Bavaria, is being tried for court-martial for having obtained the signature of Duke Ludwig Wilhelm of Bavaria to bills under false pretenses.

The lieutenant was a member of a young ladies' club at Munich, where gambling for very high stakes took place, and he used the duke's name to obtain money.

He pleaded before the court that he had believed the bills would be met by wealthy members of his family. He had also hoped of marrying an heiress. These hopes were dashed when the duke, who was 22 years of age, was called upon to honor his signature for \$25,000.

The duke stated that he had wished to do his comrade a good turn, and he had given him a good deal of money.

The duke stated that he had wished to do his comrade a good turn, and he had given him a good deal of money.

FREEDOM IN RELIGION

Laws Granting More Liberty to All Sects Are Promised.

Enlargement of Rights of Jews Will Next be Considered.

St. Petersburg, Sept. 21.—The Associated Press has been informed by a member of the cabinet that within a few days laws of religious freedom, removing practically every restriction and disability under which the different faiths in Russia have labored, will be promulgated. This is the second point in the Stolypin program. The first, including measures for the distribution of land, already has been published.

The new laws are in effect in amplification and continuation of the emperor's Easter ukase of April, 1906, which, although it established a large measure of toleration and enabled thousands of dissenters to leave the orthodox church and enroll themselves under the status of their choice, never became fully effective. This was partly owing to the emperor's ukase by the provincial authorities who construed it as they saw fit, in some cases the workings of the ukase were almost entirely nullified.

Under the new laws, which will be published while no parliament is sitting, the various sects, unless they indicate in criminal or immoral practices, may receive upon application the sanction of the government. This will confer upon their clergy practically the same status as that enjoyed by orthodox priests. They will have equal rights with the orthodox church in the matter of erecting schools and church buildings and the receiving of their proselytes. "In fact," the orthodox priest said, "the emperor's ukase by the provincial authorities who construed it as they saw fit, in some cases the workings of the ukase were almost entirely nullified."

The emperor's ukase by the provincial authorities who construed it as they saw fit, in some cases the workings of the ukase were almost entirely nullified.

Marvelously Cheap Prices In New Fall Fashionable Garments.

The styles of our garments combined with their cheap prices must be marvelous.

Judging from the way they are being picked off the racks at this early date, SURPASSING OUR OWN EXPECTATIONS. We knew that we had exceptionally good values and attractive styles at the time of buying our Fall stock, but we have actually not realized their true merits until last week, when the ladies began to pick their Suits, Coats and Skirts off the racks with the unanimous questions of: How can you sell these identical garments so much cheaper than all others in Duluth?

How can you sell these \$10.00 Cravenettes for only \$4.44? Why! This is out of the ordinary cheap.

Are these high fashionable Cravenettes only \$9.83? Why! They ask us \$18.00 for the same garment.

Our Coats, Suits, Skirts, Waists, Children's Coats and all other goods which we sell are in the same cheap proportion.

THAT IS THE WAY WE DO IT.

If you do not land at the New York Store before investing, your purse is bound to be the victim—ask your neighbor for additional reference.

\$15 and \$18 Fine Cravenettes \$9.83

In the newest Tourist styles, plain, strapped or inverted pleat backs, with the full circular sweep, self cloth or silk velvet collars, made of fine mercerized, all-wool English rainproof cravenette—in castor, greenish mixture and oxford—strictly custom tailored—these coats are just the garments suitable for present wear, such coats are priced everywhere at \$15 and \$18; here...

FRIEND OF DUMB BRUTES IS DEAD

Originator of Famous Society Passed Away at Home.

St. Louis, Mo., Sept. 21.—Mrs. Mary W. Calkins, prominently known as the head of the St. Louis Society for the Prevention of Cruelty to Animals, died at her home in Glendale, St. Louis county, yesterday.

OHIO WANTS NO MORE RAILROAD COMBINES.

Columbus, Ohio, Sept. 21.—Attorney General Ellis took steps to prevent the proposed consolidation of the Hocking Valley and Kanawha and Michigan railways by mailing to J. P. Morgan & Co., of New York, who are financing the merger and Nicholas Monsarrat, president of the railroad companies,

LETTERS NOTIFYING THEM THAT THE PROPOSED CONSOLIDATION IS IN VIOLATION OF THE OHIO LAWS.

At the same time, the attorney general notifies the secretary of state not to accept any papers that the officers of the roads may seek to file with him legalizing the consolidation.

The attorney general in his letter to J. P. Morgan & Co., says the Hocking Valley and Kanawha, and Michigan roads are parallel and competing lines and cannot lawfully be consolidated under the laws of Ohio and declares that for the protection of the rights of the public and security holders, the matter should be determined in the courts.

BOTH WOMEN ARE FOUND CRAZY ON RELIGION.

Seattle, Wash., Sept. 20.—The commission appointed to inquire into the mental condition of Esther Mitchell and Mrs. Franz Creffield, held for the murder of George Mitchell, Esther's brother, has pronounced both women paranoiacs and recommended their commitment to an asylum.

The prosecuting attorney will oppose the verdict of the commission and endeavor to bring the women to trial.

Brevard, N. C., Sept. 21.—Torrential rains this week have set all mountain streams booming. French Broad river overflowed its banks and hundreds of acres of fine corn land

SAIORS CLAMOR FOR JUST REVENGE.

Cleveland, Sept. 21.—Suits for \$50 damages were filed against the Humphrey company, proprietors of Euclid beach, by two sailors, Rexford Stouffer and John C. Southard, of the United States training ship, Wolverine, who were ordered from the dancing floor last week because they did not wear white shirts or collars with their uniforms.

Capt. Alfred Alee, who has charge of the government recruiting service, returned today after a short visit out of the city and at once took up the Euclid beach affair. Last night he made a full report to the department at Washington.

SHAKE-UP IS COMING IN POLICE CIRCLES.

St. Louis, Mo., Sept. 21.—Chief of Police Edmund P. Creedy appointed by the board of police commissioners to succeed Chief Matthew Kieby, who was dismissed from the police force as a termination of his trial on charges, assumed office today. Chief Creedy stated that for the time being, until he thoroughly familiarizes himself with his new duties and various existing conditions, there will be no radical changes in the police department, but he intimated that later there would be a general renovation of the department.

CHINESE STUDENTS DETAINED AT LOCUST.

Baltimore, Md., Sept. 21.—Among the passengers on the North German Lloyd steamship Casel, which arrived from Bremen, were Charles Foo and S. H. Franking, two Chinese boys from the Philippines. Franking proposed taking up the study of mechanical engineering at the University of Ann Arbor, Mich., and Foo intends to pursue theological studies at the Garrett Biblical institute at Evanston, Ill.

Immigration Commissioner Weiss informed them that Baltimore was not a port of entry for Chinese students, and that they should have gone to New York. The matter was referred to the immigration authorities at Washington, and pending their decision, the two students will be detained at Locust Point.

HARMONY OF ACTION

To Produce Best Results From the Free Alcohol Law.

Science Expected to Contribute Toward Solving the Problem.

Washington, Sept. 21.—Two kinds of complaints are coming here, showing what the public fears will be the result in preventing the manufacture and sale of untaxed alcohol for use in the arts at a price sufficiently low as to be a real accommodation to the industries of the country. These complaints grow out of the reports circulated concerning the investigation made by Commissioner Yerkes of the internal revenue bureau in several European states, and the character of the regulations which the department will formulate for governing the manufacture and sale of this commodity. Considering the marvelous interest awakened throughout the country in this subject of untaxed alcohol, it is not surprising that they expected speedy results in the way of a low-priced fuel, light and power commodity, their complaints now are to this effect:

First—That in their efforts to protect the revenues of the government, the internal revenue bureau has made such drastic regulations as to hamper the development of a low-price industrial alcohol.

Second—That the requirements which the department will insist upon with respect to the denaturing ingredients will be of such character as to raise the price of the denatured product far above a competitive point with other fuels and heating liquids now on the market.

Elimination into these points in several departments of the government brings to light interesting information as to what is being done, and the reasons for the action now being taken by the government officials. It is apparent that there is harmony of action.

It is our duty in connection with this question of untaxed alcohol," said the chief chemist of the internal revenue bureau, "to make certain that there shall be no frauds perpetrated upon the public. This may appear to some people as an unimportant matter, but it is not merely a question of importance with us. It is a question of duty. The laws prescribe what we shall do, and the public revenue, and if by legislation of congress the government is to give up \$50,000,000 of revenue, it is our duty to see that it is not given up."

It is our duty to see that the government is not given up \$50,000,000 of revenue, it is our duty to see that it is not given up."

It is our duty to see that the government is not given up \$50,000,000 of revenue, it is our duty to see that it is not given up."

It is our duty to see that the government is not given up \$50,000,000 of revenue, it is our duty to see that it is not given up."

It is our duty to see that the government is not given up \$50,000,000 of revenue, it is our duty to see that it is not given up."

It is our duty to see that the government is not given up \$50,000,000 of revenue, it is our duty to see that it is not given up."

It is our duty to see that the government is not given up \$50,000,000 of revenue, it is our duty to see that it is not given up."

It is our duty to see that the government is not given up \$50,000,000 of revenue, it is our duty to see that it is not given up."

"Before Adam"

Did you ever read a convincing ghost story? You never did, because those who wrote them tried to imagine what a ghost would say.

The only way to write a ghost story which will sound real, which will convince, is to be a ghost and write it from the ghost's point of view. There are some things beyond imagination.

Jack London has written a book, the opening chapters of which appear in the October Everybody's. He calls it "Before Adam." He shows man before he had any of the veneer of civilization, before society was invented, when the wants of the race were few, when its vocabulary was limited to twenty words. You do not feel that he has imagined this as you read. You feel that he has lived it; that he has seen it; that he remembers it. It may be imagination to London, but to you it is the real thing.

Jack London has lived a strange life among men and women whose passions are primeval. He has seen men in the raw, stripped down to the mainsprings of life, when only the instinctive passions were working—hunger, thirst, revenge, joy—the intensities of life—when vocabulary was simply ejaculation.

By taking away from such men everything that civilization and education have given them, he has seen what men must have been "Before Adam." These men he has set before us—Lop-Ear, the Swift One; Red-Eye, the Hairless One; Old Marrow Bone—the beginning of nomenclature is suggested by these names descriptive of personal characteristics. It is too real to be always a pleasant story, but no man nor woman can read it without that exhilaration which comes from being compelled to think, and to think deeply.

Everybody's Magazine

FOR OCTOBER

All news-stands 15 cents. \$1.50 a year.

This number also tells more of the wonderful things which Russell found were being done in Australia for the common good; contains a powerful, realistic story of anarchy in the coal mines by Maximilian Foster; presents a plumier, describing the financial problem in his sudden vein, and a new picture of the same old Belgium by G. Hurry, with plenty of ghost and great things.

THE RIDGWAY COMPANY

31 East 17th Street, New York

Ridgway's

A publication appearing every seven days, edited along new lines, published simultaneously in Boston, New York, Pittsburgh, Chicago, St. Louis, Cleveland, Denver, San Francisco, Atlanta, New Orleans, St. Paul, Washington and Philadelphia, will appear with its first number about October 6th.

For some time to come. There is a wide variance of opinion on this subject, and Dr. Wiley, chief chemist of the agricultural department, than whom there was no more earnest advocate of the free alcohol law, calls attention to the fact that the government often, in the name of the manufacturer of wood alcohol, has been the cause of the destruction of the wood alcohol industry. He asserts that the manufacture of wood alcohol is a legitimate industry; that it is not a monopoly; that it is not a trust; that it is not a combination; that it is not a conspiracy; that it is not a monopoly; that it is not a trust; that it is not a combination; that it is not a conspiracy.

NEW TREATY FOR SANTO DOMINGO

United States Will Com-bine to Collect Customs Revenue.

Washington, Sept. 21.—A new treaty with Santo Domingo probably will be negotiated. By the proposed new agreement, the feature of the treaty previously negotiated which failed of ratification by the United States senate very likely will be eliminated. By the terms of the proposed convention, the United States will not act as the fiscal agent of Santo Domingo in full capacity; that is, it will not act as paymaster of Santo Domingo in the liquidation of that country's indebtedness.

The bond issue plan, suggested by Frederico Velasquez, the minister of foreign affairs and commerce of Santo Domingo meets with the approval of the officials of the department. Out of this will grow the negotiations of the new treaty.

Under the proposed convention, the United States will continue to collect the customs revenues of the island republic and out of these revenues create a sinking fund for the liquidation of the foreign indebtedness of Santo Domingo. By the convention, Santo Domingo will obligate itself to this country to use a specified proportion of the customs receipts for the payment of its indebtedness, but the United States will not act as paymaster. It is believed that the department that the elimination of one or two of the features in the former treaty to which the senate objected will result in the ratification of the proposed convention when it is submitted to the senate after its negotiation.

ASSOCIATED PRESS RETAINS OFFICERS.

New York, Sept. 20.—At the annual meeting of the members of the Associated Press, the retiring members of the board of directors were re-elected, with the exception of A. P. Lantry of the Springfield Union, who announced that he could not stand for re-election because of new private interests which he was to undertake. The vacancy caused by his retirement was filled by the election of Gen. Charles H. Taylor of the Boston Globe.

The directors who were elected for a term of three years were: Victor F. Lawson, of the Chicago Daily News; Herman Ridder, of the New York Staats Zeitung; Thomas G. Rapier, of the New Orleans Picayune; Harvey W. Scott, of the Portland Oregonian; and Gen. Charles H. Taylor of the Boston Globe.

The new board of directors organized by electing Frank B. Noyes, of the Chicago Record-Herald, president; Charles Hopkins Clark, of the Hartford

INTERESTING FACTS

For Nearly Every Man, Woman or Child.

A short time ago we published an article recommending to our readers the new discovery for the cure of Dyspepsia, called Stuart's Dyspepsia Tablets, and the claim then made regarding the wonderful curative properties of the remedy have been abundantly sustained by the facts. People who were cautious about trying new remedies advertised in the newspapers, and were finally induced to give Stuart's Dyspepsia Tablets a trial, were surprised and delighted at the results. In many cases a single package costing but 50 cents at any drug store made a complete cure, and in every instance the most beneficial results were reported. From a hundred or more received we have space to publish only a few of the latest, but assure our readers we receive so many complimentary letters that we shall publish each week a fresh list of genuine, unsolicited testimonials, and never publish the same one twice.

From James Yonander, La Crosse, Wis.: Stuart's Dyspepsia Tablets are doing me more good than anything I ever tried, and I was so pleased at results that I gave away several boxes to save my friends, who have also had the same benefits.

From Jacob Anthony Portmurray, New Jersey: I have taken Stuart's Dyspepsia Tablets with the best results. I had Dyspepsia for six years, and had taken a great deal of medicine, but the Tablets seem to take right hold, and I feel good. I am a farmer and lime burner, and I heartily recommend to everyone who has any trouble with his stomach to use these Tablets.

From Mrs. M. K. West, Preston, Minn.: I have received surprisingly good effects from using Stuart's Dyspepsia Tablets. I gave one-half of my last box to a friend, who also suffered from indigestion, and she had the same good results.

Stuart's Dyspepsia Tablets are a certain cure for all forms of indigestion. They are not claimed to be a cure-all, but are prepared for stomach troubles only, and physicians and druggists everywhere recommend them to all persons suffering from Nervous Dyspepsia, sour stomach, flatulence, heartburn, bloating or wind on stomach and similar disorders.

SITUATION ANNOYING

Citizens Complain of Inadequate Garbage Collection Facilities.

Business Will Make Big Returns If Handled Right.

A good field for investment is said to be open to any person that will purchase an up-to-date equipment and go into the garbage business in this city.

The health department is simply swamped with complaints from residents from all over the city who claim that it is almost impossible to get their garbage removed, and many of them have told the department that they will willingly pay an extra price to get some garbage collector to visit their places and take away the stuff that has been accumulating.

Several instances are known where the inspectors of the health department removed because of the threatened unsanitary conditions, and the people warned have appealed to the department to send them a garbage collector.

As fast as the complaints are received they are turned over to the persons who are now collecting garbage, but it is claimed that the number thus engaged is totally inadequate to the needs of the city and that there are not more than half enough wagons in the business collecting refuse from the private residences, the hotels and restaurants.

The men who are engaged in the garbage collecting business are said to be working hard and doing all that they possibly can to cover their collections so that there will be no complaint, but the districts are so large and the people desire the garbage collectors' service that they are not able to get clear around in the regular way.

The present condition of affairs is about as annoying to the health department, where the complaints are usually made, as to the people who are not able to get the garbage collector, but the department, it is claimed, can do nothing more than to take the names of the complainants and notify the collector to stop at the address and get to it as soon as he can, but many instances are known where it has been from three to four days after he has been notified.

The city is operating a garbage inspector that will easily take care of all the refuse that can be hauled to it, but neither the city nor the health department is in the garbage collecting business. That must be a private enterprise.

It is claimed by persons who have made an investigation from an official standpoint that the garbage collection in other cities that the most engaged have, for the most part, made a big income, and instances are known where the persons holding the garbage contracts are rated as wealthy men.

In cities where such condition exists the garbage wagons are all of the modern plan, built of steel, with a cover and capable of being cleaned very quickly.

It is understood that if some responsible person or persons would go into the garbage collecting business on a large scale, purchase several rigs of modern pattern and divide up the districts so that every part of the city could be covered regularly, that the city health department would make a great deal of assistance by turning over the names and addresses of people who are in need of a garbage collector.

Persons who are now engaged in the garbage collection claim that it is a difficult matter to get men who will stick to the job. Large wages are claimed to be paid, but the work has been so rushed that the men employed get tired of it and quit. The nature of the business requires men who will stay on the work after they once get acquainted with their routes.

WEST END
LAST GAME
OF SEASON

Charles Mork and Gopher Baseball Teams to Meet Sunday.

Little Leonia Hathaway is Injured by Auto—General News.

The baseball season has not yet closed in the West end, the Charles Mork and the Gopher teams having agreed on a game at Athletic park Sunday. This is to be the last game of the year and a great contest is promised, as both teams are just as strong now as at any time earlier in the season. The Morks are winding up the season in great style, having captured the last three games in succession, Swanson, manager and pitcher of the Morks, who is regarded as one of the best amateur pitchers in Duluth, will pitch his last game Sunday.

STRUCK BY AN AUTO.
Little Girl's Confusion Results in an Accident.

Leonia Hathaway, the 7-year-old daughter of Mrs. D. Butler, 229 West Superior street, was struck and severely injured by an automobile Wednesday evening. The auto belonged to Frank A. Brewer and was driven by his son, who was accompanied by another young man and two young ladies. They were moving along Superior street when at Twenty-third avenue west the little girl started to cross the street. She became confused when she saw the big machine coming, hesitated and then started to retrace her steps and again the automobile struck her. She was picked up unconscious and carried into her home. An examination showed that she was badly bruised and it was at first feared that she might be injured internally, but it is now believed that no permanent injury was done.

Mr. Brewer and the party in the auto expressed great regret that the accident happened and rendered whatever aid was possible.

Will Preach Here.
Prof. Martinson of Minneapolis will conduct the services and deliver a sermon at the Lutheran church, Twenty-third avenue west and Third street, Sunday. This church has been visited by a regular pastor for several months and the pulpit has been occupied only at irregular intervals when outside ministers could be secured. Prof. Martinson has conducted the services at this church several times before and is well liked.

Church Socials.
A very pleasant gathering of young people was held at the Norwegian Lutheran church Tuesday evening. It being the twelfth annual reception of the Epworth League of this church. The affair was a very successful one, a good program was given and those who attended were all well pleased.

A delightful social was given last evening by the Swedish Mission church society at the church. An excellent program was given and the people who attended were all well pleased.

West End Shortfalls.

Dr. J. E. Nyquist of Clouet spent Wednesday in the West end on business. Albert Johnson of 428 West Sixth street who was hurt in a street car accident a week ago, is doing nicely and his physician still hopes to save his foot.

Miss Julia Evenson of 262 West First street has returned from St. Luke's hospital, where she has been under treatment for several weeks. Her prescriptions are compounded, and her doctor's formula at the Clouet drug store.

Mr. A. Loizren, who has been visiting relatives in Pope county for a couple of weeks, has returned to his home at 2129 West second street.

G. G. Fitzpatrick of Clouet was a West end visitor Wednesday.

O. H. Jacobson of Preston, Minn., spent yesterday in the West end.

E. H. Wilson of Staples visited friends in the West end district Thursday.

Leslie Benson of Hibbing is visiting friends for a few days in the West end. Mr. and Mrs. R. K. Forward are spending the week camping out at Fond du Lac.

The funeral of Mrs. R. Loken, who died Wednesday morning, will be held from the Norwegian Lutheran church Sunday afternoon.

Rev. Fritz, 115 Twenty-first avenue.

WEST DULUTH SHOT WOUND IN THE ARM

West Duluth Boy is Victim of Accidental Shooting.

Gun Went Off as He Was Climbing Into Car.

The first of the hunting accidents of the season in West Duluth took place yesterday afternoon. Earl Ide, the 15-year-old son of Mr. and Mrs. Ira J. Ide of 607 South Seventy-first avenue west, started out about 3 o'clock yesterday afternoon duck hunting. He had been out on the river all morning and been quite successful bringing in four of the birds, and was planning to add several more to his string during the afternoon.

Just as he was crossing the railroad tracks to get to the river, a heavy shower came up, and as it showed every indication of blowing over he decided to get into one of the empty box cars standing on the track and wait till it stopped. He placed his gun on the car floor, with the barrel pointing towards him and while climbing into the car in some manner the gun went off, the charge badly mutilating the fingers of his right hand and entering the muscles above his left elbow, leaving a terrible wound. Almost the entire charge of shot struck the arm, and while no arteries were severed the bone was badly splintered.

Realizing the serious nature of the injury, he started at once for Dr. Graham's office, walking nearly half a mile to a car, and arriving at the office in a state of almost total collapse. At first it was thought that the arm would have to be amputated, as it was feared the bone was hopelessly shattered, but now there is some hope of its being saved.

Mr. Ide was put to bed in the morning, and was resting quietly this morning. Dr. Graham says that he has the wound of his left hand with a fortitude worthy of a much older man.

What caused the gun to go off at the time it did will probably never be known. It was an antiquated weapon, 15-gauge, and was loaded with bird shot, the entire charge of which went off.

RIP VAN WINKLE.
Modern Version of the Old Story in West Duluth.

A Scandinavian Rip Van Winkle was brought to light in West Duluth yesterday. This redoubted Rip's name is John Carlson, and while his name has not been missing from home for twenty years as yet, he took his duties as a father and a citizen under the same circumstances as did Rip's here.

With his traditional Rip's love for alcoholic beverages and his unfortunate tendency to indulge his desires, Carlson decided to spend his day's celebration, over election day, Wednesday he came home and Mrs. Carlson expressed her opinion of Carlson, his habits, and his associates, in on gentle terms and made things so warm about the Carlson domicile that John departed "for the hills."

Whether or not he was accompanied by his dog, and whether his gun was numbered among his belongings, the Zenith City can furnish no information. Unfortunately, however, he did not have the Great Spirit with him, though he had his headquarters on Spirit Island, and he was not able to find enough to supply the vacancy. Mrs. Carlson's anxiety in regard to Carlson's disappearance seems to be limited to the amount of money he will bring back, and the surrounding country with its power may be kind enough to supply the vacancy. Mrs. Carlson's anxiety in regard to Carlson's disappearance seems to be limited to the amount of money he will bring back, and the surrounding country with its power may be kind enough to supply the vacancy.

HAVE SLIGHT CLUE.
Message Received by Burnett Postmaster From the Murderer.

The first definite clue as to the murderer of Freddie Mitchell at Burnett was received in this city yesterday in the form of a communication from the postmaster at Burnett, stating that a postal card purporting to be from the murderer had been received by him yesterday. The card was dated at Hibbing and read as follows:

"I killed the boy, and am waiting to give myself up, but I'll never do so as long as the sixth hounds are after me and are offering rewards for my capture."

The signature is simply "E. L." and as on one in Burnett who could have been guilty of the crime or who has been left town corresponds to these initials, it is a matter of conjecture whether the card is from the real

G. JOHNSON, 505 CENTRAL AVENUE.

murderer or from some practical joker of the more reprehensible class.

Election Officers.

The election of officers, and discussion of plans during the ensuing year, were the principal features of the meeting of the Ladies' Guild of the Holy Apostles church yesterday afternoon. A reception for the new members of the church was planned for next Wednesday evening at the home of Mrs. J. H. Bowne, and arrangements were made for Rev. R. J. Mooney, the rector of the church to deliver his lecture on Macbeth, illustrated by stereotypical views, in the near future.

The officers for next year are as follows: President, Mrs. W. J. Holmes; vice president, Mrs. S. W. Hanchett; secretary, Mrs. J. H. Bowne; treasurer, Mrs. C. C. Hosmer.

West Duluth Briefs.

Mrs. Annie Griffin of Boyne City, Mich., arrived in the city yesterday for a two weeks visit with Mrs. H. Dolan of 132 Fifty-seventh street. Morris Anderson left last night for Minneapolis where he will join a surveying crew for work in the southern part of the state.

William McCullum, O. Simonds, T. Bowen and Peter Gilley, returned Wednesday from Barnum where they attended the fair.

M. D. Kelly of St. Paul is in the city on business.

Jewelry repairing—Hurst, 20 Central. George Edwin of Hibbing, is spending a few days with friends in West Duluth.

St. James' Church Bazar.
Sept. 24 to Sept. 29, Wade's hall, West Duluth. Supper each evening from 5 to 8 p. m. Ice cream, refreshments, fancy articles, fish and poultry, etc. Return all drawing coupons only. The public is invited.

**PEACE MISSION
DIFFICULT TASK**

No Plan to Settle Cuban Dispute Yet Decided Upon.

Havana, Sept. 21.—A second day of conferences with the factional leaders in the Cuban conflict has not enabled Secretary of War Taft and Assistant Secretary of State Bacon to announce any plan for compromising the difficulty. So strenuous are the appeals of both the Liberal and Moderate parties that the situation becomes increasingly complicated as the negotiations proceed. However, Secretary Taft said last night that he believed when they are brought face to face with the danger of losing independence, all patriotic Cubans will be willing to make concessions.

Mr. Taft said that the United States peace emissaries are occupying a most delicate position and have undertaken to hear all conditions and that until they have made themselves thoroughly conversant with the political condition of Cuba they cannot press themselves freely in the conference, fearing that possible misunderstandings might have a deterrent effect on the proceedings.

The only counsel to the political leaders given by Mr. Taft and Assistant Secretary of State Bacon, was the subject of not engaging in further agitation that might make intervention by the United States necessary. This advice he offered freely to all whom he gives audience, regardless of party.

Mr. Taft has made it clear that the United States is not seeking to exercise control over the island or any of its affairs, but he has quoted President Roosevelt's letter to Minister Quesada to the effect that the United States has a duty which it cannot shrink from. To those whom he has met in conference, Mr. Taft has said that now is the time to decide whether they want to have Cuba live as a nation. He has weighed every word carefully and has neither upheld nor criticized the principles of either faction.

Whether the men they have met in Havana represent the sentiment of the entire island is a question that is troubling the American mediators. There is some fear that even if the engagement is straightened out here the opposing forces in Santa Clara and Pinar del Rio will not follow, and even in Santiago will not be satisfied.

**UTAH REPUBLICANS
NAME CANDIDATES.**

Salt Lake, Utah, Sept. 21.—Representative Joseph Howell, of Wellsville, was nominated for congress by the Republican state convention held here. Judge Joseph E. Frick was nominated for justice of the supreme court, this completing the ticket. The convention overwhelmingly defeated a resolution placing the party on record in opposition to the participation of high officers in the Mormon church in politics, and a resolution directed against Senator Reed Smoot, an apostle of the church.

The platform adopted is in part as follows: "We unqualifiedly endorse the policy of President Roosevelt and the action of the last congress in its successful legislation."

Under the protective tariff the American people have sealed the heights of prosperity. Plenty and contentment fill the land from sea to sea. All this has been brought about and exists under and is the result of Republican policies, and every foundation stone of which is protection. We reaffirm our unwavering confidence in the wisdom of this great policy of our party."

A Good Book for Six Cents.

It describes your own land, the Northwest. It costs but the postage required to mail it. It is printed in English, and is a most profusely illustrated, is full of information. It is suitable for your home, for schools and for your friends in the East. It tells of Yellowstone Park, the Bitterroot mountains in Montana, the Queniet Indians on the North Pacific coast, the Columbia river scenery, the marvelous Puget Sound region, and Alaska. It will be sent to you for six cents. The book is "Wonderland 1906," published by the Northern Pacific railway, and is for general distribution. Send six cents to M. Cleland, general passenger agent, St. Paul, Minnesota, or as many times as you wish. The book is complete, with proper addresses and the little volume will be promptly forwarded. The book has an object—to educate and inform the public about the Northwest. Help it perform its mission.

GENERALS RETURN IN HASTE.
London, Sept. 21.—Generals Barry and Duvall secured accommodation on the

THE FALL SUIT QUESTION!

Copyright 1906 by
Hart Schaffner & Marx

Poor judgment in the selection of a Suit of Clothes usually accompanies poor judgment in other things.

It is as bad to be under-dressed as to be over-dressed.

Wear clothes in harmony with your situation.

The Sack Suit we illustrate here is appropriate for school, substantial men in

Any Walk of Life.

Every detail has been studied and planned to be in keeping with the character of the man who is to wear it.

The style is conservative, and yet keeps pace with the trend of fashion. The length has been increased, the back made firm fitting, the lapels broadened, shoulders widened and the front shaped to accord with the prevailing fashion without being extreme.

These excellent suits start in at \$12 and run up by easy steps to \$15 and \$25.

Our \$15 and \$20 Suits Appear to Have the Most Friends.

The Little Fellow and His Clothes.

We are often asked how old a Youngster must be before he can be put into one of our handsome Little Suits.

We say about 3 years.

It's about this time that he will become the apple of his Dad's eye, and please him exceedingly by changing his Dry Goods Store clothes for

Real Boy's Clothes.

Our House Suits, Russian Suits, Sailor Suits, Norfolk Suits, Recker Suits, etc.—are as dainty and fine as any mother could want.

Suits at \$3.50, \$5.00, \$6.00 to \$10.00.

We've everything for toting out these Little Men—and we're known all over as the Store for Children's Clothing.

FINISH ALL THIS YEAR

Practically No Street Improvements Will be Carried Over.

Petitions Are Already Being Received for Next Year.

All street work now under way, with the possible exception of two blocks of Greyson road, will be completed before snow flies, unless some unexpected delays occur.

George R. King's big contract on Second street was to have been finished Saturday, but the heavy rains kept the work back, and there is still one

full block and a part of another to receive the top dressing.

Tenth avenue east is ready for the tar and as soon as the Second street job is finished, the mixer will be moved and Tenth avenue completed.

Work is progressing fairly well on Third avenue west, and Hugh Stuebe, the contractor, is confident that the work will be finished on scheduled time.

P. McDonnell has begun laying concrete on the West Duluth reservoir, and this work should also be finished this season.

Greyson road is farther behind than the other contracts, but it is hoped that six continuous blocks of the pavement will be laid before winter, leaving but two blocks to be completed next spring.

The last contract to be undertaken this year will be the paving of Commerce street from Fifth avenue west to the end of the Omaha freight shed. This will be paved with sandstone blocks and as they can be laid in almost any kind of weather, the contract will be finished up this year.

Robinson street is being held back on account of the difficulty of getting men to work in the suburbs, but it will be made passable for the winter.

Petitions are already coming in for work to be done next year. Twenty-fourth avenue east will be paved from Superior to Sixth street. This will be an expensive job on account of the large amount of rock excavation which will be necessary. Fifth street will also be paved next year from Twenty-fifth to Twenty-seventh avenues east.

OPERATIONS FOR CRIME.

Philadelphia Aiming to Cure the Juveniles of Crime.

Philadelphia, Sept. 21.—Ten thousand children peeped at random from the slums of Philadelphia are undergoing medical examinations to determine physical defects that are the direct cause of the criminal tendencies that are so common in the city. The first examination of the children is made by doctors L. C. West and A. C. Butler, specialists in the field of juvenile crime. They make the diagnosis and in cases where they find the child is physically defective, they refer the child to the department of health and charities and have it corrected.

Dr. Albert, an Italian active cooperator in the work and of the police, is participating in helping with the work. Dr. Albert, Dr. George W. Hough, Dr. F. H. Derman, Dr. W. W. Hough, Dr. Alfred Gordon, Dr. Charles H. Miller, Dr. Louis Stier and Dr. Fred Stier, the first examination of the children is made by doctors L. C. West and A. C. Butler, specialists in the field of juvenile crime.

Philadelphia has an intricate system for dealing with juvenile criminals and the present radical step is the outgrowth of the experience by Philadelphia with the children who are in the city. The children who are in the city are the result of the criminal tendencies that are so common in the city.

Philadelphia is devoted to dealing with the children who are in the city. The children who are in the city are the result of the criminal tendencies that are so common in the city. The children who are in the city are the result of the criminal tendencies that are so common in the city.

FRENCH LABORERS ARE SUFFOCATED IN A WELL.

Paris, Sept. 21.—Near Saint Maurice, France, a well was dug for the purpose of finding water. The laborers who were working in the well were suffocated by the gas that was produced by the well.

S.S.C. KILLS THE GERMS OF SCROFULA

The laws of nature and heredity are fixed and unchangeable. Parents who are related by the ties of blood, or who have a consumptive tendency, or family blood taint, are sure to transmit it to their children in the form of Scrofula. Swollen glands, brittle bones, weak eyes, lip disease, pale, waxy complexions, emaciated bodies, running sores and ulcers, and general weak constitutions are the principal ways in which the disease is manifested.

Those who have inherited this blighting trouble may succeed in blotting it in check during young, vigorous life; but after a spell of sickness, or when the system has begun to weaken and lose its natural vitality, the ravages of the disease will become manifest and sometimes run into Consumption. S. S. C. goes down into the circulation and forces out the scrofulous deposits. It kills the germs and completely cures the disease. It changes the quality of the blood by removing all impurities and poisons and supplying this vital fluid with rich, health-giving elements. S. S. C. is a purely vegetable medicine and is especially adapted to systems which have been weakened and poorly nourished by scrofulous blood. Literature on Scrofula and medical advice free.

GERMANY'S PROGRESS

Gains Made in All Directions by the Kaiser's Empire.

Statistics Show Its Progress is Surpassing Great Britain's.

London, Sept. 21.—The publication of the issue of the "Statistische Jahrbuch fuer das Deutsche Reich," which gives the important German statistics for the year 1905, affords a good opportunity of ascertaining the progress which Germany has achieved in the last fifteen years and comparing her advance with that of England. In some ways this German Annual is superior to the British Statistical Abstract, the figures in it are better handled, and, to enable the student to compare Germany with other powers, supplement, containing many very valuable international statistics is appended to it. The whole work is a model of clear and concise presentation.

The first fact which this year-book brings home is that Germany has made the most rapid progress in Europe, excluding Russia, which in her present condition of anarchy and revolution has ceased to be a formidable power. Germany has made the most rapid progress in Europe, excluding Russia, which in her present condition of anarchy and revolution has ceased to be a formidable power.

WOULD USE THE ROMAJI

Young Japan Wants to Employ the English Alphabet.

Would Therefore Abandon the Use of Chinese Characters.

Tokio, Sept. 21.—By Romaji is meant the Roman alphabet, concerning the use of which there is in Japan a revival of the project under most encouraging auspices, of establishing a system of spelling Japanese with the letters of the English alphabet, in order to do away with the cumbersome Chinese ideographs, so that the attention of students, low of necessity largely bestowed on the acquisition of the Chinese written character, and with a diligence which is often discarded, could be far more profitably devoted to the study of Western sciences.

The project of the Romaji is a meeting with considerable support, and not a few statesmen have joined the society's ranks. The project is a meeting with considerable support, and not a few statesmen have joined the society's ranks.

PICKED ASYLUM LOCK WITH A CORSET STEEL.

Greenwich, Conn., Sept. 21.—The identity of the New York woman who leaped from the second story window of the Asylum for the Insane at Cosob and walked three miles to the home of Dr. Parker, whom she begged to rescue her from insanity, was revealed through the application of Miss Diamond, the New York actress, to have her mother, Luella Donner, examined for insanity.

Mrs. Donner, who is 59 years old, pleaded in vain with her daughter to take her back to her home in New York. Since she escaped from the institution by using a corset spring to pick the lock of her door and gain access to an unbarred window in another part of the building, she has been confined more closely than before.

The Asylum authorities summoned the actress immediately after her mother's escape, and Miss Donner lost up time in applying for the appointment of a physician to examine her. She was taken to a mental examination, if Mrs. Donner is found to be insane her daughter will have her permanently committed to an asylum.

The actress, who is 59 years old, pleaded in vain with her daughter to take her back to her home in New York. Since she escaped from the institution by using a corset spring to pick the lock of her door and gain access to an unbarred window in another part of the building, she has been confined more closely than before.

PICKED ASYLUM LOCK WITH A CORSET STEEL.

Greenwich, Conn., Sept. 21.—The identity of the New York woman who leaped from the second story window of the Asylum for the Insane at Cosob and walked three miles to the home of Dr. Parker, whom she begged to rescue her from insanity, was revealed through the application of Miss Diamond, the New York actress, to have her mother, Luella Donner, examined for insanity.

Mrs. Donner, who is 59 years old, pleaded in vain with her daughter to take her back to her home in New York. Since she escaped from the institution by using a corset spring to pick the lock of her door and gain access to an unbarred window in another part of the building, she has been confined more closely than before.

The Asylum authorities summoned the actress immediately after her mother's escape, and Miss Donner lost up time in applying for the appointment of a physician to examine her. She was taken to a mental examination, if Mrs. Donner is found to be insane her daughter will have her permanently committed to an asylum.

NEW FALL JEWELRY

We have never before shown such a complete and artistic assortment of

GOLD AND SILVER NOVELTIES

As this season. The designs are new and in most articles exclusive with us. The prices are in every case the lowest, quality considered.

TABLEWARE.

For variety and completeness, no store in the Northwest can show a finer stock of tableware. We invite you to look it over.

J. GRUESEN,

JEWELER.

129 West Superior Street.

IS SUNK IN THE HARBOR

Dredge Swamps About 150 Feet From Interstate Bridge.

Chain Catches and Heavy Sea Sweeps Over Craft.

Zenith Dredge company's dredge No. 2, which was at work dredging a channel for the Northern Pacific company's cable to Superior, sank this morning about 150 feet west of the interstate bridge on the south side of the channel. The chain on the dredge broke, so that the dredge was held in position and could not be released. In the heavy sea which was running, the waves soon washed over the hull and sank the dredge in a matter of minutes. The company's tug Minnie Karl was on the scene at the time and succeeded in getting all the crew off in safety.

The United States engineers say that the dredge is at present lying about 150 feet west of the interstate bridge in about twenty feet of water. She is slightly obstructing the channel, but there is a space of about 50 feet still open, and while some caution is necessary, and there is some danger to passing vessels, the upper works of the dredge are still in plain sight, and with ordinary care there is little chance of an accident.

WENT TO THE BOTTOM.

Steamer H. B. Tuttle Broke in Two at the Stern.

Sandusky, Ohio, Sept. 21.—The steamer H. B. Tuttle, which sprung a leak off Cedar Point Sunday night and was beached near Marquette, broke in two at the stern early this morning and went to the bottom of Sandusky bay just outside the channel. The captain and crew were asleep, but the sound of rushing waters awakened one of the latter, who saw the steamer. All got ashore in life boats. The Tuttle is now a total wreck. She loaded at Cleveland for Sarnia with coal.

Boat Stranded in Current. Port Huron, Mich., Sept. 21.—The barge Fritz, in tow of the steamer Lady, ran aground at the head of Star Island last night and will have to be lightered. The cable by which the Fritz was being towed came off the drum, leaving the ship to be carried on the island in the current. It is out one foot forward and eight inches astern, but is not leaking.

Sent Edwinton Below. As a result of a careful inspection of the vessel, Superintendent of Construction W. W. Watterston of the Pittsburgh Steamship company has decided that it will be expedient to send the Edwinton to the bottom.

SILVERWARE

Always Something New in Silver.

Have you ever thought how many different things there are in silverware for table use? From a superb tea service to a tiny tea ball, from a chest of table silver down to a sugar shell—you can think of a score of things in an instant. Then, if you will visit our display of silver, you may see a score more little and big things you haven't thought of. You'll find no wider selection of wholly worthy silver than we can show you.

COURT DECIDES IN FAVOR OF THE BOARD OF TRADE

Petition of State Attorney to Dissolve Organization, Denied.

Board Does Not Violate Provisions of Anti-Trust Law.

Judge Homer B. Dibel's decision in the suit brought by the state of Minnesota, at the instance of the Minnesota Farmers' Exchange, against the Duluth Board of Trade, was filed in the district court of St. Louis county this morning. The court holds with the board on every point of the contention, and the Minnesota Farmers' Exchange has been defeated in its purpose of having the Duluth board declared a conspiracy in restraint of trade and to have it dissolved and its property sold. The Minnesota Farmers' Exchange claimed that the Duluth Board of Trade fixed the price of its memberships arbitrarily at \$1,000 and refused to sell a membership to any of the members of the farmers' exchange; that it sought to control the grain trade at the head of the Lakes and keep the farmers' exchange out of the market. It was claimed also that the commission rule of the Duluth exchange was in violation of the anti-trust law. When the case came on for trial before Judge Dibel a few months ago, the state, represented by Attorney General E. T. Young, failed completely in the evidence to establish any conspiracy in restraint of trade, and practically the only thing left on which the state made its argument was the question whether the commission rule was in violation of the state anti-trust law.

Judge Dibel finds that the Duluth Board of Trade, as organized and conducted, is not an arrangement, combination, or conspiracy; that the memberships are subject to sale in accordance with the terms and conditions prescribed by the board; that the Minnesota Farmers' Exchange did not apply for nor was it refused a membership. The court further finds that neither the Duluth board nor its members conspired to prevent the farmers' exchange from having its grain handled or dealt in by the board, nor was any threat made to boycott any member of the exchange, or to handle grain for the farmers' exchange.

The court says that the Duluth board

is not a conspiracy or combination in the restraint of commerce within the state, nor does it interfere with open competition in the purchase and sale of grain and produce at Duluth in violation of Chapter 259 of the General Laws of Minnesota for 1898. It is also found by Judge Dibel that the Duluth board does not buy or sell grain, or in any way deal therein; that its membership is limited to 200; that not more than 15 to 20 per cent of those holding memberships are engaged in the grain or milling business, but that some are engaged in banking, in marine insurance, the vessel business, and in other pursuits outside the grain business.

Judge Dibel says that the Duluth board furnishes facilities and conveniences for the transaction of the grain trade in Duluth; that it procures and furnishes for its members information about the grain markets of the world, crop conditions, etc., expending annually about \$11,000 for those purposes. The court finds two classes trading on the floor of the Duluth exchange—those who are commission men, and sell for the owner, and those who buy for the consumer at Duluth or Superior, or for transportation to the lower lakes, or for foreign export. The court finds that competition between the buyer and seller is active and free; that the Duluth board does not fix grain prices, restrain trade, limit the production of grain, or purchase grain in the sale and purchase of grain; and that the facilities which it furnishes are in aid of the traffic in grain from the point of production to the point of consumption.

With his findings of fact and conclusions of law, Judge Dibel appends a memorandum, in which he goes at some length into the legal phases of the case, and states that there was a decided hostility on the part of some of the members of the board towards the farmers' exchange, but that it is not of consequence who was right or who was wrong. There was no actual conspiracy, and the exchange never applied for representation on the board. Judge Dibel directs to the only claim of the state really submitted to the court, and which involves the commission rule, that it is a violation of the anti-trust law, as embodied in Revised Laws, 1905.

Judge Dibel dwells on the history of anti-trust legislation in Minnesota, from the act passed in 1891, to the present time, and discusses, in a general way, the provisions of the various acts. He says that the purpose of the provisions of the Sherman anti-trust law and its application to the board of trade is to prevent the board from acting as a monopoly, and to prevent the board from acting as a monopoly, and to prevent the board from acting as a monopoly.

With this understanding of the anti-trust laws, contracts, and combinations, the board of trade is really and is just what it does. He refers to its incorporation, purposes, and powers conferred upon it by the state, and to the fact that it is a body of property, admit members, make assessments on its members, and enforce the same by a sale or forfeiture of membership.

"The board does no grain business," says Judge Dibel, "but it does sell grain. It maintains an exchange room where the representatives of the board meet and conduct business, and their competition results in trades in grain. It maintains telegraphic communication with the grain markets, and it furnishes and posts information as to other markets and as to crop conditions. It is a body of property, admit members, make assessments on its members, and enforce the same by a sale or forfeiture of membership."

"It makes a market, in the sense that it keeps the grain market open, and it acts in the buying and selling of grain, so that there is a Duluth market in the same sense that there is a Chicago market. It is a market that is quoted in other markets as other markets are quoted here. It is not claimed that the board fixes prices. It makes a record of prices as determined by sales. It keeps statistics. Neither the board nor its members are engaged in the purchase or sale of grain, or in the purchase or sale of grain, or in the purchase or sale of grain."

"Considering the grain as the subject of the case, the Duluth board is not in restraint of trade, nor do they tend to fix the price of any article, or to prevent or limit competition in the purchase or sale thereof, and these are the four things against which the anti-trust statute is directed."

"The board does, however, by Rule 26, fix the minimum commission charges, provides for uniform interest charges on advances on shippers' drafts, and provides against dividing commissions with those not members. As to the reasonableness of the charge, no issue is tendered by the state."

"With this understanding of what the board is and what it does, the court says it comes to the question whether the board is a combination, or conspiracy, or trust, within the meaning of the anti-trust law, as the state claimed under the provisions of such law. The legislature might have made it more such an unlawful association," says Judge Dibel, "but the question is, has it done so?"

The court remarks that the precise question seems never to have been decided, and goes into a discussion of the cases involving the Kansas City Livestock exchange and others. "Finally," states the court, "our anti-trust statute, briefly analyzed, is directed against an agreement or combination like one of the following: Which is in restraint of trade; which tends to fix the price of any article sold; which tends to limit the production of any such article; which tends to prevent or limit competition in the purchase or sale of such articles."

The final question is this: Does the board, because of Rule 26, come within the denunciation of this statute? The question is not free of doubt; but my conclusion is that it does not. The question is largely one of legis-

THE Phillip Shoe Stock HAS BEEN SOLD TO WIELAND & LYNCH

THE NEW FIRM intends fitting up the Store in first-class shape and stocking it with as good goods as money will buy. In looking over the different assortments we find a very large stock of Boys', Youths', Misses' and Children's shoes which we will offer at the following prices—

Women's \$3.50 and \$4.00 shoes.....	\$2.67
Women's \$3.00 and \$2.50 shoes.....	\$1.95

218 WEST SUPERIOR STREET.

lative intent. A fair construction of the statute does not lead to the conclusion that the legislature meant to bring within the condemnation of the statute an incorporated association doing as the board does under Rule 26. The reasons of the enactment of the anti-trust laws and the combinations intended to be reached by them are well understood. They were intended to reach combinations restraining trade, fixing prices, limiting production, or preventing competition combination of the class illustrated by the cases heretofore cited.

"The conclusion is strengthened by the fact that the legislature, with a presumed knowledge of how exchanges are conducted, has adopted the policy of encouraging such associations by boards of trade, which provide facilities and conveniences in the aid of the traffic in grain, affording the buyer and the seller the advantages of a competitive market at a given point, and of competition between carriers at different points; and has intended that they shall further something in the way of uniformity in commercial usages."

"This conclusion is further strengthened by the fact that the legislature has all along adopted the policy of regulating the grain traffic from the time the grain comes to the country elevator until it reaches the point of final consumption in the state or comes to be transported by water down the lakes, maintaining a state inspection and weighing, providing against discrimination and unfair dealing, fixing certain maximum charges for services without purely voluntary association, and without powers conferred by statute. The difference between the Kansas anti-trust laws and our own are apparent upon mere reading."

"The Hopkins case and the Anderson case, under the Sherman act, although not controlling authority, make in support of the conclusions reached by Attorney General E. T. Young, who represented the state, was assisted by the board of trade, and the Duluth Board of Trade was represented by Sullivan and Grant of this city and Kellogg & Severance of St. Paul."

The following boys will constitute the cabinet of the boys' department, Y. M. C. A., for the season of 1906-7, and will have charge of the various activities of the club: William Harris, Sargent McGonigle, David Duncan, Lyman Taylor, Charles Bradley, Laurence James, Robert McGonigle, Harvey Rockwell, Phil McGonigle, Walter Newcombe, Mack Puffer, Fred Cole and Arthur Dunning.

The newly organized cabinet met at the boys' department last night, when plans for the coming season were discussed. The cabinet has arranged for a committee's dinner for Saturday, Oct. 6. At this dinner all the boys who are to serve on the committees will meet and make out their policies for the work of their committee for the year.

At the meeting last night William Harris was elected president of the cabinet; Sargent McGonigle, vice president; and David Duncan, secretary. The committees for this year will be Sunday club and music, Bible study, athletic outing and clubs, membership and social and entertainment. All the boys who have been appointed to assist the cabinet will be notified of their appointment next week.

HOLMES RETURNS.

Former Postmaster of Detroit, Minn., Was in San Francisco.

Detroit, Mich., Sept. 21.—Edward Holmes, formerly postmaster at this place, and who mysteriously disappeared April 1, 1905, has returned here. He stated that the most of the time he had been away he spent in San Francisco, but declined to give out a formal statement as to his whereabouts.

VAGRANTS TOOLS OF ROAD TO SEIZE LAND.

Omaha, Sept. 21.—"Before I have finished with this case, I propose to show the Union Pacific Coal company that it is now in possession of thousands of acres of coal lands that were declared on by vagrants from Denver, and afterwards taken up by hirelings of the corporation, who transferred them to their employer."

With eyes flashing and his forefinger raised in emphatic gesture, John Marchand, attorney for the interstate commerce commission, made the foregoing statement before Commissioner C. A. Prentiss in reference to gigantic land frauds which the Union Pacific Coal company are said to be involved. The declaration came at the end of a day given to the introduction of evidence of absorbing interest relative to methods said to have been used by the two companies to maintain a monopoly of the coal business along the railroad lines.

The same today as yesterday, next year as last, always full strength—always reliable in the taking. That is true of Hunt's Perfect Baking Powder.

DULUTH and SUPERIOR FERRY FOR TEAMS

Makes round trips hourly from 7 a. m. to 6 p. m., from Garfield avenue to Tower bay ship.

SENT TO WRONG PLACE.

Mother Seeks Damages From Railroad for Mis-shipping Child's Remains.

Red Lake Falls, Minn., Sept. 21.—A suit has been begun here by Mrs. Jennie P. Beaulieu of Cass Lake against the Great Northern railroad for \$3,000 damages, which she said to involve points which heretofore have not been passed upon by the courts of the state. The complaint recites that on July 20, 1906, Mrs. Beaulieu's daughter, Elizabeth, aged about 13 years, died at Cass Lake, and that the body was prepared and made ready for shipment to White Earth for burial. The body was placed on a Great Northern train at Cass Lake, the complaint alleges, with instructions that it be transferred to Crookston, with the result that the funeral was delayed twenty-four hours causing the plaintiff much annoyance and damage.

When you buy from The Barthe-Martin Co.—you get the quality that no other store can equal and regularly sell for so low a price.

We buy from the producer direct. Ordinary retailers buy from middlemen and must pay for their profits.

That makes a difference in cost—the difference of the extra profits; and all these extra profits are yours. They remain in your pocketbook when you trade with

**DRAMATIC PLOTS
IN DIVORCE CASE**The Scenes and Principals in Suit Rival
Comic Opera.

New York, Sept. 21.—With three states of the union to supply the scene and judges, jurors and lawyers to furnish the chorus effects, Henry W. Griffiths and Eleanor Griffiths have filled the leading roles in a divorce suit, which for farinuous detail, rivals comic opera.

The drama began back in January, 1899, when Eleanor McMahon, the daughter of a wealthy woman well known in East Orange society, was married to the young English lover, in whom, in spite of rumors of a sea-brown past, she believed implicitly. One child, a boy, was born to them, and for eight years the sea of matrimony knew nothing by occasional squalls. At the end of that time Mr. Griffiths imported his family from Europe and with the entrance of her mother-in-law and a sister-in-law, when she describes as a "common chorus person" into her home, Mrs. Griffiths declares harmony was banished.

Griffiths, who is a traveling salesman for a wholesale feather and flower house on Broadway at a salary of \$10,000 a year, has likewise a private fortune, his wife says, had given Mrs. Griffiths \$5,000 annually for her own and her son's maintenance.

Last January Mrs. Griffiths suddenly ceased. She demanded the cause, was met with a sharp denial of her claims,

and then began the series of plots and counter plots.

In August, J. C. Mott of the Title Insurance company, her husband's brother-in-law and emissary, she says, offered her \$25,000 to get a divorce from her husband. She refused the bribe, Griffiths himself, she declares, threatened her ruin and that of her son should she refuse.

Mrs. Griffiths' reply was to swear out a warrant for her husband's arrest on the charge of abandonment and non-support.

Three summonses, in rapid succession, have been served upon her in the suit for divorce, on charges of abandonment, brought by Griffiths in the courts of Lincoln county, South Dakota.

"What am I going to do about it?" said Mrs. Griffiths today. "I shall make no answer to the suit. Mr. Griffiths is no more a resident of South Dakota than I am. I shall prosecute Mr. Griffiths to the bitter end for the sake of my son. He said he would ruin me. I propose to turn the tables and ruin him."

**MITCHELL DECLINES
TO ENTER POLITICS.**

Washington, Sept. 21.—John Mitchell, president of the United Mine Workers of America, has announced that he will not take any part in the fight being made against certain congressmen by the American Federation of Labor. He came here to attend the meeting of the executive council of the American Federation of Labor, and was in conference all day with the men who made the fight against Representative Littlefield.

The announcement is a great disappointment to President Campers. He has made plans to visit Michigan, Ohio, Pennsylvania, Indiana and Illinois, where many thousands of miners are and where it was believed he would be able to influence a deciding number of voters in the coming election. The election the Federation will advocate.

TRY OUR DAINY LUNCHEES**LIVED CENTURY
AND SIX YEARS**Mrs. Oldsatter Oldest
Woman in the North-
west.

Cumberland, Wis., Sept. 21.—At the home of her daughter, five miles east of this city, Wednesday, occurred the death from old age of Mrs. Karen Sofia Oldsatter, the oldest woman in the state and perhaps in the entire Northwest. Mrs. Oldsatter was born in Norway April 1, 1891, came to this country twenty-six years ago. She was never sick in her life, never partook of molasses or stimulants and enjoyed good health. She retained possession of her mental faculties up to the last, and was a jolly, genial old lady. She leaves a son in Norway, one in Australia and a daughter in Alaska and one here.

The Omaha company has commenced the construction of a new main line south of all the old curves and shortening the route between the Twin Cities and Duluth. Several miles of new track will be laid to accomplish this.

Lee S. Demers has had August Smith arrested on a charge of stabbing and he was arraigned in Judge Wright's court and bound over to the circuit court over \$500 bail, in default of which he was

tions endorsing the junior senator be passed by the coming convention in Madison, enough has leaked out to show that it is probable that a contingency has been decided upon. The counter program of the Davidson managers to meet a demand for La Follette's endorsement seems to be:

First—To prevent the endorsement resolution so far as it comments La Follette for adding reform, the paragraph in the last platform of Wisconsin Republicans condemning interference by federal officials in state politics.

Third—To offer as a second amendment to the La Follette resolution a clause condemning the attempt by the author of the primary law to violate the spirit of that law by the formation of a state-candidate slate and the attempt on his part to foist the slate on the people of Wisconsin.

It is understood that the friends of Mr. Davidson are very hopeful that no attempt will be made by the La Follette people to obtain resolutions for a personal endorsement of La Follette from the convention, as they do not desire to offer the proposed amendments to the resolutions unless forced to do so.

**MAYOR WILL LEAD
DEMOCRATIC FIGHT.**

New York, Sept. 21.—Mayor George B. McClellan announced today that he will attend the Democratic state convention at Buffalo, N. Y., Tuesday. It is understood that Mayor McClellan will go to Buffalo to lead the fight against Charles F. Murphy and W. R. Hearst, also District Attorney Jerome.

**STEAMSHIP COMPANIES
WILLING TO CO-OPERATE.**

New York, Sept. 21.—A conference between Collector of the Customs Stranahan and representatives of practically all of the large steamship lines in New York held today relative to the new meat inspection law which goes into effect Oct. 1.

This law forbids the shipment of meats from American ports except in cases where the meat bears certificate of inspection from the department of agriculture. After the conference Collector Stranahan said that the steamship representatives expressed themselves as willing to co-operate with the federal authorities in enforcing the new regulations, which he said would be very stringent.

DAVIDSON READY

To Meet the La Follette People's Demand for Senator's Endorsement.

Madison, Wis., Sept. 21.—Although the friends of Governor James O. Davidson are silent in regard to their plans, should the supporters of Robert M. La Follette attempt to insist that resolu-

**CHINESE MUST
GIVE UP OPIUM****Government Edict Forbids Use of Drug After Ten Years.**

Pekin, Sept. 21.—As a result of the combined recommendations of the Chinese commissioners who recently made a tour of the United States and Europe, Yuan Shi Kai, commander of the forces, and Tang Shao Ki, vice president of the board of foreign affairs, an edict has been issued ordering the abolition of the use of opium, both foreign and native, within a decade.

**NOTORIOUS SMUGGLER IS
AMBUSHED AND CAPTURED.**

Geneva, Sept. 21.—A smart capture of a smuggling expedition has taken place on the Franco-Swiss frontier. Capt. Albertini, French chief of customs at Anancy, learning that a quantity of tobacco was to be smuggled into France, forced an ambush, with three assistants, in a lonely road. When a landau driven by two magni-

cent horses came dashing towards Anancy, the captain jumped into the road and ordered the driver to stop. Unheeding, the carriage party swept on, attempting to ride over the officers, but the latter were immediately in pursuit on motor cycles. One of the horses was shot, two occupants of the carriage escaped, but the driver, who proved to be a notorious smuggler, was caught, and the carriage, horses and a large quantity of the best tobacco were confiscated.

WILL REST IN ILLINOIS.

Narragansett Pier, Sept. 21.—The body of Congressman Robert R. Hitt, who died yesterday will remain here until tomorrow when it will be carried by special car to Illinois. Mrs. Hitt and her two sons will accompany it.

THAW VISITED BY MOTHER.

New York, Sept. 21.—Mrs. W. T. Thaw, mother of Harry K. Thaw, called at the Tombs today and had a conversation with her son lasting three-quarters of an hour. She asked and was given permission to visit her son again later in the day.

MURDERER KILLS HIMSELF.

Greensburg, Pa., Sept. 21.—David Suttlesack, who has been a fugitive since Monday night when, in a fit of jealousy, the fatally shot John Fahlheim, a 17-year-old boy, at the fair grounds, returned to his home at Youngwood today and committed suicide with the same weapon he used on his victim.
